- Mr. Bradley – Resolved, That the Legislative Assembly of Ontario recognizes that more secure documentation is desirable on the Canada-United States border.

That the Legislative Assembly of Ontario recognizes that the proposed requirement that all Canadian and U.S. citizens show a passport or other single-purpose travel document to be allowed to enter or re-enter the United States would cause significant and unnecessary damage to tourism and trade in both countries.

That the Legislative Assembly of Ontario supports the position taken by the Government of Ontario on October 27, 2005 in its submission to the U.S. Department of Homeland Security commenting on the passport issue.

That the Legislative Assembly of Ontario specifically endorses the approach advocated in that October 27, 2005 document, including:-

- The establishment of a bi-national working group to identify and develop proposals for alternative forms of secure documentation, such as a new, more secure driver licence or other form of documentation.
- Travellers aged 16 and under who are accompanied by a properly documented adult should be permitted to enter and re-enter the United States using proof of citizenship.

- Any proposals for new ID requirements for entering or re-entering the United States be piloted on a trial basis before being fully implemented.
- The implementation of any changes in border crossing documentation be delayed to provide sufficient phase-in time to minimize disruptions.

That the Legislative Assembly of Ontario supports tourism and commerce in Ontario, and supports the province of Ontario working with other North American jurisdictions at the Gimli meeting of Provincial Premiers and State Governors to find border crossing alternatives that would not needlessly harm economic prosperity in Canada or the United States.

- Mr. Colle – That the Legislative Assembly recognizes that the 25th of March 2007, marks the 200th anniversary of the passage by the British Parliament of ‘An Act for the Abolition of the Slave Trade, 1807’;

To acknowledge that this trade in human beings was an affront to the core values of our society, to our sense of justice and our reverence for human dignity and freedom;

To acknowledge that the slave trade and slavery is at the historical root of and has contributed to the social and economic inequality that continues to affect people of African descent;

To acknowledge that this legislation contributed greatly to the passage in 1834 of the first Act to abolish slavery throughout the British Empire;

To honour the memory of those who suffered and died as a result of slavery or resisting enslavement and those who fought for its abolition in Ontario and around the world;

To recall with sorrow that slavery was practised on Ontario’s soil;

To recall that in 1793 – a mere two years after its establishment – Upper Canada, as Ontario was then known, passed ‘An Act to prevent the further introduction of Slaves, and to limit the Term of Contracts for Servitude within this Province,’ and that this Act was the first to limit slavery in the British Empire although it did not end enslavement;

To recall also with pride the role that Ontarians later played in the Underground Railroad, which was in operation roughly from 1815-1865, and the courage of those who helped enslaved Africans escape from the United States to freedom in our province;

To acknowledge that this day has been designated by the United Nations as the International Day for the Commemoration of this event.

The Legislative Assembly of the province of Ontario, on behalf of the people of Ontario:

Joins Parliaments and governments around the world in marking this event of global historic significance;

Condemns racism and reaffirms our belief in diversity, inclusion and equality;

Condemns bonded labour and any and all forms of slavery and human trafficking that continue to exist under various guises around the world today.

65. Mr. Leal – That, in the opinion of this House, the Government of Ontario should acknowledge the work and the contributions made in every community in this province by the United Way and proclaim September United Way Community Building month.
66. Mr. Tory – That, in the opinion of this House, Ontario is currently under-represented in the House of Commons; and That, in the opinion of this House, the recent proposed changes introduced in the House of Commons to alter the composition of the House of Commons do not fairly address Ontario's under-representation in the House of Commons; and That, in the opinion of this House, the Parliament of Canada should reconsider those proposed changes to the composition of the House of Commons and work with the Legislative Assembly of Ontario to ensure that all Canadians are fairly represented in the House of Commons.
67. Ms. Horwath – That, in the opinion of this House, the Government of Ontario should establish a multi-stakeholder committee to bring recommendations forward for legislative changes that will improve the quality of life for students and neighbours abutting post-secondary institutions to address the growing tensions in colleges, universities and municipalities around student housing issues.
68. Mr. Wilson – That, in the opinion of this House, the McGuinty Government should complete the re-development of Highway 26 from Stayner to Collingwood this summer to improve road safety and help stop traffic accidents and fatalities on the highway.
69. Ms. DiNovo – That, in the opinion of this House, seniors 65 years of age or over, have free access to Ontario funded art galleries and museums, and that the Ontario government reimburse these galleries and museums to compensate for the drop of revenue in providing this free access.

JOURS DE L'OPPOSITION

FALL PERIOD 2005

1. Mr. Hampton – That, in the opinion of this House, the McGuinty government must recognize that during the first two years of its mandate, thousands of jobs have been lost in the forest industries of Northern Ontario; and
Recognize that communities are being devastated by the loss of jobs and the disintegration of local and regional economies; and
Recognize that as a result of the government's hydro-electricity policies, sawmills and pulp and paper mills in Northern Ontario are forced to pay \$80/megawatt or more for electricity that costs \$20/megawatt or less to generate at nearby hydro dams, whereas paper mills in competing jurisdictions like Quebec, or British Columbia are paying \$30/megawatt for electricity; and
Recognize that uncompetitive electricity prices are placing Ontario's forest industries in a highly uncompetitive position; and
Immediately implement an energy strategy for northern industries and stop the electricity rate increases that put the entire Northern Ontario economy at risk. Addressed to the Premier of Ontario.
Debated and lost on division October 20, 2005.
2. Mr. Tory – That the Legislative Assembly call upon the government,
To recognize that Ontario's businesses, farmers and hard-working families are being pushed to the financial breaking point by higher electricity prices, higher fuel prices, and increased taxes; and
To recognize that the McGuinty Liberal government has presided over 42,000 manufacturing job losses in the past year alone causing serious financial hardship for families and communities province-wide; and
To recognize that the current government's fiscal and energy policies are placing increased financial pressure on large and small job-creating businesses creating an uncertain investment climate; and
To keep its promise to "balance the budget, keep taxes down, manage prudently, and invest in higher productivity and better quality of life." Addressed to the Premier of Ontario.
Debated and lost on division November 2, 2005.

Section 6C-2

3. Mr. Tory – That the Legislative Assembly of Ontario call upon the government,
 - To recognize that under the watch of the McGuinty Liberal government, the Province of Ontario has witnessed a record number of gun-related homicides in 2005; and
 - To recognize that the Province of Ontario has fallen victim to excessive gang-related crime and youth violence with no coordinated youth strategy put forward by the McGuinty Liberal government to address and reverse this trend; and
 - To recognize that Premier McGuinty and the Attorney General were missing in action this summer when gun homicides were a weekly occurrence and when Ontarians needed their leadership the most; and
 - To recognize that the McGuinty Liberal government has failed to make any effort to effectively lobby the federal government to toughen sentencing for gun crimes; and
 - To keep its promise to hire one thousand new police officers, not just to promise them over and over, and to keep their promise to “build safe communities with more police and more prosecutors”. Addressed to the Premier of Ontario.
Debated and lost on division November 15, 2005.

4. Mr. Chudleigh – That the Legislative Assembly calls upon the government,
 - To recognize that there is an immediate need for a comprehensive action plan to deal with local economic crises affecting such communities as Cornwall, Oshawa, Collingwood, Thunder Bay, Windsor, St. Catharines, and smaller rural communities around the province of Ontario; and
 - To recognize that despite some jobs being created in some parts of the province, large layoffs, plant closures, and mill shutdowns are having a devastating impact on the earlier noted communities and many other local economies, related suppliers, and local services within Ontario; and
 - To recognize that economic indicators alone will do very little for specific communities suffering from a large number of job losses and plant shutdowns, as well as the many affected families; and
 - To recognize that a detailed government initiative is needed now to deal with these communities, families, and working men and women who are suffering from these rapid economic changes and that this plan should come forward immediately. Addressed to the Premier of Ontario.
Debated and carried on division December 8, 2005.

SPRING PERIOD 2006

1. Mr. Tory – That the Legislative Assembly calls upon the government,
 - To recognize that the McGuinty Liberals have presided over a 55% increase to Ontarians’ electricity bills since coming to office, despite their promise to cap rates until 2006; and
 - To recognize that the McGuinty Liberals’ irresponsible, unpredictable and unplanned electricity policy will only increase costs for consumers and business going forward; and
 - To recognize that families, farmers and businesses in communities such as Ottawa, Kingston, Aurora, Brantford, Guelph, Kitchener, London, Niagara Falls, and North Bay will be amongst some of the hardest hit by skyrocketing rates and increased charges; and

Section 6C-3

To recognize that the unpredictable McGuinty Liberal energy policy is and will continue to choke Ontario's economy, chase potential investment from the province, and seriously damage our competitiveness; and

To recognize that a well planned, informed, and non-political electricity policy is needed immediately, that such a policy must include meaningful conservation measures and that no one source of generation should be shut down without an adequate amount of reliable and affordable supply available to replace it. Addressed to the Premier of Ontario.

Debated and lost on division May 3, 2006.

2. Mr. Runciman – That the Legislative Assembly calls upon the government,

To recognize that the McGuinty Liberals have cut the Ministry of Tourism budget in both of their last two budgets by a total of \$46 million and cut this year's budget by \$25 million alone; and

To recognize that a strong Canadian dollar, increased border security, high gas prices and numerous anti-American statements made by prominent Liberals are just some of the many things that are currently hindering the tourism and hospitality industries in Ontario and despite all of these challenges, the McGuinty government has continually undertaken initiatives that further damage these sectors, such as the City of Toronto Act and greater regulation of Ontario's farmer markets; and

To recognize that besides criticizing the federal government, the McGuinty government has not taken any sort of meaningful action or demonstrated any kind of leadership in helping to solve current border issues with the United States or challenges facing the hospitality sector; and

To recognize that in 2005, U.S. border crossings to Ontario reached their lowest level since 1972 and that this decline in U.S. visitation is significant because, in 2004, Americans accounted for 18% of Ontario's total visitors and 26% of the province's visitors' spending; and

To recognize that the total number of person visits to Ontario has steadily declined under the McGuinty government and that, under their watch, these numbers have declined to levels not seen since the early and mid 1990's; and

To recognize that in January 2006, U.S. entries to Ontario fell to their lowest level for the month in 12 years and that in January 2006, Ontario received 40% fewer entries from the U.S. compared to January 2001, the historical peak for the month and 27% fewer compared to January 2003, yet the McGuinty government has continued to cut the Ministry of Tourism budget and proceed with legislative and policy initiatives that further jeopardize the economic well being of the hospitality sector. Addressed to the Premier of Ontario.

Debated and lost on division May 16, 2006.

3. Mr. Hampton – That the Legislative Assembly calls on the government to sustain and encourage good-paying manufacturing jobs in Ontario, and in particular, to implement a "Made in Ontario" policy that ensures streetcars, subway cars, and rail transport cars for Ontario municipalities that are purchased with funds in whole or in part from the Government of Ontario, are manufactured in Ontario. Addressed to the Premier of Ontario.

Debated and lost May 31, 2006.

Section 6C-4

4. Mr. Tory – That the Legislative Assembly calls upon the government,
 - To recognize that the McGuinty government was made aware of the Six Nations' land claim issues at Caledonia in August 2005, yet allowed the situation to escalate to a full-blown standoff starting on February 28, 2006;
 - To recognize that the McGuinty government refused even to acknowledge the Caledonia land occupation as a provincial issue until Day 42 of the standoff;
 - To recognize that the McGuinty government's *Places to Grow Act* was a catalyst in igniting the standoff, since it provides a legal framework for the McGuinty Liberals to designate any area of land as a growth plan area;
 - To recognize that the McGuinty government further provoked the situation with a regulation identifying the Greater Golden Horseshoe area as the first area for which a growth plan will be prepared;
 - To recognize that the Premier's procrastination and failure to show leadership when it was most needed, allowed this situation to escalate into a public safety crisis;
 - To recognize that the McGuinty Liberals have refused to compensate the OPP for the unforeseen costs incurred while policing Caledonia and to reimburse municipalities policed by the OPP that sent officers to Caledonia;
 - To recommend to the Lieutenant Governor in Council that a Commission be appointed to inquire into and report on how absence of communication and lack of leadership by Premier McGuinty and his Liberal government allowed the Caledonia situation to escalate to a full-blown standoff and subsequently a public security crisis;
 - To accept recommendations from the Commission directed to preventing similar chaotic confrontations when dealing with future land claim issues in the province, including recommendations with respect to ways in which we can improve dispute resolution in this area and enhance respect for the rule of law; and
 - To grant the Commission powers under the *Public Inquiries Act*. Addressed to the Premier of Ontario.
- Debated and carried June 5, 2006.***

2. Mr. Tory – That, in the opinion of this House, the government should spend every single taxpayer dollar wisely and with respect for the taxpayers;

That, in the opinion of this House, some examples of reckless government spending include:

- \$6 million to remove the “C” from OLG;

3. Mr. Hampton – That the Legislative Assembly of Ontario recognize that manufacturing and resource jobs have formed the economic foundation of prosperity and economic security for Ontario's working families for more than a century;

That failed provincial policies are causing that foundation to crumble;

That those failed policies have led to a recession in Ontario's manufacturing and forestry sectors and caused great hardship for Ontario's working families;

That decisive action must be taken now to keep good-paying manufacturing and forestry jobs in Ontario; and

That the Legislative Assembly of Ontario call upon the Ontario government to take immediate action to sustain jobs by providing greater institutional support to manufacturing and resource workers whose workplaces are threatened, starting with a reasonable hydro policy that can sustain jobs and the creation of a Job Protection Commissioner for Ontario – as recommended by the NDP Job Protection Act. Addressed to the Premier of Ontario.

Debated and lost on division November 22, 2006.

Section 6C-7

4. Mr. Tory – That, in the opinion of this House, an alarming number of murders and other violent crimes are alleged to be committed by people who were out on bail for crimes previously alleged to be committed;

That, in the opinion of this House, the government should adopt a policy to direct Crown Attorneys to oppose the making of all orders for bail for violent crimes;

That, in the opinion of this House, the government should seek a review of all orders granting bail for charges involving violent crimes;

That, in the opinion of this House, the issue of crimes alleged to be committed by people already out on bail is of increasing concern to the people of Ontario;

That, in the opinion of this House, the lack of statistics relating to bail orders and court proceedings prevents the public from obtaining an accurate picture of the functioning of the justice system; and

That, in the opinion of this House, the government should begin providing more detailed information about the justice system in order to ensure Ontarians have an accurate picture of whether the justice system is functioning well and in the best interests of public safety. Addressed to the Premier of Ontario.

Debated and lost on division November 28, 2006.

SPRING PERIOD 2007

1. Mr. Tory – That, in the opinion of this House, the Premier has failed to ensure the highest level of integrity and responsibility for his ministers, the most recent example being when lottery-playing Ontario citizens were ripped off and the Minister responsible sat idly by and did nothing;

That, in the opinion of this House, the McGuinty government as a whole has breached the faith of the people of Ontario, has failed to protect their interests, failed to address the urgent issues facing them and their pocketbooks, and failed to deliver meaningful results; and

That, in the opinion of this House, the Premier should start upholding standards of integrity, responsibility, and accountability. Addressed to the Premier of Ontario.

Debated and lost on division April 4, 2007.

2. Mr. Hampton – That, in the opinion of this House, the 2007 Ontario budget fails to address the pressing need for border infrastructure in the Windsor Region, and;

Debated and lost on division April 11, 2007.

3. Mr. Tory – That the Standing Committee on the Legislative Assembly shall meet for the purposes of an inquiry. The terms of reference of this inquiry include but are not limited to: an investigation into the flow of information between the Ontario Lottery and Gaming Corporation, the Minister and Ministry of Public Infrastructure Renewal and the Premier's Office regarding the issues of fraud and other irregularities within Ontario's provincial lottery system, including documentary and viva voce evidence, and a review of the actions taken and the actions which might more appropriately have been taken to protect the interests of the citizens of Ontario and restore their faith and confidence in the integrity of Ontario's lottery system;

4. Mr. Tory – That, in the opinion of this House, the Minister of Citizenship and Immigration is the fourth McGuinty cabinet minister to fall under the cloud of scandal;

That, in the opinion of this House, this scandal is a direct result of his failure to ensure the highest level of scrutiny over grants paid out of a year-end slush fund;

That, in the opinion of this House, the Minister of Citizenship and Immigration should be expected to be able to answer the most basic questions about these grants, such as on what basis the money was granted and what accountability measures are in place to ensure that the money is used for its intended purpose;

That, in the opinion of this House, the Minister of Citizenship and Immigration should table the list of the "hundreds" of groups to whom he spoke about these grants;

Section 6C-9

That, in the opinion of this House, the Minister of Citizenship and Immigration should table the written criteria he used to determine how the grants were allocated; and

That, in the opinion of this House, the Minister of Citizenship and Immigration should table any written correspondence between his office and any groups that have received funding outside of existing formal government programs, including any and all application documents. 5. Mr. Tory – That the Legislative Assembly of Ontario recognize that Ontario is facing a crisis when it comes to job losses;

“MTD Plant Closes; Kitchener loses 400 more jobs,” *Kitchener-Waterloo Record*, Saturday, May 12, 2007;

“Manufacturing sector suffers as leaders fiddle,” *Welland Tribune*, Monday, April 16, 2007;

“Ontario fares poorly in employment report,” *Toronto Star*, Friday, January 26, 2007;

“Region struck hard by manufacturing job losses,” *Ottawa Citizen*, Friday, February 23, 2007;

“City mill faces grim outlook...,” *Hamilton Spectator*, Wednesday, February 28, 2007;

“Nortel’s last cuts may be the cruellest,” *Ottawa Citizen*, Thursday, February 8, 2007;

That the Legislative Assembly of Ontario recognize that 13,000 of these manufacturing jobs were lost in April 2007 alone;

That the Legislative Assembly of Ontario call once again on the McGuinty Liberals to bring forward a comprehensive jobs plan to spur job creation throughout the province in general and in the manufacturing sector in particular. Addressed to the Premier of Ontario.

WANT OF CONFIDENCE

Débats Spéciaux
CENSURE

1. Mr. Runciman – That, in the opinion of this House, since the Premier has failed to ensure the highest level of integrity for his ministers, and that, while under a cloud of scandal, his government as a whole is sorely lacking vision and any real plan to deal with the urgent issues facing Ontarians and their pocket books, the government no longer has the confidence of this House.
2. Mr. Tory – That, in the opinion of this House, due to the Premier’s weak leadership in dealing with the Caledonia issue and his refusal to even acknowledge the severity of the issue by consistently trivializing the 100-plus days of occupation as having passed “without incident”;

And, due to the fact that the McGuinty government has abandoned its own clear-cut conditions precedent for the negotiation talks to resume;

And, due to the injury of 16 OPP officers and the irrefutable damage caused to the image and reputation of the OPP – Ontario’s respected police force upon which Ontarians depend to maintain law and order in this province, and for which the McGuinty government is ultimately responsible;

And, due to the fact that the McGuinty government has placed itself in a weak negotiating position and has set a potentially dangerous precedent by purchasing the land while it continues to be occupied by parties subject to a court order which has not been complied with;

And, due to the fact that the McGuinty government has further weakened its negotiating position by resuming negotiations while a majority of suspects named in arrest warrants remain at large (including one wanted for attempted murder of an OPP officer), contrary to Premier McGuinty’s own conditions;

And, due to the McGuinty government’s refusal to uphold the rule of law as it applies to all residents of Ontario without exception;

The Legislature of Ontario has lost confidence in the McGuinty government.
