And after some time the House was resumed.

His Honour the Honourable Sir Oliver Mowat, G.C.M.G., Lieutenant-Governor, then entered the House, and being seated in the Chair on the Throne, was pleased to open the Session by the following gracious Speech to the House :—

Mr. Speaker and Gentlemen of the Legislative Assembly :

I take great pleasure in again meeting you as representatives of the Province in Parliament assembled.

Since the last meeting of the Legislature we have been honoured by a visit from Their Royal Highnesses, the Duke and Duchess of Cornwall and York. I was greatly pleased to notice the hearty reception given to Their Royal Highnesses, in every part of Ontario, which the limited time at their disposal permitted them to visit. The gracious manner in which they received the expressions of loyalty which their presence evoked and the interest they manifested in every matter pertaining to the prosperity of the Province will, I trust, strengthen our attachment to the Empire which they so worthily represented, and in which we, as a Province, are so deeply interested.

I congratulate you on the continued prosperity of the lumbering industry which gives employment to so many of our people, and from which such a large part of our revenue is derived.

The permanent Crown Forest reserves amounting to over a million and a half acres, have been carefully protected during the past season and no loss of any consequence from fires or other causes has occurred. Steps are being taken to further increase these reserves in order, if possible, to establish a perpetual source of income from the forests of the Province.

The mining industry of Ontario is making steady and satisfactory progress. More capital and labor are now being employed in mining operations than at any previous time, and the output of the chief mineral products of the Province is rapidly and steadily increasing in both quantity and value.

The work of settling the agricultural lands of the Crown has been successfully prosecuted during the year. Extensive areas have been disposed of to actual settlers, most of whom are from southern Ontario. It is satisfactory to know that those who leave the older settlements of the Province to obtain homesteads or employment in newer fields now realize that they can find unexcelled opportunities within our own boundaries.

The adequate care and maintenance of the insane of our population still engages the attention of my Government. Additional accommodation for 150 patients has been furnished by the completion of the new asylum buildings at Cobourg. This will relieve for the time being existing congestion in the Asylums of the Province, but I fear you will be again called upon, at no distant period, to consider the advisability of making further provision for the accommodation of the increasing number of this afflicted class.

I am glad to learn that very satisfactory progress has been made in the promotion of technical education and that in several of our towns and cities special buildings and suitable equipment for the purpose have been generously provided, and also that the system of Travelling Libraries for the newer parts of the Province, for which provision was made a year ago, has met with general approval.

The compilation of the Imperial Statutes in force in the Province of Ontario under the provisions of Chapter III., R.S.O., has been completed and embodied in what will constitute Volume III. of the Revised Statutes. This compilation, with necessary legislation, will be submitted for your consideration, and I have no doubt will be regarded with great favor by the legal profession and the public.

The year just closed has been one of very gratifying prosperity to the agricultural classes. The growth of the dairy interests of the Province is especially noteworthy, and the marked success of the exhibitors of the Province at the Pan-American Exhibition evinces the intelligence with which agricultural operations of every kind are carried on within the Province.

The improvements made at the Agricultural College by the erection of a Physical and Biological Laboratory, and the early completion of the Massey Library and Museum, will add greatly to the efficiency of the College, and will place it among the first Agricultural Colleges in America.

I am pleased to learn that the legislation of last Session for the encouragement of the beet sugar industry is likely to produce the results desired. The experiments conducted by the Department of Agriculture conclusively show that the Province is most favorably adapted to the growing of sugar beets, and several companies are now preparing to undertake the work of sugar production.

The amendments to the Factories Act, requiring the owners of factory buildings to provide suitable fire escapes, have greatly increased the safety of the operatives and others connected with the mechanical industries of the Province.

It is gratifying to be able to state that the fishing industry has during the year been unusually prosperous. The work inaugurated last year of re-stocking the inland lakes and rivers will be continued during the approaching season.

Measures will be submitted concerning the sale of intoxicating liquors; the construction of a railway from North Bay to Lake Temiscamingue; increased representation for the Northern Districts of the Province; the Assessment Laws; the Fisheries, and Extra-Provincial corporations.

The report of the Royal Commission appointed to revise the Assessment Laws of the Province and the Reports of the several Departments of the Public Service will be laid before you in due course.

The Estimates for the current year, prepared with as great regard to economy as is consistent with efficient service and the growing wants of the Province, will be submitted for consideration at an early date.

His Honour the Lieutenant-Governor was then pleased to retire.

Mr. Speaker reported, That, to prevent mistakes, he had obtained a copy of His Honour's Speech, which he read.

On motion of Mr. Ross, seconded by Mr. Gibson, a Bill was introduced intituled "An Act to provide for the Administration of Oaths of Office to persons appointed as Justices of the Peace," and the same was read the first time.

On motion of Mr. Ross, seconded by Mr. Gibson,

Ordered, That the Speech of His Honour the Lieutenant-Governor, to this House, be taken into consideration To-morrow.

On motion of Mr. Ross, seconded by Mr. Gibson,

Resolved, That Select Standing Committees of this House, for the present Session be appointed for the following purposes:—1. On Privileges and Elections; 2. On Railways; 3. On Miscellaneous Private Bills; 4. On Standing Orders; 5. On Public Accounts; 6. On Printing; 7. On Municipal Law; 8. On Legal Bills; 9. On Agriculture and Colonization; which said Committees shall severally be empowered to examine and inquire into all such matters and things as shall be referred to them by the House, and to report from time to time their observations and opinions thereon, with power to send for persons, papers and records.

Mr. Speaker communicated to the House:—

To which Mr. Harcourt replied as follows :—

The grant referred to is not one payable direct by the Education Department to the school, but is payable from the Legislative grant to the township made through the Provincial Treasury Department and County Treasurer. The apportionment is made by the Inspector upon the average attendance of the school, compared with that of other public schools in the township.

The Department certified the payment of Legislative Public School grant for 1901 to the County of Dufferin on June 13th of last year, which was no doubt paid as recommended.

The Inspector's reports for the various townships of Dufferin are not yet received ; in fact they are not yet due, and the Department is not in a position to say whether the grant due to any particular school for last year has been paid or not.

As a matter of routine and duty on the part of the Inspector, the grant should have been duly paid within the year, unless there was good cause, under the Act, for the Inspector to withhold the same.

On motion of Mr. Hoyle, seconded by Mr. Barr.

Ordered, That there be laid before this House, a Return shewing what amount, if any, has been received from private parties towards the support of their relatives or otherwise, in the respective Insane Asylums of the Province during the year 1901.

Mr. Ross delivered to Mr. Speaker a Message from the Lieutenant-Governor, signed by himself ; and the said Message was read by Mr. Speaker, and is as follows :—

O. MOWAT.

The Lieutenant-Governor transmits Estimates of certain sums required for the service of the Province for the year 1902, and to complete the services of the Province for the year 1901, and recommends them to the Legislative Assembly.

Mr. McKay from the Standing Committee on Standing Orders presented their Third Report which was read as follows and adopted :—

The Committee have carefully examined the Petition of the Honourable Sir Richard Cartwright and others of Ottawa, praying that an Act may pass to incorporate The Ontario Electric Company, and find that notice of the proposed application to this Legislature has been published in the "Ontario Gazette" and in each County or Union of Counties through which the proposed railway is to run, the full period required by the Rules of this Honourable House, and that the notices as published agree with the Petitions ;

The Committee, however, find that power is asked "to build branches or extensions "from the main lines not exceeding in each case thirty miles";

The Committee considering that, by the publication of notice as aforesaid, all parties interested have had an opportunity of becoming aware of the proposed legislation, would recommend the suspension of the Rule in this case, and that the notices as published be held sufficient.

The Committee have carefully examined the Petition of the Haliburton, Whitney and Mattawa Railway Company praying that an Act may pass to extend the time for the commencement and completion of the road, and for other purposes, and find that notice of the proposed application to this Legislature has been inserted the full length of time required by the Rules of this Honourable House in the " Ontario Gazette " the " Bobcaygeon Independent " and the " Minden Echo " ;

The Committee have also had evidence produced before them shewing that a copy of the said notice was forwarded to the Editor of the "Mattawa Times", on the 15th day of October last, with instructions to give the same six weekly insertions in the issues of that paper; that it was not until late in the month of December last, that it became known that the notice had not appeared as directed, on account of the discontinuance of publication of the paper; that the notice was at once forwarded to the "North Bay Times" with instructions to insert same for six weeks in the issues of that paper; that the notice has appeared in the paper in two weekly issues thereof and will be further inserted as instructed.

3 O'CLOCK P. M.

Edmund John Barker Pense, Esquire, Member for the City of Kingston, having taken the Oaths and subscribed the Roll, took his seat.

Mr. Speaker informed the House :

That the Clerk had received from the Judges appointed to inquire into and report upon Estate Bills, their Report in the following case :—

Bill (No 1), To enable the Surrogate Court of the County of Oxford to grant probate of the writing signed by the late John Dunlop as and for his last Will.

The Report was then read by the Clerk at the Table as follows :—

OSGOODE HALL,

TORONTO, 1st February, 1902.

SIR,—We, The Honourable William Glenholme Falconbridge, Chief Justice of the King's Bench ; and The Honourable William Purvis Rochfort Street, one of the Justices of the High Court of Justice, two of the Commissioners of Estates Bills, have the honour to report to the House their opinion on Bill (No. 1), "An Act to enable the Surrogate Court of the County of Oxford to grant probate of the writing signed by the late John Dunlop as and for his last Will."

It appears from the preamble to the Bill, that John Dunlop, deceased, died intestate. The paper writing of which probate is sought is not a Will, and is of no legal or binding effect whatever. Upon his death, intestate, his widow and all his children became beneficially entitled to his Estate, subject to the payment of his debts. We have not been supplied with a copy of the writing referred to, but it appears from the petition attached to the Bill that provision of some sort is contained in the writing, for the support of John Dunlop, one of the children of the deceased, who is a lunatic. In passing this Bill, the Legislature would be making a Will for a man who died intestate, and substituting a different provision for John Dunlop, the alleged lunatic, in place of that to which he is by law entitled. We think that a dangerous precedent would be established were this Bill to become Law. We therefore beg to report that, in our opinion, it is not reasonable that the Bill submitted to us, should pass into Law.

We have the honour to be, Sir,

Your obedient servants,

W. G. FALCONBRIDGE,
W. P. R. STREET.

Mr. Pyne asked the following Question :—

Has the Government any control in disposing of Natural Gas produced in the County of Welland. Is the gas being now exported from Welland to the United States

To which the Attorney-General replied as follows :—

The Government has no control over the disposition of Natural Gas produced in the County of Welland. The exportation of same is a subject of Dominion jurisdiction. Gas is now being exported from Welland to the United States and licenses of occupation have been granted by the Crown under which pipes may be laid across the Niagara River.

Mr. Whitney asked the following Question :—

Was Alexander Merner, who was appointed Returning Officer for the election of a Member of this House for North Waterloo at an election held on the 30th day of October and the 7th day of November, 1900, appointed by Order in Council, and if so, what was the date of the Order in Council. If not appointed by Order in Council, by whose direction and authority was his name inserted in the writ of election, and on what date and by whom was the decision arrived at, to insert his name in the said writ of Election.

And the Attorney-General replied :—

That the Statute does not require Returning Officers to be appointed by Order in Council. They are appointed by His Honour the Lieutenant-Governor, which is done upon the recommendation of his advisers. The Act provides that every Writ for the election of a member shall be addressed to the Sheriff, or to the Registrar of Deeds, or to one of the Sheriffs or Registrars of Deeds for the electoral district, or some portion thereof, for which the election is to take place, and who shall be the Returning Officer at the election. It also provides that where a Sheriff or Registrar is dead, or been removed, or

has resigned, and no successor appointed, the Writ of election which might otherwise have been addressed to the Sheriff or Registrar, shall be addressed to such other person as the Lieutenant Governor may appoint to be Returning Officer. There was neither a Sheriff nor a Registrar in office at the date in question, but Mr. Alexander Merner was acting Registrar at the time of his appointment.

The House then adjourned at 3 40 p. m.

Tuesday, 4th February, 1902.

PRAYERS.

3 O'CLOCK P.M.

Mr. Speaker informed the House :

That the Clerk had received from the Judges appointed to inquire into and report upon Estate Bills, their Report in the following case :—

Bill (No. 48), To confer certain powers on the Trustees of the Will of the late John Bacon.

The Report was then read by the Clerk, at the Table, as follows :—

The undersigned having examined the Bill, report their opinion thereon as follows :—

It is proposed by the Bill to confer upon the Trustees power in their discretion to invest a sum not exceeding \$30,000 in the improvement of the vacant lands in the City of Toronto, belonging to the estate, by erecting houses or stores thereon.

These lands are vested in the Trustees, upon trust, to sell and convert them into money and to invest the proceeds in certain named classes of securities. It will be seen, therefore, that it is proposed to disregard the provision of the trust, and also to permit the investment of the moneys of the estate in a different manner from that in which the testator has directed that they shall be invested.

The Settled Estates Act (R.S.O., Cap. 71, Section 16), however, enables the High Court of Justice, if a proper case is made out for permitting it to be done, to authorize the mortgaging of lands forming part of a settled estate in order to raise money for building upon or improving them, or the sale of parts of the lands for the purpose of building upon or improving the remainder of them. The conferring upon Trustees of such powers as are asked for by this Bill, would seem to be in accordance with the policy which underlies the legislation referred to.

While the undersigned are of opinion that it would be better, if the Legislature is of the opinion, that in proper cases such powers as are asked for should be conferred upon Trustees, to amend the Settled Estates Act, so as to enable the Court to deal with such applications in the same way as the applications mentioned in section 16 are now dealt

with—they are nevertheless of opinion, as the Court has not now that power, that upon the same hypothesis, and assuming the preamble of the Bill to be proved, it is reasonable that the Bill do pass into a law.

The undersigned are also of opinion, that the provisions of the Bill, with the amendments noted thereon, are proper for carrying the purposes of it into effect.

OSGOODE HALL,
3rd February, 1902.

W. R. MEREDITH, C.J.C.P.
W. G. FALCONBRIDGE, C.J.K.B.

CHARLES CLARKE, Esq.,
Clerk Legislative Assembly,
Toronto.

Mr. Speaker also informed the House :

That the Clerk had received from the Judges appointed to inquire into and report upon Estate Bills, their Report in the following case :—

Bill (No. 27), To enable the Trustees of the Jane Laycock Orphanage to sell certain lands in the County of Brant.

The Report was then read by the Clerk, at the Table, as follows :—

The undersigned, to whom was referred Bill (No. 27), "An Act to enable the Trustees of the Jane Laycock Orphanage to sell certain lands in the County of Brant," having considered the Bill, report as follows :—

Assuming the allegations contained in the preamble to be proved, it is reasonable that the Bill do pass into a law.

The provisions of the Bill seem proper for the purpose of carrying its object into effect.

The undersigned would suggest the desirability of a law of general application being passed, to enable the Court to authorize the sale of lands held upon charitable trusts when a proper case is made out for permitting them to be sold.

Mr. McKay, from the Standing Committee on Standing Orders, presented their Thirteenth Report which was read as follows and adopted :—

The Committee have carefully examined the Petition of Thomas E. Bradburn, and others, of Peterborough, praying that an Act may pass to incorporate the Peterborough Radial Railway Company, and find that notice of the proposed application to this Legislature was published in the "Ontario Gazette" in the issues of January 18th and 25th last past and is now current, and that the notice also appeared in the issues of "The Peterborough Daily Examiner" of the 17th, 18th, 22nd and 25th days of January, "The Peterborough Review" of the 17th, 21st and 24th days of January, and "The Peterborough Times" of the 18th, 20th, 21st, 22nd, 23rd, 24th and 25th days of January last past, and is now current in each of the papers.

The Declaration also sets forth that owing to the very recent passing of the By-law it was impossible to insert the notices at an earlier date. The Declaration also sets forth that fifty posters containing copies of the notice were conspicuously posted in the Post Office, hotels, stores, offices, schools and other public places of the Town of Warton.

That no action was taken upon the Petition, for the reason that a change in the close season was not considered advisable. It will be seen that in the majority of cases the fees were somewhat in excess of the commutation, though the results vary in different years, sometimes exceeding and sometimes falling under the commutation. The commutations are based on the five years' earnings of the office prior to the date of the order in council providing for commutation.

In the cases of some of the Local Masters where the principal falling off in the fees appears to have taken place, the Masters were old Court of Chancery officers. The practice of the Courts has been so changed in many respects that the fees of the officers were much less than formerly.

Mr. Boyd asked the following Question :—

On what date was the agreement entered into with N. O. Smith, of Sault Ste. Marie, for the printing of Pamphlets entitled "East Algoma." How many were printed, and where, and what became of them.

To which the Treasurer replied :

That the agreement with N. O. Smith, of Sault Ste. Marie, for the printing of pamphlets was made by the late Premier, the Hon. A. S. Hardy, sometime, I think, in 1897, but as it was a verbal agreement, the exact date cannot be given.

Ten thousand of these pamphlets were printed, 6,000 of which were delivered to the Director of Colonization, the other 4,000 being distributed by the local Crown Lands Agents and other parties at Sault Ste. Marie and by the New Ontario Colonization Association. Those received here, were distributed with other pamphlets descriptive of the different land settlements in the Province, in answer to inquiries as to lands, and at the Toronto Exhibition and in other ways. A few of the pamphlets are still undistributed, and are being used.

Mr. Boyd asked the following Question :

How many *bona fide* settlers have the Algoma Railway Company settled along their road since the passing of the Act known as the Land Grants Act to Algoma Central Railway Company. How many houses have been erected on, or adjacent to, their lands.

And the Commissioner of Crown Lands replied as follows :—

1. No lands have as yet been appropriated to the Algoma Central Railway Company under their land grant Act, owing to the surveys not being completed, but coming under the definition of "settler" in section 6 of the Act respecting Aid by Land Grant to the Algoma Central Railway Company, there are employed as artisans, operators and regular *employes* of the railway company, mining company and industrial companies, as nearly as can be estimated, 2,000 men, not including 2,000 men engaged in construction work on the railway.

2. Two hundred and fifty houses have been erected besides other buildings for the accommodation of their workmen.

On motion of Mr. Joynt, seconded by Mr. McDonald,

Ordered, That there be laid before this House, a Return shewing :—

Mr. Eilber asked the following Question :—

1. Has a Registrar been appointed for the County of Huron.
2. How long has the office been vacant.
3. If a Registrar has not been appointed, what is the cause of the delay in making the appointment.

To which the Attorney-General replied as follows :—

A Registrar has not yet been appointed for the County of Huron, which office has been vacant since January, 1899. In large counties divided into two or three constituencies there is frequently experienced a difficulty in deciding as to the locality from which appointments shall from time to time be made. The duties of the position, however, have been efficiently discharged, during the vacancy, by a competent *ex officio* Registrar, and it is not expected there will be much further delay in making a permanent appointment.

Mr. Little asked the following Question :—

How many Public Servants, in the employment of the Government of the Province, are entitled to receive a gratuity, either at time of death, or removal from office.

And the Premier replied as follows :—

Under Sec. 27 of "The Act respecting the Public Service of Ontario," the Lieutenant-Governor-in-Council may, upon the retirement of an officer, in consequence of a change in a Department, or in consequence of the age and infirmity or ill-health of the officer, but not for any fault on the part of the officer, allow him a gratuity not exceeding one month's pay for each year of his service, and in the event of the death of any clerk or officer, while in the service of the Crown, the gratuity may be paid to his family.

By Order-in-Council dated 2nd May, 1881, the rule was established,—“That no gratuity shall be granted on their resignation or retirement, to any of the following officials who have not now been for more than one year employed in the Public Institutions of the Province, *viz.*—Attendants, guards, engineers, gardeners, farmers, etc.”

In 1898, by 61 Vic. Chap. 6, it was provided—“Where any person shall, after the first day of January, 1898, become a member of the Civil or Public Service of the Province of Ontario, he shall not be entitled to a retiring allowance upon retiring from such Service, nor shall his family be entitled to any such allowance in the case of the death of such Civil or Public Servant.”

The Civil Servants who may receive, or whose families may receive, gratuities upon death or retirement, are those appointed on or before the first day of January, 1898.

Mr. Blezard asked the following Question :—

Has any Report been received by the Government, or any member thereof, from the Judges to whom was referred, by direction of the House, the claim and matter of the alleged illegal returns of pine and other timber cut by the late W. The Committee have carefully examined the Petition of the Town Council of Perth, praying that an Act may pass to ratify and confirm By-laws Nos. 869 and 870, and find that notice of the proposed application to this Legislature was published in the " Ontario Gazette " in the issue of February 1st instant, and in the " Perth Courier " in the issue of January 31st last past. Mr. McKay from the Standing Committee on Standing Orders, presented their Twentieth Report, which was read as follows and adopted :—

The Committee have carefully examined the Petition of the St. Thomas Street Railway company, praying that an Act may pass to amend Acts relating to the Company and for increase of powers, and find that notice of the proposed application to this Legislature has been published in the "Ontario Gazette" and in the "St. Thomas Weekly Times," a newspaper published in the County of Elgin, for the full time required by the Rules of this Honourable House, and that the notice also appeared in the "London Advertiser" in its issues of the 6th and 7th days of February instant.

A Declaration has also been filed with the Committee certifying that fifty posters containing copies of the notice were posted in conspicuous places along the London and Port Stanley gravel road, a road built through the territory where the Company propose to construct their line, from St. Thomas to London, also at the Villages of Lambeth, Tempo and Talbotville.

The Committee, however, find that whereas the notice published in the "Ontario Gazette" contains these words "and eastward through the Townships of Yarmouth and Malahide to the Town of Aylmer in the County of Elgin" the words are omitted from the notices as published in the local papers and also from the posters, so that no notice of this proposed route is given in any of the local publications.

The Committee therefore recommend that the attention of the Railway Committee be called to this matter, so that the location of the line be confined to the route as defined in the local notices.

Ordered, That the Bill be read the third time forthwith.

Mr. Kribs asked the following Question :—

Is it the intention of the Government to build additions to the Orillia Asylum for Idiots and the Belleville Asylum for the Deaf and Dumb, or is it the intention to build other Asylums, to accommodate the idiots and deaf mutes who are applying for admission to these Institutions.

To which the Provincial Secretary replied as follows :—

The Government has not in contemplation the erection of an addition to the Orillia Asylum for Idiots this year.

The Ontario Institution for the Deaf and Dumb is able to accommodate those desirous of availing themselves of its advantages.

The accommodation of the Asylums at present, permits of meeting the most pressing demands for admission.

Mr. Matheson asked the following Question :—

1. Has a Registrar of Deeds been appointed for East Algoma. 2. If so, who has received the appointment. 3. If no appointment has been made, who is receiving the emoluments of the office. 4. Will the new appointee receive the amount voted to the late Registrar, *viz.*, \$800 in addition to the fees of the office.

And the Attorney-General replied as follows :—

Thomas Hughson Murray, of Sault Ste. Marie, was appointed Registrar of Deeds for Algoma, *pro tem*, in the room and stead of R. A. Lyon, deceased. Appointment was made on the 7th November, 1901.

Former salary was \$800, but no salary has been paid since Mr. Lyon's death.

Mr. Carscallen asked the following Question :—

1. Is it a fact that binder twine made by the Plymouth Cordage Company, of Plymouth, Mass., U.S.A, known as "Plymouth Special," is imported, either directly or indirectly, by the Central Prison authorities, or by any person or contractor, having any rights or privileges in that institution, or by the Government, and received at the Central Prison, relabelled and sold to farmers under the description of "Farmers Special." 2. What quantity of binder twine known as "Plymouth Special" was imported and received at the Central Prison during the years 1900 and 1901 respectively. 3. What quantity of binder twine was actually manufactured at the Central Prison during the first nine months of 1901, and how much thereof was sold during that period. 4. What was the actual cost of the bag and halter, respectively, sold or given to the purchaser of 60 pounds of binder twine and what charge, if any, was made for the bag and halter. 5. What was the cost of the binder twine *per* pound bought from the Plymouth Cordage Company, or

its agent, and what was charged the purchaser. 6. Who is the agent, at Toronto, of the Plymouth Cordage Company of Plymouth, Mass. 7. Has that Company an agency in Toronto.

And the Provincial Secretary replied as follows :—

1—2 No binder twine has been imported by the Government or the Central Prison. The Government does not interfere with the private business of the contractor.

3 There was manufactured 44,850 lbs, of binder twine in the first nine months of 1901, a quantity about equal to that sold direct to farmers the previous year. It was all sold.

4 The cost of the bag and halters would be about 35 cents. The bag and halters were included in the price.

5. The Central Prison, or the Government, have not purchased any twine from any Company.

6—7. The information as to who the agent at Toronto, of the Plymouth Cordage Company of Plymouth, Mass., is, might perhaps be best obtained from the Company as the Government has had no dealing with them.

Mr. Matheson asked the following Question :—

Have any agreements been executed between the Government, Messieurs Warwick Brothers and Rutter, and G. N. Morang, permitting the latter to publish school books. If so, at what date were such agreements executed, and what school books are included in the agreements. Have either of the parties, or any member of their firms, acquired the right of any of the firms originally authorized to publish the readers.

To which the Minister of Education replied as follows :—

No such agreements have been executed. I do not know whether either of the parties, or any members of their firms, have acquired the right of any of the firms originally authorized to publish the readers.

Mr. Matheson asked the following Question :—

What was the date of the authorization of the Purcell Public School Grammar. Is the grammar still authorized. If so, have the publishers any supply of them on hand, and can they be obtained by booksellers. Have the Government taken any steps to compel the publishers to keep a supply of the grammars for sale.

And the Minister of Education replied :—

No "Purcell" Public School Grammar was ever authorized in Ontario. It is probable that my honourable friend may have in mind the authorized Public School Grammar which was prepared by Dr. Purslow of Port Hope, and which was in use for several years.

"June 24th, 1887," was the date of the Agreement between the Education Department and the Canada Publishing Company in regard to the (Purslow) "Public School Grammar."

No distinction has been made in the authorized list of books, between the old and new edition of the "Public School Grammar," as the new book was intended to gradually supersede the old one with the minimum of trouble, expense, and loss to pupils, parents, teachers, and the booksellers.

The old Grammar may, however, be continued as long in use as considered desirable by trustees and teachers (or so long as copies can be obtained) by trustees complying from year to year, with clause No. 4 of the Departmental Regulations No. 14, which reads as follows:

"4. Any text book used in any school on the 1st of July, 1901, and recommended by resolution of the Trustees to be continued in use, shall be deemed as authorized in such school until further notice."

The Publishers of the "Public School Grammar" state that they have no supply of the old Grammar on hand, and that for upwards of a year there has virtually been no demand for them. An odd half-dozen copies might possibly have been sold now and again, but these were chiefly wanted for the North West and not for Ontario Schools. It is reported that small quantities of the old book were returned for exchange to some of the wholesale houses after the new book came out, and that these copies about satisfied the then existing demand for the old edition. Odd copies of the book can doubtless still be had at retail stores and second-hand book shops.

The Department has taken no steps to compel the Publishers to print any more of the old book, as there has been no demand to warrant any such action.

Mr. Matheson asked the following Question:—

How much of the cash subsidy voted to the Ontario and Rainy River Railway was unpaid at the end of the year 1901. What cash subsidies have been paid during the year 1902, and have the subsidies been paid in cash or in Railway Certificates.

And the Premier replied as follows:—

Of the cash subsidies voted to the Ontario and Rainy River Railway, there was unpaid at the end of the year 1901, \$620,000

No cash subsidies have been paid during the year 1902. All the subsidies have been paid in Railway Certificates.

Scrip for 100 miles is now in process of preparation, amounting to \$400,000, and is included in the above sum of \$620,000.

On motion of Mr. Kribs, seconded by Mr. McLaughlin,

PRAYERS.

3 O'CLOCK P.M.

Mr. Speaker informed the House :—

That the Clerk had received from the Judges appointed to inquire into and report upon Estates Bills, their Report in the following case :—

Bill (No. 70), An Act to confirm an agreement between the Corporation of the County of Bruce, the Executors of William John Moore, deceased, the Children's Aid Society of the County of Bruce, and the County of Bruce General Hospital at Walkerton.

The Report was then read by the Clerk at the Table as follows :—

OSGOODE HALL,

TORONTO, 1st March, 1902.

SIR,—The undersigned, two of the Commissioners of Estates Bills, have the honor to report with reference to Bill (No. 70), being "An Act to confirm an agreement between the Corporation of the County of Bruce, the Executors of William John Moore, deceased, the Children's Aid Society of the County of Bruce, and the County of Bruce General Hospital at Walkerton" as follows :—

By the will of the testator, William John Moore, an annuity of \$500 is payable to his widow out of the interest of a sum to be set apart by his executors, and invested for the purpose ; with power to them to have recourse to the principal should the interest be insufficient.

The Bill submitted for our report proposes to take away half the fund which should be invested for the purpose of paying this annuity, and to substitute for it the promise of the County of Bruce to pay the amount. The widow, Isabella Moore, is not a party to this arrangement, and, in our opinion, it would not be reasonable that the security provided for her, by the will, should be altered without her consent.

For this reason, we are of the opinion that it is not reasonable that the Bill submitted to us, should pass into law.

We have the honour to be, Sir,

Your obedient servants,

W. G. FALCONBRIDGE, O.J.K.B.,

W. P. R. STREET, J.K.B.D.

May it please your Royal Highness:

We, the Legislative Assembly of the Province of Ontario, in Parliament assembled, beg leave to approach Your Royal Highness for the purpose of presenting to you the congratulations of the Legislative Assembly on the occasion of your visit to this Province.

We hail with joy the presence on our soil of so distinguished a descendant of our late beloved Queen, and we assure Your Royal Highness that in no part of the British Empire are the cordial relations, which exist between the various branches of the Teutonic races, regarded with more satisfaction than they are in Canada.

We have in this Province many thousands of citizens who regard, with praiseworthy affection, the German Empire as their fatherland, and we have pleasure in assuring Your Royal Highness that they exemplify, in this comparatively new country, those virtues of frugality, industry and respect for law and order which are characteristic of the race to which they belong.

As Canadians, irrespective of nationality, Your Royal Highness will be pleased to know that we rejoice in the achievements of German leadership in science and research, that we appreciate those elements of national character to which the German Empire owes in a large measure its material prosperity, and we are glad to believe that the influence of the Empire in the Councils of the nations tends to the advancement of the highest civilization and the liberty of the human race.

We regret that Your Royal Highness' official arrangements will not allow you to make an extended tour of this country. We trust, however, that another occasion may be found for becoming acquainted with the natural resources and political institutions of a country to which we will be glad to welcome your fellow-subjects, who, for any reason, might wish to make Canada their future home.

Respectfully submitted, on behalf of the Legislative Assembly of the Province of Ontario.

Mr. Powell asked the following Question :—

1. What are the duties of the Crown Timber Agent at Ottawa? Does he make any collections, and if so, why is the Department, and not the Ottawa District given credit for such collections, as are shewn on page 24 of the Report of the Commissioner of Crown Lands for 1901? What were the amount of his collections, if any, last year?

To which the Commissioner of Crown Lands replied as follows :—

1. (a) The duties of the Crown timber agency at Ottawa, the staff of which consists of the agent and his assistant, are :—

To keep a register of the territory under timber license in the agency, and to prepare yearly licenses therefor, and transmit same to the Department for signature of the Commissioner.

To make collections on account of ground rent and timber dues, and forward same to the Department.

(b) Yes; on page 24 of the report of the Commissioner of Crown Lands for 1901 the words "at Department" were inadvertently added.

The amount of the collections of the Ottawa Crown Timber Agency last year was \$211,312 66.

Mr. Allen asked the following Question :—

What amount has the Government paid to the various Municipalities entitled to receive payment for timber, other than pine, cut upon road allowances since the year 1882. Are they now prepared to pay to the various municipalities claiming dues on other timber than pine, cut upon road allowances. What reason, if any, have dues upon timber, other than pine, been withheld.

And the Commissioner of Crown Lands replied as follows :—

The Government has approved a refund of \$144.85.

Yes.

The legislation under which these refunds are made was passed in February, 1871. When it was put in force, the refunds were confined to the dues on pine timber, and have been restricted to the dues on that kind of timber until recently, when the whole matter was looked into, and, as the language of the Statute authorized, a refund of dues on all kinds of timber, it was determined to refund on timber other than pine.

Mr. Morrison asked the following Question :—

What amount of pulpwood has been exported out of the Province during the year 1901, and by whom.

To which the Commissioner of Crown Lands replied that

The Department has no means of knowing what amount of pulpwood cut on private lands was exported during the year 1901. The amount cut on Crown lands under permit and exported under the provisions of 63 Victoria, chapter 11, was 10,000 cords. The 10,000 cords were cut by the North Shore Timber Co.

Mr. Thompson asked the following Question :—

What extent of timber lands was given Mr. George Chew, or Chew Bros., in lieu of their claim upon certain islands claimed by them in the Georgian Bay. Why was such transfer made. Where is the timber land situated and what value, or quantity of timber, was on the territory so transferred.

To which the Commissioner of Crown Lands replied as follows :—

Four millions of feet board measure of pine timber.

Because it was expedient to preserve the islands of the Georgian Bay in a state of nature, as far as possible, and these islands, which lay between the Parry Sound ship channel and Moosedeer Point, had been under license for a number of years and had been purchased by the Messrs. Chew from the holders of the license for a considerable sum of money.

The timber is situated in the Township of Capreol. The amount is 4,000,000 feet B. M.

Mr. Carscallen asked the following Question :—

How many contracts are there at present in existence between the Government and other persons or corporations for the manufacture of goods, wares or merchandise at the Central Prison in the production whereof convict labor is employed. 4. What is the date of the several contracts now in existence and with whom are such contracts, or agreements, made. 5. To what class of goods, wares or merchandise, does each contract relate and what was the value of the output by each contractor. 6. What was the cost *per diem* of the care and maintenance of each prisoner confined at the Central Prison during the years 1897, 1898, 1899, 1900 and 1901 respectively.

And the Provisional Secretary replied as follows :—

1. The classes of goods manufactured at the Central Prison at the present time and during the three previous years, consist of woollen cloth, clothing, boots and shoes, iron bedsteads, brooms, whisks, binder twine and rope, and wooden ware.

2. The output of goods on Central Prison account was for the respective years as follows :—In 1897, \$96,166.48 ; in 1898, \$98,026.95 ; in 1899, \$92,615.84 ; in 1900, \$85,774.92 ; and in 1901, \$95,936.07.

The value of the output of goods of Contractors is not known to the Department ; their business operations are not a matter of record in the Department.

3. There are two contracts at present in existence between the Government and business corporations :—A broom contract and a cordage contract.

4. The dates of existing contracts and the corporations with which they are made are as follows :—Broom contract made June 1st, 1900, with H. A. Nelson & Sons Co, Limited ; Cordage Contract, made October 28th, 1900, with the Independent Cordage Company, Limited.

5. The broom contract relates to brooms and whisks. The cordage contract relates to binder twine and general cordage.

Provision and clothing cost considerably more in 1901 than in 1900, as did also coal, a circumstance which increased the per diem cost for maintenance. The totals of all maintenance charges for 1901 are less than for the previous year.

Mr. Hoyle asked the following Question :—

Is it the intention of the Government to introduce legislation, during the present Session, giving effect to the following paragraph on page XIII, of the Report of the Minister of Education for 1901 : " A Public School System of a State should be a unit from the Kindergarten to, and including the University, and all private institutions should endeavour to work in harmony with the ideals of public education, so far as their special purpose will permit them, in order that public and private institutions of learning may more fully co operate in the general work of education ; the relation between these institutions should be more clearly defined than it is at the present time."

And the Minister of Education replied as follows :—

If the honourable gentleman will refer to the page of the Report from which the extract is taken, he will find that it does not warrant the inference that the Government intends to introduce legislation in the direction mentioned. It will be noticed that the extract is not the language of the Minister of Education, but simply a portion of the "Declaration of Principles" of the National Educational Association of the United

States. That body is perhaps the largest and most influential body of educationists in the world; and its enunciation of principles is always of value. It has more than once placed itself on record against any movement that would impair the public school system of the United States. Heretofore all efforts to give a legal status to voluntary, denominational or parochial schools have been successfully resisted by the American people. Judging from its frequent Declaration of Principles, it may be assumed that the Association simply aims to require private schools to be conducted with some degree of efficiency. There is not the slightest ground for supposing that the Association favors the payment of public funds towards voluntary, denominational or parochial schools. In some of the large American cities, it has been claimed that attempts have been made to evade the provisions of the law regarding compulsory attendance, by pretending to acquire elementary training at notoriously defective schools. This condition of affairs has often been referred to by American educationists; and it may be fairly assumed that the National Educational Association of the United States in the quotation referred to is repeating its previous warnings.

Mr. Whitney asked the following Question :—

Was the complaint of W. H. Bartram, to the Attorney-General, dated 8th July, 1901, and charging the Police Magistrate of London with refusing to entertain an information or complaint of Mr. Bartram, charging the then Mayor of London with an offence, brought to the notice of the Police Magistrate, and, if so, what reply did he make. What action was taken by the Government thereon, and why was such action taken.

To which the Attorney-General replied as follows :—

A complaint was received from Mr. Bartram on the 8th July, but such complaint took the form of a demand for the removal of the Magistrate on the ground of incompetence and wilful disregard of law and fact in the administration of justice. It was not deemed necessary to ask the magistrate for an explanation on a mere general statement of this nature.

Mr. Carnegie asked the following Question :—

What is the area of land covered by the various pulp concessions granted by the Province since 1894. How many cords of pulpwood may be cut by the concessionaires on Government lands, for each cord cut on the concession granted them.

And the Commissioner of Crown Lands replied as follows :—

The area of the reserves granted to the six pulp companies whose concessions have been approved by the Legislature aggregate 275 miles.

None of them has been delimited on the ground as the timber is found to be extremely scattered.

The companies have the right to cut certain parts of their supplies along streams named in their concessions extending back from such streams from $3\frac{1}{2}$ miles to 5 miles. The cutting is to be outside of pine areas and in places approved by the Government. The lands are to remain freely open for settlement and mining, and when sold or located are to be withdrawn from the operation of the concession. It is also expressly provided that the Government may permit other companies to go upon the same territory and cut supplies, if it is deemed proper in the public interest to do so. Under these circumstances, it is not possible to know even approximately the areas which the companies will ultimately cut on.

They are to cut one-twentieth part of their supplies on the reserves.

Mr. Whitney asked the following Question :—

1. Is the Government aware that one Ransom Norton, of the City of London, was, on the 29th day of January 1902, convicted before the Police Magistrate of said City, of having unlawfully and wilfully—at the last municipal election in said city—made additions and interlineations of names in a Poll Book, and that the said Norton, was on said day sentenced to be imprisoned in the Central Prison, with hard labour, for the term of six months. 2. If so, why is it that the said Norton has not been removed to the Central Prison in pursuance of his sentence. 3. Is it true that on the 6th and 24th days of February, 1902, certain prisoners, convicted at a later date than the said Norton, were sent to the Central Prison. 4. Has a Petition, asking that the sentence of the said Norton be commuted, or that he be pardoned, been brought to the notice of the Government. 5. Is it the intention of the Government to order the said Norton to be sent to the Central Prison, in pursuance of his sentence, and if so, when.

And the Provincial Secretary replied as follows :—

1. The Government is aware that Ransom Norton was committed to the Central Prison for a term of six months.

2. The prisoner was retained in the jail at London pending the investigation, it being said he was likely to be required as a witness in certain other prosecutions. He is working in the jail kitchen, where a prisoner is always required, and for which he is fitted.

3. There were no prisoners sent to the Central Prison on the 6th and 24th days of February, 1902. There were four sent to the Central Prison on the 7th, from London. These four were committed for larceny, wilful damage, vagrancy and theft. Notice of sentence of Norton was sent to the Department on the 31st of January.

4. No petition asking the sentence of Norton be commuted or that he be pardoned has been received by the Department.

5. Five warrants were issued at the same time for all the prisoners in the London Jail, committed to the Central Prison. When the bailiff presented them he was informed that Norton was likely to be required as a witness and he was temporarily detained. Since then the sheriff has notified the Department that Norton will not be required, and the bailiff has been instructed to transfer Norton to the Central Prison.

Mr. Crawford asked the following Question :—

To which the Attorney-General replied :—

By Mr. Burt, the Petition of St. George Council No. 53 R. T. of T.

Mr. Gibson, from the Select Committee on Bill (No. 118), To amend the Medical Act, presented their Report, which was read as follows and adopted:—

The Select Committee on Bill (No. 118), To amend the Ontario Medical Act, beg to report that they have considered the provisions thereof, and have had the benefit of numerous deputations representing the Medical Defence Association, the College of Physicians and Surgeons of Ontario and the Universities and Colleges as well as the Medical profession at large. The Committee have found it impossible to reconcile the conflicting views of those who promote the Bill and those who represent the Council and the institutions. Practically, the representatives of the Colleges on the Council are eight in number, it being said that the Ottawa University and Regiopolis College are not represented on the Council, these institutions having no medical teaching faculties. The representatives of licensed practitioners in Homœopathy strongly opposed the abolition of the special representation on the Council to which they became entitled under the provisions of the Act when it was originally passed, claiming that to interfere therewith would be a violation of a solemn compact and a grave breach of faith.

It was urged that the Toronto School of Medicine, Trinity University and the Royal College of Physicians and Surgeons, Kingston, not engaged in teaching, should not be represented, but it is claimed on the other hand that if their representation is taken away it can only be done in breach of the original understanding and agreement. Toronto Medical School, Trinity Medical College were formerly affiliated with the University of Toronto and Trinity University respectively and their representation was regarded as equivalent to the representation of their respective Universities and if taken away the Universities claim a corresponding increase of representation, while the Royal College of Physicians and Surgeons, Kingston, vigorously resists any proposal to interfere with its vested right of representation. The Committee are of opinion that any interference with the present basis of representation or reconstitution of the Council may well stand over until after the next election of representatives to the Council, in connection with which the views of the profession at large should be obtained, enabling the Legislature to be put in possession of information as to how far a general desire exists among the medical profession for any change in the constitution of the Council. The Committee have prepared an Amendment relieving, for the purpose of the next election, all Medical Practitioners who have been at any time on the Register, from any disqualification as to voting by reason of non payment of their annual fees.

Mr. Harcourt, from the Select Committee to which was referred Bill (No. 167), To amend The High Schools Act, presented the following Report which was read and adopted.

May it please Your Honour :

We, His Majesty's most dutiful and faithful subjects, the Legislative Assembly of the Province of Ontario, in Session assembled, approach your Honour at the close of our labours with sentiments of unfeigned devotion and loyalty to His Majesty's person and Government, and humbly beg to present for your Honour's acceptance a Bill intituled "An Act for granting to His Majesty certain sums of money to defray the expenses of Civil Government for the year 1902, and for other purposes therein mentioned."

To this Bill the Royal Assent was announced by the Clerk of the Legislative Assembly, in the following words:

“His Honour the Administrator doth thank His Majesty’s dutiful and loyal subjects, accept their benevolence and assent to this Bill in His Majesty’s name.”

His Honour was then pleased to deliver the following speech :—

Mr. Speaker and Gentlemen of the Legislative Assembly :

I observe with great pleasure that the Legislative Assembly now about to be dissolved has emulated its predecessors in endeavoring to devise and carry into effect a policy designed to encourage the development of the newer portions of Ontario. It has afforded me, therefore, peculiar satisfaction to be able in His Majesty’s name to assent to a Bill for the construction of the Temiscamingue and Northern Ontario Railway under the direct auspices of the Government. The exploration of these districts has fully warranted the expectation that the construction of such railway will add materially to our population, and at the same time furnish a substantial outlet for the manufacturers of the older part of the Province. I trust that the line will be open for traffic at an early day, and that the facilities for transportation which it is intended to afford will be available on an equitable basis to all the railway systems of the Dominion.

I have assented with pleasure to the Bill respecting the Sale of Intoxicating Liquors. Experience has shown that legislation with regard to the Liquor Traffic, in order to be effective, must be fully sustained by public opinion ; and I am pleased to notice that a measure in regard to which there is necessarily so much difference of opinion, and which is so far-reaching in its influence upon the social customs of the people, as well as upon property and civil rights, has been referred to the electors of the Province for their approval. Should public opinion be favourable in the present case, it will be my duty to render such assistance as the Crown possesses to enforce the legislation which you have stamped with your approval.

I cordially approve of the measure for increasing the representation of that portion of the Province not yet organized for Municipal purposes. With the increase of population the wants of the people necessarily increase. It was therefore proper in the interests of the whole Province that ample facilities should be at the disposal of the Legislature for obtaining the fullest information with regard to the great areas of undeveloped territory still vested in the Crown.

I am glad to find among the measures submitted for the Royal Assent a Bill respecting the Revision and Consolidation of the Imperial Statutes from time to time incorporated in the Statute Law of the Province. It is pleasing to observe the thoroughness with which the Commissioners appointed for this purpose have done their work. I am confident that the consolidation which they have effected will be greatly to the advantage of the Legal Profession and of the public, as it renders more intelligible many Statutes which had become antiquated and obscure, and at the same time removes from the Statute Book laws which had long ago become obsolete.

It is gratifying to notice that the Legislature is fully alive to the increased transportation facilities required by the agricultural population of the Province, as is shown by the numerous charters granted for the construction of electric railways connecting the

rural districts with the market towns. I have therefore, assented with more than ordinary pleasure to the Bills dealing with this method of transportation, and to the further measure investing a committee of the Executive Council with jurisdiction over all electric railway systems subject to the legislature of the Province

I have also assented with pleasure to the Acts dealing with Agriculture, the Act respecting the improvement of Public Highways and the Act to amend the Toll Roads Expropriation Act, which renders more workable the important measure on that subject passed last year.

I am confident that the measures providing for the amendment of the Statute Law, the Act granting aid to Certain Railways, the Act affecting wills of Personal Property, the Act reducing the number of expert witnesses in Civil Cases, and the Act for the removal of obstructions in rivers and streams will be found to be in the public interest. Your interest in higher education is shown by the Bills dealing with the University of Toronto, University College and High Schools.

I thank you for the generous appropriations you have made for the Public Service, and take pleasure in assuring you that they will be carefully expended.

In taking leave of this, the 9th Legislative Assembly of Ontario, I desire to commend your zeal in endeavoring to promote the prosperity and well-being of the whole people. To no legislature have there been confided more important interests than to the one now about to be relieved from its labours, and I am confident that the measures you have proposed, and the appropriations you have made for the public service will be received as an assurance of your efforts to discharge faithfully the high duties committed to your care. I venture to hope that your successors will prove to be no less anxious to maintain the honour and dignity of this Assembly, and that they will, in a spirit of the highest patriotism and with equal care and fidelity, apply themselves, as I believe you have done, to increase the prosperity and promote the moral well-being of all classes of His Majesty's subjects.

The Provincial Secretary then said :

Mr. Speaker and Gentlemen of the Legislative Assembly :

It is His Honour's will and pleasure that this Legislative Assembly be prorogued ; and this Legislative Assembly is accordingly prorogued.

EVIDENCE RE DICKSON LUMBER COMPANY.

TORONTO, February 18th, 1902.

Mr. C. H. SPROULE, Provincial Auditor, called :

Examined by Mr. MATHESON :

Q. Mr. Sproule, in 1900 the supplementary Estimates contain an item of \$4,000 for the Dickson Lumber Co.? A. In 1900.

Q. Yes? A. Not in the Estimates.

Q. Not in the Estimates, but in the Supplementaries, I find that \$4000 was paid for improvements on Stony Creek; do you know any thing about it? A. It will be necessary for me to get the voucher.

Q. I want the cheque itself; can you get that? A. Yes.

Q. I want all the cheques for December, 1900. A. The one cheque would be all you require, would it not?

Q. Well, I would like to see them all? A. All right.

Mr. Sproule, having returned with the cheque in question, it was pointed out.

Mr. MATHESON: I find that on the 29th of November, Mr. Richard Hall makes an affidavit that he is President of the Dickson Co., Limited, and this cheque is endorsed by C. Dickson.

Mr. STRATTON: What is the date of the cheque?

Mr. MATHESON: 31st December, 1900.

Mr. STRATTON: There was a change of presidents between the two dates.

THE CHAIRMAN: Do you wish to see the memorandum or stub to which the cheque was attached? It is No. 3365.

Q. Is this cheque book used for all purposes?

Mr. STRATTON to Mr. Sproule: I was saying to Col. Matheson, before you came in, that my recollection of the procedure was that, upon an appropriation of this kind, the Inspector makes a report to the Minister, and the Minister to Council and an order-in-council is made out, the Clerk of the Council sends a warrant to the Treasury Department, who would issue the cheque, and send it to the Auditor, who would pay the amount due.

A. Generally that is the case

Q. What might be the order otherwise? A. The only point in which it might be slightly inaccurate is that when the warrant is issued it is backed up in the Treasury Department, and sent to the auditors, where we see that it is all right, the appropriation satisfactory etc., and then return it to the Treasury Department.

Q. I see that this is signed by Mr. Ross; is that a lithographic signature? A. I believe so.

Q. The Assistant Treasurer signs it too? A. That is generally done when the personal signature of the Treasurer is not attached.

Q. Will you tell me what that cheque is, Mr. Sproule? A. It is a cheque of the Treasury Department, dated December 31st, 1900, payable to the order of the Dickson Lumber Co., at Peterboro, C. Dickson, President.

THE CHAIRMAN: And a cheque is also certified by yourself as Auditor. A. Certainly.

By Mr. MATHESON:—

Q. Have you any personal recollection of this cheque? A. I have no special knowledge of the cheque; as soon as I find that the cheque is payable and everything is regular in connection with the account, it passes out of my hands, and I have nothing else to do with it.

Q. Was there any other cheque issued in connection with this at any time? A. Not that I am aware of; there is no reason to suppose that.

Q. You know of no reason to think so? A. None.

By Mr. STRATTON:—

Q. You can look it up. A. Yes, I will.

By Mr. MATHESON:—

Q. And you are sure that no other cheque was issued in connection with this? A. I can look it up and allow you to see the vouchers. There is nothing else here in this book regarding this cheque; I can verify to that.

Q. You could look through the books between 17th of December and 31st and see? A. There are of course a dozen blank books, but I will have the matter looked into, and I don't think there would be an extra check in this case.

COLONIZATION ROADS.

PUBLIC ACCOUNTS COMMITTEE,
February 19th, 1902.

MR. C. H. SPROULE, recalled.

Examined by MR. MATHESON.—

Q. Mr. Sproule, as to Colonization Roads, what is the rule as to expenditure not made within the year, money voted for 1900, for instance, and not spent within that year? Have you anything to do with seeing that it is returned? A. Oh yes, we keep a record of all outstanding accountable warrants; that covers what you speak of. We keep records of all accountable warrants and see that returns are in.

MR. MISCAMPBELL: Covering the amounts? A. Yes, every cent is accounted for.

By MR. MATHESON.—

Q. Do you see that it is spent within the year? A. No, not necessarily; if an accountable warrant is issued, say, in November or December, for \$500.00 and the work is going on, it does not follow that the whole of it will be spent in December; it may run into January or occasionally a little further, but it is not taken out intentionally with a view of carrying it to any extent beyond the first of the following year at all; if the work is under way, they spend it in the ordinary regular way if it takes a week or a month, or perhaps more.

Q. You understand the rule of Parliament that the money voted for 1900 must be spent in 1900? A. Well, it is rather stretching it, I think, to say that an accountable warrant issued in November or December should not be. Strictly speaking, I suppose it is right; the refund should be made at the end of the year, and the work stopped, but that would probably not be advisable.

Q. Supposing a cheque was sent out for Colonization Road expenditures in August of 1900, you would expect that to be spent within the year or returned? A. Oh yes.

By MR. CARNEGIE.—

Q. Would you expect the same with regard to October? A. The rule is we hurry them up to get returns in to the Department whenever there is anything outstanding.

Q. Supposing money was sent out to an overseer to be spent in October, how long would you permit him—when would it be necessary for him to return the Pay Sheet, or indicate that something had actually been done by the end of the year? A. We insist, as far as possible, in having everything in; if works are under construction, it is not always possible to get them in.

Q. Supposing the work had not been done, you have nothing to show you what would be your course? A. I do not know of such a case. It is possible such a case might slip through without coming to our knowledge until the returns came in afterwards.

Q. Do you think it would be possible that nearly a year would elapse without any return? A. Not unless, through oversight on our part, in failing to insist on the returns being in in proper time. An exceptional case of that sort might happen, but it is not at all likely. I can get the facts bearing in that direction and give them to you.

By MR. MATHESON.—

Q. What officer of the Colonization Roads branch would be responsible for seeing that the returns are in? A. I usually communicate with the Superintendent, Mr. Smith.

Q. We have a case here where the money was sent out, as I understand, in October, 1900, returns accountable. Nothing was spent that year and the money

was expended in the fall of 1901. Is that a proper thing to do, do you think? A. No, it is not right; certainly not. Would it not be better to let me have the papers and get the facts and see whether I have called their attention to it or not?

Q. They are not brought down, the moneys are marked in the 1900 service? A. In a case of that sort, you can get them by asking for the returns.

Q. You will find it on page 128 of 1900 Public Accounts. Some of these men can be controlled to just do things in a businesslike way? A. Yes, I know we had no right to spend money then.

Q. Can you get the papers in that case? A. Yes.

By MR. MISCAMPBELL.—Q. I wanted to ask you some questions in regard to the accounts. You are the Provincial Auditor? A. Yes.

Q. What form do they keep the books of the Department in, Double entry; I mean aside from the Treasurer's books? A. In some cases. If you want evidence in regard to the style of book-keeping and all that, you had better just let me look into the thing. I do not examine the other books?

Q. You audit the books of the different departments? A. Yes, in a general way, as to the results.

Q. The mere fact of your auditing the books you would be able to tell if they are kept by double entry or not? A. Yes. It depends; we have a system of checking.

Q. I would rather you would answer the question. A. I would rather you would let me have time to look into this.

Q. I do not wish to ask, I do not wish to embarrass you. I have nothing of that nature in mind in asking you this question. I thought that you being the Auditor and checking these accounts, year after year, would naturally know whether the books of the different Departments, for instance the Provincial Secretary's Department, and other Departments, if they were kept by double entry or not, or ordinary single entry books. A. They are very simple, especially the Provincial Secretary's books.

Q. No, I want that question answered first. A. I cannot remember. I send one of my assistants.

Q. Don't run away with the idea that I want to embarrass you. In your position as Auditor you are to some extent responsible for the correctness of these books? A. Oh, yes.

Q. Do you take a trial balance off the Departmental books? A. We examine the books in some cases monthly, and prove their correctness. We do not care about their individual trial balances.

Q. Do you take a trial balance off each month? A. No, a trial balance is technical. We satisfy ourselves.

Q. What do you mean by technical? A. As a matter of bookkeeping. It may not be necessary for us to go into it at all. Take the Provincial Secretary's office: we check their books, and find that the receipts for a Department have been properly handled. We examine the records and books, etc., and their cash register.

Q. You check all their accounts and vouchers? A. We cannot examine them individually.

Q. Not in detail. A. No, we note the results and satisfy ourselves that everything is right.

Q. For instance, we will say that in Mr. Stratton's Department there is an entry in the ledger of \$1000 cash. How does that get to the Treasury Department. A. It is registered as cash in the Provincial Secretary's Department, and periodically the total amount is transferred to the Treasurer, in a few days or a week.

Q. The \$1000 is just an assumed sum; there would be several items entered and at the end of a certain time it is passed to the Treasurer's books? A. Yes.

Q. You have a corresponding account in the Treasurer's books, where the debit of one would be the credit of the other, have you? A. I do not exactly follow that.

Q. How will the Provincial Treasurer credit what the Provincial Secretary sends up? A. He will credit it to the Provincial Secretary's Department.

Q. In the Provincial Treasurer's Department they give credit to the Provincial Secretary's Department? A. Yes.

Q. And the Provincial Secretary's Department debit the Treasury? A. Yes.

Q. Is that kept as a separate account; what is taken from the one Department to the other? A. Oh, yes. The result is brought out in this way. I could show you that what you ask is literally done in the simplest form in the world. Here is the Provincial Secretary's register of cash; periodically certain amounts entered in the Provincial Secretary's register is handed to the Provincial Treasurer's Department. The credit of the Provincial Secretary's Department in the Treasurer's books of course corresponds.

Q. Is the Provincial Secretary's account a separate account. A. Certainly.

Q. So that if you wanted to check one account with the other you would turn up and see the totals and then agree? A. Certainly, we prove the correctness.

Q. How is that done, the transfer of that account? A. By checking in favor of the Provincial Treasurer, or if cash is received—of course it is against the rules generally to receive cash in any Department but it is received occasionally—as a rule the checks received by the Provincial Secretary's Department are handed over or the cash, as it may be. The Provincial Secretary does not keep a bank account; they hand their receipts to the Treasurer periodically.

Q. They are entered in the Provincial Secretary's books. A. Yes. I may explain one further point. In the checking of these accounts we have a system of official receipts in addition to the entries in the Provincial Secretary's cash register. When they hand over a certain amount of money, or checks, they have regular receipts which we have prepared uniform for all the Departments; they get a receipt for the cash in the Treasury Department, showing that that amount has been received. We have duplicates of all these formal receipts and check these with each Department.

Q. Supposing now, in place of the cash being paid into the Provincial Secretary's Department, that it goes direct to the Treasury. How do you get that back again to enter into the Provincial Secretary's books? A. They have their own way of arriving at it.

Q. They have some uniform way, haven't they; you must have some uniform system of transferring one account to the Treasury from the different Departments? A. The uniform system is just what we have gone over.

Q. How do you get it back, supposing the payment has been made direct to the Treasury; it should be a sort of reverse? A. In checking the total, comparing the total of receipts from the Departments with the total receipts credited to the Provincial Secretary in the Treasurer's books, we would see any difference and that would be traced, and then the Provincial Secretary's books would be rectified.

Q. Does not the Treasurer at the end of the month or week transmit a statement to the Provincial Secretary? A. It is not necessary; we see that they are brought into harmony.

Q. You think it is not necessary for the Treasurer to send a statement back? A. I would not say that it is not necessary; it is not done.

Q. Take the Crown Lands Department, where dues are being paid in for timber that is being cut; supposing Mr. Charlton took out 10,000,000 of logs and has \$10,000 dues to pay. Does the Crown Lands Department receive that \$10,000? A. Yes.

Q. It goes to the Crown Lands books? A. Yes.

Q. Supposing, in place of the cash being handled, there are cases of its going direct to the Treasurer instead of to the Crown Lands Department? A. Yes.

Q. In the transfer of the amount, where probably there were five items or, say, a hundred items in the Crown Lands books, how is that sent to the Treasury Department to be charged? A. Exactly in the same way as in the case of the Provincial Secretary or any other Department.

Q. But where there has been cash sent to the Treasurer which the Crown Lands should credit for, how does the Treasurer send a statement back to the Crown Lands? A. That comes in the system of auditing.

Q. There is no statement sent back? A. "No statement sent back"—that leaves it in hardly a fair shape; the inference might be.—

Q. I simply want to understand the system? A. I was explaining to you the lack of system that would strike you; I want to explain to you how we meet that in another way. I do not wish to suggest anything out of the run of your questions.

By Mr. STRATTON :

Q. The cheques that are usually sent to the Crown Lands Department, are they made payable to the Commissioner of Crown Lands, or the Treasurer? A. We have no control over that.

Q. Some both ways? A. Yes, principally the rule is to have everything payable to the Treasurer of the Province. That is the rule, but you cannot control a man when he is making out a cheque; he may make it payable to me.

Q. The money from the Crown Lands Department is handed to the Treasurer periodically? A. Yes, and formal receipts taken, and we have a copy of the receipts filed, and in checking their books any differences that arise are traced and found.. Mr. Miscampbell suggests that some deposit has been made to the Treasurer instead of the Department.

By Mr. MISCAMPBELL :

Q. Here is the trouble: say, John Jones has an account in the Crown Lands ledger, that is the debit which he owes of, say, \$5,000. In place of sending that cash through the Crown Lands Department a cheque is remitted direct to the Treasurer. He has paid his account, there is a balance of \$5,000 standing. Now, there may be a dozen accounts or items which will go direct to the Treasurer. Now, I want to know what system you have of crediting that to the Treasurer? A. It is difficult to make it all clear without having the papers here. I should say—

Q. They do not send a statement from the Treasury Department? A. No, but we check the Crown Lands books and any difference that arise must be followed to its source, and so these items will be found out.

Q. You might bring some of these items here and let us see how it is done?

The CHAIRMAN :

Q. Do you know of an instance where a person has sent a cheque direct to the Treasurer in payment of his account in the Crown Lands?

Mr. MISCAMPBELL : No.

Witness : It is very seldom, very exceptional in connection with the Crown Lands accounts.

By Mr. MISCAMPBELL :

Q. What amount has passed through the Crown Lands book last year of cash? A. \$1,634,733.

Q. You say there are very few cases where the cheque goes direct to the Treasury Department; it is nearly always to the Crown Lands Department? A. Yes; quite exceptional.

Q. From the Crown Lands Department to the Treasurer they have no statement of the accounts to be charged which have passed from the Crown Lands Department? A. slip—

Q. Can you tell, supposing you were asked the different items that passed from the Crown Lands books and were charged in the Treasurer's books for the month of June, 1901? A. We can trace anything of that sort; we have receipts covering all these deposits, with their dates; I can show you the whole of them for any Department.

By Mr. MATHESON:

Q. What is that statement, Mr. Sproule? (Handing witness document). A. That is a voucher presented by the Commissioner of Public Works in connection with his travelling expenses for the last year.

Q. Would you read the account please? A. "Memo. of travelling expenses of Hon. F. R. Latchford for the year 1900, \$250.00."

Q. That is a lump sum—no details given? A. No details.

Q. Is that the manner in which Ministers' travelling expenses are usually given? A. Yes.

Q. You don't require details?

The CHAIRMAN: There is no authority for requiring them to give details.

By Mr. MATHESON:

Q. Would you read that Order-in-Council? (Handing witness another document). A. "The Committee of Council advise that the sum of \$1,750.00 be placed at the disposal of the Hon. the Provincial Treasurer as travelling expenses on his proposed visit to Great Britain—\$1,750.00."

Q. What date is that? A. 7th June, 1901. Mr. Ross subsequently wrote to Mr. Anderson asking for a further remittance: "Kindly send by return British mail letter of credit thirty pounds."

Q. That was sent? A. Yes.

Q. Then there was a memo. of refund? A. Yes, \$48.66.

Q. Just read the items? A. First, \$1,750.00; then the £30—\$146.83; total, \$1,896.83, of which there was refunded \$48.66, making a net expenditure of \$1,848.17.

Q. There were no details given at all? A. No details.

Q. Did Mr. Ross ask to have the thirty pounds charged to salary or travelling expenses? A. There was no further evidence in the matter; of course it is to be presumed that it is additional allowance for expenses. If he wished money on salary account, he would have stated so.

Q. But no details beyond what you have read? A. No details, no returns. I might mention, Col. Matheson, that this is quite exceptional. Details are furnished for all other advances outside the advances to Ministers for travelling expenses, or for the Speaker of the House.

Mr. MISCAMPBELL: It is not customary to make them in detail? A. No.

THE DICKSON LUMBER COMPANY.

Toronto, February 25, 1902.

Mr. C. H. SPROULE recalled:

Examined by Mr. MATHESON:

Q. In connection with these papers in regard to payments to the Dickson Lumber Co., what is this item in the Public Accounts of 1900 on page 124? A. The Dickson Lumber Co. towards improvements on water powers etc., on Stoney Creek, \$4,000.

Q. When was the order-in-council passed for the payment of the money? A. On Dec. 17, 1900.

Q. When was the report of the Engineer of the Public Works Department on which the order-in-council was made, passed? On March 29th, 1900. The report is as follows:

DEPARTMENT OF PUBLIC WORKS, ONTARIO,
Toronto, March 29th, 1900.

HON F. R. LATCHFORD,
Commissioner of Public Works, Ontario.

SIR,—In accordance with your instructions, I proceeded to the Townships of Cavendish and Anstruther, in the County of Peterborough, and made an examination of the works which are being constructed on Stony Creek by the Dickson Lumber Co. and beg to report thereon as follows:

I find that the company are constructing six dams and slides, operations, I understand, having been commenced about the month of September last.

Dam No. 1, located on lot 28 in the VIIIth concession of Cavendish, is 361 feet in length, and is to be provided with a slide about 50 feet in length.

Dam No. 2, located on lot 28, in the IXth concession of the same township, is 221 feet in length and is to be provided with a slide 1,700 feet in length, about 1,000 feet of which is at present constructed and a considerable portion of the material for the remainder on the ground.

Dam No. 3, located on lot 29, in the Xth concession, is 192 feet in length, with a slide of 91 feet in length and a cribwork apron 20 feet in length below, all of which structure is about completed.

Dam No. 4, located at what is known as "The Forks," on lot 29, in the Xth concession, at about the boundary between Cavendish and Anstruther, is 177 feet in length and is to have about 60 feet of slide and an apron built 20 feet in length.

Dam No. 5, on the east branch of the Creek, on lot No. 1, in the XIth concession of Anstruther is 124 feet in length, with a slide 126 feet in length.

Dam No. 6, on lot No. 2, and about on the line between the 10th and 11th concessions of the same townships, is 223 feet in length, with a slide 100 feet in length.

The works are being built in a strong and substantial manner, and although none of them are yet fully completed, the whole are well advanced, and will, I have every reason to believe, be fit for service in the coming spring.

As I estimate, the cost of carrying out the improvements will be about \$13,000, and as I understand there is a large amount of timber still in the locality, they will prove a great benefit to the lumbermen and settlers by enabling material to be taken out and favorably disposed of, which only for their construction it would be impossible to float down the streams to market at a profit, and which, consequently, would be left to decay in the woods.

I have the honor to remain, Sir,

Your obedient servant,

ROBT. MCCALLUM,
Engineer Public Works.

Q. And there was a subsequent report of the Engineer? A. Yes.

Q. What date? A. December 13, 1900.

Q. What is the effect of it? Is it that the payment be made at once?

A. This is the Engineer's supplementary report which I have before me.

Q. Then there was a declaration of Richard Hall? A. I am not familiar with these papers.

Q. Then what is this paper? A. This is a declaration by the president of the Dickson Lumber Co., a statutory declaration by Richard Hall, as president of the Dickson Lumber Co., dated 29th November, 1900; the statement is as to the expenditure by the company on the work.

Q. How much does he say was expended? A. He says that the Dickson Co. actually and truly expended in improvements, wages, etc., for the season 1899-1900, \$8,169.30.

Q. Attached to the declaration is a schedule referred to in the declaration?

THE CHAIRMAN to MR. LATCHFORD.—

These papers belong to your Department and bear your name. Do you desire to examine them or say anything about them?

MR. LATCHFORD—No.

By MR. MATHESON.—

Q. Can you speak from memory as to the cheque on the Treasury Department issued 31st December, 1900? A. I cannot speak definitely. I would like to get the cheque.

MR. SPOULE, having returned with the cheque, again examined by MR. MATHESON.—

Q. You produce a cheque given to this Dickson Lumber Co? A. Yes.

Q. What is the date? A. 31st December, 1900.

Q. What is the amount? A. I might explain that all the cheques dated 31st December, 1900, are not necessarily issued on that date.

Q. Yes, I understand that they are dated earlier so as to come within the year? A. Yes, this cheque is made out to the Dickson Lumber Co.; it is for \$4,000, and was paid by the bank so that there can be no question on that point?

Q. Who is it endorsed by? A. The Dickson Co., of Peterborough; C. Dickson, president.

Q. What date is it stamped as being paid by the bank? A. January 23rd, 1901.

PRINTING FOR BUFFALO EXPOSITION.

MR. MATHESON.—

That is all on that point. Will you read this account; in what connection is it made out? A. I do not know.

Q. Will you read it? A. Yes, it seems to be something in connection with the Pan-American Exposition.

Q. Would you read the whole of the account; part of that account is struck out? A. Shall I read the whole, including that struck out?

Q. Yes? A. This is the account of T. H. Preston, office of the "Daily and Weekly Expositor," Brantford, bearing date June 8th, 1901

Q. Will you read the account. A. Yes.

The account is as follows:—

June 8, 1901.	To 2,000 letter circulars.....	\$ 8 50
	2,000 envelopes.....	3 50
	2,000 private post cards.....	4 00

	100 note circulars.....	1 25
Aug. 10	2,000 8-inch envelopes.....	4 50

Sept. 27	500 scores of butter and cheese.....	3 50
	150 letter circulars.....	2 50
	200 statement claims.....	2 50

Q. What would the total amount be if nothing was struck out? A. It would be \$53.75; originally I presume that is correct; we pay no attention to items struck out.

Q. How much is struck out? A. \$22.50.

Q. Leaving a balance of? A. Leaving a balance of \$31.25.

Q. Look at page 171 of the Public Accounts last year? A. For this item?

Q. Yes, you will find on the 17th line from the bottom "T. H. Preston, \$53.75? A. Yes.

Q. That is what the whole amount would be if nothing was struck out? A. Just so; I presume the other part was paid at another time.

Q. Is there any of that account for advertising or subscriptions or is it all for jobwork? A. I do not find any items for advertising or subscriptions.

Q. Nothing for advertising or subscriptions, all for printing and supplies? A. Yes.

Q. Can you get the cheques given for that? A. Yes.

Q. Can you get them now? A. Right away?

Q. Yes? A. I will inquire as to that and as to the other accounts in order to get the cheques for the whole amount.

Q. Get this particular cheque anyway.

MR. SPROULE, on returning to the room with the cheques, said: I find that there is an error; \$31.35 seems to be the actual amount paid to Mr. Preston in

connection with this account ; the clerks in the office by some extraordinary oversight have apparently put down \$22.50 with this \$31.35 with which it has no connection.

Q. So that the Public Accounts are not correct in that ? A. No, apparently not.

Q. What is the date of the cheque and to whom paid ? A. December 28th, paid to the " Brantford Expositor."

Q. How is it endorsed ? A. T. H. Preston, Proprietor, Expositor.

Mr. MATHESON : I am very sorry about this matter ; there seems to be no question that the member for S. Brant must resign his seat, having taken work for the Government and been paid for it.

Mr. LATCHFORD to Mr. MATHESON : Do you consider that you have been honest in the way you took up this question ? A. I think so.

Mr. LATCHFORD to Mr. SPROULE : Mr. Sproule, against whom was this account rendered ? A. Against the Dairymen's Association of Western Ontario.

Mr. MATHESON to Mr. LATCHFORD : I would draw your attention to the fact that I asked him to read the account.

Mr. LATCHFORD to Mr. MATHESON : And suppressed any mention of the person to whom it was made out, and that was dishonest.

Mr. MATHESON : I do not think that you have any right to say that.

Mr. SPROULE : Allow me to correct the statement previously made in connection with this account ; I went over the accounts with the bookkeeper and from what I learned, had come to the conclusion that there was an error in calling off the accounts. It appears, however, from inquiry just made by me, that the balance of this account was paid in another account which is before you ; these items were struck out because they had been paid before, so that the total amount in the Public Accounts is correct.

By the CHAIRMAN : What is the total amount ? A. \$53.75.

By Mr. LATCHFORD :

Q. These accounts were rendered to the Dairymen's Association of Western Ontario *re* the Pan-American Exposition ? A. Yes.

Q. All of them ? A. Yes.

Q. "The Brantford Expositor" accounts, too ? A. Yes.

Q. What is this Dairymen's Association ? A. I do not know anything of it to speak definitely about it.

Q. Can you say whether any grant was made to that Association by the Government ? A. Yes.

Q. How much ? A. You had better send for Mr. James and ask him about it ; he is familiar with this.

Q. Can you tell me how these accounts came to be paid by the Government ? A. I cannot answer that very definitely. Mr. James understands it ; he can explain ; these accounts are rendered to the Dairymen's Association and are always sent to the Department of Agriculture, as I presume the Dairymen's Association funds were given in connection with the services for which the Department of Agriculture should pay. The Department of Agriculture would control to a large extent the Pan-American grants.

Q. And the Government paid these accounts which the Western Dairymen's Association had incurred ; that is your idea ? A. That is what I surmise on the face of it.

Q. Mr. James will know all about it ? A. Yes, these accounts are recommended by the Department of Agriculture.

Q. Do you know George Hateley ? A. He is Secretary of the Western Dairymen's Association.

By Mr. PRESTON :

Q. Is there not an account in the name of Reville Bros. rendered in the same way to the Western Dairymen's Association, and certified to by the Secretary?
A. Yes.

Q. And for similar work? A. Yes.

By Mr. LATCHFORD :

Q. In connection with the Western Dairymen's Association? A. Yes.

By Mr. PRESTON :

Q. The Reville Bros., owners of the "Brantford Courier," had also an account against the Western Dairymen's Association? A. Yes.

By Mr. MATHESON :

Q. Look up the Public Accounts on page 88; there is an item charged there *re.* grants to Associations, Western Ontario Dairymen's Association, Legislative grant, \$3,250; then the next item is an additional grant for instruction, \$750; these were paid direct to the Association? A. Yes.

Q. Is this account paid to Mr. Preston part of those grants, or are they charged separately? A. Yes, it is an entirely different thing.

Q. It is not charged to the Dairymen's Association as part of their grant?
A. No

Q. It is paid direct by the Province? A. Paid direct in connection with the expenditure incurred by them at the Pan-American Exposition.

Q. These accounts struck out were previously paid? A. Yes, that was the reason they were struck out.

By Mr. LATCHFORD :

Q. And that account also is charged against the Western Dairymen's Association? A. Yes, it is a special account *re.* Pan-American Exposition.

By Mr. MATHESON :

Q. So, Mr. Sproule, this account paid to Mr. Preston, is not part of the money voted to the Dairymen's Association? A. No.

Q. It is payment on account of the general expenses incurred in connection with the Pan-American Exposition? A. Yes.

Mr. C. C. JAMES called and sworn :

By Mr. LATCHFORD :

Q. Look at this account, Mr. James; who is the account against? A. T. H. Preston against the Dairymen's Association of Western Ontario.

Q. Made out by him against the Dairymen's Association, and that is an organization existing where? A. In Western Ontario.

Q. Now, it appears that when this account was incurred the Government paid it? A. Yes, the Government, as I look at it, paid that account.

Q. Can you say why or how it was incurred in connection with the dairy-exhibit at the Pan-American. It is certified to here by their secretary, Mr. Hateley; was the dairy exhibit at the Pan-American organized by the Western Dairymen's Association? A. It was.

Q. Mr. Hateley being the secretary? A. Yes, the secretary of the Western Dairymen's Association.

Q. How long can you say that he has occupied that position, approximately?
A. Five or six years, I think.

Q. Lives in Brantford, I understand? A. Yes, he lives in Brantford.

Q. Now, what was the agreement made with the Government in regard to these accounts? A. I could not give you the date exactly, but we had on and off in the spring quite a number of representations from individual members of the Western Dairymen's Association, asking the Government to send a dairy

exhibit to the Pan-American Exposition. In discussing the matter with the Eastern and Western Dairymen's Association directors, they were not quite certain whether the Province ought to make an exhibit or not, and the Eastern Association men felt that as we did not do any business with the United States in that line that it would not pay to make an exhibit of that kind there. The Western Association seemed to feel strongly in regard to it, and thought it would be a good advertisement of the Province could an exhibit be made. So they asked the Minister whether the Department would make one. We finally made this arrangement: we said that the Department would not make one of itself. If, however, the Association wished to undertake the work, make an exhibit and be fully responsible, a certain amount of the general grant for the Pan-American would be placed at their disposal—I forget how much it was; we made the same arrangement with the Bee-keepers organizations also.

Q. So that arrangement was carried out; instead of paying the money direct, you paid these accounts? A. Yes, they asked us then to turn over the money to them. We decided, however, that it would be more economical and more in accordance with the general principles laid down by the Auditor to have the cheques go out from here.

Q. For what? A. For expenses in connection with the dairy exhibit.

Q. By whom? A. The Western Dairymen's Association. They appointed a committee to do the work; their secretary certified as to the accounts, and as they came in we paid them.

Q. Then you paid that account as a liability incurred by the Western Dairymen's Association, and as one which the Government should pay in pursuance of the arrangements made with the dairymen? A. We simply thought that would be the most satisfactory way, and we followed it.

Q. Yes, instead of making the grant direct, you would pay the accounts that had been incurred? A. Yes.

By Mr. PRESTON.—Q. Did the Association make their arrangements independent of the Government? A. Yes.

Q. And each one had business of which the Department had no knowledge? A. Yes.

Q. If you had made a straight grant your responsibility would have been higher? A. Yes.

By Mr. MATHESON.—Q. As a matter of fact, you did not offer any special sum to the Western Dairymen's Association? A. There was no limit made.

Q. You simply assumed those accounts in connection with those agreements as to assuming the debts incurred by them? A. Yes, up to a certain figure and on condition that they were to do all the work.

Q. And if you had paid the money direct there would not have been anything said about it here? A. I may say that the Department had nothing to do with the exhibit.

Mr. LATCHFORD.—Mr. Preston is quite innocent of having violated any rule; we could get Mr. Hateley here to explain if necessary.

Mr. MATHESON.—I don't think it is hardly necessary; if the Department had handed over so much money, it would have been all right.

Mr. PRESTON, sworn;

Mr. PRESTON said: I might make the statement in the first place that on being elected as a member of parliament I gave positive instructions that no work was to be done for the Government except the customary advertising for departments under the Act, and which all newspapers in good faith receive. I have a job printing department, and though I own the business, it is under independent management and control. I only know when the cheques come in what the department is doing, save for monthly statements and receipts, &c. We have been doing work for the Western Dairymen's Association ever since Mr. Hateley

came to Brantford; we have printed their annual reports and have done a considerable measure of their work. I was not aware until to-day that the item appeared in the Public Accounts. I was not aware at the time that that cheque was for this work, having taken it for granted that it was for departmental advertising, and I signed it in that way. I knew, of course, when I saw the account against the association, that we were doing work for the Western Dairymen's Association, but I did not know that we were doing it for them in connection with the Pan American Exposition. It is a surprise to me to find out the conditions that we have heard that we have in any way at all been connected with the Government in this. Mr. Hateley never gave me the information that the Government was connected with the matter, directly or indirectly, nor did he give such information to anyone in my employ, otherwise it would have been brought at once to my notice. The Courier Co. has rendered the same accounts for similar work. It was rendered to him (Mr. Hateley) and not to the Government. I do not know that I can say anything more.

Mr. LATCHFORD.—Hateley can be brought down here if there is any need.

Mr. MATHESON.—Oh, I do not want these fellows hounded.

By Mr. LATCHFORD.—Q. If the account had not been paid in this way, you would never have looked to the Government for it? A. Certainly not if the Western Dairymen's Association had been unable to liquidate the account.

REFORMATORY FOR BOYS.

Mr. SPROULE recalled and examined by Mr. MATHESON:

Q. Where would this account (exhibiting document) appear in the Public Accounts? A. In the capital account of the Reformatory for Boys.

Q. I find it here on page 78; it is for a carriage for the Reformatory for Boys, \$120.00. A. Yes.

Q. Have you power to object to any items at all? A. Well, it depends in what direction you want the power exercised.

Q. For instance, here is an item in the Pan American accounts, 3,000 lithographs of Hon. G. W. Ross. Is that an item you would consider proper? A. It depends on what it is used for.

Q. What on earth do you use them for? A. I suppose the Premier is the first choice in such a matter. The lithographs were made in connection with the exhibit of a specimen of lithographing stone.

Q. There is an item, Breithaupt Bros. & Hall, \$218, for shoe leather; I cannot find it? A. All the vouchers are here.

The Committee then adjourned.

Q. Don't you see the statement? A. The statement goes to the office.

Q. Do you pay out that much? A. I cannot say positively how much; I do not keep track of it; it is done at the office.

Q. You get a statement, don't you? A. The statements are at the office, if I wanted to go for them.

Q. You receive them and look over them? A. I cannot say that I do.

Q. You don't look over them? No.

Q. Who is Mr. McGill? A. He is manager of the Ontario Bank.

Q. Do you ever sign any cheques without knowing what they are for? A. The cheques are brought and marked; I am constantly signing cheques.

Q. You see what they are for?

Mr. LOUGHRIN: That is not a fair question to ask; she cannot be cross-heckled in that way.

The CHAIRMAN: I think Mr. Wardell was not in when Mr. Matheson began his investigation. I hope you will not ask the witness to repeat too much of what she has said.

Q. Why is the cheque dated February 9th, marked to be sent to James Eakins "on account." All the other cheques are made for some specific purpose. Can you explain it? A. I cannot.

By Mr. LATCHFORD:

Q. You say, Miss Dickson, that you were appointed president of the Company on December 26th, 1900? A. Yes.

Q. And prior to that time I suppose you did not take any personal interest in the affairs of the Company? A. No.

Q. You don't know what was going on? A. No.

Q. Mr. Eakins is your head man in the woods, I understand? A. Yes.

Q. And is the manager of the lumber camps? A. Yes.

Q. And in the ordinary course of events money is sent to him from time to time? A. Yes.

Q. And so far as you know all these cheques were sent to him in the same way? A. Yes, in the same way.

Q. Then the fact that you were not interested in the management of the Company prior to December, 1900, would explain that you do not know about this grant? A. Yes, I did not know anything about it until the cheque came.

Q. In any event the cheque was received shortly after you became president? A. Yes

Q. What was on the stub? A. Nothing.

Q. Was there nothing on the cheque? A. I cannot say that the cheque was filled out.

Q. Did you never take that cheque to Miss Dickson to sign? A. I do not remember at all.

Q. Did you ever hear in the course of your work there that this company owed Mr. McGill personally \$2,000? A. No.

Q. You never heard it? A. No.

Q. Did the president speak to you about it ? A. I cannot say that she did ; they do not speak to me about his cheques. I give them when he asks for them.

By Mr. WARDELL :

Q. Was anything said about this cheque when it was given ? A. It would be for money he was wanting in his operations.

Q. What was done with that ? A. He had a salary of \$1,200, that was charged against that salary and the balance paid.

Q. And you cannot tell from that book what he did with the money ? A. No, it would have to be from his own statement.

By Mr. STRATTON. —

Q. I suppose Mr. Eakins keeps detailed accounts of his expenditures ? A. He does.

Q. And these detailed expenditures are examined by the Company ? A. Yes.

Q. And he gives you vouchers as far as convenient in his position for all his payments ? A. Yes.

Q. I suppose a subpoena to him would enable him to produce all these books showing payments on these various cheques? A. Yes.

Q. I would like these books and papers all produced?

The CHAIRMAN :—We have sent the sheriff of Peterborough after him with instructions to bring his books and vouchers.

By Mr. MATHESON.—

On the 6th of February you gave Mr. Eakins \$1,000, cheque 109? A. Yes, \$1,000.

Q. I see on the 6th of February you put expenses for Provincial Secretary, \$5. What is that for? A. That is the registration of our annual returns for the Company.

The CHAIRMAN :—We are giving you a great deal of latitude. According to our rules, the Committee would have no right to go through the accounts of the firm.

Mr. MATHESON :—We are only asking about these items.

By Mr. MATHESON.—

Q. Who is the former president? A. Mr. Hall.

Q. To the 26th December, 1900? A. Yes.

Q. Had you any conversation with him as to this grant from the Government? A. No.

Q. Did you prepare any statement in connection with it? A. Yes, I gave a copy of the statement which the clerk in the camp prepared.

Q. That is as to the expenditure on these dams? A. Yes, I have a copy of the statement which the clerk prepared.

By Mr. WARDELL.—

Q. Did he tell you what it was for? A. He wanted it to bring it here.

Q. For what purpose? A. For getting the money for the improvement.

Q. A minute ago you said you did not know anything about it until the cheque came? A. I did not know until the cheque came.

By Mr. MATHESON.—

Q. You observe there (producing document) a copy of the statement prepared for Mr. Hall? A. The original statement, yes.

Q. What was the total expenditure on which this grant was drawn? A. \$8,169.30.

Q. How much of that was for timber. Add up the items there? A. \$423.81.

Q. That is for timber on these dams? A. Yes.

Q. And how much was for wages? A. \$7,745.49.

Q. This included blasting and cleaning? A. Blasting and cleaning was nearly all wages.

Q. A good deal of this expenditure was made in 1899? A. Part of it was.

Q. Have you any idea how much? A. No, I have not.

Q. Who conducted the negotiations to obtain this grant of \$4,000 from the Government? A. I do not know. Mr. Hall and Mr. Eakins came here and they got that statement; that is the only thing that I knew in connection with it until the \$4,000 cheque came in. They asked for a copy of this statement from the clerk in the camp and I gave them a copy.

By Mr. LATCHFORD.—

Q. In the item of wages in this schedule, I see the letters "etc.;" what would the "etc" include? A. It would include blasting powder and the like of that.

Q. Board for the men? A. Board for the men. Of course the proportion charged for wages is the amount they actually got.

Q. You say part of the work was done in 1899. I suppose the season began in the fall? A. Yes, in August. The first work they did was to improve the creeks for the season's operations.

By Mr. MATHESON: Was this work begun long before the grant was made in 1900? A. Yes.

By Mr. LATCHFORD:

Q. You say that "cheque," as it has been called, was never issued? A. That McGill one, no.

Q. No cheque issued to Mr. McGill on the 23rd January, 1901, for \$2,000, or as far as you know at any other date? A. No, no cheque issued to him for that amount.

By Mr. WARDELL:

And you cannot explain why it was ever written out? A. No.

By Mr. LATCHFORD:

Q. Then in regard to Mr. Eakins' account which appears on page 27 of your ledger for the year 1900-01 and is then carried forward to page 82 of the same ledger. It was quite a common occurrence to send large sums of money to Eakins? A. Yes, all the way from \$500 to \$6,000.

Q. Amounting in all during the season, as you have said, to about \$27,000? A. Yes.

Q. Then there is only one credit in the year? A. Yes.

Q. Then his expenditures that year as accounted for by him to you were \$27,210.84? A. Yes.

Q. Leaving what balance in his hands or to be accounted for? A. There is only \$928.34 in his hands.

Q. Leaving \$928.34 in his hands unaccounted for? A. Yes.

Q. Do his books show details of this expenditure of \$27,210.84? A. Yes.

Q. He is charged with \$928 against his salary? A. Leaving a balance of \$271.-66 still owing to him.

Q. Then he really had no money in his hands? A. No.

Q. Then he satisfied you by the details of his account that he had spent that \$27,210? A. Yes.

Q. And he has accounts which show that expenditure? A. Yes.

Q. He satisfied you that he had paid out that amount of money? A. Yes.

By Mr. WARDELL:

Q. But he did not show you receipts? A. I do not know.

By Mr. LOUGHRIN:

Q. I suppose, as a matter of fact, the style of your business is that he makes requisitions for what money he wants? A. He just gets it as he wants it from time to time.

Q. You charge that to his account? A. Yes.

Q. When the year's operations are over, he comes down with his books and whatsoever cash he has then is charged him? A. Yes.

Q. You therefore have no definite knowledge of any details of what is paid out for wages for what he produces? A. No.

Q. You say you get out about 12,000,000 feet a year? A. Yes.

Q. A considerable amount of the money sent out to him represents the amount he requires for wages and supplies locally? A. Yes.

Mr. MATHESON: Did he show that all this money was paid out on sawlogs? A. Yes.

RICHARD HALL called, and sworn:

Examined By Mr. MATHESON:

A. You are the former president of the Dickson Lumber Co? A. Yes.

Q. Up to? A. December 26th, 1900.

Q. Did you as president make application for this grant \$4,000? A. For \$5000.

Q. You wanted a little more? A. Well, we will take all we can get.

Q. What is it for? A. It was for building dams on the Stony Creek.

Q. Who has any interest in the Creek besides your Company? A. I do not know; it is open for anyone's use.

Q. Were you ever up the Creek? A. Just once.

Q. The total expenditure according to your declaration was some \$8,000?
A. Yes, a little over that.

Q. That is for 1899-00? A. I suppose that is correct.

Q. Who did you ask for this grant? A. I asked Mr. Stratton and Mr Latchford.

Q. Mr. Stratton is member for the riding I suppose? A. Yes.

Q. When did you ask about it? A. Sometime in the summer or the early part of June or July, or about that time.

Q. That would be the summer of 1899? A. My foreman and I were up here about some lots that were being located.

Q. That must have been the summer of 1899, because the grant was made in the spring of 1900? A. I suppose it was.

Q. Who went with you in the negotiations? A. My foreman.

Q. That is Mr. Eakins? A. Yes; we were up here on business at the time.

Q. Had you any difficulty in getting the grant? A. Well, I did not know until it was passed. I appealed hard enough for it; I thought it was anything but right that the dams would be there for the use of the Government to store water.

Q. In connection with what? A. The Trent Valley canal.

Q. This Government had nothing to do with the Trent canal. Was that one of the arguments you used? A. It was for our own water powers at the time, and ultimately it might do to store water for the canal; it was almost the same river.

Q. Did you tell any other members of the firm about the grant? A. They understood I had asked for it.

A. How long had you been president? A. Sometime in June, 1899, up to 26th December, 1900.

Q. Do you know about these cheques that were issued? A. I never saw them until I saw them in the papers

Q. Had you any conversation with members of the Company about issuing them? A. What cheques do you mean?

Q. Will you look at those stubs there? (Producing cheque-book) No. 67, on the 23rd January, 1901; there are two 67's, the first one?

Mr. LATCHFORD.—I understand he had ceased to be president long before?
A. I do not know anything about what occurred after I resigned.

Q. You know some things I want to ask you about. You see that cheque, the first, the one that is cancelled, 67? A. I do not know anything about this.

Q. Have you got the cheque there? A. Yes.

Q. Who is it payable to? A. I had nothing to do with the business then.

Q. There was a cheque issued, I should say written.

Mr. LATCHFORD.—It has not been sworn to.

Witness.—I do not know anything about it.

Mr. LATCHFORD.—I object to the use of the word "issued."

By Mr. MATHESON.—I want you to look at that. To whom does that stub purport to be made? A. C. McGill.

Q. Do you know Mr. McGill? A. I do.

Q. What bank is he connected with? A. The Ontario Bank.

Q. Where? A. In Toronto.

Q. Had the Company any dealings with him? A. Not that I know of; I was not in the Company at the time.

Q. You were in shortly before it? A. But the Ontario Bank at Toronto had nothing to do with the Company's business.

Q. While you were president? A. No, we did our business in Peterboro.

Q. Did you hear while president or afterwards any talk about giving a cheque to Mr. McGill. A. No, I never heard anything of the kind.

By Mr. WARDELL.—Q. At the time you resigned the presidency did you owe him \$2,000? A. I do not know.

Q. As far as you know they did not? A. I do not know.

Q. As far as you know did they? A. I do not know.

Q. You know nothing about the transactions with Mr. Eakins after you resigned? A. No sir, I was never in the office more than once or twice.

Q. Were you consulted about any transactions after that? A. No, I never attended a board meeting or anything.

Q. Were you consulted as to what was done with the money after that? A. No sir, I never saw it until this money; I could not say whether they got that money or not until I looked in the book.

Q. You never actually saw the cheque before. You had heard that they got it? A. Yes, but I had nothing to do with the Company.

By Mr. LATCHFORD:

Q. You are not certain about what time you came up here, are you? A. No, I know you grumbled a little about what I asked you.

Q. Do you remember whether you represented that it would be a benefit to the settlers up there or not? A. Mr. Eakins did that.

Q. He will be able to speak about that? A. Yes.

Q. Is he here to-day? A. No, he is in the shanties.

I never had time to get it finally settled.

Q. Were you asked to handle any cheque as part of the insurance. A. No.

Q. Were you spoken to about it? No.

Q. Do you know anything about a stub that is written there (producing cheque-book) and then cancelled, in your name, for \$2,000, on the 23rd January, 1901? A. No, I do not know anything about it. Some time ago I spoke to them about getting a cheque for insurance,

Q. Are you satisfied that this stub has anything to do with that? A. I cannot tell you; I did not know there was any cheque made out.

Q. You knew that the grant was in the Estimates of 1900? A. I had no knowledge; I saw it spoken of in the papers when it passed the House.

Q. What did Mr. Hall tell you? A. He did not tell me anything; we did not discuss the thing.

Q. Do you know the limits? A. I do.

Q. What other companies are on Stony Creek besides the Dickson Co.? A. On Stony Creek there is none.

Q. Had you anything to do with sending this money to Mr. Eakins? A. Well—

Q. You would order it to be done, or the book-keeper—? A. He keeps his books in the office in the camps and makes his return at the end of the year.

Examined by Mr. MATHESON:

Q. You are Mr. James Eakins? A. Yes.

Q. What is your position with the Dickson Lumber Co? A. Looking after operations in the woods.

Q. How long have you been in their employ? A. Something over thirty years.

Q. Thirty years? A. Yes. Twenty-nine years and eight months, and then I was away one and a half years when there was no Company.

Q. Where are their limits? A. In Cavendish and Anstruther Townships.

Q. What County? A. County of Peterboro.

Q. North of Stony Lake? A. Yes; north-west.

Q. Stony Creek runs through them? A. Yes.

Q. What other firms are engaged in the lumbering there, or what other firms send their lumber down the creek? A. None at the present.

Q. When did you commence improvements of the dams? A. In 1900 I think it was.

Q. Or 1899? A. Yes, 1899.

Q. How much was expended on those dams? A. Near \$10,000.

Q. Mr. Hall makes a statutory declaration, in November, 1900, saying that the amount was \$8,169.30? A. Then there has been a great deal more improvements done to them since.

Q. You might look over that declaration. You will find a memorandum on the next page with details of the expenditures.

A. Yes, but a great deal more has been done since that.

Q. That may be, but have you seen this document before? A. Yes, I had access to it at any time; because I kept track of it; the expenses.

Q. Was it made up by their book-keeper? A. Yes.

Q. This is the schedule attached to Hall's declaration. You might give me the date. Is it 30th November, 1900? A. Yes

Q. The 30th is it? A. The 26th.

Q. And that was made up from their books? A. Yes.

Q. And was correct at the time? A. Yes.

Q. When was it commenced? A. I think in August of that season.

Q. Of 1899? A. Yes.

Q. When was it completed? A. In April.

Q. 1900? A. Yes, for the operation of running of logs that season.

Q. Did you know of this Company getting a grant from the Ontario Legislature? A. I understood that they were to get it, but I knew nothing more about it.

Q. Who did you talk it over with? A. I heard Mr. Hall say that he was to get money.

Q. What position was he in? A. Manager.

Q. Was he not president at the time? A. Yes, I expect he was; I knew nothing of it further than what is stated here.

Q. Who had the negotiations connected with getting it? A. The money?

Q. Yes? A. I could not tell; I am not in a position to say. Mr. Hall said he had applied to the Department here and that is all I know about it.

Q. When did you first hear about the proposal to get the grant from the Government? A. During the winter sometime, in January or February, I think.

Q. Of 1900? A. Yes, I think it was about that time.

Q. Who had the first idea of getting it, you or Mr. Hall? A. Well I don't know; I could not say anything about who had the first idea. Not knowing, I could not tell.

Q. Are you much at the head office in Peterboro? A. Yes, when I required money or anything in connection with the business, I went down to see after it.

Q. What was your system of drawing money? A. Well, I come down and draw \$2,000, \$5,000, \$6,000 or \$7,000, whatever I wanted; it depended on what had to be paid out; sometimes I have drawn \$25. It all depends on what I had to pay out

Q. When do you make your returns? A. Every year at the end of the season. As soon as the season is up my vouchers are there and everything waiting to be checked.

Q. Is that your book for 1901? A. Yes sir.

Q. What is this book? A. It is my cash book. When I pay out the amounts paid to the parties for cash vouchers have to correspond with the cash entered in that book.

By Mr. STRATTON:

Q. And you furnish vouchers? A. Yes sir, and they most correspond with the payments and charges in that book. That is where Mr. Lenton enters them.

Mr. MATHESON: Is your book-keeper named Lenton? A. Yes sir. I issued the cash to him.

Q. What is his business. A. Book-keeper.

Q. Does he keep track of all the men's accounts paid up. Do you hand him a cheque when money is wanted? A. I hand him cash, not a cheque.

Q. Then you charge him with the several hundred dollar accounts for the payment of wages? A. Yes, the book shows a statement of that as well as other accounts paid.

Q. When did Mr. Hall cease to be president? A. I think it was in December, about that time.

Q. Of 1900? A. Yes sir, 1900 I think.

Q. Did you know of this cheque coming from the Government for \$4000? A. Well, I heard about it, that is all I knew.

Q. Who told you? A. Well, I forget; I was not interested in it, and when I am not interested in anything it does not bother me.

Q. Were there any complaints of the Company as to the cost of operations in 1900? A. Well, I could not say indeed whether there were any complaints that particular year; sometimes when there is a scarcity of labor and stuff costing more and wages went up, and there was more expenditure.

Q. In that 1900-01, did you take out much timber, in round numbers by the season, I mean, what did you take? A. Something over ten and a half million feet.

Q. What the year before? A. I think about nine million or something of that kind, I could not say positively.

Q. Did you take out that each year for the last ten years? A. No sir, I have not been at it for the last ten years, I have been looking after it for five seasons starting from the time since the Company got back the limit; it was sold, and then when it was sold I had nothing to do with it.

Q. When was it sold? A. In 1892, I think; I cannot remember dates very well.

Q. In 1892, how much for? A. I heard \$450,000.

Q. Did the Company get it back? A. They had to take it back, the purchasers would not pay for it.

Q. Do you know what it cost originally? A. Originally in the neighborhood of about \$270,000, and then they had to pay over and above the purchase money to a Mr. Scott, which brought it up to about \$300,000.

Q. Might it not have been \$200,000 instead of \$300,000? A. No sir, \$270,000 and I think Mr. Scott got \$20,000 or \$30,000.

Q. How much of a payment was made by the Company they sold out to? A. Something in the neighborhood of \$200,000 I think.

Q. Then that they took it back? A. Yes, they bought it in in order to save themselves.

Q. They have not been lumbering every year? A. Not right along. They were three years out of it.

Q. How much do you think they paid in dues to the Government in the last ten years? A. I do not know anything about that.

Q. \$20,000? A. Yes, more than that.

Q. Are you sure that they have paid \$30,000? A. I feel sure that they have paid whatever the measure was.

Q. Are you sure it was \$30,000? A. Yes, I am sure.

Q. Not less? A. I don't know.

Q. As a matter of fact it was less, but you think it might have been something like that? A. Yes, I think so: it does not interest me.

Q. When do you say they got the limits back? A. They got them back—well, this is the fifth winter since they got them back.

By Mr. STRATTON:

Q. Do you know whether they have paid one dollar or ten dollars or anything on dues? A. No, that is not in my department.

By Mr. MATHESON :

Q. You have an idea of the lumber taken out ? A. Oh yes.

By Mr. MISCAMPBELL :

Q. Do you make a general return ? A. Yes.

Q. And you swear to that ? A. Yes.

Q. Whatever the measure is, you certify to. A. I certify to it as far as my knowledge goes.

By Mr. MATHESON :

Q. So that you have an opportunity of ascertaining to a certain extent what the dues would be ? A. Yes, if I wanted to find it out, but it does not concern me.; it is not my part of the business.

Q. Did you discuss with Mr. Hall about this \$4000 ? A. I understood that they were to get it, but apart from that know nothing further.

Q. Did you discuss the amount received afterwards ? A. I heard him say that they were to get that; they might have received that or double that, I could not tell, they advanced no proposition to me.

Q. Do you know of any cheque being given to Mr. McGill ? A. No sir, I do not.

Q. Did you ever hear of it ? A. No.

Q. Have you paid any money out except for lumbering, any of the Company's money I mean ? A. No, I have got to show in this book any money that I pay out, it is charged to me, and I have to render an account, and if I cannot show that it has been paid in wages, etc., I have to make up the shortage, if my wages, etc. do not come up to what I show in the cash account.

Q. Did you discuss in the store about this grant ? A. I could no say where it was.

Q. Did you discuss with Hall the question of the whole cost of the creek improvements being charged in one year ? A. I may have spoken on that point.

Q. Were they so charged ? A. Yes, all in one season.

Q. I suppose that made the operations look less favorable that year ? A. Yes, because there was so much more on that account for the season's work, the book-keeper has a bright memory, and he can tell you whatever it cost, the works charged up to it. If they got anything I do not know.

Q. Officially I suppose you did not. You knew of the \$4,000 coming. A. Yes.

Q. Who from ? A. I could not say.

Q. From Mr. Hall ? A. No, I do not think I did.

Q. Do you swear that you did not ? A. Well, I understood him to say that it was \$4,000.

Q. Was he taking credit for getting the \$4,000 ? A. Well, I expect he was.

Q. Did he take credit to you ? A. He said the Government was going to give \$4,000. I could not say that he took credit.

Q. Did he claim credit for getting it ? Well, I expect he did.

Q. This was at the time he was grumbling about the improvements being charged to one year ? A. I do not remember him grumbling about the cost; not to my knowledge.

Q. Did you object that the Company did not get the benefit of the whole \$4000 ? A. No, I do not know anything about it.

Q. I want you to refresh your memory and be certain about this. Did you tell Hall that the Company did not get the benefit of the \$4000, and that it was only \$2000 ? A. I did not.

Q. You swear to that ? A. Yes, I swear to it.

Q. Did you pay any money of the Company at any time to anyone other than for the operations in the woods. A. No, I did not.

By Mr. STRATTON :

Did you ever contribute any money for political purposes? A. I did not.

Q. Did you ever use any moneys given you by the Dickson Co. for political purposes or for any purpose other than the direct supplies or expenses for the Company? A. I did not. Never except in connection with their business, paying wages etc.

Q. Except for the practical supplies and work and expenses of the Company?
A. That is it.

Q. Were you ever asked to contribute to a political fund? A. I never was.

Q. Did you ever volunteer a subscription to a political fund? A. I did not.

Q. Could any of the moneys which passed into your hands be diverted for political purposes or into any political funds without your knowledge? A. No sir, they could not.

By Mr. MATHESON:

Or any other fund? A. None of the funds that I had to deal with.

By Mr. STRATTON:

Q. Then were any of the moneys paid into your hands or which passed into your hands, at any time, on any occasion, used for other purposes than the practical purposes of the Company without being accounted for in that book?
A. No, I must account for everything.

Q. Were those dams on Stony Creek substantially built? A. They were as solid as the Government could put them up, well put together and would stand as much pressure. Of course they were not trimmed quite so nicely.

Q. Have you any reason to believe that the moneys of the Company were diverted or passed over to any one for political purposes? A. No, I do not think so.

By Mr. MATHESON:

Q. Have any logs gone down the creeks except those of the Company?
A. Not as yet.

By Mr. STRATTON:

Q. How much timber is in the locality? A. I have no idea as to the total quantity.

By Mr. MATHESON:

Q. How long is this creek? A. It starts in Cavendish and runs across Anstruther, and it has three or four branches.

Q. How long is it; twenty miles? A. Well, its area is more than that I guess.

By Mr. STRATTON:

Q. Are these dams so built that other owners of timbers may use them?
A. Yes, any person can use them; they are strong enough to last for years.

Q. What I want you to be positive about is that any money in any manner, shape or form got out of your hands and with your knowledge could be used for political purposes? A. No, sir.

By Mr. LATCHFORD:

Q. Was there a book prior to this? (the one produced) A. Yes, sir.

By Mr. MATHESON:

Q. Take the 6th of February, 1901; you got a cheque then for \$1,000?
A. Yes, I did. It is charged here.

Q. And again on the 16th of February? A. For \$2,000, sir.

Q. Did you use all that money for the purposes of the Company? A. You can see where it has gone to; it is all in here; some of it is here charged to the clerk and paid to different parties.

By Mr. LATCHFORD:

Q. Perhaps we had better ask him to give the entry?

By Mr. MATHESON:

Q. Are those cheques made out to order? A. Payable to me.

Q. To you or bearer? A. I got them payable to myself.

Q. Do you know whether they are printed as payable to order? A. Yes, certainly, they are regular bank cheques. Sometimes they cross the order out and make it bearer.

Q. Did you direct Mr. Hall's attention at any time and tell him that the Company only got \$2,000 instead of \$4,000? A. No, sir, I did not.

By Mr. LATCHFORD:

Q. Sometimes you got money and sometimes a cheque? A. Yes, sir.

Q. Sometimes the book-keeper would hand you the amount? A. Yes, if he had it in the office, but as a general thing it was a cheque.

Q. And sometimes he would make out a cheque payable to himself, for you, supposing you were in the bush and get the money for it to be sent out? A. Yes, he would send it.

Q. And in the month of February you would be in the bush I suppose? A. Yes, and he would send the money.

Q. How much did you get from the 1st of January, 1900? A. It is all there that I got from the Company.

Q. All here in this book? A. Yes.

At Mr. LATCHFORD'S request, Mr. Eakins read some of the entries. January 19th, \$1,200; January 25th, \$600; February 6th, cash per John Thompson, \$1,000; February 16th, cash cheque, \$2,000; cash Weldon, \$30; March 5th, \$700; March 9th, \$1,200.

Mr. LATCHFORD:

Q. Now, referring to this particular cheque for \$2,000 which you appear to have received on February 16th? A. Yes, sir. I take the credits for that? A. Yes. Mr. Eakins then read some of the charges against the amount: Thompson for sawing wood, \$200; George Manice, \$80; Switzer, \$100; Lenton, \$700.

Mr. LATCHFORD:

Q. Turning to Mr. Lenton's account, we find that the \$700 referred to charged against him? A. Yes.

Q. And all the moneys were paid out for the purposes of the Company in the ordinary phase of business, and not one cent for political purposes? A. No.

Q. The accounts there on the books are for the purposes of the Company? A. Yes.

Q. Do you know when it was that you knew the \$4,000 was coming; can you fix the date? A. I could not tell what the date was.

Q. Did you see the matter referred to in the newspapers? A. I may have, but to tell you the truth I read very little of the newspapers. I am working all day, and when I come in at night I have no time.

Q. Was it a matter of common knowledge, was it well known? A. Yes, I think it was well known that it was expected.

By Mr. MISCAMPBELL:

Q. It was talked about? A. Yes.

By Mr. LATCHFORD:

Q. It was granted in the Estimates of 1900? A. Yes.

By Mr. MATHESON:

Q. About April I suppose; would it be in the Supplementaries or in the main Estimates?

Mr. LATCHFORD:—I am not sure.

Mr. LATCHFORD (to the witness):

Q. Are there any settlers in that country? A. Yes.

Q. Do they take logs out on their own account? A. Sometimes and sometimes for the company, and are paid so much for those for the company.

Q. Do you remember waiting on the Commissioner of Public Works with Mr. Hall in the winter of 1899? A. Yes, I think about some lots.

Q. But on this matter I mean?

By Mr. MATHESON :—What date?

Mr. LATCHFORD :—Sometime I think in that winter.

Witness :—Yes, before the money was paid.

By Mr. LATCHFORD :

Q. Do you remember stating then that it would be of great benefit to the settlers? A. I do not remember; I remember speaking about the settlers getting located and that they would cut the timber.

Q. But talking about the benefit these improvements would be, do you remember saying so? A. I do not.

By Mr. MISCAMPBELL :

Q. Would they be an improvement? A. Some of them, especially in the north, would be.

Q. In what way? A. For drawing logs away.

By Mr. LATCHFORD :

Q. No dues are charged? A. No sir.

Q. And the Government has improved other streams in that locality? A. Yes sir, Score River and others.

By Mr. MISCAMPBELL :—They have done all these?

Mr. STRATTON :—Yes.

Mr. MISCAMPBELL :—They have done all this?

Mr. STRATTON :—Yes.

Mr. MISCAMPBELL :—Do you charge dues?

Mr. STRATTON :—No.

By Mr. MATHESON :

Q. Who is Switzer? A. He is a farmer.

Q. Living up there? A. Yes. He generally took out logs in the season.

Q. If you paid him \$60 would that be for works or taking out logs? A. Taking out logs. If you turn up his account in the book you will find it there and find I paid him more than that.

By the CHAIRMAN :

Q. Did you come from the shanties here now? A. Yes.

Q. How far from Peterboro? A. Forty-five miles.

Q. By sleigh? A. Yes.

Q. It is not good sleighing, I suppose? A. Not very.

By Mr. MISCAMPBELL :

Q. Where is the Buckhorn and Cavendish road? A. Through our limits.

Q. Settlers on it? A. Yes.

Q. Had a grant for that, did you? A. Yes sir.

By Mr. STRATTON :

Q. What was it, \$400? A. Yes, \$412.

By Mr. MATHESON :

Q. In paying that amount, would you credit the Government grant in your book here? A. Yes sir, I charged it in with the company's accounts for expenses, and the Government money replaced what I paid out of the company's money.

Q. How long is this road? A. It runs from Buckhorn to Haliburton.

Q. This part you were improving runs through the limits? A. It goes through the limits and then on to Glenmorgan.

Q. Well, it is practically for the benefit of this Company? A. For anybody that travels on it.

Q. Where is the Black Lake and Cavendish road? A. Further north in the township.

Q. That is for the benefit of the limits I suppose? A. No sir, for the benefit of the settlers.

Q. Where is the Black Lake and Ketchecum road? A. The road you refer to goes out through the township.

Q. In both of these grants the Company would get the benefit from both these roads? A. It would not get the benefit on the Black Lake road, but for the other they would; the Buckhorn and Cavendish road, they would.

By Mr. STRATTON:

Q. And the Ketchecum road you do not use at all? A. Not much.

Q. It enables some of the settlers and also the Company, I suppose, to get supplies on the Buckhorn road? A. Yes.

Q. Do you remember this appropriation of \$400? A. Yes.

Q. Why it was granted? A. It was granted for the benefit of the settlers, and because the road was in bad order, and we had to fix part of it ourselves.

Q. On account of the rough traffic and some of the small bridges and culverts being absolutely gone? A. Yes, sir.

Q. And why were you appointed Inspector? A. Because I gave my time free of charge, and for the whole sum to be put on the road, so that it would be put on the road, and not for an inspector.

Q. And you engaged the men there? A. Yes, I did.

Q. You had no interest other than in the advantage of the general public?
A. Yes, that was it.

Mr. F. A. WALDEN recalled:

Examined by Mr. MATHESON:

Q. You were sworn the other day? A. Yes.

Q. When did you say that you were first apprised of this grant of \$4,000?
A. Of the grant being made?

Q. Yes? A. Not until the cheque came.

Q. Were you applied to for a statement of the amount spent on Stony Creek dams? A. Yes, sometime in December I think.

Q. Did you make a copy of the statement? A. The clerk made it out and I made a copy.

Q. Quite certain of that? A. Yes, sir.

Q. Who instructed you to write out a cheque to Mr. McGill? A. I don't know.

Q. Try and refresh your memory? A. I cannot remember anything about that cheque—I have been thinking about it since the other day.

Q. Your position was book-keeper of the Company? A. Yes.

Q. Confidential clerk? A. You might term it that also.

Q. You were the one who wrote out the cheques? A. Generally. Not always.

Q. You had charge of the cheque book. Do you swear that you do not know who told you to write out that cheque to Mr. McGill? A. Yes, I do swear it; I do not remember a thing about it.

Q. Were those cheques printed as payable to bearer or order? A. To order; all were payable to order.

Q. Do you make them payable to order or are they printed? A. They are printed that way.

Q. Where are those cheques? A. Which cheques? Those that come back from the bank? At the office at Peterboro

Q. Would you have cheque No. 67? A. Yes, I have cheque No. 67.

Q. Have you this cheque that was not issued? A. No sir.

Q. What was done with it? A. I do not know. I do know that I wrote it.

Q. Will you swear that the stub—you saw it, that you had here, was in your handwriting? A. It was in my handwriting.

Q. So probably the cheque was written by you? A. Yes; if written at all, I should think it would be in my own handwriting.

Q. In a case like that what do you do with a cheque? A. A cheque not issued?

Q. Yes, what would you do with that cheque? A. If I had made it out.

Q. Supposing it was cancelled? A. If it was cancelled before being signed I would tear it up—

Q. And if cancelled after being signed? A. Take care of it in the office.

Q. Is it there now? A. It is not.

Q. When was it last in the office? A. I do not know.

By Mr. STRATTON:

Q. It was never issued? A. No, never issued.

By Mr. MATHESON:

Q. Any money drawn on it? A. No.

Q. Did you take it to Miss Dickson? A. I do not remember doing so. I do not remember filling out the cheque; I cannot recollect anything about it. If I had not seen that the stub was in my handwriting, I would positively have said I never filled it out.

Q. You swear that Mr. Hall did not direct you to make out that cheque to Mr. McGill? A. He did not.

Q. Were you present at the annual meeting? A. No, only the shareholders and the secretary; I am secretary now but was not up to this year.

Q. Were you called in at all? A. No sir.

Q. Any one send for you? A. No sir.

Q. You did not go in there or appear there at all? A. No.

Q. And the first you heard of the Government grant was when the cheque was received? A. Yes sir.

Q. About the 22nd of January I suppose? A. Yes, about that time.

Q. I see it was paid in Toronto on the 23rd, so it was probably received the day before? A. I think so.

Q. Who was manager of the Company? A. Mr. Schook. He came that day to take charge. Mr. Hall resigned in December.

Q. Who was there before? A. Before Mr. Hall?

Q. Yes, who had Mr. Schook's duties before Mr. Hall. A. Up to the time of his resigning and between the time of Mr. Hall and Mr. Schook there was no manager.

Q. Who had charge of the work? A. Duignan; you might call him assistant manager.

Q. Was he there when the cheque came? A. He was there on the morning; that was the day he quit our employ.

Q. Had you any talk about the cheque with him? A. With him?

Q. Yes? A. When he opened the mail he gave me the cheque.

Q. Did he appear to know for the first time then? A. I think he knew that the application was in; I do not know that he knew whether it was coming.

Q. I suppose you asked what it was for? A. Yes, he told me that it was for work on the dams, and it was to be for \$5,000 and was only \$4,000.

Q. How did you enter it? A. To the credit of the Department of Public Works.

Q. Wherein? A. Our cash book, in the cash blotter, and from there it was transferred to the regular cash book and from there to the ledger.

Q. Did you speak to Mr. Hall about it then? A. I asked Mr. Hall whether the amount was right at the time he (Duignan) told me to do that. He understood that it was for \$5,000: I asked him (Hall) if \$4,000 was right. He said yes. I used the cheque and deposited it that day.

Q. Did Mr. Hall then say anything to you about a cheque for \$2,000? A. He did not.

Q. What possessed you to write out that cheque for \$2,000? A. I do not know; I cannot recollect it at all.

Q. You would not do it without instructions from someone? A. Someone must have told me, I do not think it would have been done without instruction.

Q. Who would have the authority? A. The president.

Q. Mr. Hall? A. No, Miss Dickson; Mr. Hall was not an officer of the Company.

Q. Well, Miss Dickson would have to sign it? A. Yes, I might write it out and take it to her, but I do not think I ever wrote it.

Q. Well, it must have been signed; you must have written it? A. I do not know, I do not remember anything about it. I can say that before I saw that stub I would have said I never wrote the cheque.

Q. How are you in the habit of writing cheques? A. No fixed rule about it.

Q. When was the annual statement made out? A. I cannot tell you the date, it was made up the 31st December.

Q. At what time would it be made up? A. Sometimes early in February; it would take about a month to get all the matters together.

Q. Did you discuss with Duignan as to the \$4,000 not appearing? A. No, he had left us; he was leaving the day the cheque came.

Q. Was he ever around the office since? A. No, never since; only once to get a settlement, I think.

By Mr. MISCAMPBELL:

Q. How long have you been with them? A. Ten years.

Q. You are in the habit of making out all of the cheques? A. I make out most of them.

Q. Do you not generally know in the run of business about different cheques? A. Yes.

Q. You do? A. Yes.

Q. Do you solemnly swear that you have no recollection of that cheque, whether it was cancelled? A. I do.

Q. Cannot recollect it at all? A. Cannot recollect it at all.

By Mr. STRATTON:

Q. Did Mr. McGill carry on insurance some years ago? A. Yes.

Q. Principally on what? A. On the hardwood mills.

Q. Is there a disputed account? A. Not disputed. There is an account.

Q. Did he ever render an account up till recently for his claim? A. He did not.

Q. He swears the Company owes him about \$3,000, and there was a contra account against him? That is correct is it not? This cheque may have been issued to him on account? A. I do not know about that.

Q. If he swears that he authorized him to issue that cheque, would it be refreshing your memory? A. He could not do it; he was not in authority.

Q. Mr. Schook, the manager, came that day? A. Yes.

By Mr. MATHESON:

Q. I suppose you do not consider that they owe him anything? A. Yes, they do.

Q. No such amount? A. Yes, fully that.

Q. How long for? A. It had been running considerably before I came there.

Q. How long have you been there? A. Ten years.

Q. And never had a settlement? A. No, never asked him.

By Mr. MISCAMPBELL:

Q. What is the premium on the limits? A. On the limit, \$2 50, and on the mill, \$3.75.

Mr. MISCAMPBELL: That is too small? A. But the mill is a water mill.

By Mr. MATHESON:

Q. How long is it since you ceased to insure? A. Five or six years.

Q. Do you mean to say that there are accounts of Mr. McGill's against the Company for two or three thousand dollars never regulated? A. There are.

Q. Has he any account with the family, any relation between them to make it so? A. No.

Q. Has he any stock? A. Yes, in the trust.

By Mr. STRATTON:

Q. He is a sort of fatherly director, isn't he? A. Yes.

By Mr. MATHESON.—

Q. This claim is outlawed by the statutes; it is over six years old. A. I think it is

Q. And he never put in his account for it. Would this be for commissions on the insurance? A. No.

Q. For premiums and renewals that he would have to account for to his Company? A. Yes; what we paid for insurance.

Q. Have you not got some account against him? A. Yes.

Q. What was it? A. Some deal in connection when the firm sold out; about a thousand dollars against him.

Q. And he seems willing to call it square? A. No, he does not, I have heard him say that he does not want to get a written account; he does not know how to get at it.

Q. He wants to lump it does he? A. Yes.

Q. Willing to take \$2,000? A. I do not know.

By Mr. STRATTON:

Q. You are book-keeper? A. Yes.

Q. Have charge of the cash? A. Yes.

Q. Could any money have been diverted for political purposes without your knowledge? A. It could not

Q. Was any money so diverted last year or the year before? A. No.

Q. No money could possibly come into the company and leave the company without being referred to you in the transaction of business? A. That is so.

Q. None could draw out without your knowledge? A. No.

Q. Was any money paid for purposes other than political? A. Only in connection with the business accounts against the company.

Q. No commissions or rake offs, or anything of this kind? A. No.

Q. There could be no commission on that \$4,000 without your knowing? A. No.

By Mr. LATCHFORD:

Q. I wish to ask about the standing of this man Duignan. The cheque arrived at the time when he was leaving? A. Yes

Q. The day he left, or the day previous? A. He was there on the morning it came.

Q. It was his last day? A. Yes.

Q. And he has not been employed by the company since? A. No.

Q. Any settlement at the time he left? A. No.

Q. And when he was afterwards in the office it was in connection with some claim? A. For a settlement of his account, I think.

Q. And his statement to you was that the cheque should have been for \$5,000? A. Yes.

Q. Who succeeded him in the position he held up to that time? A. No person in that special position; his work was divided between the manager and myself, and we took on a junior in the office.

Q. Any falling out at that time between Duignan and Mr. Hall? A. I do not think so.

Q. Between Duignan and the company? A. There was.

Q. Did he resign? A. He resigned on Mr. Hall's resignation being accepted as manager.

Q. He said if it was accepted he would leave? A. Yes.

Q. Was he dismissed? A. He went on his own account; he told me he would not work under a new manager.

Q. Referring to the cheque stubs, do you notice that the cheque following the stub marked "cancelled" is also numbered, and the stub following that is also numbered? A. Yes.

Q. 67 I think; what is the cancelled stub? A. Also 67.

Q. What does that indicate, can you draw an inference as a book-keeper? A. I keep cheques in consecutive numbers and turning back found that the previous issue was cheque 66, and the one following 67.

Q. Yes, would that bring any inference as to the time, as to the lapse of time, for instance, at the top of the page and the cancelled cheque? A. There may have been and there might not have been.

Q. Would it not indicate that you issued cheque 67 when that other was cancelled? A. Clearly.

Q. So that the cheque would be cancelled shortly after it was written, if it was written? A. Certainly; yes

Q. The cheque actually issued as 67 bears the same date as the stub? A. I think so.

Q. The cancellation may have taken place immediately? A. Yes, at any rate before the next cheque was issued.

By Mr. MATHESON:

Q. It may also be one way of issuing duplicates? A. I do not try to get duplicates, it bothers me.

Q. Have you cancelled cheques before? A. Yes.

Q. That year, or that day? A. I do not remember.

Q. You are unable to swear that it was signed? A. I am unable to swear that it was written out and if not written out it was not signed.

Q. Can you swear that it was signed? A. It was not signed.

By Mr. STRATTON:

Q. Was it issued? A. I do not think it was issued,—I do not remember. If it was signed it would not be in my office.

By Mr. MATHESON:

Q. No, I don't think it is in your office? A. It did not go to the bank, I am certain.

Q. It did not go to the bank? A. No sir.

Mr. JOHN DUIGNAN called and sworn:

By Mr. MATHESON:

Q. You were formerly employed by the Dickson Lumber Co? A. Yes.

Q. When were you first employed? A. About 1880.

Q. Up to what time? A. About eighteen years altogether.

Q. Up to January, 1901? A. January 23rd, 1901.

Q. What was your position? A. Book-keeper, assistant to the manager and acting manager when they had no manager between the time Mr. Hall resigned

his position of manager and before the arrival of Mr. Schook, on the 22nd January, 1901.

Q. Do you know the limits of the Company? A. I know the limits; I figured them for the purchase when they were first purchased.

Q. What did they cost? A. In round figures, about \$300,000. They were worth more though, far more.

Q. They were sold at one time I believe? A. Yes, for about \$450,000.

Q. After taking considerable timber off? A. about 50,000,000 feet.

Q. And then they were sold? A. Yes.

Q. How much paid down? A. Over \$200,000. That is paid on that purchase \$200,000 or more than that.

Q. Then they had to take them back? A. Yes, they defaulted from their payments, and the result was the limits came back to the Dickson Co.

Q. And did the Dickson Co., did they commence lumbering at once after they took them back? A. No, they would have sooner sold them.

Q. Did they try to sell them? A. Well, they were trying to sell.

Q. How long did they wait? A. They were getting ready early in the fall to start to operate, a prospective purchaser loomed up and held them back for a time

Q. So they finally went on to lumbering themselves? A. Yes.

Q. What dues did they pay to the Government after that? A. After what?

Q. Any revenue the Government got; was it \$20,000? A. After they took the limits back?

Q. Yes? A. About between \$20,000 and \$30,000.

Q. That would be the amount of revenue that the Government got in the last five or six years up to 1901? A. About that.

Q. From the time they took them back? A. Yes.

Q. Do you know Stony Creek? A. Yes; I have not been on it but I know where it is from the reports from the men employed on it; I have figured the cost of the Stony Creek.

Q. For improvements? A. Yes, for the improvements.

Q. How much did you figure it, you made an estimate? A. It came to the sum of about \$7,000 I think.

Q. When was the work done. A. It commenced in the fall of 1899.

Q. When was it completed? A. The upper work that the estimate was on. Sometime that winter four dams were completed, about March or April I suppose.

By Mr. STRATTON:

Q. Ready for spring running? A. Yes, for the spring driving and sawlogs.

By Mr. MATHESON:

Q. So you made no estimate of it exceeding \$13,000? A. No sir.

Q. Did you make up an estimate of what it did cost? A. Yes.

Q. Mr. Hall made an affidavit; look at that statement in front of you, you will see that Mr. Hall made a statement on the 26th of November, is it, please look at the date? A. The 29th of November 1900.

Q. Mr. Hall in that stated that the cost was \$8,169.80? A. Yes.

Q. I suppose he got those figures in the office, did he? A. Yes, I suppose he did, if I saw the account I would know if he got it there or not.

Q. Any other lumbering men on Stony Creek? A. No sir.

Q. I suppose the local people sometimes lumber for the Company? A. Oh yes, a little.

Q. But do not take it out on their own account on Stony Creek? A. I do not think so. They have not done so yet.

Q. You have not heard of any? A. No sir.

Q. When did you first figure on the cost of the dam? A. In June, 1899, on the figures furnished by the superintendent of the bush, Eakins.

Q. A year before the grant? A. Yes, a year before they got the grant.

Q. Eakins was the foreman in charge? A. Yes, he was the man in charge of the woods department of the business.

Q. Was he told to go on with the work after you figured out the cost? A. Yes, shortly after that.

Q. When did you first hear about getting assistance from the Government? A. Sometime in October, 1899.

Q. Who told you? A. Mr. Hall and Mr. Eakins, said they were going to get a grant from the Government.

Q. They were to get assistance from the Government to do that work? A. Yes.

Q. In the spring, those returns as to the cost came in? A. Yes, that expenditure came in in the spring when the season was finishing up.

Q. Then in the fall, he told you he had applied for the grant? A. Mr. Hall referred to the matter of getting accounts in shape to send to the department so as to get the grant made. I did not make out the account then when he spoke to me. Mr. Stratton came to me.

Q. What Mr. Stratton? A. W. A. Stratton, he was in the office with Mr. Walden; that was the first time I met him at the office, and Walden referred to me if I could get the details of that account.

Q. Did he say what was the object? A. So as the account would be put in and the grant got before the 31st of December.

Q. With the object of getting this cheque from the Government? A. With the object of getting it from the Government.

Q. I understood Mr. Walden to say he did not know about the grant. He must have been mistaken? A. Well, Mr. Stratton and Mr. Walden were there at that time. Mr. Walden asked me if I could get the details of the work for Mr. Stratton. I asked if a month or two would do, I could not get them now.

Q. What did he say then? A. That the figures he had would do.

Q. Any special time? A. By the 31st of December so as to get the cheque in that year's accounts.

Q. When did Mr. Hall cease to be manager? A. About Christmas time that year, 1900.

Q. Is he still a stockholder? A. Well, his children are; I guess he has a small share.

Q. For his children, I suppose? A. Yes.

Q. Did he ask after he ceased to be manager about the cheque? A. Yes, many times asked me if it had arrived, and on the 22nd day of January it arrived.

Q. The cheque came? A. Yes, the cheque came.

Q. That would be this cheque, I suppose, dated 31st December 1900? A. Yes, this is the one and endorsed by Miss Dickson, as president.

Q. For \$4,000? A. Yes, for \$4,000.

Q. Who opened the letter containing this cheque? A. I opened it.

Q. You see it is paid at Toronto on the 23rd. I suppose it was paid in the bank at once? A. Yes, taken up to Miss Dickson.

Q. To be endorsed? A. Yes, I suppose so, and it and other moneys taken to the bank.

Q. That would be on the 22nd? A. Yes, I have no doubt about that.

Q. It is paid in Toronto on the 23rd, the next day? A. I suppose so; I am talking about the 22nd, about that cheque when I saw it.

Q. What did you do with it? Handed it to Mr. Walden? A. Yes, I handed it to him and he said I had better notify Mr. Hall, and he called him up on the 'phone and told him that the cheque had arrived. After that he said to me, a cheque for McGill for \$2,000.

Q. And who had he been talking to? A. To Mr. Hall on the 'phone.

Q. What did he do then? A. He got his cheque book and wrote out a cheque to Mr. McGill. I said "Very well." He did it, and after that he took the cheque there and others and went to Miss Dickson to have them endorsed. He made his entry for the receipt of that in the cash blotter, wrote a cheque in the cheque book for \$2,000, payable to the order of McGill.

Q. Did you see that cheque again after he came back? A. I did not, I did not see it again.

Q. Do you know if it was signed or not? A. I do not.

By Mr. STRATTON:

Q. Did you leave the employ of the Company that day? A. The next day I did. I settled up on the 24th, to be more exact on the 23rd.

By Mr. MATHESON:

Q. Any entry made in the cash book at that time, and if entries were being made, where would it be put? A. The receipts of money and cheques were put in the cash blotter and the payments of cash in that same blotter, and the payment by cheque, and the counterfoil of the cheque was the evidence of the time when it arrived or making the entries.

Q. You were asked just now if you left that day. Mr. Walden said you did not quarrel with the Company, except on Mr. Hall's resignation. A. Yes, I left on my own account, he does not know why I left.

Q. He understood that you left because of Mr. Hall having left? A. I made no such complaint. I made my purpose known to only one director.

Q. You left entirely on your own accord? A. Yes, after giving notice to the largest stockholders of the Company and stayed a month afterwards when they asked me, and I said I would stay.

Q. When did you give this notice? About the time Mr. Hall was changed? A. Yes, about that time, about the last of December.

Q. You stayed until January 22nd? A. Until the 23rd January, 1901.

Q. I suppose it was quite a wrench giving up the business? You had been there 18 years? A. Oh, I was glad to leave them.

Q. Wasn't it a wrench to part with old associates? A. No, I was sick of most of them. They were no good, damn them.

Q. Did Mr. Walden say at the time he was telephoning what the \$2,000 cheque was to be made for? A. No, but after returning from Miss Dickson and being there to get them signed, he returned and talked the matter over. He said, "It is good to be McGill and get \$2,000." I said, "I suppose it is to pay travelling expenses." He said, "No, he has got that," and he showed me where his travelling expenses were paid. He then said, "I think it is for Stratton's crooked piece of business."

Q. For what? A. Said it was for Stratton; it was a crooked piece of business.

Q. What day was this? A. On the 22nd day of January. After returning from Miss Dickson with that cheque.

Q. Did you say anything about that? A. No.

Q. In answer to what he said? A. No, I did not say anything. We did not discuss it. I thought it was good to be Stratton to get \$2,000 for nothing.

Q. Did you see Mr. Hall after that? A. Yes, pretty much.

Q. You got on with him very well? A. Oh yes.

Q. Did he complain about being dismissed? A. Yes, he felt indignation about what he had done for the family; he enumerated what he had done financially and otherwise and felt pretty bad, and told me they went back on him, men that were his worst enemies, and he referred to Mr. Stratton as one of them.

By Mr. STRATTON:

Q. Which Stratton? A. Yourself, sir.

By Mr. MATHESON:

Q. Was Mr. Hall a candidate for election? A. Yes

Q. He was a Reform candidate for the Dominion? A. Yes, something of that sort.

Q. He was defeated? A. Yes.

Q. Twice? A. I don't know, I don't take any interest in politics.

Q. Did he take credit for getting this money? A. Yes, he said they would miss him, that it was through his influence that this \$4,000 was got, and that the new man would have little influence with him in getting as much.

Q. Did you tell him about your leaving the Company's employment? A. Yes, I told him.

Q. Did you ask him about getting any statement to see the result? A. I went to work and talked about the business; he could not get the statement; it was slow in coming, he said.

Q. He could not get the Company's statement? A. Well, about that time, about the 1st of November after leaving, I said, "Mr. Hall, you will not get the benefit of the \$4,000"; it would not show up to his credit, it came in January, and I said it was only \$2,000.

Q. How do you make that out? A. Well, \$2,000 for Mr. McGill, would leave only \$2,000 to the credit of the year's business.

Q. But they credit \$4,000? A. Yes, but you see, if \$2,000 is taken away it would leave \$2,000.

Q. Did you discuss this with him? A. Yes.

Q. What did he say it was for? A. He said it was not for McGill, that it was for J. R.

Q. What did he mean by J. R.? A. J. R. Stratton, and I said, "He don't deserve it in the way he treated you" He did not reply to that.

Q. Did you discuss it with Eakins at all? A. Yes sometime on in February. The annual statement was produced, and with Mr. Hall we were talking it over, and I was handling that statement and showed that an expenditure of \$8,000 on creeks and creek improvements was charged entirely to that year's revenue. I thought that was wrong, and wrong entirely.

Q. You did not think it was a fair statement? A. Not to charge improvements to that year's revenue when they were good for ten years.

Q. Did Eakins talk? A. Yes, he dropped in about the time we were analyzing it, and he said "What have you been doing?" I said, "Talking about Mr. Hall's expenses last year with the year previous," and the \$4,000 was referred to, and I said that it would not show up, and \$4,000 would not be to his credit, and Mr. Eakins reminded him that it was only \$2,000, and he said, "if I was there it would be more than \$2,000," and the matter dropped. We talked over other matters and went outside, me and Mr. Eakins, and I still felt with Mr. Hall about Mr. Stratton, and said he was not deserving of it, to which Eakins said he was not. I discussed other matters of the same nature, and that is about the whole of it.

Mr. MATHESON—This is a very serious thing.

Mr. LATCHFORD—Serious for this gentleman who has witnesses against him.

By Mr. MATHESON: Q. You feel satisfied that these statements are correct? A. Yes, sir.

By Mr. LATCHFORD: Q. Even to damning the members of the Company? A. Yes, one of them for the propositions he made to me. The most crooked proposals.

Q. When you say damn them, whom do you intend to include? A. One individual of that Company.

Q. Who is it? A. His name was Wm. Davidson. He was assistant manager.

Q. You damn him now and I suppose you damned him then? A. Yes, that is true. I could not say otherwise.

Q. During how many years. A. Well, for several years, and the manager before me did the same.

Q. During how many years have you been damning this man? A. I just used this expression.

Q. Yes, I am glad you did. It shows what kind of a man I am dealing with. A. Well, it does not show what kind of a man you are dealing with. I do not use it to everybody.

Q. You do, on your oath, before a Committee of Parliament. You have done it? A. On that individual.

Q. And others? A. Well, yes, I have not kept a record. He deserves it.

Q. Not filled with charity and good-will towards that individual member? You would like to get even with him? A. Yes.

Q. You are a friend of Mr. Stratton? A. Am I.

Q. Well, is he? A. I do not know anything about their standing. I am not mixed up with their social standing. I do not know anything about that.

Q. Now why have you such ill feeling towards this man? A. Why, because he is not a man at all.

Q. Is that the reason you object to him? A. Yes, if you want to verify it go and ask the people in Peterborough.

Q. When did you first give information about this cheque? A. When did I first give information about it? I talked about it at the time of the occurrence; it was around

Q. To whom? A. Different people. I cannot recollect them. I talked the matter over with Eakins.

Q. Where first? A. In Peterborough.

Q. When first? A. Some time in February.

Q. About what date? A. February, or March. I did not take any record in February or March of 1901.

Q. At what place? A. I do not know whether it was in the street or the Hall store.

Q. At what time of the day? A. I cannot tell when. A. It was in the day-time.

Q. And you do not know where? Who were present besides yourselves? A. No one present.

Q. Did you talk it over with Eakins after that? A. I do not remember about discussing that \$4,000 cheque with him any more.

Q. Did you at any time before that occasion? A. Of the \$4,000 before the time I spoke to him?

Q. Yes, before that time in Peterborough. A. No, I did not speak to him about it at any other time.

Q. Simply on this occasion. You do not know when or where. Did you speak about the \$2,000 cheque. A. Yes.

Q. Where? A. On the street.

Q. When. A. When coming out of Hall's store with Eakins.

Q. When was that? A. That was some time after the annual statement was submitted.

Q. When was that? A. Some time in February. About the middle of February I think, after that 22nd of January.

Q. And before what time? A. It was after the annual statement was submitted. That is how I base my memory.

Q. We have it after the 22nd of January, and after the annual statement. Was it before March? A. I would not say before March.

Q. Before April? Yes before April.

- Q. In the daytime or at night? A. In the daytime.
- Q. Morning or afternoon? A. I could not tell that.
- Q. Anyone present? A. No, we do not talk those things with others. We would not discuss them if anyone else was present.
- Q. Had Eakins been in Hall's store with you? A. Yes.
- Q. Both came out together? A. Yes.
- Q. Did you speak of \$2,000 to Eakins any time or before that occasion. A. No.
- Q. That was the one occasion. A. Yes.
- Q. You assumed that he had been paid the \$2,000? A. I did not assume it.
- Q. Do you assume it? A. No, I don't assume anything.
- Q. Do you believe that he was paid? A. I do not believe anything at all.
- Q. Do you believe anything was paid? A. Don't know anything about it.
- Q. What do you know about it? A. I know that there was that cheque made in January 1901, made for the sum of \$2,000 payable to Mr. McGill, and that it went to the President to be signed.
- Q. You said it was good to be Mr. McGill. A. Yes, I did the same day after the cheque was issued.
- Q. You said it was good to be Stratton? A. No, I thought that.
- Q. Who were present when this took place besides yourselves—and you thought at the time that he was getting \$2,000. A. Yes.
- Q. And you thought so since? A. Yes
- Q. And you thought it at the time you gave the information on which this investigation is based? A. I did not give this information.
- Q. Very well then, I was asking you who were present with you at this conversation with the bookkeeper? A. There were several people around. I did not take notice. The people who just work around there.
- Q. Who was there at the time? A. I do not know, when we talked that over, that anybody was there.
- Q. There may have been? A. Yes.
- Q. Do you remember anyone who was? A. No.
- Q. No witnesses again? A. No witnesses; there would not be any witnesses in matters of that kind.
- Q. Then you talked it with Mr. Hall? When? A. Talked what?
- Q. The \$4,000 for the cheque. A. We talked it often.
- Q. And the \$2,000 business? A. Well that was only referred to, I think, once.
- Q. How did that reference come about? A. I spoke to him about the showing of that year's operations. That was the point.
- Q. You did not think the \$8,000 charged should be put in the year it was paid out? A. Oh, yes, charged up, but not to that year's revenue.
- Q. You did object to that? A. Yes, being charged to the year's revenue.
- Q. You thought it ought not to be charged to money they got during that year? A. I was talking to Mr. Hall when we were discussing this matter.
- Q. And you thought it should not be charged up in that year against the revenue of that year? A. That's it. When I first discussed that with Mr. Hall it was in the matter of that \$4,000 and I said he would not get the benefit as it was not received in the year he had made the expenditure.
- Q. Or in the year of his management? A. Yes. I said it was only \$2,000 anyway.
- Q. Why? A. Because McGill got a cheque for \$2,000.
- Q. Would it surprise you to know that McGill got no such cheque? A. I would not be surprised at all.
- Q. Would it surprise you to know that no one got such a cheque? A. I may tell you — —

Q. Would it surprise you to know that? A. No.

Q. Then you would not be surprised to learn that not one cent had been paid for political purposes out of that \$4,000? Would you be surprised? A. Yes.

Q. Because you always acted on the other assumption? A. Only as it was laid out before me.

Q. The fact remains that you acted on the assumption? A. The principles were there that led me to believe so?

Q. And you believe so now? A. Yes, I believe it now.

Q. That \$2,000 was paid for political purposes? A. Yes.

Q. And it is on that that you came here? A. I have been summoned here for that purpose.

Q. To prove the payment of \$2,000? And you are doing it? A. So far as I can do so.

Q. You have been reckless in your statements? A. How?

Q. About the limits to start with. You have been on those limits? A. No sir.

Q. In all your years of management? A. Yes.

Q. On any part of them? A. No.

Q. Yet you know the limits? A. Yes, that is no new thing.

Q. How do you know as to the value? You were never on them and you swear as to their value. A. I have figured the value.

Q. Without knowing what pine was on them? You must have something to work on if you have never seen them? A. Yes, of course. That is the way you do these things.

Q. You state that they were bought for \$270,000. From whom? A. From the Bendon & Rathbun Company.

Q. When? A. About 1888 or 1889.

Q. Were you with the company at that time? A. Yes.

Q. You estimated the cost of these improvements before they were made and you put them at \$7,000? A. About that.

Q. You do not dispute they cost \$8,100 odd, do you? A. No.

Q. You admit that; and when was this conversation when you said that he got only \$2,000, and that only \$2,000 was received out of it? A. We were discussing the annual statement and working out things relating to it, and in this was the \$4,000. That was some time in February or March. Eakins, he talked of the \$2,000 and he reminded Mr. Hall of it.

Q. Then he was present at that discussion? You swore a moment ago that you did not discuss it in Hall's presence? No I did not.

Q. And now you say that Hall did ask Eakins a question in your presence in regard to the \$2,000. A. Eakins reminded him.

Q. Hall was not there? A. He was in the same day.

Q. Then you talked it over inside in the store and outside on the street? A. Yes.

Q. Do you remember telling me that it took place on the street and no one was present? A. Yes.

Q. And that it was the only conversation with Eakins? A. It was a continuation of the same in the store, that you talk of. We walked away from Hall and went away together.

Q. And what was said in the store, Hall and Eakins being present. A. We discussed the annual statement.

Q. In the store, Hall, Eakins and you being present? Anyone else? A. Not in the store, not at that part.

Q. What part of the store? A. Down at the end of his tailor shop where it used to be.

Q. What was said at that time? A. We were discussing what was charged and I asked him why different parts of the expenditure were more than previous

years comparing them with other years, and Hall said that he did not get \$4,000, and that \$2,000 was charged up to the year, and Mr. Eakins is talking of the \$4,000 referred to it as being only \$2,000.

Q. Yes, what was said? A. He said he could have got another \$2,000 if he had been manager.

Q. Who? A. Hall if he had been manager.

Q. What more was said then? A. Nothing more said about that. We went out and were discussing the thing on the street. I said to Eakins that it was Stratton got that \$2,000 and he did not deserve it.

Q. Did you damn Stratton? A. No.

Q. Are you accustomed to damning people? A. Once in a while.

Q. How long did you speak on the street? A. I could not tell you that. It was only in a general conversation.

Q. And no one present? A. No.

Q. Did you make any note? A. Only in my mind.

Q. Did you speak to any one about it at the time? A. No.

Q. When did you speak first about it? A. About what?

Q. This \$2,000. A. I talked with several people, but only talked this matter over with one or two others.

Q. With whom first?

By Mr. MISCAMPBELL:

Q. It is not an important matter.

Mr. LATCHFORD.—I think it is; I want to trace it up.

Q. With whom first? A. I think I talked to young Hall.

Q. What is his name? A. Dickson Hall.

Q. Where? A. In his store.

Q. Was that about the same time as the other time? A. Yes it was about the same time.

Q. Anyone present? A. No.

Q. Did you speak to anyone else? A. No, I don't remember anyone else.

Mr. WALDEN recalled.—

Examined by Mr. LATCHFORD.—

Q. You have been sworn? You have heard Duignan's evidence about your telephoning, calling up Mr. Hall on the telephone. A. Yes.

Q. And telling him that the \$4,000 had arrived? A. I did not tell him over the phone.

Q. Did you have any such telephonic communications as he has referred to? A. No.

Q. Did you say to make out a cheque to McGill for \$2,000 in his presence? A. I do not remember.

Q. Did you hear what Duignan said in regard to the alleged conversation after returning from seeing Miss Dickson? A. It is not right. The reason I know, is that I did not come back to the office when he said I came. I was in the office again much later, but did not come back only for a few minutes.

Q. He swore that you said "It is good to be McGill and get \$2,000." A. It is fancy I do not remember anything of the kind.

Q. And that it was Stratton's crooked piece of business? A. I do not remember anything of the kind.

By Mr. STRATTON.—

Q. As a matter of fact you never did say anything of the kind? A. I never had a conversation of the kind and cannot say anything about it.

By Mr. MATHESON.—

Q. How did you tell Mr. Hall? A. At the Ontario Bank. I said that it had come. He was there.

Q. When did you write the cheque for McGill? A. I do not remember.

Q. Your memory is convenient. You are forgetting a good deal. Is there telephonic communication at all with Mr. Hall? A. Yes.

Q. So that it is possible to telephone to him. A. Yes.

Q. And do you swear that you did not telephone? A. Not about that. I did not.

Q. Do you swear that you don't remember this cheque for McGill? A. I do not remember at all.

Q. So that you might have written it. The stub is in your handwriting and the probability is that you wrote the cheque? A. It may have been.

Q. You do not remember that transaction at all? A. I do not.

Q. And you do not remember and yet you can distinctly remember that at the same time and the same day you did not telephone to Hall about that cheque. You remember that you did not telephone at all to him. A. I did not. Mr. Hall had nothing to do with the business at that time.

Q. Do you swear now at this time that you did not telephone a year ago. A. He was not in the business then, so what would I swear to.

Q. Not about the \$4,000? A. No, I did not.

Q. Where did you see him the first time? A. In the Ontario Bank.

Q. Did you go there to meet him? A. No, I just saw him in the Ontario Bank.

Q. How do you remember the details? A. I remember I had to go and find out if the cheque was right before I used it.

Q. You do not remember the cheque at all, the \$2,000 cheque? A. I don't remember that.

Q. Did you never hear talk afterwards? A. No.

A. Never heard it mentioned by anybody? A. No.

Q. Did you not account for it to anybody? A. Never.

Q. Does the auditor examine your books? A. Yes.

By Mr. STRATTON.—

Q. Was that cheque issued? A. No.

Q. Could any moneys be paid from your company without your knowledge and consent? A. Not without my knowledge.

Q. And you swear that moneys could not possibly be paid without your knowledge? A. Yes.

Q. And as a matter of fact no moneys were paid? A. No, no moneys were paid.

By Mr. MATHESON.—

Q. Mr. Walden, are you in the habit of depositing the men's cheques, the cheques of the company? A. Sometimes.

Q. A man comes in, say, one of your workmen, and you issue a cheque in his name, get him to endorse it and give him the cash? A. Yes, and give the bank credit for the cheque; that is often done.

By Mr. STRATTON.—

Q. I want you to be positive, Mr. Walden, with regard to the matter. The \$4,000 received by the company went to the credit of the company and no moneys could possibly be paid without your knowledge regarding the business, and as a matter of fact no moneys were paid except for the cash purchases and supplies of the business, salaries of officials? A. No.

Q. And no money could possibly escape from the company in any manner, shape or form without your knowledge? A. No.

Q. Have you seen this cheque at any time? A. I do not remember.

By Mr. MATHESON:

Q. Was Duignan in the office when you came back from the bank? A. Not until the afternoon about five o'clock; I go to dinner from the bank.

Q. Are you sure in this particular case? A. I deposit between eleven and twelve o'clock.

Q. Do you go to Miss Dickson on the way to the bank? A. She lives between the office and the bank.

Q. And you went there to make a deposit of the \$4,000 cheque. Did you speak to her about the \$2,000? A. I don't remember anything about it.

Q. You have a most extraordinary lapse of memory. If it was not for that stub you would be prepared to swear you never issued it? A. I would, and I would have had no hesitation in doing so.

Mr. STRATTON: (To Mr. MATHESON): If you think that there is anything in this cheque, why do you not ask to have all the books of the Company brought here again?

Mr. MISCAMPBELL. The cash blotter was not here.

Mr. WALDEN: Yes, it was here; all of them were here.

Mr. LATCHFORD: Yes, they were all brought here.

The CHAIRMAN: They were all here on the table.

Mr. STRATTON: (To Mr. DUIGNAN): How long were you in the service of the Company? A. About eighteen years.

Q. Are you aware of any crooked transaction I have ever had? A. No, not as first, second or third party I am not.

Mr. EAKINS recalled:

By Mr. LATCHFORD:

Q. You have been sworn? You have heard the witness Duignan in reference to a conversation which he says he had with you when the annual statement was presented in 1901, in regard to \$2,000. Did you hear his evidence? He says there was a conversation in Hall's store between you when you were present with Mr. Hall and Duignan? A. I do not remember any such conversation.

Q. Did you ever talk to him about receiving only \$2,000, or to Mr. Hall? A. Well, I would not receive anything.

Q. About the Company receiving only \$2,000? A. I don't remember.

Q. Did he ever speak to you in Duignan's presence or any other time about getting only \$2,000 for those works? A. No.

Q. Do you remember being in Hall's store when Duignan says you did talk about that after you came out? A. If there was any such conversation, I don't remember it.

By Mr. STRATTON:

Q. I think I asked you before if you ever contributed any money to political funds, and you answered no? A. Yes, that is so.

Q. Do you know of any moneys contributed by the Dickson Company for political purposes? A. No.

Q. And never heard of any \$2,000 being paid for any purposes other than those described or of any moneys diverted? A. No.

Q. By Mr. MATHESON:

Q. I want you to be distinctly certain. Is it possible that these conversations may have taken place? A. I do not remember that it did.

Q. You will not swear that they did not take place? A. Not to my knowledge.

Q. Not in connection with anything of this kind? A. No.

Mr. GEORGE LINTON, called and sworn:

By Mr. MATHESON:

Q. You are with the foreman in the woods? A. Clerk and book-keeper.

By Mr. STRATTON:

Q. The information came to the Committee that Mr. Eakins pays you over sums of money in lumps of \$5,000, \$6,000, \$7,000 and \$8,000? A. Yes, I have the book covering the whole thing.

Q. You might hand it to Mr. Matheson? (Witness did so).

Q. The moneys paid to you by Eakins were applied to what purpose?
A. Applied to the men who were due money and for supplies at the camp.

Q. Could it escape for political purposes? A. Not unless I gave it myself.

Q. Did you ever give any for such purposes? A. No sir.

Q. Were you asked to give any? A. No.

Q. Did you volunteer any? A. No.

By Mr. LATCHFORD:

Q. In the season of 1900-01, you received a lot of money? A. Yes.

Q. How much? A. \$16,000.

Q. And paid it out for the purposes of the Company? A. Yes sir.

Q. And you entered all these payments in your books? A. I did.

Q. And in the books produced? A. Yes, in that book.

By Mr. MATHESON:

Q. Do you measure the logs at all? A. No sir.

Q. You are simply in the office I suppose? A. Yes sir.

Q. Did you ever see and other lumbermen's logs coming down these slides on Stony Creek? A. No sir.

The Committee then adjourned.

COLONIZATION ROADS.

PUBLIC ACCOUNTS COMMITTEE.

March 5th, 1902.

HENRY SMITH, called, sworn:

Examined by Mr. MATHESON:

Q. You are Superintendent of Colonization Roads? A. Yes.

Q. You produced this statement of expenditure in each riding? A. Yes.

Q. This paper here? (Exhibiting document) A. Yes.

Q. It is correct? A. It is correct so far as I know—subject to corrections.

Mr. MATHESON: I would like to have that statement put in as it is.

Mr. LATCHFORD: There are cases I suppose where a road lies between two constituencies and cases in which a road leads from one constituency into another?
A. Yes.

By Mr. STRATTON:

Q. Take Peterboro West, for instance, Buckhorn and Burleigh, \$405.56. Why do you say it is in Peterboro West; it is as much in East as in West Peterboro? A. I think I have covered that by the statement I have made in the note in putting in the statement, because it is simply impossible for me to know.

Q. You say Silver Lake and Union Creek; that is as much in West Peterboro as in East Victoria. Why in one? A. The note I have given will explain that.

Q. Is it not just as correct to put it in one as in the other? It is on the boundary line? A. I think I have settled that in my note.

Q. Somerville and Galway; it is in the same position exactly? A. I think the note I made was intended to cover these things.

Q. White Lake and Gooderham is not in West Peterboro at all; it is in East Victoria. Do you know where it is? A. It is really in East Victoria; it commences at the one and is entirely in the other.

By Mr. MATHE-SON :

Q. Mr. Smith, although a road runs through two constituencies the expenditure is generally made in one of them? A. It is certainly made in one or the other.

Q. It is on that basis that you make your division? A. No, it is the township in which it is made so far as I can gather.

Q. Sometimes an expenditure is made running through four or five townships; it begins in one constituency and ends in another? A. There might be two miles in one constituency and three miles in another.

Q. It is very hard for you to say where the most of the money or where the whole of the money was spent. In certain cases the roads are boundary lines? A. In very many cases. Many of them are on boundary lines and they are not in constituencies at all, or what you call electoral districts. It is very hard to give the thing in an absolutely correct way.

THE CHAIRMAN: I suppose it is impossible to tell what constituency the money is spent in where roads run right through? A. In all cases, yes.

By Mr. LATCHFORD:

Q. How is it that you omitted South Lanark from this list? A. I think Lanark includes north and south.

Q. You put it down in the summary as North, and there were certainly works in South Lanark, last year, but they do not appear at all? A. It is all in Lanark.

Q. It is most unfair to Mr. Matheson, is it not? (No answer)

Q. Dont you think you had better take this in and revise it in view of what has appeared in West Peterboro and South Lanark? Perhaps by to-morrow you can look over the list again and revise it. A. All right.

THE DICKSON LUMBER COMPANY.

RICHARD HALL recalled.

By Mr. LATCHFORD:

Q. Do you remember the occasion, Mr. Hall, on which the cheque was received from the Ontario Government? A. Yes sir.

Q. Now, do you remember any conversation with the bookkeeper in regard to that cheque? A. I do; That is the only means I had of knowing that the cheque had come.

Q. Do you know when that conversation took place? A. I could not say to a day. I do not know how long Mr. Walden held the cheque in his possession.

Q. Where did it take place? A. In the Ontario Bank.

Q. At Peterboro? A. Yes.

Q. Can you tell us what was said? A. Mr. Walden asked me what account it should go in. I simply told him the general account. That is all the conversation we had about it. I was not in the employ of the Dickson Company at the time, but I had been the means of getting the grant. He met me in the bank and asked what account it should go in; I told him the general account.

Q. Now, it has been sworn here, I may tell you, that on the day on which that cheque was received at Peterboro, the 22nd January, 1901, you were telephoned to by Mr. Walden from the office of the company; is that correct? A. No sir.

Q. Did you telephone him? A. No sir, I did not, I was not in the employ of the company.

Q. Had you any conversation with him about the cheque prior to seeing him at the bank? A. No sir.

Q. By telephone or otherwise? A. No sir.

Q. Then you met at the bank and he spoke to you about the cheque? A. Yes sir.

Q. You did not authorize Walden by telephone to issue a cheque in favor of McGill? A. I did not; I had no authority to do so.

Q. You were not employed by the company at the time? A. No sir.

Q. And you had ceased to be connected with the company in the December previous? A. Yes.

Q. I suppose it was of some interest to know that the cheque had been received? A. It was, after my applying for it.

Q. You had applied for it? A. Yes.

Q. You had expected to receive it? A. Yes.

Q. And you were glad to know it had been received? A. Yes.

Q. The witness Duignan says in effect, not stating his exact words, that after the annual statement for the Dickson Company had been presented in 1901, he had a conversation with you in your store in the presence of Mr. Eakins; do you remember any such conversation? A. No, I do not.

Q. Well, did you say then or at any other time that the company was getting only \$2,000 out of that \$4,000? A. I did not.

Q. Did anyone say that in your presence, that there was only \$2,000 available? A. No sir, never heard it.

By Mr. STRATTON:

Q. Did Mr. Eakins have any other business with your company except the woods business? A. Yes, he looked after the logs after they came down to the mill.

Q. That is the woods business? A. Yes, that is his work altogether.

By Mr. LATCHFORD:

Q. This man Duignan said you felt indignant—I asked him if you complained about being dismissed? A. I was not dismissed; I resigned.

Q. You felt indignant about what had been done for the family? A. Not at all.

Q. "He enumerated," he said of you, "what he had done financially and otherwise, and felt pretty bad; and told me they went back on him, men that were his worst enemies, and he referred to Mr. Stratton as one of them; "is there any truth in that statement? A. No sir.

Q. Then he said: "Well, about that time, about the 1st November after leaving, I said 'Mr. Hall, you will not get the benefit of the \$4,000'; it would not show up to his credit, it came in January, and I said it was only \$2,000." "Did he take credit for getting this money," I asked him, and he answered, "Yes, he said they would miss him that it was through his influence that this \$4,000 was got, and that the new man would have little influence with him in getting as much" Had you any such conversation with Duignan? A. Not to my knowledge at all.

Q. Then I asked him, "Did you ask him about getting any statements to see the result," and he replied, "He could not get the statement, it was slow in coming, he said." That is, you could not get the company's statement? A. I never asked for one.

Q. Then he said, "About the 1st November after leaving I said 'Mr. Hall, you will not get the benefit of the \$4,000,' it would not show up to his credit, it came in January, and I said it was only \$2,000." Did he make any such statement? A. Not to me.

Q. At any time? A. Not to me.

Q. His answer is, "\$2,000 for McGill would leave only \$2,000 to the credit of the year's business." Had Duignan anything to do with the negotiations for this \$4,000 at all, for the grant towards improvements on these waters? A. Not the first thing; Mr. Eakins had.

Q. He says then: "I dropped in about the time we were analyzing this statement." Do you remember any analysis of that statement taking place between you and Duignan? A. Not at all; I had nothing to do with the company.

Q. You were not a member of the company at that time, and Duignan was not employed by the company? A. I was not employed then but Duignan was employed.

Q. He says that this statement was made in February, 1901. He ceased to be employed on January 23rd? A. Yes.

Q. As I understand his evidence he was discussing the annual statement with you in your store? A. I never got one.

Q. Who prepared the annual statement? A. Mr. Walden.

Q. Not Duignan? A. Not to my knowledge; he never did.

Q. He goes on to say, "Eakins dropped in about the time we were analyzing it and said, 'What have you been doing;' I said, 'Talking about Mr. Hall's expenses last year with the year previous,' and the \$4,000 was referred to, and I said that it would not show up and \$4,000 would not be to his credit, and Mr. Eakins reminded him that it was only \$2,000. He said, 'If I was there it would be more than \$2,000.'" Did you say that? A. No sir, I had nothing to do with it.

Q. At any time or place had you any conversation with this man Duignan about this \$2,000? A. No sir, I did not.

Q. Or about any sum of \$2,000? A. No.

Q. Before we drop him, what is his disposition, what is the disposition of Duignan? A. I do not want to express an opinion.

Q. You have noticed his odd ways? A. Sometimes; I would not like to say anything personal against him.

Mr. MATHESON; He stuck up for you yesterday. A. Yes.

By Mr. LATCHFORD.—

Q. Did you ever at any time say to any person that the company had received only \$2,000 out of this grant? A. No sir.

Q. The fact is otherwise as you understand it? A. Yes.

Q. As the books show? A. Yes.

Q. Was any payment of \$2,000 made to your knowledge at any time out of that \$4,000? A. Not to my knowledge.

Q. Of any sum out of that \$4,000? A. Not while I had anything to do with it.

Q. Was there any arrangement that there should be anything of the kind done? A. Not to my knowledge.

Q. You had been manager of the company up to December? A. Yes.

Q. The name of W. A. Stratton was mentioned as seeing you about preparing an affidavit; is that correct? A. Yes.

Q. How did that come about? A. I understood that the grant had been passed; I asked him to draw up an affidavit, and went over to the office and got it.

Q. Any politics in that conversation? A. No.

Q. Acting as solicitor for you? A. Yes; he does quite a lot of my business.

By Mr. MATHESON.—

Q. You said just now that Mr. Eakins had to do with getting the grant?
A. Yes.

Q. In addition to yourselves? A. Yes; he accompanied me at the time.

Q. You being president of the Company and he being foreman in the woods?
A. Yes.

Q. Had anybody else anything to do with getting it? A. Not to my knowledge. I asked Mr. Stratton and Mr. Latchford.

Q. No other member of the Company had anything to do with it? A. No.

Q. Did the other members of the Company know about it? A. Not until I told them I had applied for it.

- Q. Did Mr. Walden know about it? A. Not at the time I don't think.
- Q. When did he first know about it? A. I cannot say; I came up personally and applied.
- Q. When did you come up? A. Sometime in June or July, 1899 I do not remember the exact date.
- Q. It may have been a little later? A. It might have been.
- Q. Do you remember the date of Mr. Hazlitt's funeral? A. Yes; he was my brother-in-law.
- Q. Was it about that time you thought of it first? A. I could not say.
- Q. When did you think of it—what put it into your head to apply for this grant? A. The expense that we were at in building the dam.
- Q. That is sometime between July and October, 1899? A. Yes.
- Q. What had Mr. Eakins to do with it? A. He superintended the work.
- Q. You say he had to do with getting the grant? A. He accompanied me.
- Q. Did he accompany you to Toronto? A. Yes.
- Q. And you arranged that it should be given. Did you get a promise of the money? A. We did not get a promise at all; did not know until we saw it in the Estimates. I applied for \$5,000 and found out it was only \$4,000.
- Q. You were not certain until then? A. We were not certain until it was passed.
- Q. That would be in March or April, 1900? A. Yes.
- Q. It was in the Supplementaries, was it not? A. I do not remember now; I saw it in a newspaper item.
- Q. Did you tell anybody at the time that you saw it in the newspaper?
- A. No.
- Q. Did you discuss it with any members of the Company. A. I do not know.
- Q. With Miss Dickson? A. No, I had very little to do with Miss Dickson.
- Q. Not at that time? A. No.
- Q. Did you tell the book-keeper then? A. I did not tell him at the time.
- Q. Were you in the habit of going to the office every day? A. I was while I was in the employ of the Company; went every morning.
- Q. You were in the employ of the Company from March 1900, until Christmas 1900. During all that time did you never speak of it in the office? A. I do not remember speaking of it.
- Q. Will you swear that you never spoke of it? A. Never spoke of it?
- Q. Yes? A. No.
- Q. Will you swear you did not mention it to Mr. Walden at that time?
- A. I mentioned it to him at the time I got the papers prepared.
- Q. When was that? A. Mr. Stratton prepared them.
- Q. When was that—you made the affidavit about 16th November 1900?
- A. Yes.
- Q. At the time you got the papers prepared you did mention it to Mr. Walden? A. Yes, I mentioned that Mr. Stratton was preparing the papers, and he sent them over.

By Mr. STRATTON:

- Q. You might have casually mentioned it to some members of the firm?
- A. I might have done so.
- Q. No reason for keeping it secret? A. No.
- By Mr. MATHESON:
- Q. You might have mentioned it to Mr. Walden, he being the bookkeeper, and you in the office every day; it was very natural thing to do? A. Yes.
- Q. And you think you did? A. I may have done so.
- Q. Did you talk it over with him afterwards? A. After he got the cheque.
- Q. After he sent the papers? A. I do not remember talking to him at all.

Q. Although not the manager your children have some interest in the company, have they not? A. Yes.

Q. And I suppose you look after their interests? A. No; they are able to look after their own.

Q. They are grown up? A. Oh yes; one is living in Montreal.

Q. Of the members of the company, whom do you consider deserve credit for getting the grant from the government? A. Of getting the money?

Q. Yes? A. I guess I can take the credit for that.

Q. You would naturally feel anxious to know whether it came or not? A. I was not very anxious; I was out of their employ altogether.

Q. You would like to know if your negotiations had succeeded? A. I knew that when Mr. Walden said the cheque had come.

Q. I suppose you would ask if the cheque had come? A. I may have done so, but not after I left the business. I was never in the office but once afterwards.

Q. Didn't you ask Mr. Walden about it as to whether the cheque had arrived or not at any time after you left the Company? A. I may have done so.

Q. You have a telephone between your store and the Company's office. A. Yes.

Q. You have been in the habit of telephoning occasionally? A. When I was in the employ of the Company I did so.

Q. And after you left their employ, you occasionally asked, didn't you? A. Not over the telephone.

Q. Will you swear you did not telephone at that time? A. Yes, I had absolutely nothing to do with it.

Q. You were on good terms with Mr. Walden? A. Oh certainly everyone in town.

Q. I suppose it is possible he may have telephoned to you; you would not like to swear a year afterwards that he did not telephone you on a certain date. It is possible he may have done so? A. Not on that matter; I do not think he ever did.

Q. How did he happen to mention it to you? A. He came into the bank the first I saw of him. I did not see the cheque until then.

Q. He consulted you as to what he should do with it, in view of your knowledge as former manager? A. Yes.

Q. What did you say to him? A. "Put it in the regular account."

Q. Did you say anything to him about Mr. McGill that day? A. No.

Q. How old is it? A. It was in Mr. Hazlitt's time, before I had anything to do with it.

Q. How long were you manager? A. About a year and a few months; I think it was from June 1899 to December 1900.

Q. How old is this account for insurance; is it ten years old? A. It is more than ten years old.

Q. All of it is in the neighborhood of ten years old? A. I do not know.

Q. You know the affairs of the Company; you were manager? A. I left everything to Mr. Walden.

Q. You knew of this claim? A. Yes.

Q. You know it was an old claim, over six years old? A. I do not know how old.

Q. You would not swear it was over six years old? A. I do not know.

Q. What reason would there be for giving Mr. McGill a cheque for \$2,000? A. I do not know.

Q. You know of no reason whatever? A. Not except it would be in settlement of this account.

Q. Did you get any of this money, Mr. Hall? A. No, I am sorry to say, no; I did not look for any; I did my duty.

Q. You deserve all the credit? A. A good deal.

Q. When Mr. W. A. Stratton asked for this statement which was necessary to get the grant, whom did you tell to make it out? A. Mr. Eakins.

Q. It was left in the office? A. Yes.

Q. It was given to Mr. Walden as book-keeper? A. He had charge of it.

Q. Didn't you constantly inquire if this cheque had not arrived? A. No sir, not constantly at all.

Q. Did you inquire at all? A. I may have inquired; it was so long coming.

Q. Pretty slow pay, this Government? A. Pretty slow pay, but they were sure.

Q. Was any money ever transferred from the credit of the company at Peterboro' to the credit of the company at Toronto? A. Not to my knowledge.

Q. Not while you were there? A. No.

Q. Did you ever hear of any such thing being done? A. No, it was kept in the Peterboro' branch altogether.

Q. Why did Mr. Walden write out a cheque to Mr. McGill? A. I do not know.

Q. Who would give him instructions to do it? A. I was not in their employ at all at the time.

Q. Who would give Mr. Walden instructions of any kind as to the payments? A. In the business.

Q. Yes? A. He would issue them himself.

Q. Supposing there was a large payment of \$2,000 to be made, was he manager to that extent that he could issue a cheque for that amount? A. He could write it.

Q. Would not somebody tell him to write them? A. I do not think so. Mr. Eakins would come in and say he wanted \$6,000; Walden would write the cheque and take it to the president to get it signed.

Q. Supposing McGill came in and asked for a cheque, who would instruct Walden? A. I do not know that anybody would give a cheque to an outside party for that amount.

Q. Weren't you in your store with Eakins and Duignan? A. They may have come in together. They used to come in and buy supplies from me.

Q. I suppose you discussed with them the result of your management. You would naturally wish a good statement to appear every year, wouldn't you? A. No.

Q. You did not care? A. No, at the end of the year I was satisfied with the statement that was presented; that is, I had confidence in the men in my employment.

Q. You would naturally want the company to have an idea that your management had been good, wouldn't you? A. I would think so.

Mr. STRATTON.—You had a good year's business? A. We had.

By Mr. MATHESON.—Q. Was there complaint made against charging the balance of this \$8,000 against ordinary account? A. Not to my knowledge.

Q. Were you present at the annual meeting? A. No sir.

Q. Were you present at the meeting of the company on 26th December, 1900? A. No sir.

Q. You were not there? A. No.

Q. Did you feel a little sore about leaving? A. I did feel sore about leaving.

Q. Mr. Duignan felt sore too? A. I suppose so.

Q. You always got on well with him? A. With all the men.

Q. You have been a candidate for the Commons; weren't you the Reform candidate for two elections in West Peterboro'? A. To my sorrow.

Q. Could you ever understand how it was that Mr. Stratton could get in by a thousand, and you were defeated, and both Reformers? A. Yes, I could; Mr. Stratton could express himself on the platform and I could not.

Q. Didn't you feel a little sore that he did not get you some of these votes? A. He did very well for me; I give him credit for that.

Q. Have you a good memory, Mr. Hall? A. I think so.

Q. Do you remember getting a cheque from the Government for \$6,800 and over in 1884? A. No, I had nothing to do with the company then. I may have been a director then. I never had anything to do with it at all then; Mr. Hazlitt was manager at that time.

Q. Did anybody get any commission in connection with this grant? A. No sir.

Q. Was anything promised to anyone? A. No sir.

Q. Was there any understanding that anyone should get any? A. No sir.

Q. Did Mr. Hall get anything? A. No sir, I did not get a copper; I am politician enough for that.

Q. And you cannot explain why a cheque should be written out in favor of Mr. McGill for \$2,000? A. I cannot; I never saw it until I saw the stub here.

Q. Although you had been president for a year and a half—you were acting president for a time—you can conceive of no reason why any cheque should be written out for Mr. McGill for \$2,000? A. Yes.

Q. Well, what reason? A. Because the Company owed him an account.

Q. An account about ten years old? A. There was more than one account.

Q. What other accounts? A. An account for furniture; the Seldon Company.

Q. How old would that be? A. About the same time; the Dickson Co. owned the building.

Q. That would be about ten years old too; all these accounts with McGill are about ten years old. I suppose you have had some conversation as to the evidence you would give here? A. No.

By Mr. LATCHFORD:

Q. Mr. Eakins accompanied you to Toronto as a practical man who could explain the nature and probable cost of the works? A. Exactly.

Q. And you were promised consideration in the usual way—the application was promised consideration? A. Certainly.

Q. And you left it at that? A. Yes.

Q. Did you know of the Engineers going down to inspect the work; had you any knowledge of that? A. No, Mr. Eakins attended to that.

Q. Then as I understand you about the grant, you may have mentioned it to the book-keeper but have no recollection of having done so? (No answer).

By Mr. STRATTON:

Q. Who authorized Mr. Stratton to come for that statement? A. I did.

Q. To prepare a statement for the Public Works Department? A. Yes.

By Mr. LATCHFORD:

Q. Had you any other conversation with the book-keeper in regard to that statement that you remember? A. I had with Mr. Eakins.

Q. Had you any with the book-keeper in regard to that statement? A. No.

By Mr. MATHESON:

Q. This statement was sent to the office? A. Mr. Eakins made out the statement and left it in the office with Mr. Walden.

By Mr. LATCHFORD:

Q. Mr. McGill has been connected with your Company, has he not? A. Yes sir, he is a director.

Q. During how many years? A. Four or five years before he left Peterboro.

Q. A sort of advisor? A. Yes, he is now; he does not attend the meetings regularly; if there is anything important he will attend.

Q. He has been the financial manager in a way? A. Yes.

Q. And you were a member of the Company, a stockholder? A. No sir.

Q. Were your wife and children? A. Yes.

Q. But I suppose you could speak as to the disposition of the Company towards Mr. McGill. Would the Company in your judgment think of setting up the statute of limitations against him because the account was ten years old? A. Not at all.

By Mr. MATHESON :

Q. Why did they allow a claim of \$3,000 to stand for ten years? A. If you knew Mr. Hazlett you would know; he put it off. We had a contra account against him

Q. Did you write to Mr. McGill at any time about this claim of his? A. I never wrote a letter any time I was there. I dictated to my book keeper and never wrote one to Mr. McGill.

By Mr. LATCHFORD :

Q. Was Mr. Poussette acting for your Company as solicitor at any time? A. Yes.

Q. Up to what time? A. Up to a very recent date. He was solicitor when I left the Company in December and for sometime afterwards.

Mr. C. MCGILL, recalled :

By Mr. Latchford :

Q. You have been sworn, Mr. McGill? A. Yes.

Q. I wish to ask you in regard to your position; when did you first become connected with the Company? A. Three or four years ago as a director. I have no interest in the Company. They asked me to come on when Mr. Hazlitt was sick. Shortly before he died, he asked them to get me to come and give them advice in connection with the running of the business, although for twenty two years I have been more or less connected with them in connection with the bank, helping them along.

Q. I understand there was some liability of the Company to you that you did not press? A. In connection with the bank when I was manager in Peterboro I held the insurance that the Company carried on their lumber at Harwood and Peterboro, and the premiums would run on. They had a contra account with me. There was a suit carried on that the Dickson Company lost. The premiums on the insurance would sometimes run three or four hundred dollars a month. There was enough in it to pay the Dickson Company's premiums and I let it run on until they owed me \$3,000. We then talked about getting settled, but Mr. Hazlitt was always busy.

Q. But you still regard it as a legitimate claim? A. Yes.

Q. Did the Company so recognize it? A. Mr. Hazlitt understood it and Mr. Walden and Mr. Duignan. They asked me to make the account out. I wanted something to satisfy my own claim. I wrote to the Phoenix Co in Montreal to send me a copy. They said they sent their books to the old country every year and would have to send to the old country to get copies and it would be a lot of trouble. I said perhaps we could get it settled without doing that, and if we had to do it we could do that later on. The thing went on. I have a letter here—I thought of it after I gave my evidence the other day,—in connection with this insurance account which I will read to you. It is from the secretary of the Company, and it relates to my account. The letter is as follows:—

PETERBORO, CANADA, 3rd April, 190 .

"DEAR SIR,—The next regular monthly meeting of the board of the Dickson Company should be held on Tuesday the 10th inst., and it is desired if possible to have a meeting on that date or earlier if more convenient to you Mrs. Hazlitt and her sisters have sent me a communication asking that the Misses Dickson should be elected members of the board, and as that and other matters of importance will be brought up at the first meeting, they particularly ask that you should, if possible, be present The Misses Dickson propose going away shortly for two or three weeks, and are anxious that this matter should be settled before their departure. Will you kindly let me hear from you on the subject at your earliest convenience.

"Then there are two accounts in the Dickson's Company's books with which you are concerned and which we would like to get adjusted as soon as possible. The one is a debt appearing against you amounting to \$1,047, the charge being made in connection with the Lindsay Seldon business; the other is a special deposit in the bank of \$150 which, if I remember rightly, arose out of the Cummings estate. I understand you have an account against the Company for insurance premiums amounting to a much larger sum than the debit I referred to, and if you could have your account made out, we could have the books squared off which I am sure would be quite as satisfactory to you as to the Company.

Yours truly,

"A. P. POUSSETTE."

"C. MCGILL, Esq.,

Gen. Manager O. B., Toronto.

Q. And that letter was written when Mr. Poussette was acting as secretary and solicitor of the Company? A. Yes.

Q. It recognizes your account?

Mr. MATHESON: It does not recognize it; it speaks of it; it is not a legal acknowledgement.

By Mr. LATCHFORD

Q. So that Mr. Poussette at that time was secretary of the Dickson Company and also their solicitor? A. Yes.

Q. And the letter was written as late as the 3rd April, 1900? A. Yes.

Q. What did that letter indicate to your mind, a recognition of your account?

A. Certainly, everybody connected with the Company knows it.

Q. Was there ever any question about it except that you could not be got together to adjust it? A. No. Mr. Hazlitt was dead at the time. He was a hard man to get down to settle anything. He carried on a suit against the Company and they lost money and there was a little soreness.

Q. Apart from that, the money was owed to you, and you believed the Company recognized it? A. Yes. The \$1,047 and the \$150 is bank business; the whole insurance premium would come to me.

By Mr. STRATTON:

Q. What would that amount to? A. To over \$3,000 when we made the final adjustment. I would get the cheque personally for the amount and then there would be a cheque given by the bank for these other amounts.

Q. What would be about the amount due you? A. Something over \$2,000.

Q. As a matter of fact you have not been paid that \$2,000? A. I have not. I have never had any cheque from them any more than \$50 for going to the meetings.

Q. You are manager of the bank here? A. Yes.

Q. And are aware of any business going on between the Company and your bank? A. Certainly, but I do not know the details of the cheques.

Q. Was there any money at any time transferred by the Dickson Co. to your bank here in Toronto? A. No, the cheques given to the Dickson Co. for payment would never come to us, and no money was ever transferred that I know of.

Q. Did you at any time get a cheque for \$2,000? A. No, I never got a cheque for more than \$50 from them at any time.

By Mr. MATHESON:

Q. You have seen the cheques of the Dickson Co? A. I do not understand your question.

Q. For instance, passing through the office you have seen the form of their cheque? A. Yes. It is five or six years since I have been in Peterboro.

Q. How were they payable, to bearer? A. I cannot remember; all the Company's cheques are payable to order.

Q. You would not know if any money of the Dickson Co. had been transferred to the office in Toronto? A. None that I know of.

Q. How old is this account of yours against the Company? A. It has been running for five, six or seven years—more than that.

Q. It is about ten years old? A. It is away back years ago.

Q. Did you ever get any letter except that one which you read, referring to it? A. No, I had conversations with Mr. Hazlitt from time to time, and he would say, "We must get this matter settled." If I went to the Dickson Co. to-morrow and said there was an account for \$2,000—but I do not want them to think I was going to them for money.

Q. Was anything said to you about paying you any cheque in 1901? A. Nothing. There was nothing said. The year before that, after Mr. Hall resigned as president of the Company, I spoke to Mr. Hall. He said before he resigned he should have settled the insurance matter, because Mr. Hazlitt was dead, and I did not want to go to Miss Dickson and have to explain to her an old matter like that. I would rather do the business with a man who understood the business. I spoke about the cheque. I said "There is due \$2,000 coming to me." I said he should not have resigned without getting a matter of that kind straightened up. I said he should not have resigned anyway. I said if he had thought about it he would have fixed it up.

Q. Did you ever hear about the cheque that the Company proposed to be written out? A. Never heard until the morning I was called here to give evidence. If I had known there was a cheque there I would have gone and got it, if it had been coming to me.

Q. You take money when you can get it? A. Certainly. I lose a good deal of money on that account in connection with private business.

Q. Still \$2,000 is a considerable amount? A. With people like that I know it was all right. If at any time I had wanted the money I could have got it.

Q. Ten years is a long time to run? A. There were other things to settle and I could get it any time I wanted it. I spoke to Hazlitt and Hall. I had very confidential relations with the company. If I went to them to-morrow and said the Company owed me \$2000, they would give it to me.

Q. They would not plead the statute? A. No, they are not that kind of people.

Q. As far as you know, you have not any acknowledgement? A. No. I went to Peterboro once or twice and tried to get all my papers together. I cannot spare the time to go away. I have lost a good deal of money coming to Toronto because I was connected with many private businesses there.

Q. Did you have any discussion with any member of the Company as to this grant of \$4000? A. Never. Mr. Hall told me they were to get \$4000.

Q. When? A. When he had been up here. He came down to the bank to see me. I said "What have you been doing up here?" He said, "I came to get a grant from the Government for some part of the dams." and he told me then.

Q. That must have been in 1899? A. That is when he had been up here to speak about it.

Q. Did you talk about it after the grant was made? A. No, I saw him very seldom and never had any talk with him.

Q. And you know nothing about it? A. No, I might say, Mr. Walden and Mr. Duignan know there is something owing me for insurance. It is just a matter of my getting my account in

RICHARD HALL recalled:

By Mr. LATCHFORD:

Q. During this conversation that Duignan swears he had with you in your store., he says he discussed the \$2000 with you? A. He never did.

Q. Then he was asked: "What did he say it was for?" He said, "It is not for Mc Gill, that it was for J.R." Did you make that statement? A. No sir, I did not.

Q. Did you say anything to that effect? A. No, I did not.

By Mr. MATHESON:

Q. You do not remember this conversation at all? A. No sir.

Q. Did you ever make that statement to anybody else? A. No sir.

Q. Did you ever speak of J.R. getting anything? A. No sir.

Q. Or any political fund getting anything? A. No sir. I never gave them anything myself.

By Mr. GARROW:

Q. Would it have been true if you had said it? A. No.

Q. Did J.R. get anything? A. No.

JNO. DUIGNAN, recalled:

Examined by Mr. MATHESON:

Q. You have been sworn? A. Yes.

Q. In connection with your evidence in this matter what subpoena did you get; when were you to be here? A. I got the subpoena last Wednesday afternoon.

Q. When did it say you were to be here? A. Thursday, and if not convenient, Tuesday.

Q. You did not come Thursday? A. No.

Q. Were you approached at all in connection with your evidence? A. Yes.

Q. By whom? A. By a man from an agent of Mr. Stratton

Q. On what date? A. Thursday morning.

Q. Who was he? A. John White.

Mr. STRATTON:—What Mr. Stratton? A. Mr. W. A. Stratton.

By Mr. MATHESON:

Q. What did he say? A. He met me as I was passing the station, and he says, "What's this you are into now," and I said, "I got a subpoena to go to Toronto to-day or Tuesday," and he says "W. A. Stratton came to me last night and wanted me to come and use my influence with you to hold back."

Q. What do you mean by "hold back"? A. If I knew anything to keep easy, or something like that.

Q. What did you say? A. I said "I do not know anything and what I do know I am going to tell; if Stratton is innocent it won't hurt him. I am going to tell the truth anyway." So the controversy ended right there.

Q. What are the words? A. He said he went over to my house on Home-wood Avenue and found I did not live there. He drove there. He said he did not know where I had lived, but Stratton told him to come to the train that morning and meet me. I said, "What I have to say I will tell the truth about it."

By the CHAIRMAN:

Q. Have you got a copy of your subpoena with you? A. No, I have not, I left it at Peterborough.

Q. It was in typewriting? A. Yes.

The CHAIRMAN: The intention was to subpoena them all to be here on Thursday except Mr. Eakins.

By Mr. GARROW:

Q. To whom did you first tell this story of yours about the \$2,000? A. I guess to White.

Q. This Mr. White? A. Yes.

Q. When did you tell him? A. Some time last summer.

Q. Who is White? A. He is a friend of mine, a friend that I know very well.

Q. A particular friend of yours? A. Well, I would say — —

Q. A chum? A. Well, I meet him; I walk and talk with him.

Q. Take drinks with him occasionally and all that? A. Yes.

Q. Were you having a drink this time, when he came to you as an agent as you say? A. Having a drink?

Q. The other evening. A. It wasn't evening, it was morning.

Q. On Thursday morning did you have a drink together? A. Does that effect this case any?

Q. It is easy to answer. A. Why do you ask me such questions?

Q. But were you having a drink together? A. No.

Q. The smaller the question the less injury it will do to answer. You did not have a drink on Thursday morning? A. No.

Q. Were you having a drink together when you first told him about the \$2,000? A. That may be.

Q. Do you remember where you told him? A. Not particularly.

Q. Did you tell anybody else than your chum White? A. I do not remember. Only those people.

Q. Your theory is that the \$2,000 was paid over; that is that there was a cheque to Mr McGill for \$2,000 issued; that is it was written out. You said your suspicion was that it was for J. R.? A. My suspicions were formed on what I heard after the cheque was issued.

Q. What did you hear? A. The cheque was written out there and taken away to be signed by the proper parties.

Q. Do you know that? A. I seen the cheque, it went through in the regular order of business.

Q. You saw the cheque written out and taken away to be signed? A. Yes.

Q. Did you say that the other day? A. I said I turned around and the cheque was written out.

Q. Did you see it taken away? A. I saw it taken away.

Q. Did you see it come back signed? A. No.

Q. You never saw it again? A. No.

Q. What did you hear subsequently. A. Subsequent to what?

Q. You heard something subsequently that confirmed you in your suspicions that it was intended for improper purposes. Tell us what you heard? A. I gave you a history of it yesterday. Do you want the same?

Q. You did not tell us anything improper about it. Tell us, or is the whole thing a fabrication? A. No, it is genuine.

Q. Tell us whom you heard it from? A. Do you want it again?

Q. Yes? A. The whole history of that cheque is this: On the morning of the 22nd January there was a draft or a cheque for \$4,000 came from the Department.

Q. Who did you hear it from? A. What?

Q. That there was a cheque for \$2,000 was intended to be diverted from McGill to J. R. Stratton? A. Mr. Walden.

Q. And only from Walden? A. Then I heard Mr. Hall later. He said it was for J. R.

Q. In the conversation at the store? A. Yes.

Q. And in no other way from anybody else but these two people? A. No.

Q. So that the whole story is based on what you heard from Walden and Hall on the two occasions spoken of? A. Yes.

Q. The first person you spoke to about it was White afterwards? A. Yes.

Q. Did you ever mention it to anybody else? A. I may have, I cannot remember of anyone else. I spoke to White several times about it.

Q. Can you remember anybody else you spoke to about it at all? A. No.

Q. Until you were called here as a witness, had you any communication with Mr. Matheson, for instance? A. No.

Q. With any member of the Opposition in this House? A. No.

Q. Was anybody at Peterboro in connection with them? A. No.

Mr. MATHESON objected to this question.

Q. How did this story get into the hands of the Opposition? A. I do not know anything about it.

Q. You did not tell it to anybody except White that you remember? A. No, I did not.

Q. What does White do? A. White is in the carting business in Peterboro.

Q. He is a carter? Do you mean drives a cart? A. No, he is superintendent of a cartage business there.

Q. Why do you say that he was seen by W. A. Stratton? A. I cannot account for the reason.

Q. The point is, I want to know how you know he came from W. A. Stratton? A. Why, he said so.

Q. Are you sure of that? A. Quite sure.

Q. Quite positive? A. Yes.

Q. This was on the Thursday morning? A. Yes.

Q. Will you repeat again what Mr. White did say on Thursday morning? A. On Thursday morning he met me and asked me what I had been doing. I said "Oh yes, I have a subpoena to go to Toronto," and he said he had met Mr. Hall and two or three people over at the station and expected to meet me over there with them. And I said, "Well, I am going up," and he talked it over and says, "Mr. W. A. Stratton came for me last night to hunt you up. I was out to your place; you have moved." "Yes, I have moved, and live on Dalhousie St," I said. And he says, "Stratton wants you to come off and if you know any thing not put it up." I said "Anything I know won't hurt Stratton; if he is innocent of any wrongdoing it won't hurt."

Q. He did not ask what you did know? A. No, I dropped him right there. The whole interview did not last more than a couple of minutes. I told him straight I would go up and give my evidence.

By Mr. LATCHFORD:

Q. Is White a man who is often at the station? A. I do not meet him very often at the station.

Q. Is he a man whose business takes him often to the station? A. I never saw him there at that hour before. I believe I have seen him there a couple of times, not at those hours.

Q. Does he cart from the station? A. Yes but that was before station hours.

PUBLIC ACCOUNTS COMMITTEE,
March 6, 1902.

HON. J. R. STRATTON called, sworn.

By Mr. LATCHFORD :

Q. Do you care to make a statement with regard to this matter, Mr. Stratton? A. Well I—

Q. First as to the giving of the grant. A. Mr. Richard Hall and Mr. Eakins came to me before I was a member of the Government and pointed out to me the expenses of the work on Stony Creek; and on account of the quantity of timber that is in the locality, they thought the Government should assist them in the construction of the work, leaving the works when constructed Public Works, that all lumbermen and settlers in the vicinity might use, and showing the advantages which the construction of these dams would be not only in helping the company but helping the settlers and conserving the waters.

Q. Why is it desirable to conserve the waters? A. There are large bodies of water north of there that are regulated both by Dominion and Provincial dams and if properly regulated they will supply water to the Otonabee river during the dry season, and both governments are trying to see that the waters are held.

Q. Do you know whether there are other improvements in this vicinity maintained by the Provincial Government? A. There are numbers of dams in that locality and in the waters tributary to that section of the county.

By Mr. MATHESON :

Q. Of what nature are these dams in connection with the navigation? A. There are no locks, there are dams, in which they put stop logs in the spring and hold the water, and gradually take them out to keep an even flow of the streams. Negotiations are going on now between the Province and the Dominion with regard to the Dominion taking over all these dams so that the control of them will be in the hands of the Dominion Government. There is a conflict of authority to some extent.

Q. Can you tell me some streams in which the Province owns dams of that nature? A. I will give you a slip which I have on my desk that I obtained the other day of dams built by the Ontario Government in the locality during the past thirty years. Some of them have been rebuilt. Perhaps the Colonel would observe that a deputation was in Ottawa yesterday, of all the lumbermen and waterpower owners from Gillmour of Trenton to the Georgian Bay asking the Government to take these works over so that there would be one controlling hand and not control divided between the Province and the Dominion.

Q. That is for the use of the canal? Q. Yes, and particularly the water powers; plenty of water for the canal. I said to Hall that I was personally favorable to the assistance being given as I thought it would be in the public interest to do so, but that he would have to see the Minister of Public Works who was at that time Mr. Hartly.

By My. LATCHFORD :

Q. Do you know if he did see Mr. Hartly? A. I do not know. Subsequently Mr. Hartly retired, Mr. Ross came in as Premier, I came in as Provincial Secretary and Mr. Latchford as Minister of Public Works. The company came to me then and said they were about commencing their fall operations, and would like to know if the Government would assist them in building their dam. I said, "I cannot say; you will have to interview the Government and see the Commissioner of Public Works." They came to Toronto; I was not present if they addressed Council; they may have.

By Mr. MATHESON:

Q. Who came, Hall and Eukins? A. They may have addressed the Council I was not present. They saw the Commissioner of Public Works and I saw them the day they were here. They said they had got no definite promise, that the Commissioner said he would send the Inspector to examine the lock and see that the works were such works as might be undertaken by the Government giving assistance. I heard no more about the matter, until about Christmas time.

Q. The same year? A. Yes, when they came to me again about the matter, and I said that I would inquire and see if there was a possibility of the appropriation being made. I saw the Premier and Commissioner of Public Works and they said from the report they thought the appropriation might be made. It was overlooked in the main estimates, and my attention being called to it before the Supplementary Estimates come down, it was placed in the Supplementaries. As for having any conversation with Mr. Hall or Mr. Schook, with Mr. McGill or with any other person possibly connected with the Company by which there would be any payment by the Company, it is absolutely untrue. It never was suggested, it was never thought of, it was never dreamed of so far as the Government or myself was concerned; no payment was received, no payment was promised, no payment was made. I do not know that I can make it any stronger. I would be glad to answer any question.

Q. The original estimate of the cost of the dam was \$13,000? A. From \$10,000 to \$13,000. When they spoke to me about it at the time they estimated the work to be more expensive than it afterwards turned out to be. That was why their grant was reduced from \$5,000 to \$4,000.

Mr. LOUGHRIN: Did the estimate of cost include the price of timber.

Mr. LATCHFORD: Up to the time they put in the statement the cost had been \$8,100 putting in the timber at a very low price; just a nominal price, because they cut it along their own limits, our Engineer's estimate of the cost of the improvements was \$13,000. A. Some of the timber was purchased from the settlers in the immediate vicinity.

By Mr. MATHESON:

Q. As a matter of fact, the grant of \$4,000 was made on the affidavit that the works were completed and the expenditure of \$8,100. Was it considered that the grant should be reduced because the expenditure was less than the estimate? A. Yes

Q. After the Supplementary Estimates were passed, and before the grant was paid, was there any instruction as to whether the amount expended being less than \$13,000 the grant should be reduced? A. No. I stated from Council that from my information the expenditure would not be so great as they anticipated and that \$4,000 would be sufficient for the Province to pay. The work was not completed at this time; it was under way.

Q. So that the Council knew when they passed the grant that they were practically giving half of the money? A. Yes.

By Mr. LATCHFORD:

Q. About this story of Duignan? A. The first that I heard of Duignan's story was last summer in Peterboro. A friend, to whom Mr. Duignan showed some copies of papers that he had obtained from the Company, spoke to me about this cheque to Mr. McGill. I said to the party that there was nothing in the story absolutely; that if the story with regard to the other matters was as untrue as the story with regard to the \$2,000 cheque, it did not make any difference what statement he made.

Q. Did he threaten to make any statements? A. He never threatened to me. I have not spoken to Duignan for a year except to bow to him perhaps a couple of times. I saw him frequently but never with regard to the story. He

never mentioned it to me although I have met him frequently since I heard it. His people live a few doors from my people.

Q. Do you know that any money was at any time contributed by the Dickson Company out of these or any other monies received by them towards any election of any Liberal in Peterboro? A. No.

Q. For any political purpose? A. No.

Mr. MATHESON: Or any purpose whatever outside the works of the Company?

A. Or any purpose whatever outside the works of the Company.

Mr. GARROW: Then the story is a fabrication? A. Yes.

By Mr. LATCHFORD:

Q. Anything peculiar about this man, anything odd about this man Duignan?

A. I do not want to say anything about him.

Q. I suppose your answer covers anything done through Mr. Eakins as well?

A. By any person whatever. In any manner shape or form there was nothing received from Mr. Eakins or any person else. I do not want any mental equivocation on that score whatever.

COLONIZATION ROADS.

HENRY SMITH re-called:

By Mr. MATHESON: Have you got that statement? A. No it is down being re-written, as asked for yesterday, and it is not quite ready yet.

Mr. LATCHFORD: Even then I suppose it will be only approximate? A. It is approximate, because it is really impossible in all cases to make it correct.

Mr. MATHESON: Is it within a few hundred dollars? A. It is as nearly correct as I can make it.

Mr. MATHESON: I would like the statement put in the evidence. Mr. Smith will hand it to the clerk as soon as it is completed. I think that is all that we can go into this Session, Mr. Chairman, the end being so near.

THE CHAIRMAN: Mr. Miscampbell had intended to ask regarding those transfers from the Crown Lands Department to the Treasury Department in 1899. The papers have been ready a long time.

Mr. MATHESON: If the Committee will wait a few minutes I will try and see Mr. Miscampbell about it.

Mr. MATHESON retired and having returned said: I have seen Mr. Miscampbell and he said he did not care to go on with it.

The Committee then adjourned *sine die*.

REPORT OF THE STANDING COMMITTEE

ON

AGRICULTURE AND COLONIZATION

1902.

To the Honourable the Legislative Assembly of the Province of Ontario:

The Standing Committee on Agriculture and Colonization beg leave to present the following as their

FIRST REPORT.

Your Committee have had under consideration the question of the injurious effect produced upon grain by the growth of the Barberry Shrub in its vicinity.

Your Committee have summoned a number of witnesses from certain sections where the shrub is grown, and where rust largely prevails, and submit herewith the evidence given as taken by the stenographers.

All which is respectfully submitted.

JOHN MUTRIE,
Chairman.

Committee Room,
12th March, 1902.

FIRST MEETING OF THE AGRICULTURAL AND COLONIZATION COMMITTEE, FEBRUARY 27TH, 1902.

COLONEL MUTRIE in the Chair.

Hon. Mr. DRYDEN said: I understand that the Clerk has notified several gentlemen to be here to give evidence. I think it probably would help us if we were first to ask Mr. Goodfellow to give us such information as he can in reference to this matter. He has taken a deep and personal interest in the investigation of and the agitation for the destruction of this Barberry shrub, and has gone to a good deal of trouble in hunting up evidence in reference to it in order that he might convince the Legislature as to the danger to various crops.

Mr. LITTLE asked if it was the intention to have the evidence taken in full.

Hon. Mr. DRYDEN replied that it was. The stenographer was present, and all the evidence would be taken.

Mr. JOSEPH GOODFELLOW, of Barrie, was called. Mr Goodfellow produced specimens of the Barberry shrub, and also two specimens of grains affected by them, both of which were badly rusted.

Mr. FALLIS: Did they both grow in one field? A. No, sir; seven miles apart.

Hon. Mr. DRYDEN: Both in the same section? A. Yes.

Mr. GOODFELLOW, continuing, said: Sixteen years ago I left the township, where I had been a moderately successful farmer, and took up a farm just outside the corporation limits of the Town of Barrie. I did not have good crops the first year; the rust spoiled them. Then the next year was no better. The next year they were in good shape, a magnificent crop in fact, and there was no rust. It is a strange thing about this Barberry that some years it has no fungus; other years it is loaded with it. This third year I had a magnificent crop of forty-four bushels to the acre. This kind of thing, good and bad crops alternating, went on for eight years before I knew what was the cause of it. I happened then to be over in the Township of Gwillimbury on business, and heard them talking about the Barberry shrub. They were rooting it out in that district. After listening to their conversation I came to the conclusion that Barberry was affecting my crops. I went across to a neighbor to ask him about it, and he replied that there had been a Barberry shrub about there for some years. At this time we held a meeting, about fourteen farmers of us altogether, where we discussed the matter, and as a result of that discussion we sent a deputation to the owner of the farm which had Barberry shrub, stated our grievance, and asked him if he would take the hedge out. He practically told us to go home and mind our own business. We thought that we would go to the Town Council of Barrie, the farm complained of being in the township limit, and say that this thing was injurious to us, and ask them to have it dug out. The matter was in their hands for two years, and we were suffering all this time. I might say that since I went to my farm in the township I have really only had four good crops during the whole time, and they were magnificent crops; and I might also add that I do not know but that Barberry has had a bad effect upon potatoes as well as upon wheat. We are not afraid to say now, after years of observation, that it does affect wheat badly, and after three years' observation on this particular point I have come to the conclusion that it also affects potatoes. Some of the Agricultural College professors may be able to say something more definite on that account; but, to refer again to the Barberry shrub in our own locality, several bills, you will remember, were brought into the Legislature. Mr. Little brought in a bill, which, however, did not become law, and Mr. Taylor, of Middlesex, brought in a bill to destroy the shrub when found within 100 feet of agricultural land. This became law. Acting on this we went again to the Town Council of Barrie, and got them to approve of this bill in order that we might get the Barberry hedges within the municipality destroyed. The men who had Barberry on their lands, however, said that the Town Council had no power, and refused to destroy it. The mayor then went to the officers of the law, who were also of opinion that the law was not workable. As soon as I got word of this I came to see Premier Ross, who, however, was away in England, so I laid the matter before the Deputy Attorney-General. He thought that the only real method of overcoming the difficulty would be to get special legislation to cut down the shrub wherever found.

Mr. GOODFELLOW then produced a roughly drawn map of part of Barrie, showing the McCarthy hedge on Peel St. as one of the hedges complained of. He said that at the time that wheat was ripening there was a streak across the fields from this hedge that could not be compared to anything else than burning stubble. "My farm he said lies to the north of the McCarthy farm, part of it is on a hill, so that I was anxious in regard to this spread of rust, and watched affairs pretty closely. He then showed the situation of another Barberry hedge, locally known as the Ratcliffe hedge.

Hon. Mr. DRYDEN: These hedges referred to are within the limits of the town? A. Yes, both within the limits; there is one outside of the town. This

hedge on the gravel pit reaches for hundreds of yards, and there is another one about 20 rods to the north of the gravel pit hedge.

Hon. Mr. DRYDEN: The McCarthy farm is in the town? A. Yes.

Mr. GOODFELLOW stated that this hedge had destroyed fields of oats and grain year after year. After giving some further evidence relating to the damage which, he was convinced, was caused from these shrubs within the town limits, Mr. Goodfellow went on to deal with shrubs in other localities. He explained that as the result of a meeting of farmers in his own locality, he had been selected to work up evidence and agitate for restrictions in regard to the growth of the Barberry shrub. As a consequence, he had sent samples of rusted wheat to the Minister of Agriculture, Premier Ross, and the *Sun* newspaper. The editor of the latter sent it to the Model Farm, and within four days Prof. Lochhead was down making investigations. The Professor also received news from Streetville that the wheat was badly rusted there, and the Professor was asked to go up there. He found the rust was worse than in the town of Barrie, but could not locate any hedge. "Of course" said Mr. Goodfellow, "if the hedge was not located, there would be no use asking for legislation giving power to interfere with it. I had an interview with the Minister of Agriculture and he recommended that I should go out and after a search I found a great quantity of hedge. I do not want any gentleman to think that I am smarter than anyone else going into a locality and finding the hedge, but not one man in fifty knows anything about it, unless he has paid considerable attention to the matter. I happened to meet with a man the very first day who knew something of the matter and was able to give me a good idea of where the hedge was. He told me that he was sure that the birds had carried the seeds of this hedge and planted it elsewhere throughout the locality. The next morning I started on a tour of investigation. West of the town I saw a large stack of straw in a farm yard, and it looked very black. I found that the farm was owned by a widow. I went to the barn, found a man there, and asked to be shown the grain. I put some of it in my pocket, and I brought home these samples, showing that the grain was almost ruined by Barberry shrub, and I notified Mr. Dryden as to what I had found. Then I went along to the township of Adjala and saw a Mr. Burk. He had 25 rods of Barberry hedge on a fifty acre farm, and I understood that it had been planted there by the man who had sold it to him. Mr. Burk destroyed this hedge when he was convinced of the harm which it was doing. On the 12th line of Whitechurch I found there a farm with more Barberry hedge round the house. The daughter of the farmer had brought it home and planted it so as to raise a nice hedge. The crops on this farm had always been badly rusted ever since this Barberry had been planted, and she described it to me as a great wedge of rust clean across the field. This summer, my son, who has a farm 14 miles south of me, said there was a good deal of rust at Innisfil. Well, I thought it must be due to Barberry. I went down the next day to try and find a hedge. I did not know where it was, and I went to neighbors here and there, but could not find it. Finally I went into the house of a man named McLellan and he told me that his wheat was badly rusted. He said it had been so two or three years, but did not know of any Barberry shrub, in fact he didn't know it to see it. I went into his garden and there was a Barberry shrub about six feet high, and I found it had been there pretty nearly fifty years. I found on further inquiry that the shrub had been given to the daughter of the man by a nurseryman at the time when Barberry shrub was thought to be very nice around a house. I remembered then that forty years before, driving with my wife along that line, we saw the most beautiful wheat until we got near this house where it began to show signs of rust. I remember saying at that time that I never saw anything like it. It had been ruining these people for forty years or more, and no one knew anything about it. I told this man about it and

he said he would cut down the shrub. I said "You will have to do more than that," I said "You will have to take it up and dry it and burn it" At Gilford, a station on the Northern Railway, Mr. Goodfellow said there was a shrub on the grounds outside of the corner store, and he was sure that this was responsible for the destruction of fields of potatoes and the bad rusting of oats and wheat in the vicinity. He said that he had a representative go to Maple Vale who found a Barberry hedge on a lot there. It had been there for years and the people did not know that it was Barberry. He said also that there were hedges at Nottawasaga.

Mr. MONTEITH said there had been complaints from the township of Osborne in Huron county, and he remembered that this was discussed as far back as ten years ago at the Experimental Union meetings.

Mr. GOODFELLOW continuing asked Hon. Mr. Dryden to read a letter in his possession, from the Minister of Agriculture of the State of Ohio.

Mr. DRYDEN read the letter which was to the effect that Mr. Goodfellow was mistaken in supposing that there was a law on the statute books of the State making it illegal to grow the Barberry shrub. The Minister of the State of Ohio said he was informed that this was true of several European countries, but while the matter had been agitated in Ohio nothing had been done.

Mr. GOODFELLOW then continuing said that at the next fair in Elmvale he had shown a number of specimens of Barberry shrub. Two ladies who came from the Township of Floss were among those who stopped to examine the specimen, and they said they were the same as a shrub in their yard, and they said that their oats and wheat had been ruined for years, and he told them that wherever there was a Barberry shrub they could depend on having the grain badly rusted.

Mr. MONTEITH: How do you account for the exceptions you mentioned? You say that some years crops are very good and free from rust. A. Well, I can hardly answer that.

Dr. BARR: Is there any difference in a dry season? A. Well, I think the seasons and the wind have their effect. If it is a strong wind you can see the particles of the hedges floating around. A very high wind in dry weather seems to take them away altogether. I have always noticed that a field on the side that the wind blows from over the Barberry shrub would be more rusted than a field on the other side. I have noticed that a capsule or a pollen or whatever else scientific men may call it, forms on the other side of the Barberry leaf in June and July, and that when it ripens, it immediately bursts, and flies around, and then the crops will settle. In a very dry climate it will rise and never come down. If the wind is strong, of course, it all goes in one direction. Some years the Barberry has this fungus and some years it has not. This year it was pretty bad in Barrie. Over in Innisfil, across the bay, where there is a large hedge endangering the farms, there was no fungus on it this year, and no sign of it could be discerned, not a single bulb. I told the farmers you will have no rust this year. They asked me how I knew, and I said that there was no fungus on the Barberry. Sure enough they had a good crop without rust. With regard to the injurious effects on other things beside the grain, our gardeners in Barrie are complaining of it, and I do not know of anything grown on the farm except perhaps a few vegetables that it does not injuriously affect.

Mr. GOODFELLOW asked Mr. Dryden to read an extract from the *Barrie Gazette* of February 12th. The extract was an interview with Mr. George Somers, a market gardener, who was interviewed with regard to the alleged injurious effects of the Barberry shrub. He said that during the last few years he had suffered considerably from rust, the cause of which he could not understand. He had learned, however, on investigation that it was caused by the presence of the Barberry shrub, that had been credited with such havoc to oats

and grains. He mentioned that his nephew last year had offered to sell for \$10 four acres of oats which had been damaged from this cause. As to compensating the owners of shrubs, Mr. Somers held that compensation should be made to the gardeners and farmers who had for years been suffering as a result of the growing of this shrub.

Mr. GOODFELLOW then reverted again to the Ratcliffe hedge in the town of Barrie, and said that some years ago a farmer bought the farm on which this hedge is, and tried to raise food for his cattle and horses, and failed. He then went to work and planted strawberries. The strawberries grew up with little red-lined shoulders with green points, and as hard as could be. His grass was all rusted, and he could not raise anything but grain. His grain was magnificent, was not hurt a particle. There were, said Mr. Goodfellow, a good many other cases of damages to crops by the Barberry, which he could not remember.

Mr. CHARLES HEWSON, of Barrie, called, said that so far as a Mr. Quinlan, who had been referred to, was concerned, he could say that his crops had been greatly affected by the Barberry. Mr. Goodfellow and Mr. Quinlan were neither of them within a quarter of a mile of any Barberry shrub, and the upper ends of their farms were certainly not within half a mile of any shrub. Perhaps more than that. Mr. Goodfellow, however, from his personal observations, believes that the Barberry hedge is injurious and that its injurious effects can hardly be limited. I may say that my father owned a farm at Innisfil adjoining that of Dr. Morton. Before the Barberry hedge was planted in the vicinity, we never had any rust. Then there were years after the Barberry hedge was planted when each occasionally had good crops and occasionally they were not affected at all, and years when they were both badly rusted. Before it was planted—I want to emphasize this—we never had any rust to speak of. The land is high, good clay loam, and well drained, so that the crops were not affected by any other means, and they never suffered at all from rust until after the hedge came there. Since it was planted there and has developed, scarcely a year passes but what they are affected. I should say that four out of every five crops at least are affected, and the crops of the neighborhood are more or less affected, as you go west from this hedge. We are certainly affected for more than half a mile from it, as I can testify from my own personal observation. I have some Barberry shrub myself on property recently bought in Barrie. I have noticed in the last three years different shrubs in different localities, some at the back of houses and some in the front. Occasionally the shrub will be filled with pollen or fungus beneath the leaves, and other years it will have nothing on it. Some years both at the back and front of the houses the shrubs will be full of pollen, other years only one of them, so that there is no accounting for the years when they have the pollen that will be distributed by the wind. So far as I am concerned I am quite willing to have the Barberry rooted out of my premises and destroyed. My observation is that it will cause rust even on garden produce. Occasionally around these plants if potatoes or tomatoes are planted you will find them to be rusted.

Sheriff DRURY, called, said: I had the pleasure of an intimate acquaintance with the Professor at the Agricultural College in 1887 or 1888, when I had the honor of being the head of the Department of Agriculture of this Province. Professor Pantou at that time issued a bulletin on the subject of the Barberry shrub. I am not so sure that he committed himself absolutely to the theory that the Barberry shrub was the true host of rust. I am not prepared to say that he said it was the only source, but I repeat that I think he did take that position. I discussed the question with Professor Pantou as I knew him to be a careful and patient investigator. I was deeply impressed with his conviction that that was the true and at the time only known source of rust. I have been sceptical with regard to the matter all these years and the proof of my scepticism was in growing it on my grounds all these years, and I have them, I am sorry to say, there

now, six or eight nice clumps of Barberry I bought from a nurseryman fifty years ago when they were held to be nice as an ornamental shrub and quite the proper thing around a house. Of course there are two sides to this question, the scientific and the practical. We have Prof. Panton's well matured opinion in which he states that a careful microscopic examination of this fungus is identical with the same thing upon wheat and oats affected by rust. I was asking the Hon. Mr. Dryden whether he possessed a copy of this bulletin, I think it is 1887 or 1888.

Mr. DRYDEN : Yes, I have a copy which members may see when they desire.

Mr. DRURY : Now, gentlemen, being a convert to this you might think that perhaps like all converts I am inclined to be over zealous but I think I would like to give my own personal observations and experiences. I am a farmer owning a somewhat large farm, and a grower of wheat. All these years I have more or less than periodically suffered from rust on my farm. The front part of the farm is a large field opened in pasture for years. It was broken up in 1900 and sown with oats. When this was ripening it was suddenly stricken with blight, and practically the whole field was ruined before ripening, and scarcely worth threshing. Well, that field was worked up in the fall and sown with fall wheat this last year ; part of the wheat is as bad as some of these samples shown. It had a fine appearance at first and I thought it was going to yield over forty bushels to the acre. The rust struck it, however, and it threshed out twenty-seven bushels to the acre. This I only finished cleaning yesterday and found that only about half of it is fit for the market, and the rest will have to be used for feed. My house is situated in the west part of the field, and in making my observations I saw that the eastern part of the field was clean from rust. I could see a well defined line between the west and the eastern part. The nearer I approached to the Barberry shrub, the more pronounced was the rust. However, one swallow does not make a summer, and we should always be slow to arrive at conclusions on these matters. My conclusion was that a wind to get at the eastern side of the field would have to be a rare one for that part of the country, half south-west and west. I was becoming a convert to the view that Barberry was responsible for this state of affairs, I mean the rust on my oats. To confirm my views I determined to make careful observations. When I was mowing around the south side of the field, cutting the grass out of the fence corners, and before coming to any sign of the rust, on the field, I observed a peculiarity among the green grain growing on the headland. Coming into the field I found that the grain was completely thin, hardly able to support itself. It was not at all approaching maturity, and in putting my hand upon it I found that this black rust had possession of it. I went on and half way between this point and the headland found a little Barberry bush planted no doubt by the birds. The Barberry is not growing in various parts of the township I am living to any great extent. It is planted in clumps around the houses. I am a transgressor in that regard but I have commenced to cut the shrubs out. I value them somewhat, they are very pretty, but at the same time I am thoroughly convinced that the rust cannot be stamped out unless these shrubs are uprooted. That is the only way I think in which a remedy can be obtained. I do not think any great harm would be done if a law was passed compelling their destruction. I am very doubtful whether you could get this Legislature, composed of very diverse elements, to pass a measure of so drastic a nature, and the only effective one because the Act we have now has been tested and found to be worthless. The difficulty may be, as I say, to get the Legislature, to pass a measure of this kind. If it was found impossible to do so, I venture to suggest that a permissive law should be passed, authorizing the County Councils by by-law to authorize the destruction of the shrub within their limits. If we had such a law as that, I am satisfied that we could get our County Council to call a special session at once, and pass a by-law authorizing the destruction of the Barberry

in the County of Simcoe. That is of course a matter for the Legislature to deal with. I have nothing more to say in regard to it. What I have said is the result of two years observation. This specimen taken from the McCarthy farm is as complete a sample of the destruction of grain as anyone could get, and is good evidence of the damage the Barberry is doing. I would be sorry to commit myself to the theory that this is the only source of rust, as Professor Pantou thought, but that it is a source of rust I am perfectly satisfied in my own mind, and I have taken the liberty to presume that it would be in the public interest, if it is true, and if science shows that it is true, to take steps to kill the shrub as quickly as possible. There are vast interests involved. Take, for instance, as a sample, my own crop on a field of sixteen or twenty acres, only twenty-seven bushels to the acre, and but one half of that fit for the market, the balance having to be used for cattle feed. That seems to be a great loss and it is probably going on all over this country for hedges that are not worth anything. This hedge on the Ratcliffe farm is a miserable ragged thing. The only prettiness in them is when they are planted in clumps. I would not use a Barberry shrub now and I think many others agree with me. It is an idea of fifty years ago, but if I had a selection of an ornamental shrub now, I would not take a Barberry, and if it is a source of danger, and I think there can be no doubt of that, the Legislature should grapple with it, and the responsibility would rest on the Minister of Agriculture for its enforcement. If it is not possible for a drastic measure to be passed, I say, give us the permissive law by which County Councils may deal with the matter.

Mr. DRYDEN: If you can make out as good a case as you are doing now, I don't think there will be much difficulty about getting the legislation you desire; even the gentlemen who represent cities would be willing to do what they can in the matter of assisting agriculturists. They realize and are alive to all that affects the interests of that most important class of the community.

Mr. DRURY, continuing: My observation convinces me that it is a source of danger. I would not like to pin faith to the theory that rust would not be if there was no Barberry, but certainly the proof is that where the Barberry grows, there is rust. On the farm opposite my own is an Englishman named Mr. Darby, a brother of the Warden of the County. When I have asked my boys or men to go to that place for threshing, there has been a good deal of kicking because there is more rust than on mine. This gentleman had been living in the County of Essex for some time, and he told me that he had suffered with rust there, too, and never knew what the cause of it was. I told him that I thought it was due to Barberry, and he has become a convert to the idea. I certainly think that many hundreds, perhaps thousands of dollars worth of damage are done every year by this shrub. Mr. Goodfellow called my attention to a fact which I wish to touch on for a moment. My home is outside the town but as you know I am Sheriff of the County, and I drive in this distance to the office along this section of the country affected, according to his belief and mine, by the presence of the Ratcliffe hedge. I can bear testimony to the effect on the crops extending that distance of two miles to the north-east. I observe the conditions through constantly driving.

Mr. LITTLE: You have heard from the northern part of Simcoe, and I suggest that you now hear Mr. Faris from the southern part.

Mr. MATTHEW FARIS, of Bradford, said:

In 1882 I planted a Barberry shrub hedge on the front of my lawn, and we did not find any bad effects the first year. It was late planting and there was no bad effect from it as there was no grain near it. There was a fallow beside it. But the next year we had wheat beside it, and this sample is just about what we had as near as I can tell—it turned black. I was not then convinced that that was the sole cause of it. I was holding on to my hedge; I thought it looked very nice and fine and I tried it another year. I sowed oats near it and

it had the same result, and that fall I pulled it up and burnt it. I suppose if I had not the neighbors would have come and done it for me. I don't think the neighbors would have permitted me to have left it there another year.

The CHAIRMAN: Have you been free from rust since?

Mr. FARIS: Yes, we never had any rust on the farm since. My farm is what we call loamy soil, good wheat land, and lies up to the south-east. I have never suffered from rust but that one crop or two crops that I spoke of.

Mr. LITTLE: Some of your neighbors also planted a hedge, didn't they.

Mr. FARIS: Yes, Mr. Manning, near Bondhead, had some of it, and he seemed to like it very well and it was quite a job to get him to do anything with it. The whole neighborhood had to rise up, for they were not able to grow crops. Mr. Wright is one. He will not be here as his brother is sick, and he was notified to go to his bedside. I have seen Mr. Wright's, Mr. Jeff's and Mr. Manning's grain, and I can assure you as long as the hedge remained there they grew no wheat worth anything.

Hon. Mr. DRYDEN: I understand the section in which you live is one of the best wheat growing sections of the Province?

Mr. FARIS: I think so.

Mr. LITTLE: You could not grow any wheat successfully as long as this Barberry was in your neighborhood?

Mr. FARIS: No.

Mr. LITTLE: How many years ago since you destroyed it?

Mr. FARIS: I planted it in 1882, and it was two years down. The first year did not count and I lost two crops.

Mr. LITTLE: And before that?

Mr. FARIS: I never had any rust before that.

Hon. Mr. DRYDEN: This is very emphatic evidence. Do I understand you to say the hedge near Bondhead was destroyed on the requisition of some of the neighbors?

Mr. FARIS: Yes, the neighbors said to Mr. Manning, "We have got to have it out and if you say so, we will take your hedge out." Then they went to work, pulled it out and burnt it.

Hon. Mr. DRYDEN: When was that?

Mr. FARIS: Two or three years after I pulled my own out.

Hon. Mr. DRYDEN: What is the result?

Mr. FARIS: They have grown crops just the same as before the Barberry came.

Mr. JOSEPH TODD, of Gilford, said:

We have been in that neighborhood affected by rust more or less, but never knew that the barberry hedge was the great cause of the rust. Mr. Blain has got a hedge on the old McConkey farm, and around about that field was struck with rust badly this year the wheat only weighing 50 lbs. to the bushel. For the past 25 years rust off and on has affected that place and the neighborhood as well. Some years we are not troubled with rust; other years we are. Whether this Barberry hedge was the cause or not I am not prepared to say, but everything points directly to it. The neighbors living to the north of me grew as fine fields of wheat as you ever saw. Going along the route I would find magnificent fields; in a day or two after when I went along I wondered why that field was affected with rust, and nobody seemed to know the cause. Everyone would remark on it; it was the talk all over the neighborhood. There must be a cause of some kind. Now, Mr. Groves was discussing it with me one day and I asked him if there was any barberry there. Mr. Goodfellow came down to look at those fields and hunted around until he found this Barberry shrub. I asked Mr. Groves and Mr. McLellan and they said they had never noticed it. The last two years they had been troubled with rust and had never heard anything about this Barberry. The

fields of wheat nearest this barberry shrub had rust on them worse than any of the others. Mr. Groves told me he lost \$200 in the season. That is all I know. I know the fields were affected by rust, but whether this was the cause it is not for me to say.

Mr. REID: You are really of opinion that that was the cause.

Mr. TODD: I was hard to convert into that opinion, but now I am converted. Many people have got wheat just as black as that sample but they don't know what is the cause. I think it is possible they have got the shrub on their place and don't know it. Other people who have it know it and think it is the shrub that is causing the damage. All over, wherever I have been and people have heard anything about it, they would like it destroyed.

Mr. FARIS: Very much depends on the wind as to where the rust lies. I have seen a cloud of rust on my field rise and fly I don't know where.

Mr. MONTEITH: As an old resident, have you any recollection of it in years gone by?

Mr. FARIS: No, I remember hearing of rust many years ago, but I cannot say I ever suffered with rust since I have been farming, and I have farmed for fifty years.

Mr. LITTLE: On the same farm?

Mr. FARIS: Yes.

Mr. DRURY: Is not there a difference between the rust you saw and the red rust which went no further than affecting the color of the leaf; the red rust of fifty years ago?

Mr. FARIS: Yes, I have often seen it on the leaf when it would do no harm whatever.

Mr. JOHN WARNICA, of Paineswick, said: I can endorse some of the things that have been said. I am an old resident of Paineswick where this Dr. Morton hedge was planted. I knew it when it was a perfect forest; it is as good a locality as we have in that northern district for wheat. We in that section knew very little about rust until the Doctor planted his hedge that has been spoken of. That I know to be a fact. The rust did not bother us years ago because there was no such shrub when we first grew wheat there. It was certainly a different kind of rust. I never in my young days saw that black rust at all, I don't think, but a red rust which would injure the wheat but not perfectly kill it. We never in my younger days used to suffer with the oat rust, but frequently now the oats are as bad as the wheat, and frequently our barley. It is thirty years ago since they first planted the shrub—it was a large hedge—and the old Squire, Samuel Soles' father, got the idea in his head it was this hedge that caused the rust, but they did not want to be convinced. By and by they were thoroughly convinced, and they tore it up, and have raised wheat for twenty-five years without any trouble. So that this is not a new idea. This hedge was on the north side which was next to their farm, but on the south side there is one little bush. It was certainly very handsome; they hated to give it up as it was surrounded by other trees and they did not think it would hurt very much. This past year they had a field across the concession and in a direct south-easterly course. One part of the field was badly hurt and the rest not touched at all. You could stand there and the portion affected was just in a line with this bush. They say they are bound to cut it down. I have been asked just now to tell about my potato patch and I give it for what it is worth. I am now living down on the side of the bay shore about two and a half miles south-east of Barrie, two or three miles from this shrub Mr. Goodfellow and the Sheriff have mentioned. I had an acre of about as nice a patch of potatoes as I ever grew and felt real proud of them. All at once, I discovered that something had struck them black, and I examined them and it looked as if it were rust. They were on a nice sloping gravelled knoll on the bay, and on top of the knoll. On the south side the land descended very

rapidly, and is very heavy, wet, rich soil. I expected this would be the worst but there they were hardly touched at all. Right on the top four-fifths of them were rotten and I had a piece of oats about an acre along there, and I had to move them.

Hon. Mr. DRYDEN: You think a few came over on your potatoes.

Mr. WARNICA: I do.

Mr. R. M. WATSON, Miller, Allandale, said:

I run the Tollendal mills near Allandale where very frequently there is trouble with wheat that comes from this Barberrry neighborhood, and I have no trouble in distinguishing between wheat affected by Barberrry and that affected by ordinary rust. Wheat affected by a Barberrry is perfectly useless for flour; the merit seems to be all out of it. Just this winter a man came along with a sample of wheat from Churchill neighborhood,—the wheat has been very good this year—and I said, "It is an unusual thing to find wheat so shrunken from your neighborhood; it looks like wheat near the Barberrry hedge." He said "There is a Barberrry tree growing in the corner of my field." That was satisfactory to me that it was the effect of the Barberrry hedge. Yesterday I happened to be in the post office, speaking to Mr. M. J. Hamlin, our postmaster. He said last summer he had a Barberrry shrub near the corner of his garden and they had moved out some hydrangeas in pots near the shrub. There was a strong wind blowing from the shrub in the direction of these pots. In a day or two the hydrangeas withered and became completely useless, so that was satisfactory to him that it was the effect of the Barberrry hedge and he had it rooted out.

Asked about the wheat affected by the Barberrry hedge on the Morton place, Mr. Watson said he had seen wheat fifty-one pounds to the bushel, but he had refused to take it in. It seemed to be fit for nothing but feed.

Hon. Mr. DRYDEN: Have you any idea how far the evil influence of one of these plants would extend?

Mr. WATSON: I am not in the practical part of it; I see the results only.

Hon. Mr. DRYDEN: I am thinking about a law, and I would like information for that reason. The evidence seems to indicate that the influence extends quite a distance.

Mr. GOODFELLOW, (holding up a diagram) said: I think it is about eight years ago that on this field of fifteen acres in the corner of my farm, I had as fine a crop of oats as I ever looked at. A timber man told me I would have eighty bushels to the acre. Then there came an east wind right off this hedge, and I told him "We were going to have no oats this year either." He said, "How do you know?" I said, "Because the wind is coming right off that barberrry hedge." Within the next two days they were turned gray and I never threshed a bushel off them. I have traced the track of that barberrry rust nearly six miles to the west. I went three miles out and got reports from the threshers showing me it had spread over a great area out there.

Hon. Mr. DRYDEN: For yourself, you could not put any limit.

Mr. GOODFELLOW: No, all the farms west of me were destroyed in the same way.

Hon. Mr. DRYDEN: What value do people put on these hedges?

Mr. GOODFELLOW: The great majority say it is of no value, although some will say they value it. A great many have told me this winter they will take it up this spring and some have already taken it up. Rev. Dr. McLeod was the first one to do so. That is the only gentleman I know who has taken it up. I know of a number who say they are going to take it up this spring.

Mr. LITTLE: What value did Mr. Ratcliffe put on his hedge?

Mr. GOODFELLOW: Mr. Ratcliffe and Mr. Cross came before the town council. The mayor asked Mr. Cross if he would take \$50 for his hedge. That put a value

on it and he has valued it at \$50 ever since. Mr. Ratcliffe valued his at \$500. I got our assessors to put a value on Mr. Ratcliffe's hedge of \$300. (Laughter.)

Mr. DRURY quoted from Professor Panton as follows: "The extreme minuteness of the *accidium* spores enables them to be carried long distances in the air so that it is not necessary that the source of the trouble should be close at hand."

Professor LOCHHEAD said: I think you are all indebted to Mr. Goodfellow for his earnest work in this matter. He has done, probably, more towards ousting rust than most other people I know of. I think he has done good evangelical work. Allow me to make a few remarks along the line of those gentlemen who have already spoken. You will find the popular view of rust described in my last report, this year's Agricultural College report, which I shall ask you to read if you get time. There you will find that the scientific men are in a box just as medical men sometimes are, and the medical profession is an older one than ours. As far as fungus diseases are concerned there are a number of diseases that the medical men cannot combat, and in the same way scientific men are at a loss to know how to combat certain fungus diseases of the farm. Rust is one of them. As far as Ontario is concerned, there is probably no doubt, as far as we can see, that the barberry is the cause of the rust, because I have often myself inoculated the barberry by means of infected spores, and through the barberry again inoculated the ordinary wheat. We did this under conditions which would allow of no importation of rust from without. There has been no doubt ever since the great German DeBarry worked out the life-history of this, and proved beyond dispute that barberry had an important influence—there has been no doubt, I say, about that point; and yet there are places in Ontario where there has been no barberry found and where there is rust, as you know. It may be something like the search at Streetsville last year where the people say they never saw barberry. Yet such a competent man as Mr. Dearness of London, probably one of our best informed men on rust, tells me distinctly he has seen areas of rust where he knew for a certainty there was no barberry within many, many miles.

Hon. Mr. DRYDEN: He is speaking about the same kind of rust, is he?

Prof. LOCHHEAD: Yes. This rust exists in three forms. There is the black rust which attacks chiefly the stems. There is the red rust which appears earlier in the season; it is really the same rust with a different appearance. This is one form of the rust. Then there is the orange rust which appears on the barberry early in the season which starts the red rust. Through the winter, as soon as conditions are ripe, these spores germinate right in the place where they are, and produce other spores which I have called in my report secondary spores, and these are carried away to the barberry by the wind chiefly. Inside of a few days the rust appears on the barberry. Then it is carried away by the wind again to the wheat or oats or barley and produces the red rust. Then the propagation of red rust goes on all summer, and towards the end of the season the black rust appears on the same places as the red, and probably a little more extended. The red, of course, is more to be seen on the leaves.

Mr. REID: Is that the red maturing?

Prof. LOCHHEAD: No, they are a different rust altogether. The fungus does its injury by minute threads through the stem appropriating the juices intended for the plant. In the summer the early part, these threads come to the surface and produce what we call spores. From these same threads, later in the season, come the black spores. There is a second crop and yet very different looking. The red are thin-walled and won't stand the winter; the others are thick-walled to stand it. We have three stages; the barberry rust or the orange rust of the barberry, the red rust and the black rust, and these are all different. I can tell one from the other just as easily as can be.

Mr. BEATTY: Which of these spores throws off the rust poisoning the grain?

Prof. LOCHHEAD : The black has no power to infect a field. Red rust, however, will. That goes on all summer. It happens to light on a fresh plant and inside of fourteen days there will be red spots there. Rust from barberry will also infect the wheat, so that the infection takes place in two ways, both the orange rust of the barberry and the red rust on the wheat, and it is carried over during the summer chiefly by the red rust. The barberry starts them and it goes on and spreads over the field. With regard to the distance which the barberry may spread or may show its influence :—I have never in all the course of my reading come across any decided results on this point. One can easily see a heavy wind may carry them for many miles, and if they once get into a field only one edge of it, for instance, they inoculate this part of it, and all season it goes on continuously, and may sweep over two or three farms or more.

Mr. GOODFELLOW : How long will that take ?

Prof. LOCHHEAD : Two weeks from the time it is first inoculated.

Mr. GOODFELLOW : That is why the oat crop gets it ?

Prof. LOCHHEAD : No, that is a peculiar thing ; it is shown conclusively that wheat rust or rust from the barberry may affect themselves and one another and that it will spread, but the rust from the wheat will not infect the oats.

Mr. BEATY : I understand you to say it would.

Prof. LOCHHEAD : No ; in a field where it is all wheat or oats it may be affected, but wheat rust will not affect oats.

Mr. HISLOP : They are troubled to a considerable extent in our district by red and black rust, but we have not, so far as we know, the barberry shrub to any extent.

Prof. LOCHHEAD : Each one has a peculiar plant which it will affect, and we cannot distinguish them even with a microscope, yet they stick to their peculiar plants. You see the difficulty we are in. As far as Ontario is concerned, we can show that barberry is the cause, but there are certain districts where we have not found barberry.

Hon. Mr. DRYDEN : I think that is an important point. You are perfectly satisfied the barberry shrub in itself is a cause of damage by rust, and you are satisfied it is liable to travel a good many miles, if you have a fierce wind to carry it. I would like to know as to these two points because if we are to undertake to amend the law, they are very important.

Mr. HISLOP : You would not go so far as to say that if all the barberry shrubs were destroyed we would be exempt from rust ?

Prof. LOCHHEAD : That is the box we are in ; we see in many cases barberry is the cause and by its removal the danger would be lessened.

Mr. HISLOP : The condition of the soil has considerable to do with it. In our country in the low undrained lands rust is more prevalent than in the well drained.

Prof. LOCHHEAD : In North Perth where my home was, I was given a good deal to wandering about collecting plants and I never saw the barberry ; yet the rust is there.

Mr. MONTEITH : There is barberry in both Mitchell and Stratford.

Prof. LOCHHEAD : That is quite a distance from the district of Elma.

Mr. HISLOP : I never ran across anyone who knew there was barberry in my section.

Hon. Mr. DRYDEN : I have been told by Mr. Smith that barberry exists in Whitby. I never knew it.

Prof. LOCHHEAD : Where Professor Zavitz had his old experimental plots he had barberry and for years the results were very bad on some plots. He resolved to cut the hedge down and he did not have rust, although in the last two years rust has come again. In going about Guelph I find two areas in which there is a

good deal of barberry. There is one on Petrie's Hill. The other one towards St. Joseph's Hospital.

Mr. DRURY : It may exist where a person has not had the opportunity of getting any evidence. I have fifty acres of standing timber and barberry growing there just as in partially cleared land.

Prof. LOCHHEAD : The trouble is that very few know of barberry, that is the difficulty we have. In Australia they have no barberry and the rust is bad. In the Western States rust is bad and there is no barberry also. These are the things we have to face. We know barberry will intensify rust; that is undoubted, and as the damage is something enormous through the country I should suggest that you should have no hesitation whatever in demanding somehow, putting on the statute books of the Province, that the barberry be forbidden to be planted, and that it should be extirpated wherever found.

Mr. REID : It would be nothing to lose and a great deal to gain.

Mr. BARBER : Yes, it is not a necessity.

Prof. LOCHHEAD : No, it is not a necessity. I could go into the scientific aspect of the thing but that is not what you want.

Mr. MONTEITH : Climatic conditions are different in Australia ?

Prof. LOCHHEAD : Yes ; we are apt to blame conditions for causes. No matter what the kind of weather, we know that moisture and dew or heavy mists are favorable to the propagation of rust, but if the rust was not there before, no matter how much moisture there was, there would be no rust. These are conditions for the propagation of rust. For the real cause you have to go back to the barberry.

Dr. BARR : If there was no moisture there would not be much danger.

Prof. LOCHHEAD : That is it ; the more muggy the atmosphere the more the spore will germinate. In the Streetsville section, they say the smoke of locomotives brought that rust. You may say that might be a condition, not a cause. The low undrained lands are generally where the rust prevails.

Mr. MONTEITH : Would there be a tendency for the spores to settle in the lower fallows ?

Prof. LOCHHEAD : I don't think so ; the whole thing there is a lack of proper conditions.

Mr. MONTEITH : A dry year would tend to carry them further than moisture.

Prof. LOCHHEAD : Carleton, the great United States expert on rust, says, "There is yet no preventive for wheat rust, at least so far as combatting it directly."

Hon. Mr. DRYDEN : My mind is running on something which would help to correct this evil. I may say, Mr. Goodfellow practically convinced me when he came down last time of the destructive influence of this barberry shrub. The difficulty is just to know what we can do. I have been thinking it out since and had prepared a draft bill which I have in my hand here and which I will let you see, as I have a few copies on the table. But I observe now my premises were not quite sound. It was supposed that this rust would not travel very far, and therefore we might make a limit. The difficulty, as I understand it now, is in the towns where people are merely interested in the hedge, and not in the growing of wheat, and it is possible they might refuse to take it out, and we have no power under the present law to do so. I thought, therefore, when a hedge was within a certain distance of farming lands they should be required to take it out. I now discover practically there is no use of putting any limit, so that the bill will have to be altered materially in that respect. Then you will observe, to make sure of accomplishing what was desired, I suggest in the bill that on the petition of a number of gentleman interested in farm lands, my department would undertake to destroy it. The party owning it, if he was willing to take it out, would have compensation ; but if he refused to do it, the Department would have

power to compel him to do it without compensation. After the evidence to-day, I have made up my mind there is to be a clause added forbidding the sale of this plant, or forbidding anyone planting it anywhere. There is no doubt that a gentleman who has grounds which he desires to improve in that way can find some other plant to answer the purpose quite as well. We might as well say that in the judgment of the Legislature, we ought not to allow it to be planted because it is a menace to agriculture wherever grown. It appears to me that perhaps that would be the best thing we could do. It is all very well to say it is illegal and improper that a man should have such a plant on his property, but how can you get rid of it? You must have some machinery. I would be glad to have any suggestions from gentlemen here who have to do with that plant.

Mr. LITTLE: I think that the Province is largely indebted to Mr. Goodfellow who has very successfully worked up this case. (Hear hear) We are also very much indebted, in my opinion, to Sheriff Drury because it is very seldom, Mr. Chairman, that gentlemen having been chosen by this Province to a very high position such as Sheriff of a large county like Simcoe, pay any attention to we poor agriculturists who are striving to make our bread and butter in this Province. I think the proposed measure will satisfy those who have taken such a deep interest in this, to my mind, very important subject.

Mr. DRURY: Supposing, under this proposed bill, the limit is struck out altogether, now that we have evidence that barberry may disseminate rust over an indefinite length of country. For instance, could ten farmers in the County of York petition for the destruction of barberry in the City of Toronto under the proposed enlargement of the scope of the bill, or must those ten persons mentioned as petitioners be residents of the municipality in which the shrub is situated? It would be a matter of judicial decision whether the Minister of Agriculture considered that a barberry growing in the City of Toronto affected the fields in question. If the limit is removed, you may have ten persons in Hollands Landing, the extreme limit of York, petitioning for the destruction of the shrub in Toronto. I am suggesting this simply not to put too much responsibility on the Minister of Agriculture.

Hon. Mr. DRYDEN: It is all based on the theory of the 500 yards. The clause will have to be re-drafted. My own idea would be that if the Department if to commence action in reference to the destruction of the plant in any particular locality, it should be on petition of someone living in that locality, otherwise the Department would have to take upon itself to dig it out everywhere. I am not afraid of that. I think the other plan would be the best. I think the fact that we have had this important discussion to-day, the fact that it will go into the newspapers, will so arouse people and interest them in it, that if we provide some simple machinery it will assist materially in the destruction of the plant, so that if we see our way clear to put a clause in the bill practically forbidding anyone to plant the shrub any more, everyone will understand the serious danger where the shrub exists.

Dr. BARR: No doubt the trouble will be with hedges in the villages and town.

Hon. Mr. DRYDEN: People in villages and towns must not prevent agriculturists from making wealth. I don't think there is anybody in the cities, towns or villages who will be unwilling to take it up. I am not afraid to tackle that part of it.

Mr. BARBER: What about damages?

Hon. Mr. DRYDEN: This bill provides that the Province shall pay the damages?

Mr. BARBER: It should not be left open to any legal difficulties.

Mr. DRURY: It might be a matter of legal investigation as to whether it would have effects and lawsuits might result.

Hon. Mr. DRYDEN: We want to avoid that.

Mr. DRURY : I am sure we are much gratified at the thorough manner in which the Minister seems to be prepared. I personally feared we should not have a sweeping drastic measure.

Mr. BARBER; I think those in the localities where the barberry bush is are ripe for this legislation. Where there is no barberry bush they would suffer nothing because there is nothing to be destroyed. I would make the Act apply to the whole Province.

Hon. Mr. DRYDEN: So far as I can see, this legislation will affect the nurserymen more than anybody else, because they cultivate and sell the barberry. I think we shall have to say to the nurserymen, " You shall not sell it any more."
