RODERICK LEWIS,
Chief Election Officer.

And the House having met,

The Honourable the Lieutenant Governor, having entered the House, took his seat on the Throne.

Mr. Welch, the Provincial Secretary, then said:

"I am commanded by the Honourable the Lieutenant Governor to state that he does not see fit to declare the causes of the summoning of the present Legislature of this Province until a Speaker of this House shall have been chosen according to law, but today at a subsequent hour His Honour will declare the causes of the calling of this Legislature."

His Honour was then pleased to retire.

And the Clerk having called for nominations for the office of Speaker, the Prime Minister, Mr. Robarts, addressing himself to the Clerk, proposed to the House for their Speaker Frederick M. Cass, Esquire, Member for the Electoral District of Grenville-Dundas, which motion was seconded by Mr. Nixon, and it was,

Resolved, That Frederick M. Cass, Esquire, do take the Chair of this House as Speaker.

The Clerk having declared the Honourable Frederick M. Cass duly elected, he was conducted by the Prime Minister and Mr. Nixon to the Dais, where, standing on the upper step, he returned his humble acknowledgment to the House for the great honour they had been pleased to confer upon him by choosing him to be their Speaker.

And thereupon he sat down in the Chair and the Mace was laid upon the Table.

The House then adjourned during pleasure.

The Honourable the Lieutenant Governor then re-entered the House and took his seat on the Throne.

Mr. Speaker then addressed His Honour to the following effect:

May it please Your Honour,

The Legislative Assembly have elected me as their Speaker, though I am but little able to fulfil the important duties thus assigned to me.

If, in the performance of those duties, I should at any time fall into error, I pray that the fault may be imputed to me and not to the Assembly whose servant I am, and who, through me, the better to enable them to discharge their duty to their Queen and Country, hereby claim all their undoubted rights and privileges, especially that they may have freedom of speech in their debates, access to your person at all seasonable times, and that their proceedings may receive from you the most favourable consideration.

The Provincial Secretary then said:

Mr. Speaker,

I am commanded by the Honourable the Lieutenant Governor to declare to you that he freely confides in the duty and attachment of the Assembly to Her Majesty's person and Government, and not doubting that the proceedings will be conducted with wisdom, temperance and prudence, he grants and upon all occasions will recognize and allow the constitutional privileges.

I am commanded also to assure you that the Assembly shall have ready access to His Honour upon all suitable occasions, and that their proceedings, as well as your words and actions, will constantly receive from him the most favourable construction.

The Honourable the Lieutenant Governor was then pleased to open the Session with the following gracious speech:

Mr. Speaker and Members of The Legislative Assembly of Ontario:

I extend warmest greetings and a sincere welcome to each of you.

In the days since the Parliament of Ontario last met we have experienced a renewal of pride in the accomplishments of Canadians and a reinforced confidence in the future of Canada. This fresh and vigorous patriotism was generated in large measure by the many, various and wonderful events, celebrations

and observances of the Centennial Year. It has been exemplified in the forthright and productive discussions about the future of our country by the leaders of the Provincial Governments in Toronto in November and by the Prime Ministers and Premiers of the Federal and Provincial Governments in Ottawa last week.

I extend to the people of Ontario my congratulations on the warmth with which they embraced the Centennial of Confederation. I join with my Government in sharing the joy of the people of Ontario in the visits to Canada, and to Ontario, during the Centennial Year, of our beloved Sovereign Queen Elizabeth II, His Royal Highness The Prince Philip, and by other members of our Royal Family. It was a great privilege to be host to members of other Royal Families and the distinguished heads and representatives of many nations.

We were pleased by the enthusiastic participation of the people of Ontario in the largest of Canada's birthday celebrations, EXPO '67, through personal visits by tens of thousands of our residents; by the outstanding Ontario Pavilion and the extraordinary and inspiring motion picture "A Place to Stand"; and by that most memorable event, Ontario Day, when twenty-six groups, representing the multicultural mosaic of Ontario, stood before the world in an expression of their profound pride in our Province and in our country.

It is appropriate that my Government is now making plans to be represented in the 1970 World Exposition at Osaka, Japan, where the theme will be "Progress and Harmony for Mankind".

The Centennial of Confederation was a turning point in the life of Canada. The very special responsibilities of the people and the Government of Ontario within our federation became very apparent. My Government demonstrated that it is not only willing and prepared, but committed, to the acceptance of this responsibility. This was evident in the leadership given at the Confederation of Tomorrow Conference and in the positions and proposals the Government placed before the recent Federal-Provincial Conference of Prime Ministers and Premiers in Ottawa.

Canada is the midst of an internal crisis of its will and determination to survive as a cohesive nation. While my Government is deeply aware that we are far from resolving all our difficulties, it is confident that Canadians possess the courage, the ability and the determination required to accomplish the task of building a greater, stronger and more united Canada. My Government also recognizes the existence of two linguistic communities and many cultures within Canada and appreciates that this diversity is the source of much of our strength and the enrichment of our life. My Government is committed to the assurance of full and equal citizenship for all residents of Canada, regardless of their national or linguistic origin. Nowhere in this broad country is the diversity of our people more obvious than in Ontario.

My Government has accepted its responsibilities to our new residents and is committed to further action to ensure that such equality will continue both within the Province of Ontario and throughout Canada. This is in keeping with the plans of my Government to initiate a series of conferences throughout Ontario to foster interest in community affairs and to improve communication between the newcomer and the established residents of our Province.

While we are in the midst of a national evolution, we have accomplished much and travelled far toward achieving solutions to our difficulties. New order in our Confederation is emerging from our deliberations. The promise of the future was evident at the Constitutional Conference in Ottawa last week. Succeeding meetings will produce further positive results of benefit to all of the people of Canada. My Government is pledged to a continuing creative role in that process.

It is the intention of my Government to present to this Assembly a full report on matters related to the future constitutional development of Canada.

The Government of Ontario has demonstrated its willingness to consider constitutional change, the distribution of powers, the nature of our federal institutions, the proposed Charter of Human Rights, and to ensure, where practical, the linguistic equality of French-speaking residents of Ontario.

As a specific response to the spirit of linguistic equality, my Government will propose that any Member of this Assembly shall have the formally recognized right to address the Legislature in either English or French. A resolution will be brought forward to make this an Order of this Assembly.

Although the events of the Centennial Year are now behind us, it is most appropriate that the inspiration provided by that marvellous experience be carried with us as we go forth, with boldness and firmness, into the second century of federal partnership. The Ontario of 1968 is far more numerous in people, far richer in capital assets and natural resources and has far greater potential than the Ontario guided by the Government of the Honourable John Sandfield Macdonald as he took Ontario into the first years of Confederation. Today, my Government enters the second century of Confederation accepting and welcoming the challenges of the Canada of tomorrow.

During this First Session of the Twenty-Eighth Parliament of Ontario, proposals will be brought forward to ensure further the strength and ability of our people to meet their responsibilities to our country and to our dynamic Province. Priorities have been established and are being followed. A broad and complete educational program and the provision of adequate housing at reasonable cost continue to command the urgent attention of the Government of Ontario. The rapid growth of urban centres, accompanied by demands for economical, high-speed transportation facilities, the provision of adequate water and sewage facilities, urban redevelopment and outdoor recreation are of immediate importance. My Government will continue to pursue excellence in the provision of services for the health and human betterment of all residents of the Province. Programs will be accelerated to improve the purity of the air we breathe, the water we drink and the efficient multi-purpose use of our land. In company with such commitments, my Government will provide financial relief to our municipalities and to individuals who pay real estate taxes. The Government of Ontario will propose decisive action in each of the areas I have just mentioned.

A systematic and staged reform of the taxation and revenue system of the Province of Ontario, its municipalities and school boards has begun. Two major recommendations of the Report of the Ontario Committee on Taxation have

been accepted by my Government. Proposals will be placed before you to provide for a Basic Shelter Grant and for the assumption by the Province of the cost of the administration of justice. In co-operation with individuals, private organizations, municipalities and municipal associations, the Government of Ontario is undertaking a comprehensive evaluation of all the recommendations of the Ontario Committee on Taxation in order that reforms may be introduced.

My Government will continue to move forward with its program to rationalize the system of municipal government in Ontario. At this Session, you will be asked to consider legislation to provide for the organization of a system of regional government in the Ottawa-Carleton area, where a regional council with representation from local municipalities will be proposed.

Legislation will be introduced to provide for the establishment of larger units of school administration. These will permit the development of educational programs to the end that all the children of Ontario will have an equal opportunity to develop their maximum potential. To ensure this, my Government will also place before you legislation to provide French language secondary schools, within the framework of the public education system of Ontario, in those areas of the Province in which there are sufficient French-speaking students to warrant such schools.

You will be requested to consider the establishment of the Royal Ontario Museum under an independent board of directors. The Museum will join the Art Gallery of Ontario and the Centre of Science and Technology as provincially-financed cultural, educational and research institutions.

The Report of the Ontario Law Reform Commission on the basis for compensation in expropriation has been given detailed consideration by my Government. Legislation will be placed before you to ensure that owners of property which must be acquired in the public interest will be dealt with fairly and will receive compensation on a reasonable and equitable basis.

You will be asked to approve amendments in The Workmen's Compensation Act to provide appropriate levels of benefits and allowances paid under this Act. In addition, my Government will further increase its efforts to reduce injuries and fatalities in employment. To assist in the protection of the work force of the Province, you will be asked to approve new Labour Standards legislation.

The broad health services program of the Government of Ontario will be further extended by measures to expand the benefits under the hospital services plan. It is also proposed to include essential ambulance services as a benefit under the hospital plan, thus providing a more uniform province-wide ambulance service. Air ambulance facilities will be developed in sparsely populated areas of Northern Ontario.

Under the Ontario Medical Services Insurance Plan, there will be further extensions of benefits, including the examination of eyes by refraction when carried out by a physician or an optometrist.

The health services program of the Government will be further extended through an arrangement which will have a significant and beneficial effect on the cost of prescription drugs and drugs used in hospitals and welfare institutions.

My Government will embark on vigorous programs to further maintain adequate levels of food produced by Ontario's agricultural industry while at the same time ensuring that the producers of food are adequately compensated for their investments in labour, management and capital. As an illustration of my Government's determination, you will be asked to consider special legislation to strengthen the position in the market place of the producer of beef.

The recommendations of four Select Committees, dealing with Youth, Aging, Company Law and Conservation Authorities, have been carefully considered by the Government. This Assembly will have placed before it for consideration and approval courses of action arising from the work of these Committees.

My Government proposes to establish an Ontario Roads to Resources Program to further promote the development and use of the abundant natural wealth of our Province. This program will include the planning and development of transportation systems to and from the main arterial routes. These will be based on the resources of forestry, mining, fish and wildlife, tourism and the requirements of the residents of Northern Ontario.

My Government will also introduce a Provincial Airports Act, under which municipalities in Northern Ontario may be assisted financially in acquiring and developing airports and airstrips.

This Assembly will be asked to approve an impressive program of highway improvements and expansion in all areas of Ontario. The program will include the start of Highway 417 to connect Ottawa with a new Quebec freeway.

Among other proposals you will be asked to consider will be legislation dealing with all aspects of the incorporation, operation, management and dissolution of ordinary commercial corporations in Ontario. You will have placed before you legislation dealing with the operation of insurance companies and loan and trust corporations. You will be asked to consider proposals to further extend Consumer Protection legislation, based on the operational experience of the Consumer Protection Bureau.

Legislation will be introduced to give to our Magistrates and Juvenile and Family Courts the status of Provincial Courts. Legislation will provide for the appointment of Provincial Judges who will preside in these courts.

As part of the continuing review of the efficiency of Government, legislation will be introduced to strengthen the basic administrative structure of the Government's financial operations, as recommended by the Ontario Committee on Taxation. You will be asked to approve the creation of two distinct departments to replace the present Department of Treasury. A Department of Finance and Economics will provide a unified organization to deal with economic, financial, fiscal and taxation policy and federal-provincial affairs. A Department of Provincial Revenue will carry out the responsibilities of administering all tax statutes and the collection of all revenues.

My Government will also establish a Central Purchasing Authority within the Department of Public Works to assure greater economy and efficiency in the procurement of goods and services.

Extended efforts will be made to sustain the tourist momentum fostered by events of the Centennial Year. This will be assisted by the development of a master plan for tourism and outdoor recreation in Ontario.

The year 1968 has been designated throughout the world as International Human Rights Year. The principles of the United Nations Universal Declaration of Human Rights have found expression throughout the statutes of the Province of Ontario, most notably in the Ontario Human Rights Code. Agencies of the Government will co-operate to observe the twentieth anniversary of the Declaration.

The programs, policies and proposed legislation of my Government, which I have outlined and which will be presented to this Assembly for consideration, will ensure that your achievements will be noteworthy.

May Divine Providence guide you in your deliberations.

His Honour was then pleased to retire.

PRAYERS

2.30 O'CLOCK P.M.

Mr. Speaker informed the House that the Clerk had received from the Commissioners of Estate Bills their reports in the following cases:—

Bill Pr1, An Act respecting The United Church—Evangelical United Brethren Church.

THE SUPREME COURT OF ONTARIO

(Crest)

Osgoode Hall, Toronto 1,
March 22nd, 1968.

THE HON. MR. JUSTICE MACKAY,
THE HON. MR. JUSTICE KELLY.

Roderick Lewis, Esq., Q.C.,
Clerk of the Legislative Assembly,
Parliament Buildings,
Toronto 2, Ontario.

Re: Bill Pr1, An Act respecting The United Church—Evangelical
United Brethren Church.

Dear Sir:

The undersigned as Commissioners of Estate Bills, as provided by The Legislative Assembly Act, R.S.O. 1960, Chapter 208, Section 57, having had the above-noted Bill referred to us as Commissioners, now beg to report thereon.

Your Commissioners appointed the 20th day of March at 10 a.m. to consider the said petition and Bill and gave notice thereof to the applicant.

We were attended by Dr. E. Hallman, Superintendent of The Canada Conference The Evangelical United Brethren Church, Dr. J. B. Dahms, Chairman of the Board Evangelical United Brethren Church, F. L. Dreger, Q.C., Solicitor for the Applicants, Dr. Harold Arnup, Secretary of the Board of Finance United Church of Canada, and H. D. Langdon, Q.C., representing certain dissident congregations of The Canada Conference The Evangelical United Brethren Church.

We have been informed, but have not of ourselves sought to verify, that:

1. By virtue of c. 112 of the Statutes of Ontario, 1930, the applicant corporation was incorporated under the name The Canada Conference Evangelical Church (subsequently changed to The Canada Conference The Evangelical United Brethren Church) for the purpose of administering in Ontario the property, business and other temporal affairs of The Canada Conference Evangelical Church.

2. By that Act of Incorporation,

- (a) certain property was vested in the corporation "to be held, used and administered by the corporation or disposed of as may be provided by any by-law, rule or regulation made from time to time by the corporation";
- (b) other property at the date of the incorporation "belonging to or held by or in trust for, or to the use of any congregation of The Canada Conference Evangelical Church" was not specifically vested in the Corporation but was declared thereafter "to be held, used and administered for the same congregation as a part of the corporation in the manner and upon the trusts and subsequent terms and provisions set forth in Schedule 'A'."

3. That the ecclesiastical body known successively as Canada Conference Evangelical Association, Canada Conference Evangelical Church, The Canada Conference The Evangelical United Brethren Church as distinct from the corporate body incorporated by said c. 112, as of the 1st of January, 1968, by virtue of a plan referred to in the recitals to Bill Pr1 (the contents of which were not before us) became a part of the United Church of Canada.

4. The avowed principal purpose of Bill Pr1 is to accomplish the vesting in the United Church of Canada of property, real and personal, within Ontario held by the said corporation, or in which it has any beneficial interest, including property held in trust for individual congregations, without the necessity of the execution by the corporation or any trustee thereof of any deed or other form of

transfer and without any consent, approval or direction from any individual congregation for which the corporation holds such property.

5. The United Church of Canada is agreeable to accepting the property or interests in property sought to be vested in it and to hold the same pursuant to the provisions of Bill Pr1.

6. That corporate action by the corporation authorizing the presentation of the petition praying the passing of Bill Pr1 has been taken without any attempt to seek the consent, approval or direction of any individual congregation.

Bill Pr1 as drafted fails to respect the rights of persons and congregations in trust for whom the applicant corporation or trustees hold property; there is absent from it such provision for the preservation of the rights of non-concurring congregations as were included with such meticulous care by the Legislature in enacting The United Church of Canada Act, Statutes of Ontario, 1925, c. 125, particularly sec. 8 thereof.

The Bill, if enacted as drafted, would have the effect of denying to members of a non-concurring congregation the right of access to the Courts for the determination of their rights, if any, in or to property held in trust for the congregation. In this respect the Bill as drafted may well prejudice rights which exist under the Act of Incorporation of 1930.

The Bill as drafted fails adequately to protect the rights of creditors who may have claims against the corporation at the date the Bill will receive the Royal Assent. The provisions of the Bill as drafted would at that time denude the corporation of all its assets and make it impossible for any creditor to enforce payment of its claim against the corporation. We are satisfied that it was not the intention of the applicants to bring about this result; quite understandably an attempt was being made to avoid interfering to the prejudice of other congregations of the United Churches of Canada with the obligation of any particular congregation to discharge a debt or obligation incurred in respect of property held in trust for such congregation by a revision of clause 9 of the Bill which would leave unqualified the liability of the United Church of Canada to the creditors of the corporation but would leave unaffected the obligation of any particular congregation to save harmless or reimburse the United Church of Canada for any debt with respect to the property held for that congregation, which the United Church of Canada might be called upon to pay. The legitimate objects of the applicant could be achieved without doing violence to the rights of third parties.

On account of the abrogation or extinguishment of the rights to property of the members of non-concurring congregations and the failure adequately to protect the rights of creditors, we recommend that the Bill in the form submitted not pass into law.

If the applicants are prepared to accept, in a form satisfactory to the Legislative Counsel, revisions which would,

- (a) assure the preservation of the rights to property of any non-concurring congregation as was done in The United Church of Canada Act, 1925, c. 125, sec. 8;

- (b) preserve the rights of creditors to be satisfied out of the property of the corporation notwithstanding the vesting thereof in the United Church of Canada,

our major objections to the passing of the Bill would be met.

In such event there would remain three other features of comparatively minor items which we would mention:—

1. The inclusion in paragraph 2 after the words “other body” of the words “other than a congregation”.
2. The revision of the recitals to distinguish between the incorporated corporation and the unincorporated ecclesiastical association.
3. The revision of the recitals to include a statement that the United Church of Canada has agreed to accept the transfer of property upon the terms and conditions set out in the Bill and is prepared to observe such terms and conditions.

Although we feel compelled to recommend that the Bill as presented should not pass into law, if the two major features to which we have made reference are met by appropriate revisions, we are of the opinion that the terms of the Bill as so revised would be proper for carrying into effect its purposes and that it is reasonable that the said Bill should pass into law.

We are returning herewith the petition and the Bill duly signed by the Commissioners endorsed with a note of our recommendations and four copies of the transcript of the hearing before the Commissioners on 20th day of March, 1968.

Yours truly,

F. G. MACKAY, J.A.,
A. KELLY, J.A.,
Commissioners of Estate Bills.

Since preparing the foregoing report, the solicitor for the applicants has laid before us a copy of Bill Pr1 in which he has caused to be inserted certain suggested amendments designed to meet some but not all of the matters referred to in the foregoing report.

The inclusion in the Bill of such suggested amendments would meet the features upon which we have commented save that with respect to the rights to property of non-concurring congregations. No attempt has been made by the applicants to suggest any amendment which would meet this objection—on the contrary, it would appear to us that the applicants are not prepared to suggest or to agree to any amendment with respect to that objection we have taken to the Bill as submitted, that is, that it is capable of prejudicially affecting the rights of non-concurring congregations or the members thereof to property and of denying access to the Courts for the determination of such rights.

In addition to the documents above mentioned, we are attaching to this report the copy of Bill Pr1 with the amendments submitted by the solicitor for the applicant, the same being identified by our signatures. To remove any doubt with respect to our views, we would again recommend against the passing of this Bill even if there be incorporated in it all of the suggested amendments submitted by the applicants and incorporated in the copy of the Bill last above referred to.

Bill Pr44, An Act respecting The Toronto City Mission.

THE SUPREME COURT OF ONTARIO (Crest) Osgoode Hall, Toronto 1,
March 21st, 1968.

THE HON. MR. JUSTICE MACKAY,
THE HON. MR. JUSTICE KELLY.

Roderick Lewis, Esq., Q.C.,
Clerk of the Legislative Assembly,
Parliament Buildings,
Toronto 2, Ontario.

Re: Bill Pr44, An Act respecting The Toronto City Mission.

Dear Sir:

The undersigned as Commissioners of Estate Bills, as provided by The Legislative Assembly Act, R.S.O. 1960, Chapter 208, Section 57, having had the above-noted Bill referred to us as Commissioners, now beg to report thereon.

Your Commissioners appointed the 12th day of March, 1968, at 9.30 a.m. to consider the petition and Bill and gave notice thereof to the applicant. On the hearing, Mr. M. N. Ellis appeared for the petitioner and submitted the petition of Gordon V. Crofoot and others.

In addition to the facts recited in the petition, the Commissioners were informed that prior to the incorporation of the Corporation by Letters Patent dated 3rd day of December, 1910, an unincorporated body known as The Toronto City Mission had, for a very considerable number of years, carried on the same charitable activities as were carried on by the Corporation after incorporation; that, after the 2nd day of January, 1956, when the Corporation was dissolved by reason of its failure to file returns under The Corporations Information Act, members of the dissolved corporation carried on and still carry on the identical charitable work, as an unincorporated association, under the name of The Toronto City Mission.

Your Commissioners are satisfied that despite the dissolution of the Corporation no rights to the property vested in the Corporation at the date of its dissolution have been acquired by any person, persons or corporation other than the said unincorporated association and that no rights which would be adversely affected by the enactment of this Bill were at any time nor are now vested in any person, persons or corporation.

We recommend that the Bill, if it is to pass into law, should be redrafted in the following form:

BILL Pr44

1968

An Act respecting The Toronto City Mission

WHEREAS Gordon V. Crofoot, Edward S. Fish, J. A. Northey, Harold D. Poole, Lawrence M. Stark, Ivy M. Bunt and Marjorie E. Finch by their petition have represented that The Toronto City Mission, hereinafter called "the Corporation", was incorporated by letters patent, dated the 3rd day of December, 1910, as a Corporation without share capital having religious, philosophical and charitable objects; that the Honourable The Provincial Secretary by Order, dated the 28th day of November, 1955, made under the authority of subsection 2 of Section 325 of *The Corporations Act, 1953*, cancelled the letters patent of the Corporation and declared it to be dissolved on the 2nd day of January, 1956; that both before its incorporation and after its dissolution The Toronto City Mission carried on its religious, philosophical and charitable undertakings as an unincorporated association, in the name of "The Toronto City Mission" which name and style has been used continuously by the petitioners or their predecessors since A.D. 1890; that the petitioners were all the directors of the Corporation at the time of its dissolution and since its dissolution have carried on the Corporation's religious, philosophical and charitable undertakings as an unincorporated association named "The Toronto City Mission"; that the notice of default in filing annual returns required by the said subsection 2 of Section 326 of *The Corporations Act* was not received by any of them and none of them was aware of the dissolution of the Corporation until more than ten years after the date thereof; and the Corporation at the time of its dissolution was actively carrying on its affairs and was the owner of real and personal property in the Province of Ontario; and whereas the petitioners have prayed for special legislation reviving the Corporation and altering the quorum of its Board of Directors; and whereas it is expedient to grant the prayer of the petition;

Therefore, Her Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:

1.—(1) The Toronto City Mission incorporated by letters patent dated the 3rd day of December, 1910, is hereby revived and is declared to be a subsisting Corporation and shall be deemed to have been a subsisting Corporation since its incorporation in the same manner and to the same extent as if it had not been dissolved.

(2) All property both real and personal vested in the said Corporation The Toronto City Mission at the date of its dissolution which has not since been disposed of by the unincorporated association known as The Toronto

City Mission and all property both real and personal now vested in the incorporated association known as The Toronto City Mission is hereby vested in the said Corporation.

(3) The Corporation is exempt from the requirements of Section 3 of *The Corporations Information Act* or any predecessor thereof, in respect of annual returns required to be filed for the years 1911 to 1965, both inclusive.

2. Two-fifths of the members of the Board of Directors of the Corporation constitute a quorum of the Board.

3. This Act comes into force on the day it receives Royal Assent.

4. This Act may be cited as *The Toronto City Mission Act, 1968*.

We are of the opinion that the intent of the Bill in the form so amended is reasonable and that the terms of it are proper for carrying into effect its purposes and that it is reasonable that the said Bill should pass into law.

The Bill in the form as amended by us duly signed by us as Commissioners and a copy of the petition for the same, together with the document referred to herein, are accordingly returned herewith.

FORTIETH DAY

PRAYERS

2.30 O'CLOCK P.M.

On motion by Mr. Robarts,

Ordered, That, when this House adjourns today, it stand adjourned until Monday, April 22nd, at 2.30 o'clock p.m.

The following Bills were introduced and read the first time:—

Bill 95, An Act to provide for the Control of Forest Tree Pests. *Mr. Brunelle.*

Bill 96, An Act respecting the Northerly Boundary of Lot 19, Concession XIV, in the Township of Tay. *Mr. Brunelle.*

Bill 101, An Act to amend The Railway Fire Charge Act. *Mr. Brunelle.*

Mr. Speaker delivered his ruling on Statements before the Orders of the Day in accordance with his undertaking given to the House yesterday, as follows:—

“Yesterday before the Orders of the Day I had agreed that certain private members should be allowed to rise for the purpose of making a statement. This decision had been taken by me so that, when the member first so to rise had begun his statement, I could then rule as to whether or not it fell within the Rules and Practices of the House. In this manner, it was my opinion, each Member of the House would then have full and fresh knowledge of what was and what was not permitted by the Rules and Usages of the House. Before this procedure had been followed, the Honourable Member for London South rose in his place and stated a point of order with respect to statements before the Orders of the Day. While the Honourable Member was strictly out of order in anticipating what might happen, I was pleased to take his point of order under consideration and requested the Private Members concerned to withhold their proposed statements until I had considered the matter and formulated a ruling.

This I have now done and state as follows:—

The authorities and precedents make it absolutely clear that Ministers having the responsibility of administering Departments are charged with the obligation of making statements to inform the House of actions to be taken by their Departments and other matters of public interest on which they deem the House should be advised. This has always been regarded as both the duty and the privilege of the Ministry.

Neither in this House nor in any other jurisdiction, so far as I can ascertain, has this duty and privilege been extended to Private Members. As a matter of courtesy, the House has, from time to time, permitted Private Members to bring what might be termed social or sporting events within their Riding to the attention of the House, such as championship teams, important anniversaries, such events as the Stratford Festival and similar matters. If it is the wish of the House that this be continued, I am happy to acquiesce, provided that such matters are brought to the attention of Mr. Speaker prior to being mentioned in the House. However, this privilege does not and never has extended to statements on matters of policy, public business or anything other than the courtesy matters referred to.

To sum up, statements before the Orders of the Day are inextricably bound up with the onus of departmental administration.

Perhaps it would be of assistance to the House to remind it of the reason why there is no debate on such statements. Before there can be a debate, there must be either a motion or an Order of the Day before the House. In the case of the ministerial statement before the Orders of the Day, there is neither.”

The House resolved itself into a Committee to consider certain Bills and, after some time spent therein, Mr. Speaker resumed the Chair, and the Chairman reported,

That the Committee had directed him to report the following Bills without amendment:—

Bill 26, An Act to amend The Hunter Damage Compensation Act, 1962-63.

PRAYERS

2.00 O'CLOCK P.M.

The following Bills were introduced and read the first time:—

Bill 120, An Act to amend The Secondary Schools and Boards of Education Act. *Mr. Davis.*

Bill 121, An Act to amend The Hospital Services Commission Act. *Mr. Dymond.*

Bill 122, An Act to amend The Pharmacy Act. *Mr. Dymond.*

Bill 123, An Act to amend The Medical Act. *Mr. Dymond.*

Bill 124, An Act to amend The Time Act. *Mr. Jessiman.*

Before the Orders of the Day, Mr. Speaker ruled as follows:—

“On Monday, May 13th, the Member for Scarborough West asked me to rule with respect to the privileges as Members of the House of the Member for Beaches-Woodbine and himself and specifically to rule as to whether or not the Resolution standing in the name of the Leader of the Opposition is in order, in whole or in part.

The Honourable Member also furnished me with a memorandum of certain material in support of his request. My conclusions in this matter are as follows:—

1. The Honourable Member for Scarborough West is quite correct in his submission that a ruling may not be requested or made under Rule 21 until a vote has actually been cast by the Member in question, at which time the matter is raised, not as a point of order, but by a motion to set the Member's vote aside on the grounds that he has a direct pecuniary interest. In other words, one cannot anticipate the Member's action and rise to a point of order before the event. In this connection, I should perhaps point out that such a motion can only be made where there has been an actual division on which the Member has voted. It does not apply where a motion has been declared carried in the absence of any dissenting voice.
2. Similarly, I have no right to rule on the application of Rule 21, to votes cast by the two Members until such votes have actually been cast.
3. I now come to the question of the Notice of Motion standing in the name of the Leader of the Opposition. As I have previously stated, I am in agreement with the submissions of the Honourable Member for Scarborough West, so far as they apply to a vote cast and the effect of Rule 21 thereon. However, I am of the opinion that none of the Honourable Member's allegations, nor the precedents cited by him, have any application to the Notice of Motion, which does not specifically refer to the right of the Members to vote, but, as a substantive resolution, asks that the House, through one of its Standing Committees, decide whether or not a conflict of interest does in fact exist, with respect to the two Members referred to, or other Members who may do business directly or indirectly with the Government. I cannot find that the proposal contained in this Notice of Motion conflicts with any Rule of the House, particularly in view of the wide range of subject matter which has been permitted to be placed on the Notice Paper by way of Resolution, in recent years. It may be that the reference contained in the Notice to Rule 21 is not accurate for the reasons stated above. I am asked to rule that Section 9 of The Legislative Assembly

Act does not apply for the reason that there is no contract or agreement between the two Honourable Members and Her Majesty, or with any public officer or Department. This question, I suggest, is outside my jurisdiction. Whether or not such a contractual relationship exists is surely a matter of evidence and law, and I am, therefore, unable to rule that the Notice in its total import and in its reference to Section 9 of The Legislative Assembly Act is out of order."

The House, according to Order, resolved itself into the Committee of Supply.

(In the Committee)

Mr. Robarts moved,

That Mr. Speaker do leave the Chair and that the House resolve itself into the Committee of Supply.

Mr. MacDonald moved, seconded by Mr. Renwick,

That the motion be amended by adding thereto the following words:—

“That this House concurs in the historic words of that renowned statesman, the late Sir Winston Churchill, K.G., O.M., C.H., F.R.S., that,

‘the Conservative Party is nothing less than a deliberate attempt on the part of important sections of the propertied classes to transfer their burdens to the shoulders of the masses of the people and to gain greater profits for the investment of their capital by charging higher prices’

and that, among other things:—

- (a) by failing to control exorbitant increases in consumer prices through a Prices Review Board, and by failing to establish a floor on family income through adequate minimum wages and guaranteed incomes;

- (b) by cancelling out the pre-election promise of a \$50 saving per family through the Basic Shelter Exemption by a post-election hike in regressive taxes, including hospital premiums, of \$125 per family;
- (c) by rejecting universal medicare which would permit a 50% reduction in medical premiums;
- (d) by failing to protect farmers from corporate exploitation of all kinds and by failing to ensure them a fair share of provincial income;
- (e) by failing to develop the full potential of northern Ontario by not requiring the processing of its rich resources at home and by not providing conditions which will attract other secondary industry in order to diversify the economy of the North, increase employment opportunities and reduce the high cost of living which results from an under-developed economy;
- (f) by pursuing housing and urban renewal policies in conjunction with the Federal Government based on a philosophy of socialism for the rich and free enterprise for the poor amounting to a denial of the Government's Throne Speech promise of adequate housing at reasonable cost for all Ontario residents;
- (g) by failing to protect tenants from soaring rents and unfair lease terms through the establishment of a Rental Review Board and revision of archaic landlord and tenant law including provision for a standard lease;

the Government has forfeited the confidence of this House and the people of Ontario."

And, a debate arising, after some time the amendment was lost on the following division:—

Before the Orders of the Day, Mr. Speaker delivered the following ruling:—

As requested, I have considered the application of the *sub judice* rule to the proceedings of this House; particularly taking into consideration the suggestion that the rule is not applied as broadly in the Parliament of the United Kingdom as in this House. I find the contrary to be true. There is no doubt that in all jurisdictions that have been examined, including the United Kingdom, matters referred to Royal Commissions are *sub judice*, whether referred by Order in Council or by the House itself. In the United Kingdom the rule has also been extended to matters referred by the House to such tribunals or even to Select Committees of the House. As Mr. Speaker Morrow pointed out in his review of the *sub judice* rule on March 30th, 1966, the rule has even been extended to minor Boards and Commissions such as Arbitration Boards or any other Board to which matters have been referred, the discussion of which could prejudice the rights of persons being examined thereby. However, as Speaker Morrow pointed out at that time, wider discretion is permitted to the Speaker with respect to matters referred to these minor Boards. If he is concerned that someone's rights may be prejudiced he will intervene immediately, otherwise he may allow the discussion to proceed. This discretion, of course, also applies to the Chairman of the Committees of the Whole House.

To sum up, the whole basis of the rule is that the House must be extremely careful not to discuss any matter when that discussion as reported in the public press might prejudice someone's right to a fair hearing.

For a comprehensive review of the rule I refer Members to the ruling of Mr. Speaker Morrow, above referred to, to be found on page 106 of the Journals of the House, 1966.

NINETY-SEVENTH DAY

TUESDAY, JULY 16TH, 1968

PRAYERS

10.00 O'CLOCK A.M.

Before the Orders of the Day, Mr. Speaker addressed the House as follows:—

“Last week the Honourable Member for High Park (Mr. Shulman) rising on a point of privilege appealed to Mr. Speaker and to the Leader of the Government with respect to a certain newspaper report. In company with the Honourable Member for High Park (Mr. Shulman) and the Honourable Member for Humber (Mr. Ben) I listened to the taped recording of the proceedings of the House on the occasion giving rise to the report. It was quite evident from this recording what actually was said on this occasion.

Yesterday I received a letter from the Honourable Member for High Park (Mr. Shulman) in which he stated that in view of correspondence received by him from the newspaper in question he wished to withdraw his request that the publisher of the newspaper, which published the report in question, be called before the Bar of the House.

In order, however, that the mistaken view of the Honourable Member for High Park (Mr. Shulman) as to the procedure to be followed in this House under such circumstances may be corrected and as guidance for the Members in the future, I wish to clarify such procedure.

The procedure to bring an offender before the Bar of the House is one which has not been used in this Legislature for a very long time. In fact, in the only

instance of which I can find record, the offender presented himself before the Bar of the House voluntarily, so that the procedure to force his attendance was not required. However, the procedure for such action is as follows:—

If the offense complained of is an article published in a newspaper, the Member raising the matter stands in his place on a matter of privilege, informs the House through the Speaker of the particulars of his complaint, and either sends it to the Table to be read, or else reads it himself before sending it to the Table, in which case the reading at the Table is usually dispensed with. He then moves a motion to declare the article a breach of one of the privileges of the House. This motion is debatable and if defeated ends the matter. If, however, the motion is adopted, the mover may then move a second motion to call the offender before the Bar of the House.

It is interesting to note that in the House of Commons in the United Kingdom, for some time past, the second motion is not moved; the House has contented itself with recording by its vote, that a breach of privilege has occurred but has not proceeded to the punitive action of calling the offender before the Bar of the House.

It should be noted that if the Member declines to move the first motion, i.e., declaring the article a breach of privilege, that ends the matter and the House proceeds to the Orders of the Day without reaching any decision on the alleged offense. Furthermore, such motions must have a seconder and if there is no seconder the matter is dropped.”

Answers to Questions Nos. 9, 43 and 60 were Tabled (*See Hansard*).

The House resolved itself into a Committee to consider a certain Resolution and certain Bills.

After some time Mr. Speaker resumed the Chair, and the Chairman reported that the Committee had come to a certain Resolution as recommended by the Honourable the Lieutenant Governor as follows:—

- (2) the paltry commitment in dollars and initiative towards alleviating the worsening housing difficulties;
- (3) the lack of initiative in maintaining the Ontario sugar beet industry which will add new financial hardships to the agricultural economy;
- (4) the absence of a wage/price review board that should be operating in areas of provincial jurisdiction to assist in easing the cost of living and to act against inflation;
- (5) the lack of an over-all reform of the grant policy to assist municipalities in reducing local taxes, particularly as they are related to school costs;
- (6) that no effective program for the industrial and economic growth of Northern Ontario has been proposed which would channel private and public funds into the development of our natural resource areas.

MAY IT PLEASE YOUR HONOUR:

We, Her Majesty's most dutiful and faithful subjects, the Legislative Assembly of the Province of Ontario, in Session assembled, approach Your Honour with sentiments of unfeigned devotion and loyalty to Her Majesty's person and Government, and humbly beg to present for Your Honour's acceptance a Bill intituled, "An Act for granting to Her Majesty certain sums of money for the Public Service for the fiscal years ending the 31st day of March, 1968, and the 31st day of March, 1969."

To this Act the Royal Assent was announced by the Clerk of the Legislative Assembly in the following words:—

"The Honourable the Lieutenant Governor doth thank Her Majesty's dutiful and loyal Subjects, accept their benevolence and assent to this Bill in Her Majesty's name."

The Honourable the Lieutenant Governor was then pleased to deliver the following gracious speech:—

Mr. Speaker and Members of The Legislative Assembly of Ontario:

I extend warmest greetings to you on this the first opportunity I have had to address the Legislature of Ontario since assuming office as the representative in the Province of Ontario of our beloved Sovereign, Queen Elizabeth II.

I should like to express my deep appreciation of the affectionate welcome I have enjoyed and the confidence which has been expressed for the office which I hold and for myself. I shall endeavour to preserve the dignity of the office of the Lieutenant Governor and to serve our Sovereign and the people of Ontario to the maximum of my ability.

The First Session of the Twenty-eighth Parliament of Ontario is about to end. This Session, which also marks the beginning of the second century of the Province of Ontario, has been one of the longest in the history of the Legislature. Since the Session began on February 14th with the Speech from the Throne read by my distinguished predecessor, the Honourable W. Earl Rowe, the Public and Private Bills placed before you for consideration and approval make this Session one of the most productive in recent years. Those legislative proposals which you have approved will ensure the further strength and ability of the people of Ontario to meet their responsibilities to our Province and to our country. I commend the Honourable Members for their diligence and constructive participation and congratulate each of you on the responsible and dedicated manner in which you discharged your obligations to your constituents and this House.

The Legislative program which this House has approved included enactments which will provide for equality of educational opportunity for all the young people of Ontario. Passage of amendments to The Secondary Schools and Boards of Education Act and to The Separate Schools Act allow for the creation of larger units of administration for public, secondary, and separate schools. A substantial decrease in the number of school jurisdictions will follow. Further developments within the school system of Ontario include amendments to The Schools Administration Act and The Secondary Schools and Boards of Education Act. These authorize the establishment of schools and classes in the French language at the elementary and secondary levels of the public school system.

The Honourable Members approved record expenditures for all facets of our educational system to ensure that it remains one of the most comprehensive and progressive available anywhere. This support will enable our institutions of higher learning to improve upon the quality of programs for which they have already earned an enviable reputation.

A significant and far-reaching development was the transfer of a substantial degree of the weight of taxation borne by property owners. Honourable Members approved several measures which reduced this burden, including The Municipal Tax Reduction Act and those enabling the assumption by the Province from the municipalities of the costs of the administration of justice.

Legislation was approved to implement the program for Equalization of Industrial Opportunity whereby many of our smaller communities are assisted in acquiring industry and, thereby, stimulate more uniform economic growth and employment throughout Ontario.

Improved working conditions will follow legislation of the Department of Labour. The Employment Standards Act replaces several other enactments concerning employment practices and conditions. Under this Act overtime payment beyond 48 hours of work weekly, equality of payment for men and women, and the establishment of seven statutory holidays annually were given support. Amendments to The Industrial Standards Act are intended to improve safe working conditions. Substantial increases in benefits under The Workmen's Compensation Act also were approved.

The well-being of the people of Ontario continued to be safeguarded through continuing attention to the social services required by a growing and vigorous population. Additional benefits under the Health Care Insurance Programs of the Department of Health and welfare services of the Department of Social and Family Services have been strengthened and broadened. Included are out-patient care, essential ambulance services and optometric benefits. Substantial progress is being achieved through an expanding preventive health care program.

Programs for the control of air and water pollution were strengthened, with funds approved to enable the Government's programs to be vigorously pursued.

Consolidated were 18 previous enactments of the Legislature dealing with adult offenders. When complemented by federal legislation, The Department of Correctional Services Act will authorize the establishment of a program

whereby inmates will be permitted to participate in vocational or educational training within the community. The new Act also incorporates the change of name of the Department of Reform Institutions.

Enacted during this Session was The Provincial Courts Act, which provides for the establishment of a Provincial Court in each county and district in Ontario. These courts will absorb and replace the Magistrates and Juvenile and Family Courts and will provide a court system of greater flexibility than heretofore.

Amendments to The Securities Act, The Loan and Trust Corporations Act, The Insurance Act and The Consumer Protection Act provide greater protection to the people of Ontario in their financial dealings.

Legislation was considered and approved to establish the second large regional government in Ontario. The Regional Municipality of Ottawa-Carleton will become a functioning metropolitan community on January 1st, 1969.

The agricultural industry of Ontario was further strengthened by various proposals put before and approved by the Honourable Members. Enactments respecting the marketing of cattle for the production of beef give Ontario farmers authority to establish a beef improvement association and to develop and improve the grading and marketing of beef.

The legislative program put forward by the Department of Transport and approved by the House was the most significant in the eleven-year life of the Department. Legislative measures were taken to assist municipalities in constructing airstrips. Other measures dealt with highway and vehicle safety and contained important advances, including specific recognition of commercial highway transport to the economic life of Ontario. Legislative proposals by the Department of Highways, in concert with the Department's extensive construction program, will further prevent dangerous traffic conditions developing on roads leading to controlled access highways.

During the Session, legislation was approved to establish the Royal Ontario Museum as an independent institution with increased flexibility in serving the interest of the people of Ontario.

Extensive reorganization of two existing Departments of Government was given legislative approval. The new Department of Treasury and Economics will bring together the machinery of the Government for the development of policies on financial and economic management and federal-provincial relations. The Department of Revenue will administer taxation statutes and other revenue legislation. The new Department of Trade and Development is charged with the responsibility for housing and establishment and stimulation of business and industrial activity throughout the Province.

In reviewing the First Session of the Twenty-eighth Parliament of Ontario, I join with the Honourable Members in expressing the gratitude of the people of Ontario to the Public Servants of this Province. This year marks the 50th anniversary of the establishment of the Ontario Civil Service Commission. During this half century the Commission and the Public Servants have dem-

onstrated their deep loyalty and sense of duty in the service of the residents of this Province. On behalf of my Government and the Honourable Members, I commend them for the successful performance of their assigned tasks.

In discharging their responsibilities, all Honourable Members have had ample opportunity to scrutinize thoroughly and give approval to the spending estimates of the Departments of Government. I thank the Honourable Members for making provision for the funds necessary to conduct the business of the Government. The economic growth of Ontario and the excellent financial position of the Province will enable the necessary funds to be raised. I am pleased to note that the affairs of the Government are in excellent order.

In declaring prorogued this First Session of the Twenty-eighth Parliament, I pray that under the guidance of Divine Providence our Province will continue to provide an increasing measure of satisfaction and prosperity for all our people.

The Provincial Secretary then said:—

Mr. Speaker and Members of the Legislative Assembly:

It is the will and pleasure of the Honourable the Lieutenant Governor that this Legislative Assembly be prorogued and this Legislative Assembly is accordingly prorogued.
