PRIVATE MEMBERS' MOTIONS

1. Ms. Bryden - Resolution - That in the opinion of this House the government should establish an all-party committee to study ways of dealing with violence in the family and in particular the following matters (1) preventative educational programs; (2) the establishment and funding of transition houses; (3) the adequacy of health, welfare and counselling services available to the victims of family violence; and (4) the need for revised legislation and changes in police and court procedures to protect battered spouses.

2. Mr. Cooke - Resolution - That this House acknowledges the need in Ontario for an auto industry independent of foreign domination and that to achieve this goal, this House directs the Government to take the necessary immediate steps to establish an Ontario Automobile Program that would seek to reduce Canada's import dependency on engines and parts, reduce the high levels of foreign ownership and rebuild the auto industry in Ontario. To that end the Government should: (1) establish an interdepartmental office of automotive policy that would co-ordinate the design and implementation of the Ontario Automobile Program; (2) establish a short-term community adjustment fund that would provide assistance to laid-off and terminated workers and would assist currently affected communities to restructure their industrial base; (3) obtain a significant presence in the auto parts sector through the creation of a reorganization of the auto parts industry in order to overcome the fragmentation of the industry, its technological obsolescence and the critical shortage of investment capital. The crown corporation should: (1) obtain, where necessary, equity positions in existing Canadian-owned auto parts companies; (2) require the Canadianization of those foreign multinationals who now operate in Ontario or who establish plants in the future; (3) enter into joint venture projects with major automobile companies; (4) negotiate long-term purchasing agreements for Canadian-made parts with major international automobile companies who sell their products in Ontario; (5) undertake, directly or indirectly, research and development into product development, process technology and whole vehicle technology; (6) explore and develop new industrial linkages between the automobile sector and other sectors of the economy. Further, this House directs the Government to request that the Government of Canada introduce content legislation that would achieve a goal of 100% Canadian Value Added. Lost on division April 8th, 1982.

3. Mr. Philip - Resolution - That, in the opinion of this House, the Government should ensure that the following principles are adopted in all rental housing projects which the Ontario Housing Corporation owns or administers: 1. rents shall be geared to net, rather than gross family income, taking into account income tax and other mandatory payroll deductions as well as the cost of basic food and clothing in light of the size of the household; 2. rents shall be adjusted for the duration of any lockout or legal strike to reflect any change in actual net family income, and no recovery of the amounts by which rents are thus reduced shall be made after the labour dispute is settled.

February 23rd, 1983
Section 6-(2)-2

4. Ms Bryden - Resolution - That in view of the necessity of extending to the municipal field the principles of disclosure and limitations on contributions and expenditures contained in the provincial Election Finances Reform Act, 1975, this House directs the government to bring in legislation applicable to candidates covered by the Municipal Elections Act embodying the general principles of the provincial Act but also including specific limits on all expenditures by a candidate related to an election.
5. Mr. Swart - Resolution - That, in the opinion of this House, the Minister of Consumer and Commercial Relations should take action immediately to introduce a Franchise Act based on the recommendations of the 1971 Grange Report. The Act should include provisions for: (1) the formation of a separate branch or division with registrar to administer the Act; (2) full disclosure by franchisor of all details of the scheme including all financial statements; (3) application to all industries and all franchises within each industry; (4) the franchisee to have a four-day cooling off period; (5) prohibition against dealing in franchises except as provided; (6) the administrators of the Act to have the authority to discourage: (a) arbitrary termination; (b) arbitrary refusal of assignments or renewals; (c) arbitrary forfeiture of deposits; (d) forced purchases and secret profits; (e) competitive and discriminatory practices by franchisors.
6. Mr. Sweeney - Resolution - That in the opinion of this House, and as a result of the heightened vulnerability of workers throughout Ontario, the Government should introduce amendments to the Employment Standards Act and the Ontario Business Corporations Act to create, in specified cases, an obligation upon an employer considering worker layoffs or plant shutdowns, to consult with the employees prior to the tentative decision to lay off workers or shut down the plant. Blocked April 15th, 1982.
7. Mr. Swart - Resolution - That, in the opinion of this House, the Minister of Revenue should direct, immediately, the Assessment Branch of his Ministry to locate, through a questionnaire to each householder and home owner, all housing which has urea formaldehyde foam insulation (UFFI) and, further, take immediate steps to reduce the assessed value of such houses proportionate to the reduction of their market value due to the UFFI as the Minister is required to do under the Assessment Act.
8. Mr. Swart - Resolution - That, in the opinion of this House, the Minister of Municipal Affairs and Housing should take action immediately to amend the Municipal Act so that municipalities would license all contractors engaged in the removal of UFFI. Further, the Minister should develop licensing guidelines and urge all municipalities to use them.
9. Mr. Swart - Resolution - That, in the opinion of this House, the Minister of Health should immediately establish a medical task force to examine, analyze, and document the health of those people reporting serious health problems which appear to be caused or triggered by UFFI. The study should include the long-term effects of exposure to UFFI.

10. Mr. Swart - Resolution - That, in the opinion of this House, the Minister of Consumer and Commercial Relations should amend the Ontario Building Code Regulation 925-75 to provide that a municipal building permit is required for the removal of UFFI insulation from all buildings. The amendment should provide for adequate inspecting and testing for formaldehyde gas after removal of the UFFI and prior to retrofiting. Further, guidelines for removal of the UFFI, inspecting and testing of the buildings and subsequent certification, should be prepared and forwarded to all municipalities.
11. Mr. Bradley - Resolution - That, in the opinion of the House, the Government should sell the Canadian Challenger 600 business jet aircraft whose purchase was announced on August 11, 1981, in view of the fact that the Premier and cabinet ministers already have suitable and more economic means of travel, that with a \$1.466 billion provincial deficit, funds would have to be borrowed at the rate of at least 15% to cover the cost of the purchase, that the cost of fuel, storage, pilots and maintenance would be far in excess of that for alternative forms of air travel, that this aircraft would be unable to land at many Ontario airports and in view of the fact that the expenditure of \$10.6 million for the purchase and the ancillary expenditures resulting would better be used to assist the people of Ontario who are confronted with the burdens of unemployment, inflation and excessive taxation. Lost on division April 8th, 1982.
12. Mr. Gillies - Resolution - That this House humbly acknowledges the tremendous contribution of the Boys and Girls Clubs of Ontario to the growth, maturity and development of young people across the province. Moreover, in recognition of the fact that these clubs require significant assistance from their Municipalities, and individual volunteers, to co-ordinate, manage and supervise their programs, this House urges the Minister of Revenue to consider municipal assessment tax exemptions for the registered affiliates of The Boys and Girls Clubs of Ontario. Carried April 15th, 1982.
13. Mr. Rotenberg - Resolution - That this House urge the Federal Government to rescind provisions under section 14 of the Canada Post Corporation Act which prohibit the efficient delivery by businesses and public organizations of their own mail, and, further, that the Federal Government rescind provisions under section 15 of the Canada Post Corporation Act which control the prices charged by private delivery services and have the effect of giving the Post Office a monopoly on the delivery of mail in Ontario. Carried April 22nd, 1982.
14. Mr. Swart - Resolution - That, in the opinion of this House, the government should amend the Retail Sales Tax Act and regulations to eliminate the practice of repeated taxation of a single item by providing that retail sales tax will not be payable upon the resale of a used item.
15. Mr. Riddell - Resolution - That in the opinion of this House, and as a result of the failure of the Provincial Agricultural Code of Practice to protect farmers carrying on normal farming practices from harassment and restrictions, and as a result of the failure of the Food Land Guidelines to preserve agricultural land, the Government should introduce an Agricultural Development and Protection Act to serve as a Farmers' Bill of Rights, which would: (a) Conserve, protect and encourage the

development and improvement of agricultural land for the production of food and other agricultural products including alternate energy production through the establishment of Agricultural Reserves; (b) Protect farmers from harassment and complaints from no-farm encroachment into farming areas; (c) Establish an Agricultural Approvals Board to investigate complaints and make recommendations to the Minister of Agriculture and Food.

16. Mr. Barlow - Resolution - That this House acknowledges Ontario's need for an expanded, more aggressive "Buy Canadian" program, thereby increasing Ontarians' awareness that buying Canadian-made goods is essential to maintaining and creating employment opportunities in our Province. In addition, Ontario should undertake meaningful discussion with the Federal Government and the provinces to identify and assist Canadian suppliers to capitalize on the material and equipment demands from national mega-projects. Carried May 6th, 1982.
17. Mr. Edighoffer - Resolution - That, this House, in view of (1) the present extreme economic stress suffered by residents of Ontario; (2) the recommendation with respect to the Ontario Lottery Corporation contained in the Third Report of the Standing Committee on Procedural Affairs; (3) the fact that the Lotteries Branch of the Ministry of Consumer and Commercial Relations was set up to license non-government lotteries and social gaming events; and (4) the Government's efforts to increase private funding for arts, cultural and recreational activities, directs the Government to place a moratorium on the operations of the Ontario Lottery Corporation and to allow the Lotteries Branch of the Ministry of Consumer and Commercial Relations to fulfill its intended mandate. Declared lost May 13th, 1982.
18. Mr. Wildman - Notice of Reasoned Amendment - That Bill 38, An Act to Establish the Ministry of Industry and Trade, be not now read a second time but be referred back to the Minister with instructions to amend the Bill to incorporate the following changes in its objectives, namely: (1) to increase the degree of Canadian ownership of Ontario industry; and (2) to provide for the use of Crown corporations and joint ventures and to develop key sectors of the Ontario economy where imports dominate. In accordance with Standing Order 54(a) the proposed Reasoned Amendment was not put. July 5, 1982.
19. Mr. Stevenson - Resolution - That in the opinion of this House, and as a result of the increased potential contribution of biotechnology to Ontario's economic and industrial growth, the Government should take the necessary immediate steps to establish an Ontario Biotechnology Advisory Council representative of industry, government and the academic community. The purpose of such a Council would be: (1) to advise the cabinet and the Minister of Industry and Trade on specific policies and programs designed to allow Ontario to take advantage of the opportunities offered by biotechnology; (2) to identify those areas of research and development of biotechnology in which Ontario has a competitive advantage; (3) to encourage, promote and increase public awareness of the benefits of biotechnology; (4) to liaise with industry and universities to ensure appropriate technology transfer; and (5) to undertake appropriate measures to ensure the availability of skilled manpower for the industry. Carried May 27th, 1982.

20. Mr. Roy - Resolution - That, as section 43 of the Constitution Act 1982 provides that certain amendments under the Constitution of Canada that apply only to Ontario may be made by proclamation issued by the Governor General under the Great Seal of Canada as authorized by resolutions of the Senate, the House of Commons, and the Legislative Assembly of Ontario, this House hereby authorizes that the Canadian Charter of Rights be amended by proclamation of the Governor General under the Great Seal of Canada in the manner set out as follows:
- s.17,
amended
1. Section 17 of the Canadian Charter of Rights and Freedoms is amended by adding thereto the following subsection:
- Proceedings
of Ontario
legislature
- (3) Everyone has the right to use English or French in any debates or other proceedings of the legislature of Ontario.
- s.19,
amended
2. Section 19 of the said Charter is amended by adding thereto the following subsection:
- Proceedings
in Ontario
courts
- (3) Either English or French may be used by any person in, or in any pleading in a process issuing from, any court of Ontario that is designated by the Lieutenant Governor of Ontario as a bilingual court.
- s.20,
amended
3. Section 20 of the said Charter is amended by adding thereto the following subsection:
- Communications
by public
with Ontario
institutions
- (3) Any member of the public in Ontario has the right to communicate with, and to receive available services from, any office of an institution of the legislature or government of Ontario in English or French where,
- (a) there is a significant demand for communication with and services from the office in such language; or
- (b) due to the nature of the office, it is reasonable that communications with and services from that office be available in both English and French.

Section 6-(2)-7

21. Mr. Breithaupt - Resolution - That, in the opinion of this House, upon the issuance of a Writ of Election, and until a new Government is sworn in by the Lieutenant Governor, no report, position paper, memorandum or any other document paid for from public funds or prepared by any person paid from public funds may be removed from government files, disposed of or destroyed.
22. Mr. Peterson - Motion under Standing Order 63(a) - That the Government of Ontario, as a result of its irresponsible expenditure of \$650 million for the purchase of 25% of Suncor, failed to discharge its duty to properly manage public funds, and further, by failing to fully disclose the details of the transaction has shown contempt for the Assembly, and therefore does not enjoy the confidence of this House. Lost on division May 11th, 1982.
23. Mr. McKessock - Resolution - That, in the belief that every child should have the opportunity of learning the Judaeo-Christian beliefs on which this country was founded and recognizing that the religious convictions of those other than Christians are fully protected under the Act and regulations, section 50 of the Education Act and regulations pertaining to religious education should be strictly adhered to in the province, particularly recognizing that only 30 percent of Canadians presently attend church regularly so that it is doubly important that students be exposed to Biblical truths and the reasons for our moral standards, and to this end, that subsection 15 of Regulation 28, which allows the Ministry of Education to grant exemptions to Boards, be repealed as it is in conflict with the Education Act, section 235, subsection 1(c) which requires a teacher to inculcate by precept and example respect for religion and the principles of Judaeo-Christian morality. Carried June 24th, 1982.
24. Mr. Shymko - Resolution - That, in the opinion of this House, the Chairman of Management Board of Cabinet, in collaboration with the Secretary for Social Development, the Minister of Community and Social Services and the Minister of Government Services should set an example to the private sector by immediately examining the feasibility of establishing appropriate self-financing facilities for day-care in the workplace or other desired day-care arrangements for the Ontario Government's parent-employees in the Queen's Park Complex; that the day-care facilities and services' feasibility study should be conducted in consultation with concerned parent-employees, OPSEU, and the Women's Bureau of the Ministry of Labour; and that in the opinion of this House, any recommendation from these Ministries should be received and acted upon by this House within one year following the adoption of this Resolution. Lost on division June 3rd, 1982.
25. Mr. Renwick - Notice of Reasoned Amendment - That Bill 60, An Act to provide for the Institution of Complaints for Certain Assessments made in the Year 1981 in the City of Toronto, be not now read a second time but be referred back to the Minister of Revenue with instructions to amend the Bill to restore the assessment shown on the Assessment Roll for the City of Toronto returned on the 22nd day of December, 1982: (a) for each Assessment Roll number set out in the schedule to the bill; and (b) under any other Assessment Roll number not set out in the schedule to the Bill

where the assessed value of the real property covered by the assessment meets the requirements set out in items (a), (b) and (c) of clause 7 of the Bill; to the assessment as it was shown on the Assessment Roll for the City of Toronto on which the 1981 taxes were assessed by the City of Toronto. In accordance with Standing Order 54(a) the proposed Reasoned Amendment was not put. May 25, 1982.

26. Mr. Foulds - Motion under Standing Order 63(a) - That the Government of Ontario, as a result of its failure in the Treasurer's budget to take any substantive action to assist farmers, homeowners, and unincorporated small business to cope with unprecedented high interest rates, and as a result of its failure to create adequate short-term jobs, and its complete failure to create long-term jobs through a government investment or industrial strategy, and as a result of the Government's policy of shifting the taxation burden to those least able to pay through increases in O.H.I.P. premiums and removing sales tax exemptions on a number of essential goods and services, and as a result of the budgetary policy of the Government which attacks the poor instead of attacking poverty, this Government no longer enjoys the confidence of this House. Lost on division June 1, 1982.
27. Mr. Nixon - Resolution - That this House instruct a Standing Committee or Select Committee to initiate a review of the rights of the Native Peoples in Ontario as presently existing and to modernize and upgrade such rights to achieve justice and equity for the Native People as full participants in our national community, including such matters as language and education rights, land claims, hunting and fishing regulations, compensation for pollution damage, the teaching of the historical place and cultural role of Native People and such other matters as pertain to the fulfilling of our provincial constitutional commitment in this regard. Blocked June 10th, 1982.
28. Mr. Cousens - Resolution - That this House acknowledge the positive contributions of Neighbourhood Watch programs in preventing neighbourhood crimes such as vandalism and burglaries, and also that this House encourage interested members of a community to form Neighbourhood Watch groups under the guidance of local police forces. Carried June 17th, 1982.
29. Mr. McNeil - Resolution - That, in view of the success to date of agricultural trade missions in promoting the sale of our farm produce, this House strongly supports and encourages the initiatives of the Ontario Ministry of Agriculture and Food for the expansion of export trade. Carried November 18th, 1982.
30. Mr. Shymko - Resolution - That, in the opinion of this House television coverage by accredited members of the Press Gallery and recognized national, local and cable television companies be permitted in the Chamber at all times during the sittings of the House.
31. Mrs. Scrivener - Resolution - That this House recommends that the Government of Ontario take steps to ensure that persons who are substantially exonerated of charges laid against them under the Criminal Code, whether upon a preliminary inquiry as was the case with Susan Nelles, or after a trial, be compensated for their legal expenses.

February 23rd, 1983
Section 6-(2)-9

32. Mr. Johnston (Scarborough West) - Resolution - That, in the opinion of this House, the Government should take immediate steps to prohibit the use by employers of polygraph tests which are in any way related to terms of employment or applications for employment, including (a) screening job applicants; (b) screening employees for promotion; (c) determining the honesty of employees or applicants; and (d) obtaining personal information from employees or applicants.
33. Ms Bryden - Resolution - That in the light of the Nelles case and other reported cases where persons were incarcerated for long periods and subsequently found not guilty or have had the charges against them withdrawn or proceedings stayed or a conviction set aside because of new evidence, this House urges the Government to develop a system of compensation for persons who suffer substantial financial losses through injustices arising from the workings of the judicial system; and further, that, the Government refer the question to the Ontario Law Reform Commission for study and development of a draft bill to be presented to the Legislature for the next session.
34. Mr. Kennedy - Resolution - That, in the opinion of this House, the Government of Ontario should establish a program to provide compensation to individuals who have been charged with an offence under the laws of Canada or Ontario and who are subsequently discharged or found not guilty whether at a preliminary hearing, at trial or on appeal and who, as a result of the charge and related legal proceedings, have incurred substantial legal costs or suffered substantial loss of reputation or economic losses. The program should be administered by the Criminal Injuries Compensation Board or a similar Board. The administering Board should be given the discretion to decide whether any compensation should be awarded, having regard to all of the circumstances. And, that, this House also recommends that the Government of Ontario should request that the Government of Canada amend the laws of Canada to provide for contributions by the Government of Canada to any fund established for the purposes of the program and provide statutory authority under the Criminal Code (Canada) to permit a court at a preliminary hearing, at trial or on appeal, to recommend whether or not the case is an appropriate case for referral to the administering Board and the Government of Ontario should introduce similar amendments to the laws of Ontario.
35. Mr. Di Santo - Resolution - That, in the opinion of this House, the Government should amend the Retail Sales Tax Act so as to exempt purchasers from retail sales taxes on goods sold by manufacturers whose annual sales do not exceed \$50,000. This would correspond to similar provisions contained in the regulations made under the Excise Tax Act (Canada).
36. Mr. Kells - Resolution - That, this House, recognizing that airborne pollution and acidic precipitation are serious problems in Ontario, recommends that the Government of Ontario seek to increase public awareness of this subject in general and its effects by (1) including the subject of acid rain in curriculum guidelines for Science and Environmental Science at the

Intermediate and Senior levels; and (2) ensuring that resource materials, textbooks and other teaching aids suitable for this purpose are available to Ontario schools. Carried November 4th, 1982.

37. Mr. Watson - Resolution - That in view of the continuing importance of agricultural growth to Ontario, as well as the importance of new scientific and technical developments in the field of agriculture, this House advocates the creation of a Select Committee or a sub-committee of the Standing Committee on Resources Development to examine the levels of both private and public sector funding for agricultural research and development in the Province and to report back to this House or the Standing Committee as is appropriate. Carried December 2nd, 1982.
38. Mr. Runciman - Resolution - That, this Assembly, while acknowledging the world leadership role of the Ontario compulsory arbitration system, is cognizant of the need for continuing review to maintain that role and thus supports the initiation of a study, by a committee of this Legislature, to include, but not be limited to, the following: (i) the concept of a permanent panel of arbitrators vested with guaranteed tenure; and (ii) the establishment of a set of guidelines for arbitrators which would require that arbitration awards be confined to evidence adduced at an arbitration hearing and that such evidence must include an assessment of the economic conditions of the regions that will be affected by their rulings. Carried January 20, 1983.
39. Mr. Epp - Resolution - Whereas the Constitution Act, 1982, provides that certain amendments to the Constitution of Canada may be made by proclamation issued by the Governor General under the Great Seal of Canada upon the authorization of resolutions of the Senate and House of Commons and of the legislative assemblies of the provinces; Now therefore this House authorizes a proclamation to be issued by the Governor General under the Great Seal of Canada, amending section 7 of the Canadian Charter of Rights and Freedoms to read as follows:
- | | |
|---|--|
| <p>Life, liberty
security of
person and
enjoyment
of property</p> | <p>7. Everyone has the right to life, liberty, security of the person and enjoyment of property and the right not be deprived thereof except in accordance with the principles of fundamental justice.</p> |
|---|--|
- and urges that the Senate and House of Commons and the legislative assemblies of the other provinces do likewise.
40. Mr. Reed (Halton-Burlington) - Resolution - That, in order that Ontario Hydro be made accountable to the people of Ontario, in the opinion of this House the Government should: (i) immediately introduce legislation requiring the Minister of Energy on behalf of the Government to issue, on or before the first day of July, 1983, a comprehensive policy directive setting out the policy framework in respect of the production, generation, transmission, distribution, supply, sale, use and development of energy resources in Ontario within which Ontario Hydro must operate. The policy directive and any amendments shall be tabled in the Legislature and shall contain: (a) a statement of the respective duties and functions of the Government of Ontario and Ontario Hydro in relation to energy matters; (b) a specification of the policy objectives of the Government of Ontario in

February 23rd, 1983
Section 6-(2)-11

relation to energy matters; (c) a specification of the financial objectives of Ontario Hydro; (d) a specification of the limitations that may be imposed upon the operations of Ontario Hydro by the Government of Ontario and the conditions under which these limitations may be imposed; and (e) a description of the future operations to be conducted by Ontario Hydro in order to fulfil its responsibilities and assist in achieving the policy objectives established by the Government of Ontario, including an estimate of the extent to which these operations will require financial assistance from the Government of Ontario; and (ii) immediately appoint a committee of the Legislature to review Ontario Hydro's proposed system expansion program, its performance in relation to the above-mentioned policy framework, and such other matters as the Committee may consider relevant for its purposes. Lost on division January 20, 1983.

41. Mr. Van Horne - Resolution - That this Assembly instruct the Provincial Auditor to perform a comprehensive audit including a program of evaluation of the functions and administration of the Ombudsman's office.
42. Mr. Philip - Resolution - That, this House condemns the closure of the CAMCO plant in Weston, probably the most modern in the CAMCO chain, and its relocation in Hamilton, which now appears certain, despite the notification by the Union to the Company that it will oppose this closure by every means possible; particularly in view of the fact that the Government of Canada is giving CAMCO \$2,000,000 to \$5,000,000 in grants for the move to Hamilton; and that the Government of Ontario demand that the Federal Government block these grants and make every possible effort to protect the approximately 700 jobs involved in the closure and ask CAMCO to appear before a Committee of the Legislature to justify the closure.
43. Mr. Kolyn - Resolution - That, in view of the increasing efficiency and economy of converting to alternative energy fuels in motor vehicles, and as a further example of the Government's leadership role in stimulating interest in and appreciation for energy conservation, this House urges the Government to consider implementation of an alternative energy conversion programme for all Government vehicles, where such conversion is possible and financially cost effective.
44. Mr. Lane - Resolution - That, this House acknowledges the outstanding contribution of the seasonal resort and tourist industry to the economy of Ontario, in particular, the significant economic contribution of small operators and family run businesses. Further, that this House recognizes that seasonal resorts and tourism operations pay business taxes for the whole of the year yet they operate for only part of the year; and that, in order to sustain small seasonal tourist businesses in Northern Ontario and encourage them to take advantage of opportunities for further development and expand capacities for additional employment, this House recommends that the Minister of Revenue review the application of business taxes to the owners of these properties so as to minimize the impact of these taxes on their seasonal operations.

February 23rd, 1983
Section 6-(2)-12

45. Mr. Reid (Rainy River) - Motion under Standing Order 63(a) - That, this House condemns the Government for: its lack of action in creating and preserving jobs for the citizens of Ontario; failing to recognize the inadequacies of the job creation and economic stimulation measures contained in the Budget of May 13th, 1982; refusing to cut wasteful expenditures to free needed funds for job creation; the using of monies saved by restraint to cover up its own fiscal extravagance rather than fulfilling its responsibility to the people; failing to introduce a new Budget or mini-Budget to deal with the economic crisis it has helped to create; pretending that the programmes announced on November 22nd, 1982, are a sufficient response to this crisis; remaining blind to the need to recognize the structural changes accompanying Ontario's decline and the need for a specific industrial strategy as well as massive retraining programmes to ameliorate these changes; ignoring the \$1 billion job creation and stimulate programmes proposed by the Official Opposition; and failing to demonstrate the will and imagination to lead the Province today; and for all these reasons, this Government lacks the confidence of the House. Lost on Division November 29, 1982.
46. Mr. Dean - Resolution - That, in the opinion of this House, and acknowledging the increased economic hardships facing the people of Hamilton-Wentworth and of other parts of Ontario, arising from the depressed outlook for the steel industry, the Minister of Industry and Trade should: (a) immediately organize a regional manufacturing show in Hamilton to provide a forum for local manufacturers to display items which they import at present and to create an avenue for mutual interchange of product need and manufacturing capability; (b) maximize industrial development opportunities, particularly in import replacement given the high degree of imports of machinery and equipment, in respect to major projects in the oil and gas sector with a view to joint ventures, licensing, and acquisition of new technology to enable Ontario to broaden its industrial base; and (c) pursue discussions with the Government of Canada to ensure that Ontario receives a fair share of contracts from the frigate programme.
47. Mr. Rae - Motion under Standing Order 63(a) - This House condemns the Government for its failure to protect the interests of tenants and homeowners in the Province of Ontario; specifically for its failure to launch a full public inquiry into the sale, and subsequent resales, of nearly 11,000 units in Toronto owned by Cadillac-Fairview, despite evidence of massive profiteering and misleading information being given to a Minister of the Crown by private financial interests; for its imposition of a set of rent review guidelines which continue to impose on tenants the cost of speculation and intolerably high interest rates; for its failure to introduce legislation which embodies the principle that comprehensive and not just temporary, rent review and control should become a permanent part of the legal and economic landscape of the Province; for its failure to introduce a Speculation Tax on speculative transfer of land and housing; for its failure to relieve the burden of property taxes on middle and lower income homeowners; for its failure to allow homeowners to pay off without penalty closed mortgages at high interest rates, thus preventing thousands of Ontarians from taking advantage of lower rates; for its

failure to introduce legislation which would require full and open disclosure of the identity of beneficial owners and shareholders of companies incorporated pursuant to the laws of Ontario and full disclosure of the ownership of land by such companies, and by companies and individuals resident outside Ontario; for its shortsighted and reactionary decision to conduct a fire sale of lands previously purchased and banked by the Government of Ontario; for its refusal to carry out an intensive programme of construction of new housing in the non-profit, co-operative and public field in order to provide affordable housing, and jobs for thousands of Ontario's people; and for its fundamental failure to recognize that shelter is too precious and important a human need to be left to the caprice of the speculator and the whim of a market place dominated by the principle of private profit and enrichment; and for all these reasons this Government now lacks the confidence of this House. Lost on Division December 14, 1982.

48. Mr. Peterson - Resolution - That, in the opinion of this House, the Government move without further delay to deal with the immediate and urgent needs of senior citizens, particularly the single elderly, by increasing the level of GAINS payment to bring their incomes up to at least 60% of the income level of a married couple in order that they might better be able to maintain a more adequate standard of living and thus a more dignified lifestyle, and implement other much needed reforms to our pension system, including dropping its veto of the "Child Rearing Drop Out Provision" to the C.P.P.
49. Mr. Johnston (Scarborough West) - Resolution - That, in the opinion of this House, the issue of deinstitutionalization of the developmentally handicapped, and specifically the proposed closings of institutions in Brockville, Goderich, St. Thomas, Whitby, Cobourg and Aurora, be referred to an all-party committee which shall hold public hearings in the localities affected and at the Legislature before any closings are initiated in order to: (1) examine the specific plans for alternative community based accommodation and support services for the affected residents; (2) assure all interested parties that there will be no deterioration in the quality of care for the residents of the institutions; and (3) ensure that the specially trained workers now employed in the institutions not be lost to the care system in any deinstitutionalization programme.
50. Mr. Swart - Resolution - That this House endorses the economic and social reform program proposed by the Canadian Council of Catholic Bishops in the document entitled "Ethical Reflections on the Economic Crisis" and urges the Government of Ontario and the Government of Canada to proceed, immediately, with legislative and policy enactments which will implement the five specific short-term strategies outlined in the document, namely: (1) Unemployment rather than inflation, should be recognized as the number one problem to be tackled in overcoming the present crisis. The fact that some 1.5 million people are jobless constitutes a serious moral as well as economic crisis in this country. While efforts should continually be made to curb wasteful spending, it is imperative that primary emphasis be placed on combating unemployment. (2) An industrial strategy should be developed to create permanent and meaningful jobs for people in local communities. To be effective, such a

strategy should be designed to both national and regional levels. It should include emphasis on increased production, creation of new labour intensive industries for basic needs and measures to ensure job security for workers. (3) A more balanced and equitable program should be developed for reducing and stemming the rate of inflation. This requires shifting the burden for wage controls to upper income earners and introducing controls on prices and new forms of taxes on investment income (e.g., dividends, interest). (4) Greater emphasis should be given to the goal of social responsibility in the current recession. This means that every effort must be made to curtail cut-backs in social services, maintain adequate health care and social security benefits, and above all, guarantee special assistance for the unemployed, welfare recipients, the working poor and one-industry towns suffering from plant shut-downs. (5) Labour unions should be asked to play a more decisive and responsible role in developing strategies for economic recovery and employment. This requires the restoration of collective bargaining rights where they have been suspended, collaboration between unions and the unemployed and unorganized workers, and assurances that labour unions will have an effective role in developing economic policies. Withdrawn January 25th, 1983.

51. Mr. Allen - Resolution - That this House endorses the economic and social reform program proposed by the Canadian Council of Catholic Bishops in the document entitled "Ethical Reflections on the Economic Crisis" and urges the Government of Ontario and the Government of Canada to proceed, immediately, with legislative and policy enactments which will implement the five specific short-term strategies outlined in the document, namely: (1) Unemployment rather than inflation, should be recognized as the number one problem to be tackled in overcoming the present crisis. To be effective, such a strategy should be designed to both national and regional levels. It should include emphasis on increased production, creation of new labour intensive industries for basic needs and measures to ensure job security for workers. (3) A more balanced and equitable program should be developed for reducing and stemming the rate of inflation. This requires shifting the burden for wage controls to upper income earners and introducing controls on prices and new forms of taxes on investment income (e.g., dividends, interest). This means that every effort must be made to curtail cut-backs in social services, maintain adequate health care and social security benefits, and above all, guarantee special assistance for the unemployed, welfare recipients, the working poor and one-industry towns suffering from plant shut-downs. (5) Labour unions should be asked to play a more decisive and responsible role in developing strategies for economic recovery and employment. This requires the restoration of collective bargaining rights where they have been suspended, collaboration between unions and the unemployed and unorganized workers, and assurances that labour unions will have an effective role in developing economic policies. It also requires immediate steps to redress the historic exclusion of labour from an ongoing role in effective industrial decision making and ownership.

Section 6-(2)-15

52. Mr. Swart - Resolution - That, in the opinion of this House, the Government should amend the Conservation Authorities Act and the Planning Act so that flood plain mapping, including fill lines, will be considered a restricted land use and be subject to all provisions of the Planning Act. Specifically, the present authority of the Ministry of Natural Resources to designate the flood plain area by regulation should be withdrawn and, instead, flood plain mapping should be a recommendation only for inclusion in municipal official plans and/or zoning by-laws.
