ALEX. C. LEWIS,
Chief Election Officer.

And the House having met,

The Honourable the Lieutenant-Governor, having entered the House, took his seat on the Throne.

Mr. Welsh, the Provincial Secretary, then said:

"I am commanded by the Honourable the Lieutenant-Governor to state that he does not see fit to declare the causes of the summoning of the present Legislature of this Province until a Speaker of this House shall have been chosen according to law, but to-day at a subsequent hour His Honour will declare the causes of the calling of this Legislature"

His Honour was then pleased to retire.

And the Clerk having called for nominations for the office of Speaker, the Prime Minister, Mr. Frost, addressing himself to the Clerk, proposed to the House for their Speaker, Rev. M. Cooke Davies, Esquire, Member for the Electoral District of Windsor-Walkerville, which motion was seconded by Mr. Oliver, and it was

Resolved, That Rev. M. Cooke Davies, Esquire, do take the Chair of this House as Speaker.

The Clerk having declared the Honourable M. Cooke Davies duly elected, he was conducted by the Prime Minister and Mr. Oliver to the Dais, where, standing on the upper step, he returned his humble acknowledgement to the House for the great honour they had been pleased to confer upon him by choosing him to be their Speaker.

And thereupon he sat down in the Chair and the Mace was laid upon the Table.

The House then adjourned during pleasure.

The Honourable the Lieutenant-Governor then re-entered the House and took his seat on the Throne.

Mr. Speaker then addressed His Honour to the following effect:—

May it please Your Honour,

The Legislative Assembly have elected me as their Speaker, though I am but little able to fulfil the important duties thus assigned to me.

If, in the performance of those duties, I should at any time fall into error, I pray that the fault may be imputed to me and not to the Assembly whose servant I am, and who, through me, the better to enable them to discharge their duty to their Queen and Country, hereby claim all their undoubted rights and privileges, especially that they may have freedom of speech in their debates, access to your person at all seasonable times, and that their proceedings may receive from you the most favorable consideration.

The Provincial Secretary then said:

Mr. Speaker,

I am commanded by the Honourable the Lieutenant-Governor to declare to you that he freely confides in the duty and attachment of the Assembly to Her Majesty's person and Government, and not doubting that the proceedings will be conducted with wisdom, temperance and prudence, he grants and upon all occasions will recognize and allow the constitutional privileges.

I am commanded also to assure you that the Assembly shall have ready access to His Honour upon all suitable occasions, and that their proceedings, as well as your words and actions, will constantly receive from him the most favorable construction.

The Honourable the Lieutenant-Governor was then pleased to open the Session with the following gracious speech:

Mr. Speaker and Members of the Legislative Assembly:

As you assemble here today for the First Session of the Twenty-fourth Legislature of the Province of Ontario, we meet in an atmosphere of deep and profound sorrow that His Gracious and Well Beloved Majesty, King George the Sixth is dead. By his great courage, his unsurpassed devotion to duty, his simple dignity, his example as a husband and as a father, his fortitude in adversity and by his serenity of spirit, he has made an enduring impression upon his peoples throughout the world. Truly was he an inspiration to unity of purpose among our great commonwealth of nations. Truly was he our beloved Sovereign. In her grief, we tender to Her Majesty, Queen Elizabeth the Second, our loyalty, our devotion and our affection. It is not long since we were honoured by having her among us and we are confident that her reign will be characterized by the wise and beneficent leadership given so devotedly by her father. We pray that it may be long and happy. To Elizabeth, The Queen Mother, Queen Mary, The Princess Margaret and to other members of the Royal Family, our sympathy and commiseration are extended.

On the occasion of this Assembly, my first as Her Majesty's representative, I wish to take the opportunity of expressing my pleasure in meeting you and to extend a welcome to each one of you, especially to those who sit in this Assembly for the first time. I wish also to express my confidence that as the elected representatives of the people of this Province, you will address yourselves to your duties with diligence and with judgment.

Since the last meeting of this Assembly, the growth of our Province has continued strong and its pace has increased. The urgent and demanding requirements for national defence have been expanding. World events continue to demand the assumption by our nation of increasingly greater responsibilities for our own security and indeed for that of the free world. The conflicting influences of an inflated economy and of measures being taken to halt the trend toward a dangerous inflation are producing problems in government, great in difficulty and complicated of solution. While the Government of Ontario, by virtue of its

constitutional jurisdiction, is limited in its capacity either to control inflationary influences or to take measures which exercise direction upon the national economic structure, nevertheless it will do all in its power to maintain and preserve soundness and security within the nation.

One of the greatest needs of the people of this Province in these troubled and difficult times is for adequate housing. Very considerable progress has been made in this direction but the problem is still most acute. The capacity of our people to build and to own their own homes is not equal to the demands upon them to provide the initial financing. With credit restrictions which have increased the down payment required, there has been a slowing-up in the construction of homes. Measures will be introduced designed to stimulate in several ways the provision of more housing in the Province.

Legislation will also be introduced establishing a Crown Corporation which will qualify as an approved lending institution under the National Housing Act. The purpose of this corporation will be the provision of funds for the construction of homes in the villages, hamlets and farms throughout the Province. Recognizing the need for assistance and encouragement in expanding the agricultural development of the Province, other measures will be introduced under which young farmers may obtain assistance. A prosperous and expanding agricultural industry is essential to Ontario. It is a vital requisite for high standards of healthy living for all our people, and great strides have been taken to make farming more productive and more attractive. Research is constant in the many fields of agricultural development and will be continued unabated.

One of the influences which affects the supply of adequate housing for our people is the control of rents. The Government has continued the control of rents following the abandonment of this field by the Federal Government. New regulations have been formulated with the end in view of assuring, so far as is possible within the restricted jurisdiction of a provincial government, simplicity of operation, clarity of interpretation and intent, and fairness to both landlord and tenant. A select committee of this Legislature will be set up with authority to keep all matters involved in the control of rents, under constant examination and study.

Under the law as it stands at the present time, no one is permitted to bring an action against the Crown represented by the Province of Ontario without Her Majesty's consent, first obtained in appropriate manner. The Government proposes to abolish this requirement in certain cases and the necessary legislation will be introduced for your consideration.

Under legislation passed last year The Hydro-Electric Power Commission of Ontario was empowered to examine the rural telephone systems of the Province with a view to modernization, expansion and general improvement. Substantial progress has been made during the year and further legislation will be introduced to provide for betterment of our rural systems.

The Labour Relations Act of Ontario was designed to enable labour and management to bargain collectively and to provide an atmosphere in which differences can be composed. The conciliation services made available by the Department have operated with a great degree of success. Legislation will be

introduced which will have the effect of improving and strengthening the already highly commendable provisions of The Workmen's Compensation Act.

During the past year a special committee representative of Government, the Municipalities concerned and of the mining industry, has been studying ways and means of making more equitable, the provision of financial assistance to municipalities within the major mining areas of the Province. Proposals which are designed to establish a sound and permanent basis for assistance to our mining municipalities will be submitted for your consideration.

During the past months a committee composed of all of the interests concerned in provincial-municipal relations has been examining the many and complicated problems of this difficult field of government. The attentions of the Government are directed toward the solution of fiscal and other administrative problems of the many municipalities.

The expansion and betterment of our great highway system has been proceeding satisfactorily despite substantial shortages of the many materials required and despite the restrictions upon the construction of public works requested by the Federal Government as a measure against inflation. Motor vehicle registrations continue to increase and the necessity for expansion and improvement of our highway system is correspondingly more pressing. The campaign for safety is being pressed constantly and with vigour. Assistance to municipalities in solving their highway problems will again be given emphasis.

Many of the legislative provisions regarding the incorporation of companies have been under study with the view to improvement and modernization. The Government will introduce for your study and examination, a new and completely revised Companies Act.

With the commencement of the current calendar year, the terms of The Old Age Assistance Act, passed at a special session of the twenty-third Legislature last September, came into effect, concurrently with the commencement of universal old age pensions for Canada. Under the Ontario legislation, and complementary federal legislation, assistance upon a means test of an amount up to forty dollars each month is now being paid to our needy elder citizens between sixty-five and seventy years of age. Legislation will be submitted at this session of the Assembly for your consideration, which will carry further the provision of assistance for needy and deserving citizens of our Province. Under its terms an amount up to forty dollars per month, determined upon a means test, will be paid to persons who are totally and permanently disabled, who are between eighteen and sixty-five years of age and who are not otherwise being provided for under other pension or compensation legislation, or under other public assistance programs.

Legislation effecting clarification and extension of Mothers' Allowances, will also be introduced.

You will be asked to give your consideration to a measure ratifying and confirming an agreement entered into last December between the Governments of Canada and of Ontario under which the Province will undertake the develop-

ment of the Canadian half of the power resources in the international section of the St. Lawrence River, in conjunction with the construction of an all Canadian canal. The Hydro-Electric Power Commission of Ontario will undertake the Ontario share of the power development concurrently with an appropriate agency authorized by the United States and is ready to proceed at once with the work.

With the assistance of the best advice obtainable, the Government is progressing rapidly toward the ultimate goal of fully sustained yield from the vast resources of our forests and Crown lands. Ontario has maintained its lead in forestry reform—and there will be introduced for your study and consideration a consolidation and revision of the laws concerning Crown timber.

The conservation of our fish, game and wild life is of paramount concern and you will be asked to give careful study to proposals designed to control the taking of fish and game from aircraft, or with the use and assistance of aircraft.

Further measures having to do with the treatment of cancer will be introduced. In particular will be a bill establishing an institute of Radiotherapy designed to manage and direct the cancer centre at Wellesley Hospital in Toronto and other outside clinics. Very considerable progress has been made toward the establishment in Ontario of the finest and most modern cancer research facilities in the world. Special mention is made of the introduction of the "Cobalt Bomb" to the treatment facilities of the cancer clinic in Victoria Hospital, London. It is the intent of the Government to take all steps within its power to defeat this dreadful scourge.

A comprehensive program for the rehabilitation of prisoners confined to Ontario's penal and reformatory institutions, has been expanded and strengthened. On an experimental basis a thirty-bed clinic for the treatment of alcoholism among the prison population was opened at the Mimico Reformatory, the first of its kind in America. The results have proved most successful and it is planned to expand these facilities. Supervision by rehabilitation officers after discharge is made available to those requiring help and very good results are being experienced.

A new emphasis has been placed upon the growing importance of probation in the administration of justice, by the appointment of a Chief Probation Officer for Ontario. The function of this official will be to organize and co-ordinate the work of probation services in the juvenile and Family Courts and in the adult courts as well. The extension of probation in justifiable cases should tend to reduce the number of inmates in penal and reform institutions and generally improve the administration of justice.

Provincial grants in aid of education have again been increased during the current year. Increasing population necessarily leads to increasing costs of education and it is the view of the Government that the capacity of our people to meet these costs must be balanced most carefully with the real and essential needs. Only by so doing can our high standards be preserved. The very best of educational facilities are the heritage of the children of our people and the Government will continue to strive toward their maintenance.

Substantial progress has been made in preparations for civil defence. Ontario is the first Province in Canada, and indeed one of the first jurisdictions in the world, to take measures to standardize fire-fighting equipment. It is expected that this work will be completed during this year.

Other legislation will be introduced by the several departments for your consideration, all of which will tend to preserve and to improve the way of life of our people.

There will be presented to you a survey of the fiscal condition of the Province, together with the plans for the ensuing year. The Public Accounts for the last complete fiscal year and the Estimates for the year 1952-53 will all be submitted for your study and consideration.

By their loyal efforts and diligent application to their duties, the members of the Public Service of Ontario have earned our thanks and appreciation. By their devotion your decisions and directions are carried out. Our thanks for the years of long service given by those who have earned retirement during the past year are extended, and we remember with respect those who have died.

May I express the wish that in the interests of the people of our Province, your deliberations and decisions will be guided by Divine Providence.

His Honour was then pleased to retire.

PRAYERS.

3.40 O'CLOCK P.M.

Mr. Speaker then reported,

That, to prevent mistakes, he had obtained a copy of His Honour's Speech, which he read,

Mr. Speaker advised the House that Mr. Oliver, member for Grey South, was recognized as leader of the Opposition.

On motion by Mr. Frost, seconded by Mr. Oliver,

Ordered, That an humble address be presented to Her Most Gracious Majesty the Queen expressing the sincere sympathy of this House on the death of Her father, His Late Gracious Majesty, King George the Sixth, and also conveying to Her Majesty the assurance of the abiding loyalty of the Members of this Her Legislative Assembly of the Province of Ontario, and to these ends that the following Address be adopted:—

To The Queen's Most Excellent Majesty

MOST GRACIOUS SOVEREIGN:

Your Majesty's loyal and devoted subjects, the Members of the Legislative Assembly of the Province of Ontario, have heard with deep sorrow of the death of your beloved Father our Most Gracious King, George the Sixth, and desire to express to you, to Your Gracious Mother, and to all the Members of the Royal Family, the sincere sympathy of this Assembly and of all the people of Ontario in the great loss you have sustained.

His Late Majesty's deep sense of responsibility and His devotion to the duties of His High Office, following on His splendid services as an Officer of the Royal Navy in the First Great War, undoubtedly hastened His death and left the Empire and Commonwealth in a state of sorrow which has probably never before been experienced. His qualities as a man and a Monarch, who lived a good life and who performed a heavy task bravely and well, endeared Him to all His people throughout the World.

May we take the liberty of intruding on your great sorrow by extending our congratulations and expressing our great joy on your accession to the Throne. Your recent visit to our Province has left with us a sense of personal friendship and we feel that in you the Empire has a worthy successor to your Beloved Father. It is our fervent hope and prayer that your reign may be a long and happy one and that under your guidance the Empire and Commonwealth may enjoy an unbroken era of prosperity and peace.

On motion by Mr. Frost, seconded by Mr. Oliver,

Ordered, That the Clerk be instructed to have the Address as approved suitably inscribed and forwarded to Her Majesty through the proper channels.

The following Bill was introduced, read the first time, and ordered to be read the second time to-morrow:—

Bill No. 37, An Act to amend The Summary Convictions Act. *Mr. Porter.*

On motion by Mr. Frost, seconded by Mr. Porter,

Ordered, That the Speech of the Honourable the Lieutenant-Governor to this House be taken into consideration on Tuesday next.

Before moving the Adjournment of the House the Prime Minister briefly welcomed the members who were sitting in the House for the first time and made reference to the three members who are sons of former Ministers of the Crown.

The House then adjourned at 4.18 p.m.

Mr. Nixon asked the following Question, No. 12:—

1. How much money has been spent to date on the proposed four-lane highway to Barrie. 2. What is the estimated cost of completing this road. 3. When did work begin on this project. 4. When is it expected the highway will be completed.

The Minister of Highways replied as follows:—

1. To January 31st, 1952—\$13,687,469.08. 2. Not available. 3. May 17th, 1946. 4. July, 1952.

Mr. Oliver asked the following Question, No. 28:—

Since January 1st, 1952, when an Act to ensure Fair Remuneration to Female Employees, 1951, Chapter 26, came into force, have there been any salary adjustments in the Civil Service in accordance with the intent of said Act.

The Provincial Secretary replied as follows:—

The salary schedules of the Civil Service make no distinction between male and female employees, and civil servants doing comparable work are entitled to the same pay. The Civil Service Commission has notified the various deputy heads that it was the wish of the Government that the intent of the Act should be carried out in the Civil Service, and it is presumed that if any inequalities do exist appropriate salary recommendations will be made when the annual salary revision takes place on April 1st.

Mr. Wren asked the following Question, No. 30:—

1. (a) What is the estimated cost of the proposed Highway east from Atikokan, in the Rainy River District to connect with Shebandowan in the Thunder Bay District; (b) What estimated costs were submitted for an outlet

for Atikokan to the north connecting with Highway Number 17 approximately 30 miles east of Ignace; (c) On what date will the road now under construction be completed; (d) What Contracts have been awarded to date; to what companies, giving the respective amounts. 2. (a) What amount has been expended to date on construction of the road from Savant Lake north to Pickle Lake; (b) Give details of Contracts awarded to date including companies and amounts; (c) At what date will this road be completed according to original plans.

The Minister of Highways replied as follows:—

1. (a) Not available; (b) Not available; (c) October, 1953; (d) Contract 51-71—Grading and structures, mile 2 to mile 13.5, H. J. McFarland Constructing Company Ltd., \$544,260.00; Contract 51-72—Grading and structures, mile 23.5 to mile 33.5, Fort York Construction Company Ltd., \$535,250.00; Contract 51-74—Grading and structures, mile 33.5 to mile 44, Fort York Construction Company Ltd., \$567,450.00; Contract 51-76—Grading and structures, mile 54.5 to mile 65, Harvey Construction Co. The report was then read by the Clerk at the Table as follows:—

The Honourable Chief Justice Robertson,
The Honourable Mr. Justice Gibson.

Osgoode Hall, Toronto 1,
March 13th, 1952.

Alex. C. Lewis, Esq., Q.C.,
Clerk of the Legislative Assembly,
Parliament Buildings,
Toronto 2.

Re Private Bill No. 13, to incorporate the
Trustees of Massey Hall.

Dear Sir:

The Undersigned, as Commissioners of Estate Bills, have considered the above-mentioned Bill, and now beg to report thereon.

Presuming the allegations contained in the preamble to the Bill to be proved to the satisfaction of the House, it is in our opinion reasonable that such Bill do pass into a law, and, subject to the alterations or amendments hereinafter set forth, the provisions of the said Bill are proper for carrying its purposes into effect.

The alterations and amendments that are, in our opinion, proper and necessary to be made in the Bill as submitted, are the following:—

1. In sec. 2, in the 5th line thereof, after the words "for the time being", insert the words "and from time to time".
2. In sec. 5, ss. 3, at the end thereof, add the words, "upon the application of any member of the Board or the Public Trustee".
3. In sec. 9, ss. 2, line 4, after the word "Part", strike out "I" and insert "II".

We return herewith the said Bill and the Petition therefor.

AS WITNESS our respective hands.

Witness:

IRENE ROUSE.

R. S. ROBERTSON,

COLIN GIBSON, J.A.,

Commissioners.

Ordered, That Bill No. 13, An Act to incorporate the Trustees of Massey Hall, together with the report of the Commissioners of Estate Bills thereon, be referred to the Standing Committee on Private Bills.

Mr. Pringle, from the Select Committee appointed to prepare the lists of Members to compose the Standing Committees of the House, presented the Committee's third report which was read, as follows, and adopted:—

Your Committee recommends that the Standing Committees named hereunder be composed as follows:—

COMMITTEE ON GOVERNMENT COMMISSIONS

The Quorum of the said Committee to consist of five members.

On motion by Mr. Frost, seconded by Mr. Welsh,

Ordered, That a Select Committee of this House be appointed to enquire into and review The Companies' Act of the Province of Ontario and related Acts, including The Extra Provincial Corporations Act, The Companies' Information Act, The Mortmain and Charitable Uses Act and regulations made thereunder and making such enquiry into similar legislation of the Parliament of Canada and the Legislatures of the respective Provinces of Canada and other jurisdictions and the Committee on Uniformity of Legislation, with a view to recommending improvements in the legislation of this Legislature which is in force in this Province, and for these purposes to consider a Bill to be submitted to this House under the title of The Companies' Act, 1952.

And that the Select Committee have authority to sit during the interval between Sessions and have full power and authority to appoint or employ counsel and secretary and such other personnel as may be deemed advisable and to call for persons, papers and things and to examine witnesses under oath, and the Assembly doth command and compel attendances before the said Select Committee of such persons and the production of such papers and things as the Committee may deem necessary for any of its proceedings and deliberations, for which purpose The Honourable The Speaker may issue his warrant or warrants.

And the said Committee to consist of nine members to be composed as follows: Messrs. Roberts (St. Patrick), Chairman; Porter, Welsh, Thomas (Elgin), Brandon, Nickle, Weaver, Chartrand and Grummett.

The following Bill was introduced, read the first time, and referred to the Select Committee on Company Law.

Bill No. 87, The Companies Act, 1952. *Mr. Welsh.*

The following Bill was introduced, read the first time, and ordered to be read the second time on Monday next.

Bill No. 88, An Act to amend The Conservation Authorities Act. *Mr. Griesinger.*

Mr. Manley asked the following Question, No. 34:—

1. What amount did the Province contribute toward the cost of the cold storage plant at Belleville of the Ontario Cheese Producers' Association. 2. Is any other assistance given to this plant or its operation and maintenance. 3. In the last complete fiscal year in which the former Cheese Bonus was in effect, how much did such bonus amount to in the entire Province.

The Minister of Agriculture replied as follows:—

1. \$234,821.64. 2. No. 3. 1948-49: \$547,461.84.

Mr. Grummett asked the following Question, No. 35:—

1. As of December 31st, 1951, (a) how many persons were in receipt of mothers' allowances; (b) how many recipients were receiving allowances by reason of having been deserted by their husbands. 2. In each month of 1951, what was the amount paid in allowances (a) to all recipients of mothers' allowances; (b) to deserted mothers. 3. In how many cases during 1951 was the discretionary supplementary allowance of \$10 a month granted. 4. In how many cases during 1951 was a discretionary supplementary allowance (a) reduced; (b) cancelled (for any reason other than cessation of the allowance).

The Minister of Public Welfare replied as follows:—

1. (a) 7,520 families; (b) 932 families. 2. (a) January, \$474,510.83; February, \$482,691.92; March, \$481,912.37; April, \$499,516.59; May, \$491,200.45; June, \$468,413.00; July, \$466,232.30; August, \$468,114.00; September, \$474,207.48; October, \$514,741.66; November, \$496,226.01; December, \$529,859.36; (b) January, \$60,154.78; February, \$62,085.56; March, \$61,342.77; April, \$61,137.91; May, \$63,066.41; June, \$60,283.00; July, \$60,012.50; August, \$60,287.00; September, \$61,505.00; October, \$62,061.75; November, \$66,718.06; December, \$67,125.59. 3. 1,446 families. (This figure represents the number of new grants of special assistance throughout the year and does not include those cases which were on the pay list and already receiving the special assistance.) 4. (a) Since the number of reductions would be only 3 or 4 and, therefore, not sufficient to warrant the setting up of accounting procedure for tabulation, these cases are included in the answer to 4 (b); (b) 305.

Mr. Houck asked the following Question, No. 50:—

1. In each of the years from 1944 to 1951 inclusive, how much was spent by the Department of Travel and Publicity on (a) advertising, (b) publications, (c) other forms of publicity, (d) salaries and expenses of persons engaged primarily in work related to these activities, where the amount of such salary and expenses has not been included under categories (a), (b) or (c).

Stanley Lamming, Sault Ste. Marie	Regular-Distributor licence refused. No need of additional service.
Forest Co-operative Creamery, Forest	Distributor licence refused. No justification for a second licence.
John Hotham, Seaforth	Volume of sales in market does not warrant a second distributor.

Graham Creamery Co. Ltd., Alexandria	Regular-Distributor licence refused. Court case against this Distributor awaiting Magistrate's decision.
Douglas Rowat, Kingsville	Regular-Distributor licence refused. No evidence of inadequate service, poor quality, or the need of additional service.

Mr. Houck asked the following Question, No. 53:—

1. How many members are there on the Milk Control Board of Ontario. 2. Who do they represent and what were their former occupations. 3. What salary do members of the Milk Control Board receive. 4. How many applications for a licence to pasteurize and distribute milk in the Province of Ontario were turned down by the Milk Control Board in 1951. 5. What reason was given for not granting the applications. 6. Is it against the law for an owner of a dairy to sell milk testing over 4% butter-fat unless it is labelled as Special Milk and consequently selling at a higher price. 7. Is it against the law in Ontario for an owner of a dairy to offer to sell similar milk at a price below that of his competitor.

The Minister of Agriculture replied as follows:—

1. Four. 2. Members not representative of any group. 3. Chairman, \$5,000 a year; Members, \$25.00 per day for Board meetings. 4. Sixteen. 5. See Question 49 (3). 6. No. 7. No.

The Order of the Day for resuming the Adjourned Debate on the Amendment to the Amendment to the Motion for an Address in Reply to the Speech of the Honourable the Lieutenant-Governor at the opening of the Session, having been read,

The Debate was resumed and, after some time, the amendment to the amendment, as follows:—

That the Amendment to the Motion for an Address in Reply to the Speech of the Honourable the Lieutenant-Governor now before the House be amended by adding thereto the following:—

“And this House further regrets that the Government has failed to supplement the inadequate pensions paid to recipients of Old Age Assistance, or to provide relief for employable unemployed men and women and their families who are at present in serious need.”

having been put, was declared to be lost.

The Amendment to the Motion, as follows:—

That the Motion for an Address in Reply to the Speech of the Honourable the Lieutenant-Governor now before the House be amended by adding thereto the following words:—

“1. That no definite interim assistance is being provided by the Government for the relief of Municipalities pending the report of the Provincial-Municipal

Committee. 2. That the Government has failed to provide adequate assistance to meet the rising costs of Education in the Municipalities. 3. That the Government has failed to disclose any plan to remedy the obvious defects in The Labour Relations Act (1950). 4. That the Government has failed to forecast legislation which would implement the unanimous recommendations of the Select Committee on Conservation."

having been put, was lost on the following Division:—

Resolved, That an humble Address be presented to the Honourable the Lieutenant-Governor of the Province of Ontario, as follows:—

*To the Honourable Louis O. Breithaupt,
Lieutenant-Governor of the Province of Ontario.*

We, Her Majesty's most dutiful and loyal subjects, the Legislative Assembly of the Province of Ontario, now assembled, beg leave to thank Your Honour for the gracious speech Your Honour has addressed to us.

The Address, having been read the second time, was agreed to.

Ordered, That the Address be engrossed and presented to the Honourable the Lieutenant-Governor by those Members of this House who are Members of the Executive Council.

On motion by Mr. Frost, seconded by Mr. Porter,

Ordered, That this House will to-morrow resolve itself into the Committee of Supply.

On motion by Mr. Frost, seconded by Mr. Porter,

Ordered, That this House will to-morrow resolve itself into the Committee on Ways and Means.

The House then adjourned at 6.30 p.m.

NOTICES OF MOTIONS

87. Mar. 19.—*Mr. Oliver*—Enquiry of the Ministry—In each of the years 1948-49-50-51 what was the total expenditure by the Province toward the cost of snow removal. Indicate separately expenditure on King's Highway, County Roads, etc.

THURSDAY, MARCH 20TH, 1952

PRAYERS.

3 O'CLOCK P.M.

Mr. Nickle, from the Standing Committee on Private Bills, presented the Committee's Fourth Report, which was read as follows and adopted:—

Your Committee begs to report the following Bill without amendment:—

Bill No. 23, An Act respecting the Township of Pelee.

Your Committee begs to report the following Bills with certain amendments:—

Bill No. 4, An Act respecting Sarnia Young Men's and Young Women's Christian Association.

Bill No. 11, An Act respecting the Synagogue and Jewish Community Centre of Ottawa.

Bill No. 22, An Act respecting the Young Men's Christian Association of Belleville.

Bill No. 32, An Act respecting the City of Kingston.

Your Committee would recommend that the fees less the penalties and the actual cost of printing be remitted on Bill No. 4, An Act respecting Sarnia Young Men's and Young Women's Christian Association; Bill No. 11, An Act respecting the Synagogue and Jewish Community Centre of Ottawa; and on Bill No. 22, An Act respecting the Young Men's Christian Association of Belleville.

Mr. Reaume asked the following Question, No. 10:—

1. What has been the total cost to date of the J. Clark Keith Steam Generating Station at Windsor. 2. Is this work being done on a contract basis. 3. If so, was the Contract(s) let as the result of tenders being called.

The Honourable Mr. Challies replied as follows:—

1. The total cost to January 31st, 1952, of the J. Clark Keith Steam Generating Station at Windsor is \$25,791,854. 2. Yes. 3. Yes.

Mr. Manley asked the following Question, No. 18:—

What bonds have been issued by The Hydro-Electric Power Commission since January 1st, 1950 and at what rates of interest.

The Honourable Mr. Challies replied as follows:—

The following bonds have been issued by The Hydro-Electric Power Commission since January 1st, 1950:—

Issue Date	Maturity Date	Amount of Issue	Payable	Coupon Rate
Apr. 1/50	Apr. 1/70	\$55,000,000	Canada	3%
May 1/50	Nov. 1/54	15,000,000	Canada	2½%
June 15/50	June 15/73	55,000,000	Canada	3%
May 1/51	May 1/66	30,000,000	Canada	3½%
May 15/51	May 15/71	50,000,000	U.S.	3¼%
Sept. 1/51	Sept. 1/72	50,000,000	U.S.	3¼%
Jan. 15/52	Jan. 15/67	50,000,000	Canada	4%

The two issues payable in United States Funds (3¼% due May 15, 1971, and 3¼% due September 1, 1972) were issued to the Province of Ontario against the receipt of the proceeds of similar issues made by the Province in the United States market for the purpose of advancing the moneys received to the Commission.

Mr. Thomas (Ontario) asked the following Question, No. 39:—

1. During each of years 1950 and 1951, what was the total amount of loans guaranteed under section 2 of The Housing Development Act. 2. What was the total number of housing units constructed as a result of such loans, where are these units located, and how many of them are for rental purposes.

The Minister of Planning and Development replied as follows:—

1. None. 2. Non-applicable. Up to the end of 1949, 14,157 Provincial Second Mortgage loans were approved to an aggregate of \$16,855,991.59 and these took the place of the guarantees under section 2 of The Housing Development Act. As of the beginning of 1950 the Provincial Second Mortgage loans were withdrawn when the Dominion Government agreed to increase its First Mortgage NHA loans by 1/6th where a definite selling price was agreed to.

Mr. Thomas (Ontario) asked the following Question, No. 41:—

1. During each of the years 1950 and 1951, what was the total amount of the grants made in aid of building developments under Section 3 of The Housing Development Act. 2. What was the total number of housing units included in these building developments, and how many units are for rental purposes. 3. Where are these building developments located.

The Minister of Planning and Development replied as follows:—

1. March 31st, 1950–January 31st, 1951—Federal-Municipal Agreements, \$113,112.58; Toronto Housing Authority, \$118,000.00. January 31st, 1951–January 31st, 1952—Federal-Municipal Agreements, \$211,586.52; Toronto Housing Authority, \$208,000.00. 2. Federal-Municipal, 1,183 units; Toronto Housing Authority, 326 units; All the above units are for rental purposes. 3. Guelph, Ottawa, Brockville, Fort William, Stamford, Port Arthur, Fergus, Stratford, Hamilton, Essex, St. Thomas, Woodstock, Brantford, Galt, Fort Frances, Peterborough, Barrie, Collingwood, and Regents Park, Toronto.

Mr. Wren asked the following Question, No. 56:—

What has been the actual travelling expenses of all the members of The Niagara Parks Commission during the year 1951.

The Minister of Labour replied as follows:—

\$1,599.71.

Mr. Thomas (Ontario) asked the following Question, No. 62:—

1. Does the Department of Health have a psychiatric research division. 2. If so, when was it established, who is the director, what are his academic qualifications and what is the salary paid. 3. Who are the other members of the staff and what are their academic qualifications and what salaries do they receive.

The Minister of Health replied as follows:—

1. No. 2. Psychiatric research is now under the direction of four of the Ontario universities. 3. All members of staffs are employed by the University of Toronto, Queen's University, the University of Western Ontario and the University of Ottawa, for psychiatric research.

Mr. Thomas (Ontario) asked the following Question, No. 64:—

1. How many times were private railway cars used by H.E.P.C. officials during 1950 and 1951. 2. What was the cost of the use of the cars.

The Honourable Mr. Chalkley replied as follows:—

During 1950-51 officials of The Hydro-Electric Power Commission of Ontario did not have at any time the exclusive use of a private (business) railway car and consequently there was no cost to the Commission.

Mr. Frost delivered to Mr. Speaker messages from the Honourable the Lieutenant-Governor signed by himself, and the said messages were read by Mr. Speaker and are as follows:—

LOUIS O. BREITHAUPT

The Lieutenant-Governor transmits Estimates of certain sums required for the services of the Province for the year ending 31st March, 1953, and recommends them to the Legislative Assembly.

Toronto, March 20th, 1952.

—and—

The Lieutenant-Governor transmits Supplementary Estimates of certain sums required for the services of the Province for the year ending 31st March, 1952, and recommends them to the Legislative Assembly.

Toronto, March 20th, 1952.

(*Sessional Paper No. 2.*)

Ordered, That the messages of the Lieutenant-Governor, together with the Estimates accompanying the same, be referred to the Committee of Supply.

The Order of the Day for the House to resolve itself into the Committee of Supply having been read,

Mr. Frost moved,

That Mr. Speaker do now leave the Chair and that the House resolve itself into the Committee of Supply.

And a Debate having ensued, it was, on motion by Mr. Nixon,

Ordered, That the Debate be adjourned.

During the course of his presentation of the Budget the Provincial Treasurer laid on the Table the following statements:—

PRAYERS.

2 O'CLOCK P.M.

Mr. Hunt, from the Standing Committee on Mining, presented the Committee's First Report, which was read as follows and adopted:—

Your Committee begs to report the following Bill without amendment:—

Bill No. 124, An Act to amend The Mining Tax Act.

On motion by Mr. Frost, seconded by Mr. Porter,

Ordered, That the Provincial Auditor be and is hereby authorized to pay the salaries of the Civil Service Employees and other necessary payments following the close of the fiscal year on March 31st, 1952, and until Supply for the fiscal year commencing on April 1st, 1952, is voted by this House, such payments to be charged to the proper appropriations following the voting of Supply.

The following Bills were introduced, read the first time, and ordered to be read the second time to-morrow.

Bill No. 128, An Act to amend The Public Trustee Act. *Mr. Porter.*

Bill No. 129, An Act to amend The Public Commercial Vehicles Act. *Mr. Dunbar.*

Before the Orders of the Day, Mr. Frost informed the House that Question No. 66 necessitated such a lengthy reply that the Government requires that it be made a motion for a Return.

On motion by Mr. Thomas (Ontario), seconded by Mr. Grummett,

Ordered, That there be laid before this House a Return showing: In each of the years 1950 and 1951, what publications were issued by the Department of Agriculture. With respect to each such publication: (a) what was its cost, (b) how many copies were published, (c) who were the printers, (d) was it printed in a union shop, (e) did the publication bear the union label, (f) with respect to any publication printed in a union shop which did not bear the union label, what was the reason for this omission.

Mr. Grummett asked the following Question, No. 43:—

1. On what date did the official opening of the Richard L. Hearn generating station in Toronto take place. 2. Who is the consultant and designer. 3. Who is the contractor. 4. On what date and at what generating capacity did (a) Unit No. 1 (25-cycle), and (b) Unit No. 2 (60-cycle) actually come into production. 5. In the case of each unit, since coming into production, has there been any break-down or interruption of service. If so, when did this interruption take place and for how long. 6. Has responsibility for operation of any part of the plant been transferred from the contractor to the Hydro. If so, what units were involved and on what date did this take place. 7. Has any damage been done to the turbines. If so, what has been the cause of such damage. 8. Are repairs to turbines being made in Toronto. 9. What has been the cost of these repairs to date: (a) to the contractor, (b) to the Hydro. 10. From a cold start, how long does it take to heat each unit up so that it can safely be operated at full capacity. 11. What was the estimated cost of this plant. 12. What has been the actual cost to date.

The Honourable Mr. Challies replied as follows:—

1. October 26th, 1951. 2. Stone and Webster Engineering Corporation. 3. There is no general contractor, but a number of individual contractors are working for our Consultants. 4. The two generating units at the Richard L. Hearn Generating Station first assumed commercial loading as follows: (a) Unit No. 1 (25 cycle), October 28th, 1951, at 22,000 Kw.; (b) Unit No. 2 (60 cycle), February 4th, 1952, at 50,000 Kw. 5, 6, 7, 8 and 9. Since the official opening, the Commission's staff has operated Units No. 1 and No. 2 with the turbine manufacturer providing standby operation supervision. This supervision and assistance was provided for in the contract for six months after first starting. Since starting, certain adjustments have been necessary as is usual on the initial operation of steam generating stations. These adjustments have and are being made by the manufacturer at no additional cost to the Commission. Also, after the equipment has been turned over to the Commission by the manufacturer for operation, each unit carries a 12 months' warranty against any failure or defect. 10. Approximately six hours. 11. The revised estimated cost for a

2-unit station was \$33,250,000.00. The revised estimated cost for a 4-unit station is \$60,000,000.00. 12. The expenditure to date on this station including lines is approximately \$32,507,000.00.

Mr. Grummett asked the following Question, No. 70:—

1. How many accidents involving property damage in excess of \$100.00 took place on the Ontario Northland Railroad during 1950 and 1951. 2. What was the date of each accident, the place where it occurred and the cost of property damage done.

Mr. Thomas (Ontario) asked the following Question, No. 65:—

1. What is the present bed capacity of Ontario's mental hospitals. 2. How many new beds were added during 1951. 3. According to present plans how many new beds will be added in 1952.

The Minister of Health replied as follows:—

1. 15,736. 2. 496. 3. 1,445.

Mr. Oliver asked the following Question, No. 75:—

1. What disbursements have been made out of the Unsatisfied Judgment Fund since March 31st, 1951 to date. 2. What is the balance at the credit of

the fund as of this date. 3. Since March 31st, 1951, in all cases where action was taken under the unsatisfied judgment provisions of The Highway Traffic Act, what are the names of solicitors acting on behalf of the Minister of Highways and/or the Registrar of Motor Vehicles. 4. When costs are awarded out of the Unsatisfied Judgment Fund, or against an unsuccessful plaintiff, in favor of the Registrar of Motor Vehicles, the Minister of Highways, or solicitors employed by either of them, are such recovered costs placed in the Fund. If not, what is the disposition of such funds. 5. How much has been paid to solicitors representing the Registrar of Motor Vehicles or the Minister of Highways in actions under the Unsatisfied Judgment provision of The Highway Traffic Act. Give names and amounts. 6. Have any moneys been paid out of this fund to solicitors employed by the government on a full-time basis.

The Minister of Highways replied as follows:—

1. April 1st, 1951 to February 29th, 1952—\$826,397.51. 2. Balance as at February 29th, 1952—\$178,509.95. 3. In addition to those solicitors who are on the staff of the Attorney-General's Department: D. F. MacLaren, Q.C., Collins & Cushing, E. Guss Porter, Best & Lee, G. H. Aiken, Q.C., Pennell & Wyatt, Read, Innes & Read, Stewart & Stewart, V. B. Collins, Q.C., G. H. Crewe, Q.C., Armstrong & Willmott, A. V. Waters, Q.C., W. J. Cass, Q.C. (deceased), Danis & Fennell, G. Mr. Oliver moved, seconded by Mr. Houck,

That in the opinion of this House the Government should inform the Legislature as to what measures it proposes to take to combat the serious decline in farm income.

and a debate arising, after some time,

Mr. Thomas (Elgin) moved in amendment, seconded by Mr. Kennedy,

That all the words after "That" be struck out, and the following substituted:

" . . . this House appreciates the measures taken by the Government to provide an economic environment in which there may be a betterment of farm income and way of life".

So that the Resolution shall read:—

“That this House appreciates the measures taken by the Government to provide an economic environment in which there may be a betterment of farm income and way of life”.

The debate continued, and after some time, the amendment, having been put, was declared to be carried.

The House resolved itself into a Committee to consider certain Resolutions and certain Bills.

Mr. Frost acquainted the House that the Honourable the Lieutenant-Governor of the Province, having been informed of the subject matter of the Resolutions recommends them to the consideration of the House.

After some time Mr. Speaker resumed the Chair, and Mr. Downer reported that the Committee had come to certain Resolutions as follows:—

Resolved,

That,

where an order of a court provides for the payment of money by the Crown by way of damages or costs or otherwise, the Treasurer of Ontario may pay out of the Consolidated Revenue Fund to the person entitled, or to his order, the amount due together with interest, if any, lawfully due thereon.

as provided by Bill No. 127, An Act respecting Proceedings Against the Crown.

Resolved,

That,

- (a) The Treasurer of Ontario, when he deems it advisable for the sound and efficient management of public money or the public debt, may purchase, acquire and hold securities of Ontario and pay therefor out of the Consolidated Revenue Fund.
- (b) The Treasurer of Ontario may sell any securities purchased, acquired or held pursuant to this section, and the proceeds of such sales shall be deposited to the credit of the Consolidated Revenue Fund,

as provided by Bill No. 36, An Act to amend The Provincial Loans Act.

Resolved,

That,

- (a) the Lieutenant-Governor in Council be authorized to raise from time to time by way of loan such sum or sums of money as may be deemed expedient for any or all of the following purposes: for the public service, for works carried on by commissioners on behalf of Ontario, for discharging any indebtedness or obligation of Ontario or for reimbursing the Consolidated Revenue Fund for any moneys expended in discharging any such indebtedness or obligation and for the carrying on of the public works authorized by the Legislature; provided that the principal amount of any securities issued and the amount of any temporary loans raised under the authority of Bill No. 134, An Act for Raising Money on the Credit of the Consolidated Revenue Fund, including any securities issued for the retirement of the said securities or temporary loans, at any time outstanding, shall not exceed in the whole \$100,000,000; and
- (b) the aforesaid sum of money may be borrowed for any term or terms not exceeding forty years, at such rate as may be fixed by the Lieutenant-Governor in Council and shall be raised upon the credit of the Consolidated Revenue Fund of Ontario, and shall be chargeable thereupon; and
- (c) the Lieutenant-Governor in Council may provide for a special sinking fund with respect to the issue herein authorized.

Also, That the Committee had directed him to report the following Bills without amendment:—

Bill No. 68, An Act to approve an Agreement between Canada and Ontario respecting the Generation of Electrical Power in the International Rapids Section of the St. Lawrence River.

Bill No. 69, An Act respecting the Development of Power in the International Rapids Section of the St. Lawrence River.

Bill No. 124, An Act to amend The Mining Tax Act.

Ordered, That the Report be now received and adopted and that the Bills reported be severally read the third time to-morrow.

The Order of the Day for resuming the Adjourned Debate on the Amendment to the Motion that Mr. Speaker do now leave the Chair, and that the House resolve itself into the Committee of Supply, having been read,

The Debate was resumed, and after some time it was, on motion by Mr. Murdoch,

Ordered, That the Debate be adjourned.

The House, according to Order, resolved itself into the Committee of Supply.

(In the Committee)

Resolved, That there be granted to Her Majesty, for the services of the fiscal year ending March 31st, 1953, the following sums:—

The House then adjourned at 11.15 p.m.

TUESDAY, APRIL 8TH, 1952

PRAYERS.

2 O'CLOCK P.M.

Mr. Johnston (Parry Sound), from the Standing Committee on Fish and Game, presented the Committee's Report and moved that it be printed as an appendix to the Journals of the Legislature, which motion was carried.

On motion by Mr. Frost, seconded by Mr. Porter,

Ordered. That when this House adjourns the present sitting thereof it do stand adjourned until two of the clock to-morrow afternoon and that the provisions of Rule No. 2 of the Assembly be suspended so far as they might apply to this motion.

Mr. Gordon asked the following Question, No. 4:—

1. In each of the fiscal years from 1943 to 1951 inclusive, what was the average Old Age Pension per month, including any bonus or allowance. 2. In each case what amount of such average pension was payable by the Province of Ontario.

The Minister of Public Welfare replied as follows:—

1. 1942-1943, \$18.37; 1943-1944, \$22.39; 1944-1945, \$26.83; 1945-1946, \$27.70; 1946-1947, \$27.28; 1947-1948, \$30.13; 1948-1949, \$31.78; 1949-1950, \$38.38; 1950-1951, \$37.81. 2. 1942-1943, \$4.50; 1943-1944, \$7.12; 1944-1945, \$8.69; 1945-1946, \$9.00; 1946-1947, \$8.87; 1947-1948, \$7.89; 1948-1949, \$9.89; 1949-1950, \$9.71; 1950-1951, \$9.30. (The variations in Ontario's share are due to changes in the amount of provincial bonus paid from time to time.)

Mr. Gordon asked the following Question, No. 14:—

On what basis are grants offered by the Federal Department of Health and Welfare for hospital construction. What amounts were offered by that department during 1947-48-49 and 50. What amounts of such offers were taken up by the Ontario Government in the same years.

The Minister of Health replied as follows:—

The Federal Department of Health and Welfare distributes hospital construction grants on the basis of \$1,000.00 per bed for active treatment beds, or bed equivalent in the case of Health facilities; \$1,500.00 per bed for chronic and convalescent beds; \$500.00 per bed for living quarters for nurses; and the Province to match or exceed Dominion contribution which shall in no case exceed one-third of the actual cost. Payments are made: 25 per cent when one-quarter of the construction is completed; 25 per cent when one-half of the construction is completed; 25 per cent when three-quarters of the construction is completed; and the balance when the project has been completed in accordance with the regulations.

NOTE: Major-General Howard Kennedy has been paid the sum of \$2,062.50 for fees at \$125.00 per day, as Consultant to the Department. No payment has been made for days spent on the Advisory Committee.

Mr. Oliver asked the following Question, No. 90:—

1. In each of the last three years have any living accommodations been constructed for the use of any provincial employees in connection with Burwash Reformatory. 2. If so, give details as to type and cost of such accommodation.

The Minister of Public Works replied as follows:—

1. Yes. 2. Sixty-two apartments have been brought to completion during the past three years. The work was started in 1948 and substantially completed in 1950-51. Fifty-six (56) of these apartments provide a living and dining-room combination, kitchen, bathroom, two bedrooms, basement, laundry and storage. Six apartments provide living-dining room combination, kitchen, bathroom, three (3) bedrooms, basement, laundry and storage; each apartment has its own self-contained heating unit. The buildings are of frame construction on concrete foundations and cost of construction includes water service, sewers, fire protection, electrical distribution, street lighting, roads, sidewalks and grading. The 56 2-bedroom plus bathroom apartments cost an average of \$5,781.77 each. The 6 3-bedroom plus bathroom apartments cost an average of \$8,898.27 each, including all the necessary services, connections and distribution system and roadways, etc. The outside service consisting of sewers, water-mains, fire protection, sidewalks, street lighting and electrical distribution and the extensive grading work required were the equivalent of local improvement usually charged as sub-division land costs or paid as local improvement taxes on comparative housing developments of a private nature.

Mr. Chartrand asked the following Question, No. 22:—

Was the contract between The Hydro-Electric Power Commission and the Canadian Comstock Co. let as the result of tenders. What is the percentage above cost payable to the Canadian Comstock Company.

The Honourable Mr. Challies replied as follows:—

No tenders were called. The Canadian Comstock Company Limited was the only Canadian company considered to have available to it the necessary personnel and experience for frequency standardization work.

The percentage above cost payable to the Canadian Comstock Company Limited is on a graduated scale which to December 31st, 1951, averaged 5.84 per cent. The fee to the contractor at the present time is based on 5.5 per cent. This fee includes among other items the services of the Company's executives, 11 key personnel, and 70,000 square feet of office and warehouse space in the City of St. Catharines.

Mr. Gordon asked the following Question, No. 23:—

1. What percentage of the Frequency Changeover has been completed.
2. What percentage of the estimated cost of the program has been expended to date.

The Honourable Mr. Challies replied as follows:—

See Sessional Paper No. 53, Return to an Order of the House dated April 9th, 1952.

Mr. Gordon asked the following Question, No. 24:—

What have been the total costs to date of the Frequency Changeover program, (a) to The Hydro-Electric Power Commission, (b) to the Municipal commissions.

The Honourable Mr. Challies replied as follows:—

(a) See Sessional Paper No. 53, Return to an Order of the House dated April 9th, 1952; (b) This information is not available to the Commission.

Mr. Thomas (Ontario) asked the following Question, No. 63:—

1. How many farmers in Ontario have not been paid by the Hydro Commission for trees and wood lots, cut or destroyed by the Hydro in each year: 1948, 1949, 1950 and 1951. 2. On what basis are the farmers paid for trees cut by the Hydro Commission which are large enough for saw logs. 3. On what basis are farmers paid for wood cut by the Commission in the building of power lines. 4. On what basis are the farmers paid by the Hydro Commission for young trees which are destroyed on the Hydro right-of-ways.

The Honourable Mr. Challies replied as follows:—

1. All farmers with whom mutually satisfactory settlements were arranged have been paid for the tree cutting or tree trimming rights required. The following tabulation indicates that most claims for trees and wood lots have been settled:—

	Percentage of Claims Settled and Paid	Percentage Unsettled
1948.....	99.83	0.17% or 14 claims unsettled
1949.....	99.76	0.24% or 21 claims unsettled
1950.....	99.14	0.86% or 55 claims unsettled
1951.....	99.53	0.47% or 38 claims unsettled
Four-year Total.....	99.56	0.44% or 128 claims unsettled

2. Single or scattered trees are purchased at a price mutually agreed upon. The tree is felled, limbed and the brush piled and burned. The log remains the property of the owner. 3. Compensation for tree cutting rights through wood lots is made on the basis of twice the commercial value of the bush, permitting the owner to retain any material cut in the Commission's clearing operations. 4. Compensation for young trees is based on a number of factors including all costs associated with planting, basic value of land, attained age of affected trees, etc. All material cut remains the property of the owner.

Mr. Houck asked the following Question, No. 88:—

1. Will the Minister of Labour state if a complaint was made to his department that the Journal Publishing Company, of Ottawa, had been guilty of discriminating against certain editorial employees of the newspaper for union or newspaper guild activity, contrary to The Ontario Labor Relations Act. 2. Did the department send a conciliation officer to Ottawa to enquire into this matter. If so, did he make a report to the Minister about it and did the Minister announce to the press that he would name a commission to make a formal investigation of charges against The Ottawa Journal. 3. Will a commission be named. If not, why not.

The Minister of Labour replied as follows:—

1. Yes. 2. Yes; No. 3. No. No evidence to warrant naming a commissioner.

Before the Orders of the Day, Mr. Frost informed the House that Question No. 7, by Mr. Chartrand, necessitated such a lengthy reply that the Government requires that it be made a motion for a Return.

On motion by Mr. Chartrand, seconded by Mr. Gordon,

Ordered, That there be laid before this House a Return showing: What provision has been made for the rewinding of electric motors of all descriptions which became subject to conversion to 60 cycle power: (a) Is such rewinding being done by The Hydro-Electric Power Commission; (b) If so, is it also being done by other agencies, what are the names of such agencies, what are the terms of the contracts under which these agencies are rewinding motors; were such contracts let after public advertisement and a call for tenders; (c) Has any revision been made as to the total estimated cost of completing the conversion programme in Ontario; (d) As of this date, what proportion of the conversion work has been done and what proportion of the originally estimated total cost expended; (e) If rewinding is being done by sub-contractors under the Canadian Comstock Company Limited, what are the names and locations of those sub-contractors; what are the terms of such contracts as to payment on a "cost-plus" or some other basis; are such sub-contracts approved by the Government as well as by the Canadian Comstock Company Limited; (f) How much money has been spent by the Canadian Comstock Company Limited upon sub-contracts to this date; (g) How much money has been spent on the 60-cycle conversion programme to this date.

Mr. Grummett asked the following Question, No. 72:—

1. What schedule of rates are the following companies charged per square mile for ground rent and fire protection: Sheppard and Morse, Chapleau, Ontario; Austin Lumber Company, Chapleau; Sudbury Lumber Co., Sudbury; Gillies Lumber Co., Braeside; J. B. Mathieu, Fort Frances; George Farlinger, Sioux Lookout; Spruce Falls Pulp and Paper Co., Kapuskasing; Long-Lac Pulp and Paper Co., Terrace Bay; Marathon Corporation, Marathon, Ontario; Abitibi Pulp and Paper Co.; Great Lakes Paper Co.; Brompton Pulp and Paper Co.
2. What timber limits under agreement with the Department of Lands and Forests provide for acreage on which no ground rent and fire protection charges are paid.
3. Are there any such limits being held in reserve under informal agreement.
4. What areas do these agreements cover.

The Minister of Lands and Forests replied as follows:—

Name of Company	Rate per Square Mile Fire Protection	Charged for Ground Rent
1. Sheppard & Morse (L. B. Sheppard, Sultan, Ont.) (This Company operates on the Abitibi Sault Ste. Marie Concession. Abitibi pays Ground Rent and Fire Tax.)	Nil	Nil

We, Her Majesty's most dutiful and faithful subjects, the Legislative Assembly of the Province of Ontario, in Session assembled, approach Your Honour with sentiments of unfeigned devotion and loyalty to Her Majesty's person and Government, and humbly beg to present for Your Honour's acceptance a Bill intituled, "An Act for granting to Her Majesty certain sums of money for the Public Service for the fiscal year ending the 31st day of March, 1952, and for the Public Service for the fiscal year ending the 31st day of March, 1953."

To this Act the Royal Assent was announced by the Clerk of the Legislative Assembly in the following words:—

"The Honourable the Lieutenant-Governor of the Province doth thank Her Majesty's dutiful and loyal Subjects, accept their benevolence and assent to this Bill in Her Majesty's name."

The Honourable the Lieutenant-Governor was then pleased to deliver the following gracious speech:—

Mr. Speaker and Members of the Legislative Assembly:

It is now my duty to prorogue the first session of the Twenty-fourth Legislature of the Province of Ontario. Before so declaring I express my thanks to you in the name of Her Majesty for your attention to the business of the people of the Province. Also, before proroguing this Assembly, I wish to comment upon some particular matters to which you have applied your diligent endeavour.

Many Public Bills have been given your approval and have become law. All of these measures will bring benefit to the people of the Province. The Government has had constantly before it the duty which it owes as their servants to keep the Province in the forefront of development and expansion. Some measures have come about by reason necessarily of the gravely disturbed world conditions and the need for preserving the security of free peoples. Others, of great consequence, have resulted from the need to preserve the sound principles of our economy and with that to maintain and improve the living conditions of our people and especially to increase the assistance and encouragement provided for those who, through no fault of their own, are unable to provide fully for themselves.

I wish to mention particularly a few of these measures. Legislation has been approved under which the serious problems of adequate housing may be attacked upon several fronts. The way has been cleared for the construction of multi-family dwellings in the process of redeveloping deteriorated areas in our urban centres. Improved arrangements for the construction of rental homes jointly by Municipalities, the Province and the Federal Government have been provided, under which urban centres are enabled to make available to certain of their citizens good and satisfactory homes at a cost they are more readily able to bear. Provision has also been made which will allow and stimulate the construction and acquisition of homes in the hamlets and rural areas of the Province. This provision will bring great benefit to many of our people who are engaged in agriculture, the importance of which to our people speaks for itself.

Other legislation has been approved which will encourage our many younger farmers. Loans will be provided to enable them to establish themselves in the great industry of agriculture, thus contributing to its expansion and sound development.

Of much interest and worthy of special comment is the creation of four continuing select committees of the Assembly. One of these committees will investigate, with the widest terms of reference, the problems of lake shore erosion and Great Lakes water levels. Another will keep under constant review the administration of rent control procedures and the results flowing from that administration. A third committee will examine carefully into the framing of a completely revised Companies Act. The fourth committee will examine the election laws of the Province with a view to the recommendation of any further improvements that may be advisable.

A measure of very great importance, the first of its kind in Canada, has been brought into our law. Assistance will be provided by the Province to those of our citizens between the ages of eighteen and sixty-five who are totally and permanently disabled, and who are unable to provide adequately for themselves, or who are not otherwise provided for. This is a great forward step in caring for our deserving and needy citizens.

The need of this great Province for power will be answered in large measure by the development of the tremendous resources of the St. Lawrence River. Legislation has been passed under which The Hydro-Electric Power Commission of Ontario is authorized to undertake jointly with an appropriate authority in the United States, the development of the International Rapids section of that great river. This legislation ratifies an agreement between the Province and the Federal Government in relation to that development, and which is related as well to the construction of the St. Lawrence Seaway. It is hoped and most strongly urged that the development of that seaway will be undertaken at the earliest possible date.

Long forward steps have been taken in the improvement of provincial municipal relations. Among those steps is legislation under which the Province and its Commissions will pay to the several municipalities concerned amounts equivalent to normal municipal taxes upon the various business and administrative premises owned by the Province and by its Commissions. A further step of great importance is a measure under which the provision of financial assistance to municipalities within the major mining areas of the Province is improved and increased. The basis of this assistance is made sound and permanent.

Provision has also been made for expansion and improvement of our great highway system. Especially important are plans which are related to the improvement of highway conditions more closely connected with the traffic problems of our larger urban centres.

For the greater benefit of our people in relation to the conservation of our forests the legislation affecting forest matters has been completely revised and consolidated. Under our new Crown Timber Act provisions are made under which the ultimate goal of fully sustained yield will be brought closer by greater control of forest practices. Ontario is maintaining its lead in forestry reform.

Legislation has been approved under which, in certain cases, persons may bring action against the Crown represented by the Province of Ontario without Her Majesty's consent first obtained.

Many other measures have been passed which tend toward the betterment of our people. Progressive improvements have been provided in many fields. Among these fields are those related to the education of our children, the distribution and sale of agricultural products, the conservation of fish and game and of our other natural resources, the rehabilitation of prisoners, the administration of justice, the administration of public welfare and the improvement of public health.

Among other matters which have had your attention are those requiring the approval of Private Bills. In twenty-eight cases the proposals of those concerned have received your sanction.

Satisfactory and adequate provision for the ensuing year has been made for the financial requirements of the government. The fiscal requirements have again increased and are higher than ever before. Through careful implementation of sound policies it is, nevertheless, not necessary to impose new or increased taxation. In fact some small reductions in taxation have been possible. Increased funds are being devoted to the various fields of public welfare and of public health, as well as to the assistance of municipalities. Hospitals have received larger benefits. It is gratifying to know that the well-founded financial condition of our Province is preserved and secure.

I wish to thank you for the appropriation of public funds for these and other purposes. I am confident that under the guidance of Divine Providence, the well-being and security of the people of our Province will be strengthened. May I thank you also for your diligent and loyal services as legislators.

The Provincial Secretary then said:—

Mr. Speaker and Members of the Legislative Assembly:—

It is the will and pleasure of the Honourable the Lieutenant-Governor that that this Legislative Assembly be prorogued and this Legislative Assembly is accordingly prorogued.

Minutes of the Meetings of the
Standing Committee on Fish and Game

Twenty-fourth Parliament
1st Session, 1952

Minutes of the Meetings of the Standing Committee on Fish and Game

FIRST MEETING

The first meeting of the Standing Committee on Fish and Game of the First Session of the Twenty-Fourth Parliament of the Province of Ontario was held in Committee Room No. 2 on Tuesday, March 18th at 10 a.m.

The following members were present: Messrs. Allan (Haldimand-Norfolk), Allen (Middlesex South), Beckett, Beech, Cathcart, Edwards, Fullerton, Grummett, Hall, Harvey, Houck, James, Johnston (Parry Sound), Johnston (Simcoe Centre), Johnstone (Bruce), Kelly, Lyons, MacOdrum, Manley, McPhee, Nault, Parry, Pringle, Pryde, Robson, Root, Sandercock, Villeneuve, Ward and Wren.

On motion of Mr. Allan, (Haldimand-Norfolk), seconded by Mr. Janes, Mr. Johnston (Parry Sound) was made chairman unanimously.

Mr. Johnston thanked the members and then called on the Hon. Harold Scott to address the meeting.

Mr. Scott addressed a few words of welcome to the new members and requested all members of the Committee to confine their remarks only to questions in order to clear up points. "We found your help constructive in the past and I trust your briefs today will be as interesting," Mr. Scott told those who were there to submit briefs to the Committee.

Briefs were presented by the Ontario Federation of Anglers and Hunters Incorporated; Northern Ontario Outfitters' Association; The Lake Huron and Georgian Bay Commercial Fishermen's Association; Ompah Conservation Association; The Rice Lake Tourist Association; The Fort Erie Fish and Game Conservation Society, and A. E. Hick, chairman of the County Council of Victoria.

The Chairman called on Mr. Ken. Clarke, president of the Ontario Federation of Anglers and Hunters to present the brief from that organization.

In regard to Resolution No. 1 dealing with Water Pollution, Mr. Clarke said it was the biggest thing before the Federation at the present time. With all respect, he urged the government to make public the report on the Spanish River pollution.

Mr. Scott said that the Report will be tabled in the House and be available to the public during the present Session.

At the conclusion of his reading of the brief, Mr. Clarke reverted back to the matter of water pollution. He said the trouble with pollution generally is the failure on the part of industry to recognize its responsibility. The principle of responsibility is spotty, not clearly defined. Throw the wastes into the nearest water without consideration of the effect on fish production, he declared, was the practice.

Before presenting the resolutions of the Northern Ontario Outfitters' Association, Mr. Len Hughes, president, said that changing water levels due to Hydro and lumber operations in northern Ontario "have ruined our fishing", and his organization was supporting the recommendation of the O.F.A.H. in that respect. It was also in favor of stopping trout fishing during the spawning season, and would be happy to endorse the O.F.A.H. recommendation also, but it felt there was no use stopping angling while commercial fishing is allowed.

Mr. Hughes said the Outfitters comprise a group of 15,000 members with an annual pay roll of over six million dollars yearly. The Outfitters spend \$168,000 yearly advertising Ontario and selling its attractions to tourists. It is the biggest group devoted to advertising and selling Northern Ontario and is an industry comparable to mining and lumbering and "we must ask you here to protect us same as lumber and mining business is protected."

For purposes of teaching conservation, Mr. Hughes highly recommended distribution of a book entitled "Clear Waters" by Ed. Dodd, creator of "Mark Trail", a cartoon strip carried by many newspapers. The booklet is obtained in quantity from General Motors, U.S.A., and is free. Mr. Hughes said he would have some to distribute to the Committee at its next meeting.

Following Mr. Hughes' submission of the Outfitters' resolutions, Mr. Harvey, M.P.P., Nipissing, heartily endorsed the resolution concerning the Champlain Trail area. Mr. Wren, M.P.P., Kenora, also supported the recommendation and agreed with Mr. Harvey that he would like to see it carried out.

Mr. Houck, M.P.P., Niagara Falls, asked Mr. Hughes if there were many people from the United States applying for licenses as outfitters.

This question was in reference to an earlier statement by Mr. Hughes that some outfitters were being crowded out by over licensing of camps.

Mr. Hughes told Mr. Houck that they were not complaining about Americans entering the industry. They just wish to protect their interests in keeping down the number of operators in certain areas. Many operators are Americans and some 300 of them spend their winters in the United States.

President T. H. McKenzie of The Lake Huron and Georgian Bay Commercial Fishermen's Association said it supports the O.F.A.H. recommendation on the Rankin River dam removal. He said the Department of Lands and Forests should have stated to the farmers along these lakes the standards of lake levels they are going to maintain. They have never done this.

In reference to the controversy about Colpoys and Owen Sound Bays, Mr. McKenzie said his organization has asked for the opening of the two bays

for commercial fishing. They had been closed for 20 and 22 years, respectively. In 1950, Mr. Werner and Dr. Harkness attended the annual meeting. Dr. Harkness suggested they get together with the sportsmen and concur in this particular matter. The Sydenham called such a meeting asking for the opening of these two bays and the clearing out of the predator fish. They were opened in 1951, but the Wiarton Town Council in August of that year passed a resolution to close Colpoy's Bay to commercial fishing again.

Mr. Hughes said the Department of Lands and Forests wouldn't give him any information about the resolution or who was behind it. He believed the Wiarton Council was dominated by one man. The resolution went through and hardly anyone knew anything about it. Mr. Hughes said he believed there was a motion before the Department now to continue commercial fishing in Colpoy's Bay.

Mr. Hughes then submitted the resolution from his Association which asks that no municipality should influence decisions on fishing seasons on the Great Lakes.

J. C. Dunham, president of the Ompah Conservation Association of North Frontenac, presented six resolutions and stressed No. 2 which is "that the closed season on Speckled Trout apply also to Lake Trout in lakes where speckled and lake trout are known to inhabit."

Mr. Scott asked Mr. Dunham what he thought about stopping winter fishing in the area entirely. Mr. Dunham replied they would like to have winter fishing for lake trout in lakes not inhabited by speckled trout.

Mr. Scott suggested quick-freezing lake trout for winter use.

Mike Bates, Metagama, referring to Mr. Dunham's No. 1 recommendation to have a legal time for lake trout at 15 inches, said that certain species of lake trout in Northern Ontario don't grow beyond 15 inches. Under such a regulation, they couldn't be fished.

Ralph Bice, Kearney, wanted to know if the recommendation for a close season on lake trout in speckled trout lakes applied to all parts of Ontario.

Mr. Scott said, "No, only to Frontenac County."

In the preamble to his resolution, Mr. Dunham said his Association had asked for a few things last year, not many, but it is getting results. He extended his thanks to the Department.

A. J. Soper presented the resolutions of the Rice Lake Tourist Association. He said it was the third time this same brief has been up for the Committee.

Recommendations attached.

Mervyn Summers, Cartier, Ont., president of the Game and Fish Association, said he had no resolution to present at this meeting, but his main mission was to speak for the game wardens. He said the game wardens in the north

country are severely underpaid. They are not even making the wage of an extra gang labourer, he declared. Many of them have quit because they are not amply provided for. He believed men of high character have to be paid better than a daily worker. "It is pitiful, gentlemen, it is pitiful," he concluded. He would submit his resolution at the meeting to-morrow.

J. H. Jamieson, of the Fort Erie Fish and Game Conservation Society, presented the attached resolution that consideration be given to a change in the limit of catch of wall-eye or yellow pike in the international waters of Lake Erie and the Niagara River.

Mr. Jamieson only had one copy of his brief which brought a complaint from Mr. Johnstone, (Bruce) Committee member, that copies of briefs should be supplied to all members of the Committee so they could be studied.

Chairman Johnston assured the member copies would be made and be available at the next meeting.

A. E. Hick, chairman of the Victoria County Council Fish and Game Committee, recommended restricting fishing hours to from sunrise to sundown. We have become convinced we have got to protect the fish and stop the killing of pickerel and lunge, he said. Many fish all night. Our fish resources are being depleted.

In reply to a question by Mr. Scott, Mr. Hick said the recommendation was restricted to Victoria County.

Mr. Wren, directing his question to Mr. Scott, asked the present rate of pay for conservation officers.

Mr. Scott said he did not have this information with him, but would present it to the closed meeting.

Blake Uren, Orillia, spoke regarding the condition of fishing in Lake Simcoe. We don't pretend to know the answer, he said. What we would like this government to do is give us a biological survey to help prolong the fishing. We made an aerial survey which showed in excess of 3,000 fish houses on the ice of Lake Simcoe, most of them between Keswick and Beaverton. We do know the number of fish caught is getting less and less. The situation is particularly serious in regard to whitefish. We feel your department could help us.

Mr. Uren said letters from other clubs had been received by the Federation suggesting close spawning season of lake trout; licensing of fish houses be restricted; abolishing the use of "snaggers", etc.

Mr. Scott said legislation concerning use of snaggers was now awaiting approval at Ottawa.

Mr. Uren asked for the salary rate of conservation officers and the number employed. He wanted to know also if his club hired a game warden and paid him, would the Department recognize him. He said his club had a resolution to that effect.

Commenting on Mr. Uren's observations, Mr. Ken Clarke said the Federation had asked for technical investigations. We want facts ascertained and we want to know where to go on from there, he said. Investigations do not give us practical solutions. We want to work along with the Department. We wish to co-operate. All their investigations should have a practical answer which we all can use constructively.

Mr. Len Hughes, mentioning Mr. Uren's reference to paying game warden's salary, said he didn't see the necessity of a club paying a game warden's salary.

We need more protection and we should have a one dollar license fee for persons 16 years and over, Mr. Hughes said. We are in accord with Mr. Clarke's suggestion about biological studies. We want a practical paper on the result of those studies, something which we can go on. We don't want 10, 15, 20 or 50-year programmes.

Referring to Mr. Uren's statement re 3,000 fishing huts on Lake Simcoe, Mr. Summers asked "Were they fishing?"

Not only fishing, replied Mr. Uren, but doing acrobatic stunts such as trying to swim under the ice and come up at the next hole. (A Toronto man lost his life in such an attempt during the winter.)

Mr. A. L. Cochrane, who for over 50 years has been doing grand work for boys at the Lake Temagami Boys Camp, addressed the meeting. He said he was not even a member of the Temagami Camping Association, although he had come to the meeting at the request of the president of that body. Listening to what had been said, Mr. Cochrane believed "our problems are pretty much the same even if they are presented in different ways. He said suckers were the cause of reducing the fish supply and it would be an excellent thing if the suckers were destroyed as they go up the creeks in the spring. Lake Temagami fishing has become poorer and poorer. There is no game warden in the Temagami area. We should have one. He wondered what effect dumping fish into the lake had, as so very few reach maturity. We should have more money for protection and conservation. He would like to see a fish hatchery right in the centre of the Temagami area which is a mecca for tourists.

Mr. Harvey moved the meeting adjourn. The motion was carried. Meeting closed at 11.45 a.m.

Briefs presented to the First Meeting of the Fish and Game Committee, held March 18th, 1952:

THE ONTARIO FEDERATION OF ANGLERS AND HUNTERS INCORPORATED

RESOLUTIONS PERTAINING TO GENERAL AND FISH

1. *Water Pollution Control Board:*

WHEREAS water is one of our invaluable natural resources, and whereas the pollution of the waters of the Province constitutes a menace to public health and welfare, creates public nuisances, is harmful to the protection and

propagation of fish and wildlife including birds, mammals and other terrestrial and aquatic life, and impairs domestic, agricultural, recreational and other beneficial uses of water;

AND WHEREAS the extent and the evil effects of pollution are not fully understood by the people of the Province or even by the members of the Legislature;

AND WHEREAS existing Provincial legislation dealing with pollution is not only inadequate but is entirely outmoded, and whereas the replies of the Government to previous resolutions requesting forward-looking action on the matter of pollution have been entirely unsatisfactory, if not actually irrelevant;

BE IT RESOLVED that the Government of the Province of Ontario treat the matter of the pollution of the waters of the Province as a concern of extreme urgency and, as an earnest of this attitude, forthwith arrange for the appointment of a Royal Commission:

- (a) to study, and report fully on the conditions arising from the pollution of the said waters;
- (b) to set classifications and standards of quality and purity of the waters;
- (c) to suggest a basis for adequate legislation to provide for the prevention, abatement and control of new or existing water pollution, and for the creation of a water pollution Control Board charged with the enforcement of such legislation and with continued responsibilities for the vital matter of the pollution of the waters of the Province;
- (d) and that a full report on the Spanish River Pollution investigation be made public.

2. *River Valley Authorities:*

WHEREAS surveys made by the Department of Planning and Development have shown the urgent need of measures of restoration and conservation in most parts of southern Ontario;

AND WHEREAS lack of unified leadership has made the rate at which measures of restoration and conservation are being put into effect quite inadequate to the urgency of the situation;

BE IT THEREFORE RESOLVED that the Government be asked to put into effect the recommendations of the Select Committee on Conservation, especially those which will enable the River Valley Authorities to enlarge the scope of their work and thus accelerate the progress of conservation in their respective areas.

3. BE IT RESOLVED that the Ontario Federation of Anglers and Hunters Incorporated request the Federal Government to take further steps to plant trees and shrubs along the Canal Waterways having in mind cover and food for small game as well as beautifying same.

BE IT ALSO RESOLVED that we request them to give consideration to the removal of unsightly logs, stumps, etc., along these scenic waterways which have been created by dams, locks, etc.

WHEREAS it is thought that removing a few each year would eventually have the situation cleared up. At present they are a hazard to tourists, boating and fishing, also an eye sore.

4. It is urged that the Department of Lands and Forests take steps to contact the Department of Education with as little delay as possible with a view to introducing a required education program in the elementary and secondary schools on the conservation of our natural resources.
5. WHEREAS the removal of the Government dam at the head of the Rankin River which drains Boat Lake has been a deplorable error and a retrogressive step insofar as conservation is concerned, and whereas this country has too many lakes and streams drying up, and with the drainage of Boat Lake, which is largely now a mud flats, another contribution has been made to the wanton destruction of our natural resources, and whereas we are told the Council of the Township of Amabel has been pressured to take the stand that the dam should not be rebuilt and in our opinion this minority group has been allowed to exert undue influence on the Department of Lands and Forests who permitted the breaching of the dam.

For those not familiar with the situation, a short resume covering the circumstances and conditions is probably in order: Not too many years ago Boat Lake, which is situated in the triangle formed by Warton, Oliphant and Sauble Beach, was one of our finest small inland lakes. It abounded in game and other fish of various species and provided good fishing, a recreation for many hundreds of people each year. Like other lakes, it was an important tourist attraction and in common with all lakes and ponds, fulfilled the important function of an inland water reservoir, thus helping to maintain the water table of the land. It was also a haven for water-fowl and other bird life along its shores.

The idea was conceived by some of the farmers in the district, some of them living miles away, that if the lake was lowered or drained, it would have a salutary effect on the drainage of their land. As most of the farms in the district are very poor and as the expression of the advantages of the drainage are questionable, on balance, it seems that the little benefit, if any, derived by the local inhabitants, would be far outweighed by loss to the general public and tourists suffered by virtue of the fact that the lake is no longer available to them in a usable form. As a large part of the population of the Township of Amabel are property owners of summer cottages, it is inconceivable that a small group of farmers headed by the Township Council of Amabel should be permitted to influence the Department of Lands and Forests in perpetuating the error.

NOW THEREFORE BE IT RESOLVED that the Department of Lands and Forests take immediate steps to correct the situation by the clearing away of all obstacles to the restoration of the dam and to budget for all necessary expenditures.

6. WHEREAS at the last annual Convention of the Ontario Federation of Anglers and Hunters a resolution sponsored by the Lower Mississippi Fish and Game Club requesting some reciprocity in migratory waterfowl hunting and angling between the Provinces of Quebec and Ontario on the interprovincial Ottawa River between the Towns of Hawkesbury and Mattawa, was approved and submitted to the Department of Lands and Forests for action, and whereas authority for such reciprocal licensing is already provided by the Game and Fisheries Act, Section 77:

“The Lieutenant-Governor in Council may make regulations—permitting residents of any Province extending a similar right to Ontario residents to be classed as Ontario residents for the purpose of any specified licence under this Act.”

THEREFORE BE IT RESOLVED that the Ontario Federation of Anglers and Hunters at their next annual Convention, once again approve the above resolution, and once again urge the Department of Lands and Forests to finalize the matter with the Province of Quebec without undue delay.

7. THAT the Department should immediately investigate the damage to our fish population through changing water levels, during the spawning seasons of our various fish, and that every effort be made to secure the co-operation of those whose dams control such water levels, including industry, and the Ontario Hydro-Electric Power Commission.
8. Due to the excess lowering of the water level in some of our lakes, by the Hydro, the people of this province have suffered a great loss in fur, wildlife and fish, therefore it is proposed: THAT the Government take necessary steps to have these waters properly controlled and that water levels in lakes and streams kept at a medium level in order to preserve and encourage wildlife to remain and fish to continue to propagate. It is further proposed that any complaints in this matter should be brought to the attention of the district biologist and his recommendations be followed.
9. THAT the taking of Lake Trout by any means be prohibited during the spawning season in all inland waters.

FOR DISCUSSION WITH THE DEPARTMENT

10. During the closed season for speckled trout, the Game Overseer has an impossible job, and it is an easy matter for the law violator to take this game fish to the detriment of the law abiding citizen; therefore it is proposed:

Fishing through the ice north of the Mattawa River and east of the North Bay to Oba line of the C.N.R., be prohibited in any stocked speckled trout lake or stream during the closed season regardless of other species of fish that may inhabit such waters.

11. In order that coarse fish shall not contaminate waters from which they have once been cleared, it is proposed that:

The use of minnows be prohibited as bait in any enclosed lake in which the coarse fish have been exterminated, and same restocked with speckled trout.

12. The flood waters in the lakes and streams in this Zone area, subside at least 15 days later than in the more southerly areas, and the present opening date of the pickerel season coincides with the spawning season.

THEREFORE BE IT RESOLVED that the opening date for the taking of pickerel in that northern area starting at the northeast corner of the Township of Eddy on the Quebec border and going due west to the northwest corner of the Township of Crerar, then taking a line due north to the north line of the Township of Monish, then taking a line due west to the western Ontario border, be retarded at least two weeks or until the end of May.

13. WHEREAS there has been heavy fishing for lake trout in some lakes in Frontenac County, and whereas some of these lakes have been closed to winter fishing for several years and others left open;

THEREFORE BE IT RESOLVED that the Ontario Department of Lands and Forests give serious consideration to an alternate closure and opening of these lakes for necessary periods under a suitable fish management program.

14. WHEREAS the present season for the taking of maskinonge east of Trenton by angling is from the thirtieth day of June to the second day of October, inclusive, and whereas this season does not coincide with the season for the taking of other game fish, such as bass, pickerel, etc., which frequently inhabit the same waters, causing much dissatisfaction to anglers who wish to abide by the regulations;

THEREFORE BE IT RESOLVED that the season for the taking of maskinonge be extended to October 31st or to coincide with the season for other game fish.

15. WHEREAS due to the fact that the pickerel on their spawning run enter into Westlake from Lake Ontario, and whereas commercial fishing is permitted in this area of Lake Ontario;

THEREFORE BE IT RESOLVED that the Department of Lands and Forests be requested to limit the use of gill nets and other commercial gear at the entrance of Westlake into Lake Ontario at Wellington Harbour, Prince Edward County.

16. That the opening date for speckled, brown and rainbow trout in Southern Ontario waters be such that it coincides with the opening date for pickerel.

17. The Greater Niagara Fish and Game Protective Association (International): "Resolved that the practice of dip net fishing in Welland County for coarse fish, with the exception of smelts, be discontinued."

18. Dunnville District Hunters and Anglers and Pheasant Breeders Association: "That the legal size of Yellow Pickerel taken by angling be increased to 15 inches."

19. Caledonia Hunters and Anglers: "Resolved that permission be obtained for an accredited organization to practice carp control measures in their respective districts."

20. Kent County Sportsmen's Association: "That the opening date for Black Bass season in the Lake St. Clair area be set back to correspond with the rest of the area, which is July 1st.
21. St. Catharines and Lincoln County Game and Fish Protective Association: "That the legal length of Brown and Rainbow Trout be nine inches."
22. RESOLVED that an overseer should be appointed to devote his full time to the St. Lawrence River for the area from the head of Howe Island to the foot of Grenadier Island and proper equipment placed at his disposal to assure more rigid (and very badly needed) surveillance. This equipment should consist of:
 1. An ice punt. Preferably 3 to 4 stores at strategic points.
 2. A medium sized, light weight boat 16 or 18 feet long with powerful outboard motor.
 3. A small cruiser—about 25 feet, capable of 20 to 25 miles per hour
23. WHEREAS the number of biologists throughout Ontario should be rapidly increased for more extended investigations into wildlife and fish conditions be it resolved that we urge that a biologist be appointed to the Sudbury District as soon as possible.
24. Many campers are prone to scatter their garbage, that is, used cans, bottles and paper, into the water and along the shoreline. This is unsightly, dangerous, and creates fire hazards; therefore the government is requested to: Continue more vigorously the education program instructing fishermen and campers in the proper disposal of fish entrail and other refuse.
25. The Forestry Department is requested to take steps to curtail the cutting of trees along the lake shores especially during the early spring when ice fishermen are operating.

RESOLUTIONS PASSED AT NORTHERN ONTARIO OUTFITTERS
23rd ANNUAL CONVENTION

Held at the Empire Hotel, North Bay, Ontario
January 28-29-30, 1952

1. WHEREAS the present wording of the law allowing two days' possession limit and one day's shipping limit is causing waste of fish and confusion on the part of non-resident anglers;

BE IT RESOLVED that we request the Department of Lands and Forests to abolish the present system and replace it with a system permitting license holders to have in their possession one day's limit plus one fish, this to apply to all game fish except muskies, for which the possession limit should be one day's catch only, and that possession limit coincide with the shipping limit.
2. WHEREAS due to the new zoning regulations as laid down by the Department of Lands and Forests the French River waters and contiguous areas are now classified to be an "L Zone" whereas they were formerly classified to be a "C Zone", and

WHEREAS this new regulation has now exposed said areas to further exploitation by new commercial tourist outfitters camps, thus defeating the conservation programme of the French River Resorts Association which is being carried out with the approval of the Department of Lands and Forests, and

WHEREAS it is considered to be a well-known fact that the fish and game resources of said areas will not stand the strain of further exploitation which will only create said areas into a barren wilderness and jeopardise the huge investment of the already established tourist business and eventually cut off the large revenue now being enjoyed by the province;

THEREFORE BE IT RESOLVED that the Department of Lands and Forests be requested to declare the French River waters and contiguous areas to be classified as a "C Zone".

3. WHEREAS the natural source of supply for Pickerel from Georgian Bay into all rivers between Parry Sound and the Bad River is being seriously hampered by the activities of commercial fishermen placing pond nets off the mouths of these rivers in the path of the natural currents from Georgian Bay into these rivers thereby preventing free access of Pickerel to these waters;

BE IT RESOLVED that the Department of Lands and Forests be asked to have these pond net licenses either cancelled or the nets moved well out into Georgian Bay.

4. WHEREAS serious depletion of game fish stock seems likely to develop because of the intensive angling from an increasing number of anglers, larger programs of re-stocking are now required, and the present resources of Kenora and Fort Francis Hatcheries are not sufficient to meet the requests for re-stocking;

BE IT RESOLVED that the Department of Lands and Forests be requested to apportion more funds for a re-stocking program in the Kenora and Rainy River Districts, and That consideration be given once more to the expansion of the rearing and re-stocking facilities in this part of the province, and that a muskie rearing station be established in the Dryden District since there is a natural water supply.

5. WHEREAS in the districts where numerous muskies are taken in the early part of October, many of whom are unavoidably killed now, and sufficient numbers of lake trout are not taken by angling during the fall season to jeopardize the supply;

BE IT RESOLVED that the open season for the taking of muskies be extended to October 15, north and west of the old Canada Atlantic Railway running between Parry Sound and Pembroke, and That no change be made in the present open fall season for lake trout taken by angling.

6. WHEREAS the present booklet type non-resident angling licenses is not considered very convenient for use by the license holder, especially when asked to produce same by the game warden, and

WHEREAS it is considered that a license in the form of a button or waterproof

shield would be more convenient, and would be an added form of advertising the province as most sportsmen would continue to wear their license button after returning to their homes;

THEREFORE BE IT RESOLVED that the Department of Lands and Forests be asked to consider the use of a different form of license to the one now being issued, or, the addition of an identification button to the present license, same to be provided without additional cost to the purchaser.

THAT WHEREAS the Champlain Trail is of great historic value and a heritage that must be preserved for posterity and whereas the Champlain Trail is one of the most beautiful scenic waterways on the continent, it should be preserved for the pleasure of all, for all time, and whereas if immediate action is not taken this historic heritage will be spoiled through the possible sale of land to a few cottage or camp owners;

THEREFORE BE IT RESOLVED that we request that parts of the Champlain Trail, still unspoiled, on the Mattawa River watershed, comprising Turtle Lake, Stoney Lake, Whitefish Lake, the Lost River to its mouth on Talon Lake, be reserved as a buildingless Forest Area, said area to be 500 feet on each side of above-named waterways (lakes and rivers); that no timber under 13 inches in diameter be cut except under Government supervision, in said area or to the height of land visible from lakes and rivers mentioned. And further that we request that the part of the Mattawa River running from Pimisi Lake eastward to Beaulieu Lake (which is also part of the Champlain Trail) be reserved as a Forest Area with the same boundaries and provisions as apply to the first part; and further, being that part of this area is in the Consolidated Timber enforced.

THE LAKE HURON AND GEORGIAN BAY COMMERCIAL FISHERMEN'S ASSOCIATION

Oliphant, Ontario,
March 17th, 1952.

Hon. Harold Scott,
Minister, Department of Lands and Forests,
Toronto, Ontario.

We, The Lake Huron and Georgian Bay Commercial Fishermen's Association respectfully suggest that no Municipality should have any influence in your Department in regards to changing or making any laws that would open or close any Great Lakes Area that effects Commercial Fishermen or Anglers.

And, where any controversy arrives between any group of Commercial Fishermen or Anglers, it would be settled by your Department on the merits of the case, and, if possible, amicable agreement between parties involved.

T. H. MCKENZIE,
President.

Wild Life and Game Committee,
Dept. of Lands and Forests,
Toronto, Ontario.

(Attention: Hon. H. Scott)

Gentlemen:

That your committee give the following recommendations particular consideration:

1. Legal limit length for lake trout be 15 inches.
2. That the closed season on Speckled Trout apply also to Lake Trout in lakes where Speckled and Lake Trout are known to inhabit.
3. Net trash fish out of Palmerston and Canato Lakes owing to the trash fish such as Rock Bass and Suckers eating food for Trout and taking Trout spawn. Our Association feels this can be done at small costs to Department. Cottage's owners and holidayers do the work under supervision of Game Overseers.
4. More Fish Stock for restocking as per our applications.
5. That the Department take serious view of our deer before they are shot out of existence. We feel some restrictions should go into effect before this 1952 season. We suggest camps be limited to a certain number of deer irrespective of number of hunters.

Also licenced guides be prohibited from fire-arms while guiding hunting party or parties.

J. C. DUNHAM,
President, Ompah Conservation Association.

Presented by Mr. Soper:

Hon. H. R. Scott, Esq.,
Minister of Lands and Forests,
Parliament Buildings,
Toronto, Ontario.

Dear Sir:

At a meeting of the Rice Lake Tourist Association a motion was carried to petition the Fish and Game Committee appointed by the Legislature, that section 42 of the Fish and Game Act be rescinded, to bring the Counties of Northumberland, Durham and Peterborough on the same category as the rest of the province, as recommended by the counties mentioned.

We of the Association feel that the rest of the Province has at least the month of June more for inducement to Tourists to spend their holidays in their district, as in the Trent District one cannot drift or cast for pickerel from a boat from May 15th to June 30th.

Under the watchful eye of the Department of Travel and Publicity we are continually urged to bring our camps up to a better standard. We consider Section 42 of The Fish and Game Act a detriment to operators of this district in making such changes as they suggest. The Trent District is under a special law governing the opening season on drifting and casting which means one and one-half months less revenue to the operators than the rest of the province.

Hoping to have some action taken on this matter by the Committee set up by the Legislature at this session.

Respectfully submitted,
ARTHUR BRAITHWAITE,
Secretary-Treasurer,
Rice Lake Tourist Association.

SUGGESTIONS:

Rescind Section 42 or put the rest of the Province on the same basis.

Would the Department see fit to give the Trent System the month of June to drift and cast from a boat for pickerel.

Is it possible to get better law enforcement on cases of fishing through the ice for pickerel and the selling of same after the charges have been laid.

More action taken against wards of the Government for fishing out of season.

Presented by Mr. Jamieson.

FISH

Mr. Chairman, Honourable Mr. Scott, Ladies and Gentlemen:

My fellow delegate, Mr. Obenauer, and I came here on behalf of the more than 300 members of the Fort Erie Fish and Game Conservation Society, an International organization made up of sportsmen on both sides of the border, to petition the Department of Lands and Forests to give consideration to a change in the limit of catch of walleye or yellow pike in the International waters of Lake

Erie and Niagara River. In view of the fact that there is no limit to the number of walleyed or yellow pike, a fisherman from New York State may take while fishing the same waters, practically side by side, it must be obvious that the inequality of this limit is extremely unfair to those fishing on the Canadian side of these waters. We readily understand that the present limit is necessary in smaller inland lakes and we believe this should be retained as a sound conservation measure. The fact that the waters of Lake Erie are commercially fished should, we think, lend weight to this petition. Sportsmen's groups along the frontier have informed us that New York State has a very heavy restocking programme for these waters which keeps the fish supply at a very high level.

Those of us who live near the Niagara Frontier recall that several years ago New York State had a low catch limit but on the plea of sportsmen it was removed entirely while the Canadian department imposed a very low limit after having no limit at all, thus reversing the entire fishing picture along the border.

We believe that a substantial increase in the present limit would bring thousands of additional sportsmen across the border to Canada and would provide a definite increase in non-resident licence fees to the Department of Lands and Forests. We, therefore, urge that your Department give serious consideration to this petition and make the International waters of Niagara River and Lake Erie an exception in the now existing law.

MR. JAMIESON,
Executive Committee,
Fort Erie Fish and Game Conservation Society.

Presented by Mr. Hick.

THE LINDSAY CHAMBER OF COMMERCE

March 11th, 1952.

Mr. Bert Hick,
Deputy Reeve.

Dear Mr. Hick:

Regarding our recent conversation relative to the opening and closing of the fishing season, we discussed this problem briefly with Bobcaygeon Chamber of Commerce, Fenelon Falls Chamber of Commerce, and Rice Lake, on Wednesday, March 5th, 1952. All were definitely in favour of sunrise to sunset fishing but there will be some objection to the opening of the Pickerel Season on July 1st, by the Rice Lake operators.

However it is conceded by a great number of Guides, The Kawartha Lakes Cottagers Association and many other associations, that if this district is to survive as a resort area, that our future is dependent upon ways and means of protecting our fish and wildlife.

May I respectfully suggest that any course you decide to take that will

insure a conservation program will eventually meet with the approval of all. The situation we find ourselves in today is a very serious one. Personally I can speak with a bit of background and knowledge of conditions in the area having been a summer resident for the past thirty years. I can assure you it is very grim.

If we can be of any service please do not hesitate to call on us.

Yours sincerely,

HAROLD POLLOCK,
Secretary-Manager,
Lindsay Chamber of Commerce.

SECOND MEETING

The second meeting of the Standing Committee on Fish and Game of the first session of the Twenty-fourth Parliament of the Province of Ontario was held in Committee Room No. 2 on Wednesday, March 19th, at 10 a.m.

The following members were present: Allan (Haldimand-Norfolk), Allen (Middlesex South), Beckett, Beech, Elliott, Fishleigh, Grummett, Harvey, Houck, Janes, Johnston (Parry Sound), Johnston (Simcoe Centre), Johnstone (Bruce), Kelly, MacKenzie, MacOdum, Mapledoram, Morningstar, Murdoch, Noden, Parry, Pryde, Robson, Root, Villeneuve, Ward, Warrender, Whitney and Wren.

Following the roll call, the Chairman, Mr. Johnston (Parry Sound), asked Hon. Harold Scott, Minister of Lands and Forests, to address the meeting.

Mr. Scott welcomed the delegations and observed that because of other Committee meetings, some members might arrive late. However, all the resolutions would be presented and everybody would have an opportunity to speak on them, but he asked members of the Committee to save time by withholding their remarks until the last meeting, at which they would have an opportunity to consider the presentations.

Len Hughes, president of the Northern Ontario Outfitters' Association, submitted the first brief and other briefs were submitted by Mr. Ken Clarke, president of the Ontario Federation of Anglers and Hunters Incorporated; Mr. Charles Hoover, of Markham Township, representing the Regulated Game Preserve Areas of townships in York, Ontario, Northumberland and Durham Counties; Wallace McKee of the New Ontario Trappers Association; Rev. W. G. Berry, of the Board of Evangelism and Social Services of the United Church of Canada, representing the Lord's Day Alliance; Don Fennell, representing the Bow Hunters of Ontario, and L. Obenauer, representing the Fort Erie Fish and Game Conservation Society.

All briefs are attached herewith.

Before submitting his brief, Mr. Hughes presented Mr. Scott with a hand-painted tie which, he explained, the Minister was to wear when he opened the moose season "to keep the man encouraged and his spirits up." Mr. Scott thanked him.

Before proceeding with his resolution, Mr. Hughes distributed some copies of a booklet entitled "Clear Water", in the series "The Fight To Save America's Waters" by Ed. Dodd, creator and writer of "Mark Trail".

Mr. Hughes criticized the statistical department at Ottawa on its conservative estimates of the value of the tourist business. He said the Outfitters' Association on its compilation of figures and facts could show that in Northern Ontario alone the tourist business is worth over \$39,000,000 a year.

In reference to the Outfitters' second resolution asking for an earlier season on moose, Mr. Hughes stated that moose are not fit to eat in November and it is not safe for hunters to travel on the lakes and rivers in November.

Concerning the resolution on deer, Mr. Hughes said the members of his Association were not all agreed on it.

Mr. Hughes did not present a resolution to this effect, but he said his Association was in agreement with the Ontario Federation of Anglers and Hunters to keep the Quetico-Superior International Peace Memorial Forest in its natural state. It was asking for no change in Quetico Park.

Mike Bates, Metagama, addressed the Committee following Mr. Hughes submission. He read a newspaper clipping telling of the killing of 24 moose on railroad tracks in the northland. The moose were attracted to the railroad tracks by strong headlights of the engine.

In a lengthy preamble to the resolutions presented by the Ontario Federation of Anglers and Hunters, President Ken Clarke, the next speaker, said he had read a report in the Toronto Globe & Mail that rod licenses were favored by the Outfitters. Mr. Clarke said the Federation does not favor rod licenses.

"All our resolutions are tending toward a certain line," he explained. The Anglers and Hunters find in their own organization an increasing desire of the wage earner to go afield for himself or family. Many are week-enders. Some go to outfitters, some to other camps of their own.

Mr. Clarke said his organization thinks the Department of Lands and Forests is doing better now than it has ever done before. "We are well satisfied generally," he declared.

On the question of production, Mr. Clarke said that it is necessary to go back to fundamentals in land use. Habitat is a great problem and is what we have to deal with now. Soil erosion, lowering and drying up waters are all a part of that problem. Fish and game are by-products of proper forest and agricultural land use.

In reference to farmers-sportsmen relations, he said the Federation is one

with the farmers in stopping hooliganism and vandalism in the field. He said that his organization's Consultation Council had talked with the municipalities of York County in this respect and similar talks were being held with Haldimand and Middlesex Counties.

Mr. Clarke pointed out, however, that the question of the preservation of law in respect to fish and game is very hard to enforce in the hard rock country of the north. "We are primarily concerned that the forests be properly used," he declared.

He said that the area between the Ottawa River and Georgian Bay contains much land that should not be settled. Poverty increases enforcement problems. In the north sustained yield forestry is well advanced and he suggested that forest protection and operator's access roads should be open for recreation use.

He recommended that a corps of trained guides for Quetico in advance of road access from the Ontario side.

Mr. Clarke then presented the resolutions which are attached herewith.

Mr. Justice Treleaven, introduced by the Chairman, had no written brief, but he requested the Committee to re-open an area closed last year in the Parry Sound district to deer hunting. The Judge stated he belonged to the Bully-O Hunt Club which had been established 35 years ago. "We built a modest camp," he said, "and have hunted regularly over about two square miles in an area which is about 65 miles long running north of Parry Sound to about 300 miles to Georgian Bay and west of the C.N.R. Last year, we learned for the first time as the season approached that the area was closed to deer hunting. We would like to make representations to the Committee to have the area re-opened."

Mr. Charles Hoover then presented the resolutions from the Regulated Game areas which recommended classification of hunting hours, 2-day pheasant hunting season only, action to control .22 and higher powered rifles carried in cars by poachers and stiffer penalties for shooting pheasant, partridge and grouse out of season.

Mr. Hoover's resolutions are attached herewith.

Preliminary to presenting the submissions from the New Ontario Trappers Association, Mr. Wallace McKee said that trappers today are different than those of 10 years ago. The zone system makes them properly conscious of conservation. His association was helping to educate and organize them.

Referring to the resolution of the N.O.O.A. opposing trappers' gill nets, he suggested that the licence contain provision to prohibit taking of game fish during the spawning season. The licence means much to trappers, he declared, and should not be taken away. He thought control could be exercised by the fear of losing trap lines if any breach of gill net licence occurred.

The resolutions of the Association are attached herewith.

Rev. W. G. Berry, who had made frequent attempts to present his brief,

but had not previously informed the Chairman that he had one to present now got an opportunity to register the Church's objection to hunting on Sunday.

Mr. Berry prefaced his brief by stating that "we of the Church admire the work done by the Anglers and Hunters and other organizations. We are full of praise for the work done by the Department, too. We don't want to discriminate against any group, but we feel this Committee has a responsibility to all the people of Ontario and we would oppose any amendment to The Fish and Game Act which would permit Sunday fishing and hunting.

Mr. Berry then read his brief which is attached herewith.

Don Fennell, representing the Bow Hunters of Ontario, presented the resolution attached herewith asking that bow hunters be given a two weeks season for deer hunting prior to the regular season. He stated his group is less interested in killing than in hunting and pointed that in Wisconsin where bow hunting season of one month was allowed before the rifle season, only 121 deer were killed compared to 50,000 estimated during the rifle season.

Ralph Bice, of Kearney, said that Dr. Harkness had asked him to come to the meeting to speak on behalf of the guides. He said there were few guides left. He disagreed with the Federation prohibiting guides from carrying guns and that much legislation restricts them rather than assists them. He suggested practical training for guides in the bush and that senior guides assist young guides.

Dr. Alan Secord, of Toronto, made a plea for hunting with dogs. He agreed with the N.O.O.A. in this respect. If a man wants to use a dog let him use it, he stated, except in special areas where dogs are not necessary.

Mr. L. Obenauer presented the resolution of the Fort Erie Fish and Game Conservation Society which is attached herewith.

Mr. Howard Sale, of Toronto, had no brief to present, but he asked for the opportunity to say a few words about duck hunting. He said the greatest predator against the duck is the crow and urged encouragement of the destruction of crows. He also urged that it be made mandatory to use retriever dogs in duck hunting in marshes to retrieve dead and crippled ducks. He related a case of hunting in the Holland marshes where 36 ducks were killed and only four recovered. He told of how his own dog had retrieved a number of ducks shot by other hunters in the Holland marshes last fall. These ducks would never have been recovered but for his dog which was the only one in the vicinity at the time.

Mr. Sale disagreed with Rev. Berry's contention that shooting deer on Sunday would interfere with Sunday picnickers, as the picnickers are not out in the woods in October, November or December.

Len Hughes, of the N.O.O.A., commented on some conflicting testimony respecting guides and urged the Committee not to blame good guides for sins committed by the bad ones. He hoped Sunday shooting would not be enforced in the north country.

Mr. Harvey moved adjournment of the meeting.

Meeting adjourned at 12.30 p.m.

Briefs presented to the Second Meeting of the Fish and Game Committee, held March 19th, 1952:

RESOLUTIONS PASSED AT NORTHERN ONTARIO
OUTFITTERS 23RD ANNUAL CONVENTION

Held at the Empire Hotel, North Bay, Ontario
January 28th, 29th and 30th, 1952

Presented to the Fish and Game Committee by Mr. Len Hughes.

MOOSE SEASON

WHEREAS the increase in moose throughout the area does not warrant an open season, and there was last year an abuse of the hunting privilege by residents, and being able to see moose in their natural haunts is considered a greater attraction;

BE IT RESOLVED that until such time as the Department of Lands and Forests obtains more complete information as to the number and condition of moose, the moose season be closed for both residents and non-residents in the Kenora and Rainy River Districts.

MOOSE

IT IS RECOMMENDED that the N.O.O.A. request the Department of Lands and Forests to establish controlled moose hunting in Northern Ontario except in the congested areas that we have asked to remain closed. This to be done by a system of zoning, with an allocation of limited number of licences to each zone according to the estimated moose population by the Department of Lands and Forests. This regulation to become effective for the season of 1952.

The season north of the main line of the C.N.R. Railway to open not later than October 1st, and south, October 15th.

DEER

WHEREAS it is the considered opinion of camp operators through this area that a threat to the survival of the deer population is coming about as the result of wolf predation together with concentrated hunting;

BE IT RESOLVED that the opening date for Deer Season be set at October 15th, throughout the Kenora and Rainy River Districts.

WHEREAS in the Kenora and Rainy River Districts where deer hunting is done to a large extent on islands and points the use of dogs for deer hunting is slaughter and not sport;

BE IT RESOLVED that we petition the Department of Lands and Forests to prohibit the use of dogs for big game hunting in the Kenora and Rainy River Districts.

DUCK SEASON

WHEREAS it is the opinion of Camp Operators in this District that the season as at present is satisfactory;

BE IT RESOLVED that in the Kenora and Rainy River Districts the duck hunting season open September 15th.

WHEREAS it is the opinion of Camp Operators in this District that the regulations regarding duck hunting and particularly the running of ducks with high-powered motors is not being adhered to;

BE IT RESOLVED that the Department of Lands and Forests be urged to patrol more extensively during the duck season to ensure rigid enforcement.

SEASON ANNOUNCEMENTS

WHEREAS confusion results to both camp operators and their guests when changes are made in seasons and limits are announced only by press releases;

BE IT RESOLVED that any change in seasons set forth by Orders-in-Council or Migratory Game Bird Commission—e.g., grouse, duck, game preserves, etc.—be announced as soon as passed, mimeographed copies sent to all outfitters and issuers of licences immediately stating the seasons, bag limit and possession limit.

GUIDES FOR HUNTING

WHEREAS camp operators generally throughout the Kenora District approve of the manner in which the guide law was handled in 1951 in the Kenora District;

BE IT RESOLVED that permanent suspension of the law be brought about, and that the use of guides in the Kenora District be no longer compulsory for deer hunting.

WOLVES

WHEREAS the big game population is endangered by the large number of wolves, and

WHEREAS trappers are reluctant to hunt and take wolf pups due to the lower bounty on pups;

BE IT RESOLVED that we petition the Department of Lands and Forests to increase the wolf bounty to \$35.00. This to include wolf pups as well as adult wolves.

RESTRICTED AREA

BE IT RESOLVED that all of Sabaskong Bay, Lake of the Woods, be declared a closed area, as far as more commercial camps are concerned.

GAME PRESERVES

BE IT RESOLVED that the Department of Lands and Forests be requested to keep open for 1952 the Lake of the Woods Crown Game Preserve.

GAME SANCTUARY

WHEREAS the deer population in the French River area has shown a great decline during the past few years, and

WHEREAS it is considered that Eighteen Mile Island and Rainy River Island, situated between the north and south channels of the French River would make an ideal game sanctuary;

THEREFORE BE IT RESOLVED that the Department of Lands and Forests be asked to declare said islands to be an official game sanctuary, and further that all members of the French River Resorts Association be declared deputy game wardens to assist the local wardens in the performance of their duties with regard to this proposed project.

GAME LAW CHANGES

That no changes in fish or game laws for a district be made without the recommendation of the District Forester and a representation of Tourist Outfitters and Trappers of that District.

BOUNDARY

RESOLVED that the Department of Lands and Forests be asked to change the boundary designated heretofore as the French and Mattawa Rivers in regulations concerning deer, moose and small game hunting—and that the new boundary be the French River, southern shores of Lake Nipissing to an intersection in North Bay where No. 17 highway crosses No. 11 highway, thence using No. 17 to the town of Mattawa and the Ottawa River, as the boundary.

TRAPPERS NETS

That it be illegal to place gill nets for lake trout in any lake whose area is less than three square miles. (The Department are now issuing gill net licences indiscriminately to trappers for the taking of lake trout off their spawning beds.

Result: The cleaning out of lake trout in a very short period of time from the smaller lakes.)

This recommendation with any additions such as nets NOT to be set in lakes that contain such game fish as bass, speckled trout should also be strongly supported by N.O.O.A.

EDUCATION

That an early program of conservation education be started in Ontario schools. This to apply principally to rural schools or to schools adjacent to rural areas.

WOLVES

That special attention by the Division of Fish and Wildlife be given, not to a "study" of wolf-control, but to wolf-control itself.

That trappers be encouraged to get out not later than September 1st with both traps and snares in areas where deer hunting with dogs is not common. When the winter season sets in and traps and snares no longer workable, poison to be issued to trappers where conditions warrant.

THE ONTARIO FEDERATION OF ANGLERS AND HUNTERS INCORPORATED

RESOLUTIONS PERTAINING TO GENERAL AND GAME

To be presented by Mr. Clarke to the Fish and Game Committee
Wednesday, March 19th, 1952

1. QUETICO—SUPERIOR INTERNATIONAL PEACE MEMORIAL FOREST

WHEREAS it is recognized in all civilized countries that the preservation of wilderness areas is a duty which is owed, on recreational, educational, esthetic and scientific grounds, both to the present inhabitants and to all future generations and whereas, in Ontario, the increasing population, the rapid spread of industrialization and the widespread use of aircraft in hunting and fishing have resulted in rapid deterioration of wilderness values in the last few years and will make it more and more difficult to establish and protect wilderness areas unless immediate action is taken; and whereas the Rainy Lake and Pigeon River watersheds constitute some of the finest unspoiled fish and game country in Canada, with exceptional historic interest, and whereas the fish, game and recreational resources offer the highest potential lasting value for this area and whereas the new highway under construction from Shebandown to Atikokan will open up much of this country;

BE IT RESOLVED that the Government of the Province of Ontario take exceptional precautions to see that fish, game and recreational resources of the area are not abused.

THAT the Government prepare a zoning plan which will set aside a zone or zones within the area which will remain in complete wilderness, and be free from buildings and roads, and with the very highest standards of shore-line protection, anti-flooding regulations and any other measures which will ensure the preservation of the natural beauties of the area.

THAT the Government, as part of the zoning plan, make a thorough study and decide what zones, in addition to wilderness areas, should be allotted to commercial outfitters, what to resorts and cottages, and what to unrestricted development.

THAT the Government should consider favourably, as the best lasting

guarantee of preservation, the proposal of the Canadian Quetico-Superior Committee for an international treaty, as and when there is a favourable expression of opinion for the proposal in that area of the Province.

2. THAT a Game Preserve of up to one thousand square miles area be established north of Lake Wanapitei, based on a suggested line from Tyronne to Mac-Beth Townships, and extending northward to a line from Adams to Balck Townships with adequate forestry and wildlife control.
3. THAT in the interest of safety, and for the protection of human life, the bearing of firearms while under the influence of intoxicants be subject to the same penalties as the operation of motor vehicles while in the same condition and that game wardens be empowered to make arrests for such violations.

4. WILDERNESS AREAS

In view of the need for immediate and vigorous action on the preservation of wilderness areas, as noted in Resolution 1, and in view of the fact that the present system of Provincial Parks, Reserves, etc., does not provide a satisfactory system for the preservation of wilderness areas, wildlife sanctuaries, etc.; BE IT RESOLVED that the Government of Ontario explore the possibility of establishing additional protected areas of such types and in such locations as to ensure the preservation of all major plant and animal communities native to the Province of Ontario in the closest possible approximation to natural conditions.

5. WHEREAS according to law, youths under sixteen are not allowed to carry a gun, and whereas youths should be given proper instruction before this age—

THEREFORE BE IT RESOLVED that youths under the age of sixteen be granted a special permit to carry firearms to hunt, provided they are accompanied by an adult with a hunting licence who is instructing them in the proper use of said firearms.

6. RESOLVED THAT the development of fish and wildlife be instructed to publicize more fully to licence issuers as well as the general public as to the open seasons for upland game, etc.
7. THAT the Government be requested to enact more stringent laws and impose harsher minimum penalties for any infractions of the Fish and Game Laws.
8. THAT guns and equipment seized by game overseers be held and sold at public auction in the respective departmental district in which they were seized.
9. BE IT RESOLVED that the Ontario Federation of Anglers and Hunters Incorporated request the Ontario Department of Highways to take steps to plan a much more extensive tree and shrub planting program, having in mind shrubs and trees beneficial to wildlife. It being felt that on many of the 100 foot right-of-ways small game have no protection or cover from man or predator. It further being resolved to request the Department of Lands and Forests to appoint whom they see fit someone from that Department to

co-operate with the Department of Highways on this matter so that a plan can be set up quickly and carried to a successful conclusion. As we feel this will be a move strictly in the interests of conservation yet most useful to the Department of Highways as a protection to their splendid highways at the same time beautifying roads of travel.

10. BE IT RESOLVED that additional care be taken when the Ontario Department of Highways, Counties and Townships are constructing new roads, widening roads and cutting down hills, grading, etc., that clay silt is not guided or left in such a manner as same will be washed into streams and creeks, more particularly those waters frequented by speckled trout, the reason being obvious, the covering of spawning beds, feed, etc. It is felt that considerable damage is done prior to the sodding, etc., of these slopes that necessary precautions should be taken at the time work is being done.
11. WHEREAS the present regulations of the Migratory Bird Act permit the shooting of snipe prior to the opening of the duck season, and whereas this may permit hunters to be in the marshes and to illegally shoot ducks prior to the opening date, and whereas this greatly complicated the proper enforcement of the regulations, and whereas any change in the snipe season would create no hardship for the snipe hunter as there is scarcely any hunting for these birds;

THEREFORE BE IT RESOLVED that the dates of the snipe season be made to coincide with the dates of the duck season.

12. WHEREAS wolves have increased at an alarming rate in recent years—with the result that the deer herds are suffering through this increase, and whereas the wolf pelt is of no value;

THEREFORE BE IT RESOLVED that the Department of Lands and Forests combat the wolf menace in three ways—

1. Raising wolf bounty.
 2. Issuing poison under strict control as to distribution.
 3. Hire professional hunter or hunters for one year to see what results can be obtained.
13. WHEREAS the Hungarian Partridge have not multiplied enough to warrant an open season;
- THEREFORE BE IT RESOLVED that the season on Hungarian Partridge remain closed in Northwestern Ontario.
14. WHEREAS at the present time it is unlawful to hunt or discharge a firearm in Ontario on Sundays, and whereas other fields of sport are enjoyed in all sections of the Province with commercialized sports permitted in many centres, and whereas the NO HUNTING on Sunday law is a definite discrimination against the majority of sportsmen who have only weekends for relaxation and their favorite sport, and whereas we believe the vast majority of sportsmen in Ontario are in favour of the abolition of this law, and the recognition of their just privileges, and whereas it has been proven in other Provinces more densely populated that hunting on Sunday does NOT decrease the ratio of game;

15. THEREFORE BE IT RESOLVED that the Ontario Federation of Anglers and Hunters approve at their annual Convention and thereafter submit to the Department of Lands and Forests their recommendation that hunting on Sunday be permitted in this Province.
16. WHEREAS the Peterborough Fish and Game Protective Association feels that owing to the overburden on the existing Game Wardens to give adequate supervision and that existing legislation is at present not being sufficiently enforced and cannot be with the present staff, and whereas the Licence for Deer hunting covers such a short period, which too is governed by the weather conditions prevailing, and whereas with the season reduced in Southern Ontario as to Northern Ontario, we feel that Sunday hunting should be allowed during the open season for deer, and whereas it would allow others unable to participate in this fine sport an opportunity to have two Saturdays and one Sunday, or 3 days hunt, and whereas sporting events of other kinds are allowed, where participation for money and prizes are allowed;

BE IT RESOLVED the Ontario Federation of Anglers and Hunters request the Department of Lands and Forests of Ontario to allow Sunday shooting for the period of time covered in the regulations for Deer hunting in Ontario.

17. WHEREAS it is in the interests of Conservation, Safety and Economy that non-residents have a guide when hunting so that the game laws will be observed, to prevent hunters from being lost with the possible results of loss of life or expensive and extensive searches being made to find them;

THEREFORE it is recommended that non-resident hunters, hunting in the District of Thunder Bay, be required to have a guide, similar to legislation now in existence in Kenora and Rainy River Districts.

Our delegate to the Fish and Game Committee of the Legislature has been instructed to assure the Government that: The present guide law in Rainy River is desirable and conforms to wishes of Zone One, Northwestern Ontario; The open season on deer in Rainy River continue to be from November 1st to 25th, not earlier.

18. WHEREAS, due to the scarcity of rabbits, the fox is depleting the supply of partridge, and whereas the present value of red fox pelts is very low;

THEREFORE BE IT RESOLVED that a bounty of \$5.00 be placed on the red fox.

19. To further increase the deer population in Northern Ontario be it resolved that the running of dogs in the bush during deer hunting season in that portion of Ontario in the districts of Sudbury and Nipissing, north of Lake Nipissing and French River, and west of the North Bay to Oba line of the C.N.R., and including Manitoulin Island, be prohibited, for a limited time.

20. **On Hawks and Owls:**

WHEREAS the very large amount of scientific evidence available shows that hawks and owls, considered collectively, are an important element in the normal balance of the wildlife of the province;

BE IT THEREFORE RESOLVED that the Government be asked to place all hawks and owls on the list of birds protected at all times, provided that an owner of domestically raised birds may destroy any hawk or owl he finds damaging his birds.

21. WHEREAS the present regulations which permit hunting for deer with dogs are considered to be satisfactory to a large majority of deer hunters in this area;

THEREFORE BE IT RESOLVED that the Ontario Department of Lands and Forests be requested to continue permission to hunt with dogs, except in that portion of Ontario described in Resolution No. 19.

22. BE IT RESOLVED that the Ontario Federation of Anglers and Hunters again request that the Provincial Government of Ontario enact a law which will prohibit the carrying or discharging of guns by licensed guides, while employed as a guide, during the deer hunting season.
23. WHEREAS it is true that the Moose population has increased in certain areas—but taking district as a whole, moose have not increased enough to warrant an open season;

THEREFORE BE IT RESOLVED that the Ontario Federation of Anglers and Hunters recommend to the government that the Moose season be kept closed in that area of Ontario south of the northernmost line of the C.N.R.

FOR DISCUSSION WITH THE DEPARTMENT

24. WHEREAS the present closing of the migrating bird season frequently does not extend late enough to include much of the late flight of ducks;

THEREFORE BE IT RESOLVED that the open season on migratory birds in the presently defined Northern District of Ontario be from the third Saturday in September to November 20th.

25. St. Catharines and Lincoln County Game and Fish Protective Association: That the duck season in the counties of Lincoln and Welland be split, the first period opening the same date as the rest of Southern Ontario for the period of eight days and the second period to be open until December 15th."
26. WHEREAS the present season for the shooting of duck, September 15th, does not allow the local ducks to mature, and whereas the Northern migration of ducks does not arrive in these areas until in October, and whereas the mild climatic conditions of September may cause the ducks to spoil rapidly;

THEREFORE BE IT RESOLVED that the Federation request the Government of Ontario to recommend to the proper authorities that the season on ducks, geese and other migratory waterfowl be not open before September 25th in the Rainy River and Thunder Bay Districts. It is further recommended that consideration be given to establishing two zones in this area based on the ecological differences between Rainy River and Thunder Bay Districts.

27. RESOLVED that the Ontario Department of Lands and Forests again investigate the issuance of non-resident pheasant hunting licences for Pelee Island. And that the majority of Ontario sportsmen feel that residents of Ontario should be entitled to buy a much larger percentage of these licences than those sold to non-residents.
28. BE IT RESOLVED that the Ontario Federation of Anglers and Hunters Inc. petition the Department of Lands and Forests to: Include on the "Resident and Non-Resident" hunting licence a clause to read: "This licence is not valid for the purpose of carrying, using or discharging a rifle of a calibre exceeding .260 and having a cartridge with a bullet weight exceeding 90 grains, in a regulated township except as may be provided during the open season for deer."
29. The Greater Niagara Fish and Game Protective Association (International): "Resolved that the licence now issued by townships in regulated game preserve areas of the province be cancelled and replaced by a County Licence; That the amount charged be stipulated by the Department of Lands and Forests and collected by provincial agents; That a part of the fee collected be returned to the counties which have conservation programs and that the amount of the fee be the same for all except bona fide farmers."
30. BE IT RESOLVED that the Crown land which was allotted for the Cedar Lake Project in Peterborough County as a public park should be made into a game preserve and posted as such.
31. WHEREAS the lack of knowledge of the game laws have caused unnecessary violations, and whereas many novice hunters and fishermen are unaware of the laws;

THEREFORE BE IT RESOLVED that it shall be mandatory for an issuer of licences to furnish to the purchaser of a licence, at the time the licence is purchased, a summary of the Game Laws of the latest issue and that these summaries be issued to all non-residents in possession of guns at points of entry.

32. As civilization advances, wildlife retreats; this means that finally, unless proper steps are taken now, our wildlife will vanish. Therefore it is proposed that the Government establish more game preserves or wildlife sanctuaries and that same be properly policed.
33. Respectfully submitted by the Chesterville Fish and Game Association that the season for the shooting of Hungarian Partridge open at the same date as the season for Ruffed Grouse.
34. St. Catharines and Lincoln County Game and Fish Protective Association: "That the number of hunters in any one jack-rabbit drive be limited to ten" West of a line from Oakville to Collingwood.
35. St. Catharines and Lincoln County Game and Fish Protective Association: "That the season for trapping muskrat in Lincoln County be closed for one year."

36. It is urged that certain responsible trappers in the effected areas be allowed to use poison for the destruction of the wolf under departmental supervision.
37. THAT "at any time" be substituted for the clause "during the closed season" of Section 32, subsection (4) of The Game and Fisheries Act.

Hon. H. R. Scott,
Minister of Lands and Forests.

Members of the Fish and Game Committee.

A meeting has been held this year with representatives present from the Regulated Game Preserve Areas in the undernamed townships in the Counties of York, Ontario, and Northumberland and Durham.

Darlington Township, County of Northumberland and Durham.

East Whitby and Pickering Townships, County of Ontario.

Whitchurch, Markham and Vaughan Townships, County of York.

It has been unanimously decided that the following resolutions be presented for your consideration, and it is our sincere hope that they will be favorably considered.

Moved by George Brown, East Whitby, seconded by E. Bone, Vaughan: That each municipality appoint a delegate, in support of the resolutions passed at this meeting, when presented before the Game Committee on March 19th, at 10.00 a.m., Committee Room No. 2, Parliament Buildings, by the Secretary, Mr. Charles Hoover. Carried.

Moved by J. Everett Harper, Markham, seconded by Herman Sweetman, Darlington: We respectfully recommend clarification of the hunting hours shown on the township licences, issued for regulated townships—(1) Either daylight or standard time; (2) The term "shooting hours" changed to "hunting hours." Carried.

Moved by F. H. van Nostrand, Whitchurch, seconded by Wallace Pascoe, Darlington: That this meeting unanimously favor an open season for pheasant hunting of two days only. Carried.

Moved by Lewis Jones, Pickering, seconded by R. A. Belcour, East Whitby: Whereas considerable damage has been caused by the use of .22 calibre and high powered rifles, and whereas their use in summer resort areas is dangerous, and whereas these rifles have been carried in cars by poachers; Therefore we respectfully ask the Provincial Department of Game and Fisheries to take appropriate action to overcome this menace. Carried.

Moved by Douglas Branton, East Whitby, seconded by Howard Millson, Darlington: Whereas a penalty of ten dollars imposed by the magistrates in

some courts, for shooting pheasants, Hungarian partridge and ruffed grouse out of season seems to be inadequate; We recommend an increase in the fines imposed, on a graduated scale, for such violations. Carried.

Those present at our meeting were of the opinion that action taken by your department along the lines suggested would help to conserve our game.

All of which is respectfully submitted.

CHARLES HOOVER.

RESOLUTIONS PASSED AT 5TH ANNUAL CONVENTION
OF THE NEW ONTARIO TRAPPERS ASSOCIATION

Held in Sudbury, January 31st and February 1st and 2nd, 1952

RESOLVED:

1. That the Department be urged to transplant some of the large vigorous rats from southern sections into northern areas suitable for muskrat production.
2. That under the supervision of the Game Management, the Department supply wild rice and other aquatic vegetation suitable for feed for muskrats.
3. That the Department arrange to transplant Marten into areas which at present have none, but which have proper food and conditions.
4. That an open season be declared on fisher in all areas with no quota basis. The fisher have increased in numbers to such an extent that they are depleting the food required by other animals. In areas where fisher are abundant porcupines are cleaned out and if the fisher are allowed to continue the same condition will soon exist in regard to partridge and rabbits.
5. That the hunting and trapping seasons be handled by zoning in accord with the conditions of the seasons and the volume of fur and game in different localities. The majority of the trappers were very well satisfied with the trapping season during the past season with the exception of mink. It is felt that the mink season should open earlier in areas where conditions warrant it.
6. That in areas where moose are plentiful the trapper be allowed to take one moose per year for food and that he be required to report the month and date of kill. The trappers feel that the moose are plentiful enough now in many areas to warrant an open season. Also, if the Department are going to open the season to sportsmen, they would like to see the Department receive a good substantial revenue which can be paid out in bounties on predators which are preying on their young moose, namely bears and wolves.
7. That a bounty be paid on bear. The trappers have found that this animal is

very destructive to many kinds of game, and it will create a great deal more interest amongst the trappers in predator control to have a bounty on them. The bounty should be payable to anyone who kills a bear and in order to collect the bounty, they should be required to send in the scalp only. Bears are so plentiful today because there is no encouragement for anyone to kill them with no market and bounty.

8. That the trapper be allowed to carry firearms on his own ground at any time in order to protect it from predators.
9. That the Department be asked to notify our Association in August re the full regulations re quotas and seasons so we can plan for our winter's operations.
10. That before being granted a licence, a new applicant be required to pass a test which will satisfy the Inspector of Traplines that he is capable and qualified to hold a licence, both for his own protection in the bush and to guard against placing inferior or poorly handled furs on the market.
11. That the Department require all trappers to report on kills made by wolves in their area as soon as possible after the kill is discovered. In this way the Department will have a closer check on places where the wolves are abundant and will be able to send in trained wolf hunters or take other steps to clear these areas of wolves. It is suggested that the Department pick a number of trappers who have a good record for getting wolves and send them as paid hunters into heavily populated wolf areas to help clean out the wolves and educate the trappers in these areas on proper methods of wolf hunting.

The majority of trappers are not in favor of using strychnine and it is suggested that the Department furnish ready made-up cyanide capsules and supply instructions on how to use them in the safest and most effective manner.

It is also suggested that the Department furnish ready made-up snares for the taking of wolves, to all trappers in areas where wolves are abundant.

SUBJECTS FOR DISCUSSION

I suggest that the head of the trappers council in each trapping area be allowed to advance any trapper in his area half the value of his fur in money supplied by the trappers organization; such fur to be shipped to Sudbury to our fur representative and later sold. This would put a stop to the local trapper having to sacrifice his fur in order to live.

I also suggest that the Ontario Government be approached to make a fur sale in Ontario under the auspices of the Trappers Association. It is a crime to think that one of the greatest fur provinces in the Dominion has no fur sale of their own, and that the trappers of Ontario are forced to send their fur out of the Province to auction it off.

(Above suggestions sent in by L. Hemphill, Elsas, Ont.)

We would like to see the making and setting of our game and fur laws and seasons be at the discretion of the individual districts and by their inhabitants. Also we suggest that the Department pass the word to their local game overseers to advise the trappers to sell their furs through the association.

BRIEF FOR THE LORD'S DAY ALLIANCE OF CANADA

Regarding the Proposal to Allow Hunting and Shooting of Game on the Lord's Day

Presented by Rev. W. G. BERRY.

While we do not wish to interfere with the pleasant and enjoyable recreational activities on Sunday, we wish to point out that there has been in recent years a progressive loosening of restrictions regarding this day so that far from being a day of rest, it has become one of restlessness and even annoying activity on the part of some. We would counsel strongly against any change in the law as it stands at present since it makes ample and wise provision both for worship and for healthy recreation on this day. In connection with our opposition we would point out the following:

1. The Lord's Day Act of Canada provides for the proper observance of Sunday but we would oppose any amendment of the Fish and Game Law which would make shooting and hunting widespread in our Province. Many local areas of our Province would be strongly opposed to such legislation, but would find themselves confronted with Sunday shooting and all that which entails without their having had much opportunity to express their point of view.

2. In the interest of the conservation of wildlife, the addition of another day's shooting would be tragic. The organizations which sponsor this proposed amendment to the present legislation have already complained about too much shooting, stating that deer are being "carted out of our woods like cord wood." What would be the situation if hunting weekend parties, sometimes of irresponsible tourists who may have no interest in conservation, were allowed? The slaughter among the wildlife of our Province would be at least double if not treble. We cannot believe that the good sportsmen of this Province desire a thing as this to take place.

3. There are many farmers in our rural areas who are unfavorably disposed towards shooting parties at any time. Our organization considers that the Government have a duty to protect such farmers as these against the invasion of their property. While we know that permission is required to be given, yet all too frequently this permission is not sought. The farmers of this Province have a right to have at least one day when their property and their livestock are protected against this danger.

4. We would further point out that on Sunday many of our people are seeking quiet and innocent recreation in the woods and the meadows. There are picnic parties with children in our woods adjacent to them. To allow shooting on this day would be to run the risk of great danger to such family parties who are using the day for the purpose for which it was intended.

5. We believe this legislation to be unnecessary for those who desire to hunt and shoot game. So far in the history of our province this has not been allowed and when our forefathers worked six days a week it was not allowed. We now have a five day a week for most of our people. We believe that Saturday would allow sufficient time for the enjoyment of this sport and would point out that our forefathers would have looked upon Sunday shooting as poor sport and not very good citizenship. They would have this day kept for the worship of God and we who live in an age when Christian civilization itself is threatened can scarcely do less.

6. Finally then as Christian people living in a Christian country we would urge the necessity of using the Lord's day for a time of worship. The intention of The Lord's Day Act is to provide for quiet recreation, and also the worship of God. Shooting on this day would be a disturbance of the peace. It might even be a disturbance of public worship, and would certainly be a bad example for the young people of our country. Teen-aged boys on their way to Sunday School or Bible Class are not going to be encouraged to the observance of the Christian way of life when they meet their father or their neighbor going out to hunt with his gun on his shoulder on the Lord's day. We would, therefore, urge that nothing be done to interfere with the legislation as it now exists.

WEDNESDAY, MARCH 19TH, 1952

Resolution presented to The Game and Fish Committee by Don Ferrell, on behalf of the Bow Hunters of Ontario, affiliated to the Hunting and Field Archers of Ontario, and Toronto Anglers and Hunters Association.

Inasmuch as the number of people in Ontario hunting with the bow and arrow is increasing rapidly each year, and inasmuch as it has been proven that such type of hunting is definitely a conservation measure and a humane way to hunt;

Therefore be it resolved that:

1. Provision be made for an open season of two weeks' duration for the taking of deer with the bow and arrow. This season to immediately precede the open season of taking deer with a gun.
2. Provision be made for a \$1.00 licence fee for hunting of small game with bow and arrow.
3. Provision be made for separate bow hunting areas for hunting with bow and arrow where such areas might be dangerous or undesirable for hunting with guns. One such area being the portion of the Restoule River and

head of Lennon Lake being hunted by the licensed guides and trappers, Thomas and Phillip Grawbouer.

Mr. Chairman, Hon. Mr. Scott,
Ladies and Gentlemen:

The members of the Fort Erie Fish and Game Conservation Society are confronted with an unusual situation in the counties of Welland, Haldimand, Lincoln and Essex in regard to the terrific destruction of jack rabbits. The hunting in these counties has been so heavy the farmers have threatened to restrict hunting and close their lands to hunters. Our organization, made up of both resident and non-resident sportsmen is most anxious to create and maintain a harmonious relationship with all land owners in these areas. Our membership, therefore, urges the Department of Lands and Forests to take drastic action to correct this situation before the Canadian jack rabbit is totally destroyed in these counties. The members of the Fort Erie Fish and Game Conservation Society are most anxious to join with your department and with the farmers and landowners of lower Ontario to prevent the slaughter of jack rabbits in a wholesale manner, so as to continue to enjoy this fine sport in a sportsman-like manner and with the conservation of game and consideration of the property rights of the landowners uppermost in our minds. The membership of our club has gone on record in favor of the following:

1. Establishment of a low bag limit (2 jacks per man per day).
2. The discontinuance of the buying and selling of jack rabbits.
3. The curtailment of large scale jack rabbit drives by large numbers of hunters. (Limit hunting groups to six men.)

MR. OBENAUER,
Executive Committee,
Fort Erie Fish and Game
Conservation Society.

THIRD MEETING

The third meeting of the Standing Committee on Fish and Game of the first session of the Twenty-fourth Parliament of the Province of Ontario was held on Friday, April 4th, at 10 a.m. in No. 1 Committee Room.

The following members were present: Messrs. Johnston (Parry Sound), Chairman; Allen (Middlesex South), Elliott, Hanna, Harvey, Hunt, Janes, Johnston (Simcoe Centre), Johnstone (Bruce), Kelly, Mackenzie, Manley, Mapledoram, McPhee, Root, Sandercock, Ward, Wardrope, Warrander, Wren.

The Committee met to consider 249 resolutions.

With one exception, the Committee did not deal with any of the resolutions

dealing with fish. The lone one on which Mr. Mackenzie suggested a discussion was No. 11. It was approved by the Committee.

Other resolutions given approval were: Nos. 61, 101 (excluding that portion described in resolution No. 99), 119 (agreed on re-opening), 138 (subject to Department investigating and seeing what could be done), 148.

Discussions were held, but no action taken on the following resolutions: 42, 59, 94, 97, 98, 99, 109, 143, 144, 145, 181, 211, 220.

Dealing with No. 119, the request of Mr. Justice Treleven to re-open for deer hunting some 300 square miles north of Parry Sound and west of the C.N.R. which was closed in 1951, Mr. Mackenzie moved that it be re-opened. Other members of the Committee agreed.

On recommendation No. 231, pertaining to the use of ferrets prohibited for hunting of rabbits, it was agreed that there be no change in the existing prohibition.

Resolution No. 58 provoked considerable discussion. Dr. Clarke showed a map indicating the various moose areas in northern Ontario. The map was colored to indicate the approximate number of moose in various areas, different shades being used for the scale of figures.

Dr. Clarke said it was estimated that about 3,000 moose were killed in Ontario last season.

Messrs. Janes, Wardrope and Wren favored a moose open season for residents only. There was some discussion about permitting a moose cow shoot in one small area as an experiment.

The Committee eventually agreed on Mr. Wardrope's motion that the moose season be opened to resident hunters only in areas to be designated by the Department of Lands and Forests.

The matter of an experimental shoot for cow moose was left to the Department's consideration in another motion by Mr. Wardrope on which the Committee agreed.

The problem of deer hunting in the agricultural areas of Southern Ontario, covered by Recommendation No. 230, was discussed. It was agreed that deer are abundant in many southern Ontario areas. But an open season wasn't favored, either.

The Committee finally agreed on a motion by Mr. Mackenzie to leave entirely in the hands of local Township and/or County Councils to take care of the situation. Whether there is an open season or not and whether it is confined to certain areas can be voted on by them.

J. P. Johnstone (Bruce) objected to an open season for one county only. This happened in Bruce County last year and meant a concentration of hunters in one county. He said there are lots of deer in his county but they could only stand an open season as long as the adjacent counties of Grey and Huron had one, too.

George Johnston (Simcoe-Centre) opposed any open season on deer in southern Ontario counties.

Mr. Harvey brought up the subject of trappers having to go to Montreal for fur sales. Mr. Harvey referred to Resolution No. 138. He said the Department should assist the trappers in establishing a market in Ontario.

Mr. Scott said the Department was giving consideration to that. "We are going to see what can be done about it," Mr. Scott said.

Mr. Harvey said some fur buyers try to hold up Ontario fur trappers.

"Are you suggesting we take some action to prevent the export of furs?" Mr. Scott asked.

"I firmly believe something should be done and that the Department should investigate the possibility of having fur sales," replied Mr. Harvey. "If necessary, I would suggest prohibiting the export of fur."

Before the meeting adjourned, Mr. Scott mentioned that the Department appoints a number of deputy-game wardens every year, but some doubt has been raised whether "our deputy game wardens appointed come under clause R of Section 1 of The Game and Fisheries Act.

It was approved by the Committee that clause R of Section 1 of the Act be amended to read "and Deputy-Game Wardens."

The meeting adjourned at 11.50 a.m.

For a number of years, various requests had been received by the Department regarding the desirability of improving the chain of lakes consisting of Boat Lake, Sky Lake, Isaac Lake and Burford Lake, and in 1949, these were strengthened by requests from The Wiarton Board of Trade and The Bruce Peninsula Resort Association, and also a Resolution by the Bruce County Council.

A survey was then begun by the Department in order to study the problem, especially as these lakes in part at least were lowered as a part of a Municipal Drainage Scheme, undertaken by the Township of Amabel in 1919. The Department of Public

Works was asked to erect a temporary experimental dam at the outlet of Boat Lake, and this was expedited and completed in September, 1949.

In December 1949, however, a part of the dam was cut out by persons unknown, and this display of disapproval was followed by a petition signed by about 25 property owners, in July, 1950, requesting that the dam be removed immediately. Members of this Division and also Public Works, attended a meeting with these people in October, 1950, and in November, a Motion was passed by the Amabel Township Council, requesting that the dam be removed. The remainder of the dam was dynamited by Public Works at our request on March 6th, 1951, when weather conditions permitted.

fish of various species, and provided good fishing, a recreation for many hundreds of people each year. Like other lakes, it was an important function of an inland water reservoir, thus helping to maintain the water table of the land. It was also a haven for waterfowl and other bird life along its shores. The idea was conceived by some of the farmers in the district, some of them living miles away, that if the lake were lowered or drained, it would have a salutary effect on the drainage of their land. As most of the farms in the district are very poor and as the expression of the advantages of the drainage are questionable, on balance, it seems that the little benefit, if any, derived by the local inhabitants, would be far outweighed by loss to the general public and tourists suffered by virtue of the fact that the lake is no longer available to them in usable form. As a large part of the population of the Township of Amabel are property owners of summer cottages, it is inconceivable that a small group of farmers headed by the Township Council of Amabel should be permitted to influence the Department of Lands and Forests in perpetuating the error.

Now therefore be it resolved that the Department of Lands and Forests take immediate steps to correct the situation by the

clearing away of all obstacles to the restoration of the dam and to budget for all necessary expenditures.

Since then, various inquiries are being received from time to time from conservation groups and others.

In the fall of 1952, again at the request of local persons, preliminary investigation was made regarding the probable effects of a new dam to be constructed at the outlet of Burford Lake. It is now proposed to install an experimental dam at this location during the summer of 1952, under more favourable conditions.

<p>The following 16 resolutions were presented by the Ontario Federation of Anglers and Hunters marked "For Discussion with the Department":</p>	Ontario Federation of Anglers and Hunters.		To give effect to this resolution would require a tremendous volume of regulations and probably amendments to the Special Fishery Regulations.

being carried out with the approval of the Department of Lands and Forests, and

Whereas it is considered to be a well known fact that the fish and game resources of said areas will not stand the strain of further exploitation which will only create said areas into a barren wilderness and jeopardize the huge investment of the already established tourist business and eventually cut off the large revenue now being enjoyed by the province;

28. (3) Whereas the natural source of supply for pickerel from Georgian Bay into all rivers between Parry Sound and the Bad River is being seriously hampered by the activities of commercial fishermen placing pound nets off the mouths of these rivers in the path of the natural currents from Georgian Bay into these rivers thereby preventing free access of pickerel to these waters;

Be it resolved that the Department of Lands and Forests be asked to have these pound net licences either cancelled or the nets moved well out into Georgian Bay.

Northern Ontario Outfitters' Association.

Program of tagging pickerel from pound nets in area referred to was started in 1950. This was hampered in 1951 by an accident which incapacitated the captain of the patrol boat. It would appear desirable to have complete data from this source before taking action. Pickerel fishing has been fairly good these past few years due to the presence of a good year class (1944).

Indications are that this year will not be good since this year class has now fallen off. It is expected that about two years from now another good year class will enter the fishery. The condition as outlined above has been general in Georgian Bay and not confined to the French River area. A similar condition has apparently held in Lake Michigan. The net set at Little Rock which has been the cause of complaint in the past is not licensed to be set until after July 1st each year. Claims have been made that this net blocks the channel into the Bad River completely but it is impossible for one net to do this. The net is no doubt strategically placed but there are other channels the fish can use to enter the Bad River.

unfair to those fishing in the Canadian side of these waters. We readily understand that the present limit is necessary in smaller inland lakes and we believe this should be retained as a sound conservation measure.

The fact that the waters of Lake Erie are commercially fished, should, we think, lend weight to this petition. Sportsmen's groups along the frontier have informed us that New York State has a very heavy restocking program for these waters which keeps the fish supply at a very high level. Those of us who live near the Niagara Frontier recall that several years ago New York State had a low catch limit, but on the plea of sportsmen it was removed entirely, while the Canadian Department imposed a very low limit after having no limit at all, thus reversing the entire fishing picture along the border. We believe that a substantial increase in the present limit would bring thousands of additional sportsmen across the border to Canada and would provide a definite increase in non-resident licence fees to the Department of Lands and Forests. We, therefore, urge that your Department give serious consideration to this petition and make the International waters of the Niagara River and Lake Erie an exception to the now existing law.

124. (1) That the Department be urged to transplant some of the large vigorous rats from southern sections into northern areas suitable for muskrat production.	New Ontario Trappers' Association —(Mr. W. McKee).	Muskrats not usually transplanted.	"Rice Lake" muskrat is a trade term for the highest grade of rat. It is based on fact that in cold climates rats have thin skins and thick fur, in warm climates, thick skins and thin fur. Rats to be processed have to have thick enough skins to stand the shearing, hence, the highest priced rat is the farthest north rat whose skin is still thick enough to stand shearing. Size in rats is related to feed, hence climate plus feed make quality which can hardly be improved by importing southern rats.

127. (4) That an open season be declared on fisher in all areas with no quota basis. The fisher have increased in numbers to such an extent that they are depleting the food required by other animals. In areas where fisher are abundant porcupines are cleaned out and if the fisher are allowed to continue, the same condition will soon exist in regard to partridge and rabbits.
128. (5) That the hunting and trapping seasons be handled by zoning in accord with the conditions of the seasons and the volume of fur and game in different localities. The majority of the trappers were very well satisfied with the trapping season during the past season with the exception of mink. It is felt that the mink season should open earlier in areas where conditions warrant it.
129. (6) That in areas where moose are plentiful the trapper be allowed to take one moose per year for food and that he be required to report the month and date of kill. The trappers feel that the moose are plentiful enough now in many areas to warrant an open season. Also, if the Department are going to open the season to sportsmen, they would like to see the Department receive a good substantial revenue which can be paid out in bounties on predators which are preying on their young moose, namely bears and wolves.

Trappers' Association.
- Trapper allowed one moose in open season.

RECOMMENDATIONS	BY WHOM	STATUS	COMMENTS
<p>130. (7) That a bounty be paid on bear. The trappers have found that this animal is very destructive to many kinds of game and it will create a great deal more interest amongst the trappers in predator control to have a bounty on them. The bounty should be payable to anyone who kills a bear and in order to collect the bounty they should be required to send in the scalp only. Bears are so plentiful today because there is no encouragement for anyone to kill them with no market and bounty.</p>	New Ontario Trappers' Association.	Bear bounty now restricted to farmers in certain areas.	
<p>131. (8) That the trapper be allowed to carry firearms on his own ground at any time in order to protect it from predators.</p>	New Ontario Trappers' Association.	By Section 11, Subsection (3), this privilege is already conferred on licensed trappers.	
<p>132. (9) That the Department be asked to notify our Association in August re the full regulations re quotas and seasons so we can plan for our winter's operations.</p>	New Ontario Trappers' Association.	Fur regulations now made in summer and left unchanged if possible.	
<p>133. (10) That before being granted a licence, a new applicant be required to pass a test which will satisfy the Inspector of Trappines that he is capable and qualified to hold a licence, both for his own protection in the bush and to guard against placing inferior or poorly handled furs on the market.</p>	Northern Ontario Trappers' Association.	No test required.	

134. (11) That the Department require all trappers to report on kills made by wolves in their area as soon as possible after the kill is discovered. In this way the Department will have a closer check on places where the wolves are abundant and will be able to send in trained wolf hunters or take other steps to clear these areas of wolves. It is suggested that the Department pick a number of trappers who have a good record for getting wolves and send them as paid hunters into heavily populated wolf areas to help clean out the wolves and educate the trappers in these areas on proper methods of wolf hunting.
135. The majority of trappers are not in favour of using strychnine and it is suggested that the Department furnish ready made-up cyanide capsules and supply instructions on how to use them in the safest and most effective manner.
136. It is also suggested that the Department furnish ready made-up snares for the taking of wolves, to all trappers in areas where wolves are abundant.
137. I suggest that the head of the trappers council in each trapping area be allowed to advance any trapper in his area, half the value of his fur in money supplied by the trappers organization; such fur to be shipped
- New Ontario Trappers' Association. District Office receives all applications for wolf bounty and should be informed as to where wolves are running.
- New Ontario Trappers' Association. Snare wire now furnished. Trappers may have their own tastes as to make-up.

That the "Zonal" system of regulation of the fishery be established for designated areas. It is the considered opinion that uniform regulation of the fishery should not apply throughout the province due to wide variation in climatic conditions, seasonal accessibility and other factors. As an example: regulations might be varied from season to season by publication of such areas as Lake Erie, Georgian Bay, Lake of the Woods, etc.

Fisher and lynx are valuable fur-bearing animals. The lynx has become very scarce and when it disappears it is replaced by the bobcat, which is worthless and destructive.

194. The fish and game protection may well be left to the wardens if the right men are chosen for the work, and the co-operation of the tourist camp licensee may be depended upon, as no operator wishes to have the fish and game depleted in his area as it takes away his livelihood. 195. Restocking of lakes by the depositing of spawn and fingerlings is probably the best method so far known to keep up the supply,	Gowganda Fish and Game Protective Assn.—(N. R. Green).		Stocking is known to be practical in the following instances:

although it is sometimes difficult to ascertain just what effect this method has of increasing the supply, especially with pickerel.

1. Stocking newly created or restored waters.
2. Stocking waters subjected to winter kill of fish.
3. Stocking barren waters, that is barren of fish, or of the species of fish, but not barren of food.
4. Stocking to restore population balances.
5. Stocking heavily fished waters where demand is greater than potential production.

However, there are other fish management or fish cultural practices which are of greater value under certain conditions, i.e., bass harvesting, sanctuaries, predator and competitive control, etc.

strong in desiring that non-residents be admitted to all moose hunting.

2. If non-residents are admitted should a season in October be set to accommodate them and the tourist outfitters, or should all alike share a late season? In this connection a strong local opinion in the north holds that if the late season is good it should be good enough for Americans.

3. If an early season is set should there also be a late season for residents?

4. When are we to start shooting cow moose? The idea of shooting cow moose is comparatively new in Ontario, and is so far discussed only as an experiment in one area. In fact the experience of Sweden, where the moose harvest has been built up to 15,000 head per year, shows clearly that cows should be shot if there is to be a shoot at all. Bull moose may be naturally inclined to polygamy, but the period of fertility of the cows is so short that his inclinations have no practical value and an equal number of both sexes is needed to get a maximum rate of increase. Surplus cows are wasted.

Late season favoured.

<p>230. DEER IN SOUTHERN ONTARIO: The Department would appreciate full discussion of the problem of deer in the agricultural area. The matter has been placed before the Committee by the Department in other years and left to the Department's discretion. Last year a short open season was established, only three days in the most heavily populated areas. After protests from a number of municipal councils the three day season was withdrawn; though a longer season was retained in other less densely populated areas which had all had some experience of deer hunting.</p>	Department of Lands and Forests.		Mr. Mackenzie's motion carried.
<p>In brief, deer have become abundant in many southern Ontario agricultural areas. When this happens, they cause direct damage to crops and woodlots and are frequently in collision with automobiles. Indirectly they cause trouble through their being constantly run by dogs which often turn from deer to sheep. They already carry liver rot disease and are potential carriers of other stock diseases including hoof and mouth. In several places they have so depleted the natural winter foliage, which is often also the natural regeneration in woodlots, that they have starved to death. They are being constantly poached with consequent annoyance to sportsmen who are not allowed to shoot them. Finally, they have a high rate</p>			Mr. Johnstone (Bruce) and Mr. Johnston (Simcoe Centre) opposed to confining shoot to only one county.

of natural increase, almost doubling their numbers in a year under Southern Ontario conditions, which means that the conditions we notice now will become aggravated and more widespread in future unless the herd is brought under control.

The only practical form of control known to the Department is shooting, preferably in a proper open season.

Objections to an open season are based on three things:

1. A sentimental attachment to deer which may be summed up in an oft-repeated statement, "We know they do damage but we don't mind because we like to have them around." The man whose car has been smashed modifies this to, "I like deer, but I wish *you* would keep them off the roads." This may be answered in part by saying that in fact nobody proposes to exterminate the deer, or, except locally, to reduce them below their present numbers. What we want to do is to take care of the increase.
2. A feeling of proprietary interest in deer which is reflected in the statement, "They live and feed on our property and we are the ones who should shoot them." Hitherto the Department has

tried to avoid any suggestion of setting up private shoots by public authority, assuming that such an arrangement should be made and enforced by property owners. Many proposals for "limited" or "controlled" shooting are received. In some areas this might work but no two municipalities seem to have the same concept of a "controlled" shoot and authority available to one should, presumably be available to all.

3. A fear of danger to person and property. As rifles can be excluded and the majority of deer hunters will not be interested in southern Ontario, there should be fewer hunters than on pheasant and rabbit shoots, and the danger to stock from groundhog shooters, who use rifles, should be much greater. This fear can only be removed by experience.

231. FERRETS IN RABBIT HUNTING:

The use of ferrets was prohibited as a result of representations made to this Committee. Now, as a result of protection, and perhaps in part because of an upswing in the natural cycle, rabbits are more numerous.

Department of Lands
and Forests.

Representations have been made officially

from Essex County and by various private persons in the Niagara District favouring the use of ferrets. There have also been complaints from various suburban communities where the discharge of firearms is forbidden, that there exists for their residents no legal means of controlling the numerous and destructive rabbits.

232. MIGRATORY BIRD SEASONS:

It was proposed that the zone boundary line for waterfowl seasons be changed, so that an area east of axis of Highway No. 12 and Highway 67 from Parry Sound south through Washago and north of the main line of the Canadian Pacific Railway be included in the present northern line.

Proposed by a meeting
Department of Lands
and Forests with re-
presentatives of the
Federation of Anglers
and Hunters, repre-
sentative sportsmen,
and marsh owners and
lessees.

233. I recommend that for a few years the killing of porcupines be encouraged and that research be carried on, in the meantime, to ascertain the minimum population needed.

Report of the Royal
Commission on
Forestry—
(Kennedy Report).

Bounties on porcupines in other areas have been ineffective, (e.g. New Brunswick). On the other hand, the building up of a population of fisher in the course of fur management has resulted in porcupine control by the fisher, its principal natural enemy.

234. Whereas the Department of Lands and Forests has had a favourable experience with alternate closures in parts of Ontario, and

Whereas the Department agreed to make a trial test of alternate closures of named lakes in the Rideau District on a two or three year basis, and

Whereas four years have passed without the Government making the alternate closures as agreed, and

Whereas we protest, and;

Therefore we urge that the Government make alternate closures as agreed and determine the value or lack of value of alternate closure methods as part of fish management in this area.

235. Whereas in the opinion of the officials of the Department of Lands and Forests, it is advisable for conservation purposes for a lake to be closed to lake trout fishing;

That closure should be effective for a 12-month period.
