JOURNALS

OF THE

LEGISLATIVE ASSEMBLY

OF THE

PROVINCE OF ONTARIO.

Thursday, 28th January, 1886.

3 o'clock P. M.

PROCLAMATION.

JOHN BEVERLEY ROBINSON.

Canada, }
Province of }
Ontario. }

VICTORIA, *by the Grace of God of the United Kingdom of Great Britain and Ireland,*
QUEEN, *Defender of the Faith, &c., &c., &c.*

To our Faithful, the Members elected to serve in the Legislative Assembly of Our Province of *Ontario*, and to every of you—GREETING :

O. Mowat, }
Attorney-General. } **W**HEREAS it is expedient for certain causes and considerations to convene the Legislative Assembly of Our said Province, We do will that you and each of you, and all others in this behalf interested, on THURSDAY, the TWENTY-EIGHTH day of the month of JANUARY next, at OUR CITY OF TORONTO, personally be and appear for the DESPATCH OF BUSINESS, to treat, act, do and conclude upon those things which in our Legislature of the Province of *Ontario* by the Common Council of our said Province may by the favour of God be ordained. HEREIN FAIL NOT.

IN TESTIMONY WHEREOF, We have caused these Our Letters to be made Patent, and the Great Seal of Our said Province of *Ontario* to be hereunto affixed : WITNESS, The Honourable JOHN BEVERLEY ROBINSON, LIEUTENANT-GOVERNOR of Our Province of *Ontario*, at our Government House, in Our City of *Toronto*, in Our said Province, this TWENTY-SECOND day of DECEMBER, in the year of Our Lord one thousand eight hundred and eighty-five, in the forty-ninth of Our Reign.

By Command.

CHARLES T. GILLMOR,
Clerk of the Crown in Chancery.

This being the first day of the Third Session of the Fifth Legislature of *Ontario*, for the Despatch of Business, pursuant to a Proclamation of His Honour the Honourable *John Beverley Robinson*, Lieutenant-Governor of the Province, and the House having met, His Honour entered the House; and, having taken his seat on the Throne, was pleased to open the Session by the following gracious Speech:—

Mr. Speaker and Gentlemen of the Legislative Assembly:—

It has once more become my agreeable duty to convene you for the discharge of the high public functions devolving upon this House:—for your annual review of Provincial administration; for such measures in Legislation as may keep pace with the rapid strides of this great Province; and for providing the supplies necessary to administer the government and give effect to your enactments.

Immediately after the rising of the House last year, the attention of our people was anxiously drawn to the North-West Territory by most unhappy occurrences. That vast Territory, like the intervening Province of Manitoba, is allied to Ontario by the closest ties of affection and kindred. Many of the pioneers in those distant settlements are the sons of your constituents, or lately were themselves your constituents; and their hardships and dangers touch very directly the hearts and homes of Ontario. When the volunteers were called out to restore order, it was gratifying to observe the spirit in which our Ontario youth answered the summons, and undertook what in every civil strife must needs be a most painful duty. While sincerely deploring the necessity for their services, we all felt a natural and just pride in our citizen soldiers as we witnessed their patient endurance on the march, and their unflinching courage in action. When tranquillity was restored, it was again gratifying to observe the alacrity with which they returned to their civil duties, and resumed the avocations of peaceful industry.

I am rejoiced to see by the official statistics that Ontario continues to maintain the lead of all Provinces and States on the continent in agricultural industry. The field crops of the past year have, with two or three exceptions, been very bountiful; though low prices and a wide-spread disease in the potato have not permitted our farmers to realize the usual profits of some former years. I notice with pleasure that the increased attention which is given to mixed farming, and to live stock and dairy products, has widened the basis of our agricultural prosperity, and greatly limited the injury arising from the failure of a single crop, or a single branch of this most important of the occupations of our people.

The recent organization of Farmers' Institutes by the Commissioner of Agriculture has furnished most important agencies for the exchange of valuable experience, and for the diffusion of scientific principles and methods among our whole farming community. These institutes have been largely attended and highly appreciated; the Professors of the Agricultural College have personally interested themselves in the proceedings, and have established between College and Institutes cordial relations of the greatest mutual advantage. In order to secure the permanent affiliation of practical husbandry with scientific research, a measure will be submitted for the formation of an advisory Board of Farmers whom the Commissioner may consult in the management of the College and Experimental Farm.

I congratulate you upon the result of the appeal taken to the Imperial Privy Council by the Government of Canada, respecting the Dominion Liquor License Acts. The Judicial Committee of the Privy Council have declared these Acts to be wholly null and void. Thus their Lordships have not only sustained the Provincial jurisdiction to the extent adjudged by the Supreme Court of Canada, but have sustained the full contention of Ontario, and have declared the entire subject of tavern, shop, vessel and wholesale licenses to belong exclusively to Provincial jurisdiction.

Notwithstanding the decision of Her Majesty in Council in 1884 determining in favour of the Province the long-pending dispute respecting our westerly boundary, the settlement of the territory (now called the Rainy River District) and the development of its resources, have been further delayed by a claim, recently set up, that all the Crown Lands in this territory belong to the Dominion as Indian Lands, though in the case of the other Provinces all lands similarly situated are admitted to belong to the Province within

which they lie. The Dominion Government having covered large tracts of the awarded territory with licenses to cut the timber, my Government, to preserve the Provincial domain from further waste, applied for and obtained an injunction against some of the licensees, the effect of which has been to deter, so far as known, all Dominion licensees and other trespassers from further operations in the territory. The Court granting the injunction decided that in Ontario, as in all the older Provinces, the title to such lands lies, not in the Dominion, but in the Provinces. An appeal from this decision is still pending. A measure will be submitted to you for the opening and settling of the Rainy River District, to take effect as soon as the claim of the Dominion Government has been abandoned or set at rest by the Tribunal of last resort.

I regret that, notwithstanding the earnest efforts of my Government, no progress has been made towards a settlement of accounts between Ontario, the Dominion, and the Province of Quebec. In view of this further delay, and of the apparent uncertainty as to the time when a settlement may be arrived at, my Government deem it inadvisable to any longer postpone paying to the municipalities entitled the interest on the Land Improvement Fund derived from the sale of school lands prior to Confederation, the principal, though not yet received, having been advanced by the Province to the Municipalities in 1882. Provision for this purpose will be made in the estimates.

The early settlement of lands recently made accessible by railroads and highways continues to receive the earnest encouragement of my Government. The past year witnessed a partial revival of the mining industry, and our valuable deposits of minerals and metals are again attracting attention.

I congratulate you upon the liberal bonuses received at the timber sale, deemed necessary last fall, of a limited area of scattered and exposed limits upon the north shore of the Georgian Bay.

An unusually severe visitation of smallpox in the commercial metropolis of the adjoining Province excited much sympathy with our afflicted neighbours. The virulent character of the epidemic occasioned my Government the most anxious and watchful solicitude on account of our close business relations and constant intercourse with that city. Prompt and energetic measures were taken through our Provincial Board of Health to maintain a vigilant quarantine on the frontier, and to insist on the examination and vaccination of passengers, and the disinfecting of railway carriages and merchandize. Local Boards rendered effective service as well as in enforcing general vaccination among our own people as by other precautionary measures. In devising and carrying into effect the preventive measures necessary, the enlarged powers conferred last Session by the Public Health Act were of eminent service. The result of the vigorous action taken has been that nowhere within our limits did the epidemic obtain any dangerous foothold, and that our towns and villages generally have enjoyed complete immunity from the dread disease.

During the recess I issued a Commission for the Consolidation of the Provincial Statutes now again dispersed through many volumes. Substantial progress has been made in this important work, and it is hoped that a Report by the Commissioners may be ready for submission to the House during the present session. Bills will be laid before you embodying improvements in the law recommended by the Commissioners or suggested in their discussions.

Other measures are to be submitted for your consideration; including, a Bill for the Auditing of the Public Accounts of the Province, a Bill for increasing the usefulness and efficiency of Mechanics' Institutes, a Bill for the amendment of the law relating to the estates of deceased persons, and a Bill respecting the Liability of Employers for Injuries suffered by their workmen.

I regret that in many branches of industry the present supply of labour seems so far to exceed the demand as to depress wages and render employment uncertain. Under these circumstances my Advisers continue to regard it as unwise for this Province to stimulate the immigration of the working classes from abroad, lest the hardships of the present situation should be aggravated.

I had hoped that the past year would have witnessed active operations on the projected Parliamentary and Departmental Buildings; but unexpected difficulties in the

plans have intervened. I derive, however, much pleasure from the confident anticipation that early in the present session these much needed buildings will be in actual course of erection.

The urgent need of increased accommodation for the lunatic and idiotic of our population was recognized last session, and appropriations were voted for additional buildings at Hamilton and Orillia. It was found, however, that before the intended structure at Hamilton could be made available, some interim accommodation for lunatics must be provided in order to the immediate relief of our Gaols and overcrowded Asylums. The Department was so fortunate as to secure under a five years' lease the use of Regiopolis College as a branch Asylum, which has been placed under the management of the officers of the Rockwood Asylum. After some repairs and slight alterations, very suitable accommodation was thus provided for one hundred and fifty patients. This will, it is hoped, be found sufficient for the public wants until necessary permanent provision is made.

The Reports of the various Departments of the Public Service for the past year will be laid before you. There will also be submitted the first Report of the Master of Titles on the operation of the Land Titles' Act of last session; and the Report of the Commissioners appointed to enquire into complaints made against the Warden of the Central Prison.

The Estimates for the current year have been prepared with a view to economy and efficiency, due regard being had to the varied requirements of this great and progressive Province.

I feel assured that your Legislative labours will, as heretofore, be marked by earnestness of purpose, and by a sincere and disinterested consideration of the public welfare.

His Honour, the Lieutenant-Governor was then pleased to retire.

Mr. Speaker informed the House that he had received from the Judges for the trial of Election Petitions, pursuant to the Controverted Elections Act, their Certificates and Reports relating to the Elections for:—

The County of *Lennox*.

The Electoral District of *Muskoka and Parry Sound*.

The East Riding of the County of *Northumberland*.

The several Certificates and Reports were then read by the Clerk at the Table as follows:—

In the matter of the *Lennox* Election Petition.

We, the Honourable *John Alexander Boyd* and the Honourable *John Edward Rose*, two of the Judges for the time being for the trial of Election Petitions under the Controverted Elections Act of the Province of *Ontario*, do hereby, and in pursuance of the said Act, certify that upon the sixth day of January, 1885, we held Court in the Town of *Napanee*, in the County of *Lennox*, for the trial of the Election Petition between *Andrew Gordon Hamilton*, Petitioner, and *George D. Hawley*, Respondent, relating to the Election held on the twenty-first and twenty-eighth days of August, 1884, for the Electoral District of the County of *Lennox*.

And in further pursuance of the said Act, we certify that at the trial we determined that the said *George D. Hawley* was not duly elected.

And, whereas, charges were made on the said Petition of corrupt practices having been committed at the said Election, we, in further pursuance of the said Act, report as follows:—

That no corrupt practice was proved to have been committed by or with the knowledge or consent of the said *George D. Hawley* at the said Election.

That at the trial, the following persons were proved to have been guilty of corrupt practices:—*John Hartin, James Richmond, Alzonah Jackson, James P. O'Brien, James W. Hartin, W. C. Pringle, William Young, Peter Hart, John Marshall, John Harris, Thomas Harris, Thomas Fralech, Joseph B. Hartin, William Fairbairn, the elder, Thomas Anderson, Robert Thompson, Ezekiel B. Myles, Thomas Caton, Thomas A. Peters, Dorval W. Peters, William J. Thompson, John Hill, George Montgomery, William McDonald and Champ Smith.*

That there is reason to believe that corrupt practices extensively prevailed at the said Election in the Township of *Richmond*, in the said County of *Lennox*.

That there is no reason to believe that corrupt practices prevailed elsewhere in the said County at the said Election.

Dated this thirty-first day of March, 1885.

J. A. BOYD, C. & J. R.

JOHN E. ROSE, J. R.

To the Honourable,

The Speaker of the Legislative Assembly,
Toronto.

IN THE COURT OF APPEAL FOR ONTARIO.

In the matter of the *Muskoka and Parry Sound* Election Petition.

We, the Honourable *John Alexander Boyd*, Chancellor of *Ontario*, and the Honourable *John E. Rose*, both Justices for the time being for the trial of Election Petitions under the Controverted Elections Act of the Province of *Ontario*, do hereby, in pursuance of the said Act, certify that upon the thirty-first day of August, 1885, we held a Court at the Village of *Bracebridge* for the trial of the Election Petition between *Joseph Cooper*, Petitioner, and *Jacob William Dill*, Respondent, relating to the Election held on the sixteenth and twenty-third days of July, for the said Electoral District of *Muskoka and Parry Sound*.

And, in further pursuance of the said Act, we certify that at the conclusion of the said trial, we determined that the said *Jacob William Dill*, the member whose election and return was complained of, was duly returned and elected.

And, whereas charges were made in the said Petition of corrupt practices having been committed at the said Election, we further, in pursuance of the said Act, report as follows:—

That the Petitioner and Respondent were represented by Counsel at the trial, and the Counsel for the Petitioner stated that he believed he would be unable to make out a sufficient case to avoid the Election and was therefore prepared to consent to a dismissal of the Petition. The Counsel for the Respondent assented to this course, whereupon, having just announced that any other person who desired to intervene in lieu of the Petitioner was at liberty to do so, and no intervention having taken place, and no evidence having been given, we dismissed the petition with costs.

Given under our hands this 5th day of September, 1885.

J. A. BOYD, C. & J. R.

JOHN E. ROSE, J. & J. R.

The Order of the Day for taking into consideration the Speech of His Honour at the opening of the Session, having been read,

Mr. *Hawley* moved, seconded by Mr. *Conmee*,

1. That an Humble Address be presented to His Honour the Lieutenant-Governor thanking His Honour for his gracious speech, and for observing that it had once more become his agreeable duty to convene this Assembly for the discharge of the high public functions devolving upon it; for the annual review of Provincial administration; for such measures in Legislation as may keep pace with the rapid strides of this great Province; and for providing the supplies necessary to administer the government and give effect to its enactments.

2. That we thank His Honour for his reference to the most unhappy occurrences by which, immediately after the rising of the House last year, the attention of our people was anxiously drawn to the North-West Territory; that we agree with His Honour that that vast Territory, like the intervening Province of *Manitoba*, is allied to *Ontario* by the closest ties of affection and kindred; that many of the pioneers in those distant settlements are the sons of our constituents, or lately were themselves our constituents; and that their hardships and dangers touch very directly the hearts and homes of *Ontario*. When the volunteers were called out to restore order, it was gratifying to us as it was to His Honour to observe the spirit in which our *Ontario* youth answered to the summons, and undertook what in every civil strife must needs be a most painful duty. While sincerely deploring the necessity for their services, we all felt with His Honour a natural and just pride in our citizen soldiers as we witnessed their patient endurance on the march and their unflinching courage in action, and when tranquility was restored, it was again gratifying to us as it was to His Honour to observe the alacrity with which they returned to their civil duties, and resumed the avocations of peaceful industry.

3. That we rejoice with His Honour to see by the official statistics that *Ontario* continues to maintain the lead of all the Provinces and States on the continent in agricultural industry; that the field crops of the past year have, with two or three exceptions, been very bountiful, though low prices and a wide-spread disease in the potato have not permitted our farmers to realize the usual profits of some former years; and we also with His Honour notice with pleasure the increased attention which is given to mixed farming, and to live stock and dairy products, thereby widening the basis of our agricultural prosperity, and greatly limiting the injury arising from the failure of a single crop, or a single branch of this most important of the occupations of our people.

4. That we agree with His Honour that the recent organization of Farmers' Institutes by the Commissioner of Agriculture has furnished most important agencies for the exchange of valuable experience, and for the diffusion of scientific principles and methods among our whole farming community; that we are glad to know that these institutes have been largely attended and highly appreciated; and that the Professors of the Agricultural College have personally interested themselves in the proceedings, and have established between College and Institutes cordial relations of the greatest mutual advantage. That we assure His Honour that we will give our best consideration to the measure which, in order to secure the permanent affiliation of practical husbandry with scientific research, is to be submitted for the formation of an advisory Board of Farmers whom the Commissioner may consult in the management of the College and Experimental Farm.

5. That we rejoice that His Honour is able to congratulate us upon the result of the appeal taken to the Imperial Privy Council by the Government of *Canada*, respecting the Dominion Liquor License Acts, the Judicial Committee of the Privy Council having declared these Acts to be wholly null and void, and their Lordships having thus not only sustained the Provincial jurisdiction to the extent adjudged by the Supreme Court of *Canada*, but having sustained the full contention of *Ontario* by declaring the entire subject of tavern, shop, vessel and wholesale licenses to belong exclusively to Provincial jurisdiction.

6. That we regret to learn that notwithstanding the decision of Her Majesty in Council, in 1884, determining in favour of the Province the long-pending dispute respecting our westerly boundary, the settlement of the territory (now called the *Rainy River* District) and the development of its resources, have been further delayed by a claim, recently set up, that all the Crown Lands in this territory belong to the Dominion as Indian Lands, though in the case of the other Provinces all lands similarly situated are admitted to belong to the Province within which they lie; but we learn with interest, the Dominion Government having covered large tracts of the awarded territory with licenses to cut the timber, the Government, to preserve the Provincial domain from further waste, applied for and obtained an injunction against some of the licensees, the effect of which has been to deter, so far as known, all Dominion licensees and other trespassers from further operations in the territory, the Court granting the injunction having decided that in *Ontario*, as in all the older Provinces, the title to such lands lies, not in the Dominion, but in the Provinces,

though an appeal from this decision is still pending. We shall carefully consider the measure to be submitted for the opening and settling of the lands of the *Rainy River* District, to take effect as soon as the claim of the Dominion Government has been abandoned or set at rest by the Tribunal of last resort.

7. That all share His Honour's regret that, notwithstanding the earnest efforts of the Government no progress has been made towards a settlement of accounts between *Ontario*, the Dominion, and the Province of *Quebec*. And we learn with satisfaction that, in view of this further delay, and of the apparent uncertainty as to the time when a settlement may be arrived at, the Government deem it inadvisable to any longer postpone paying to the municipalities entitled the interest on the Land Improvement Fund derived from the sale of school lands prior to Confederation, the principal, though not yet received, having been advanced by the Province to the Municipalities in 1882, and that provision for this purpose will therefore be made in the estimates.

8. That we rejoice to know that the early settlement of lands recently made accessible by railroads and highways continues to receive the earnest encouragement of the Government; that the past year has witnessed a partial revival of the mining industry, and that the valuable deposits of minerals and metals are again attracting attention.

9. That we thank His Honour for congratulating us upon the liberal bonuses received at the timber sale, deemed necessary last fall, of a limited area of scattered and exposed limits upon the north shore of the *Georgian Bay*.

10. That we agree with His Honour that the unusually severe visitation of smallpox in the commercial metropolis of the adjoining Province excited much sympathy with our afflicted neighbours; that we are pleased to know that the virulent character of the epidemic occasioned Your Honour's Government the most anxious and watchful solicitude on account of our close business relations and constant intercourse with that city; that prompt and energetic measures were taken through your Provincial Board of Health to maintain a vigilant quarantine on the frontier, and to insist on the examination and vaccination of passengers, and the disinfecting of railway carriages and merchandise; that Local Boards rendered effective service as well in enforcing general vaccination among our own people as by other precautionary measures, and that in devising and carrying into effect the preventive measures necessary, the enlarged powers conferred last Session by the Public Health Act have been of eminent service; and we are very grateful that the result of the vigorous action taken has been that nowhere within our limits did the epidemic obtain any dangerous foothold, and that our towns and villages generally have enjoyed complete immunity from the dread disease.

11. That we thank His Honour for informing us that during the recess he issued a Commission for the Consolidation of the Provincial Statutes now again dispersed through many volumes; that substantial progress has been made in the important work, and that it is hoped that a Report by the Commissioners may be ready for submission to the House during the present session, and that we assure His Honour that we shall consider the Bills which are to be laid before us embodying improvements in the law recommended by the Commissioners or suggested in their discussions.

12. That we will carefully consider the measures to be submitted for our consideration, including a Bill for the Auditing of the Public Accounts of the Province, a Bill for increasing the usefulness and efficiency of Mechanics' Institutes, a Bill for the amendment of the law relating to the estates of deceased persons, and a Bill respecting the Liability of Employers for Injuries suffered by their Workmen.

13. That we share His Honour's regret that in many branches of industry the present supply of labour seems so far to exceed the demand as to depress wages and render employment uncertain, and thank His Honour for informing us that under these circumstances his advisers continue to regard it as unwise for this Province to stimulate the immigration of the working classes from abroad, lest the hardships of the present situation should be aggravated.

14. That we thank His Honour for informing us that he had hoped that the past year would have witnessed active operations on the projected Parliamentary and Depart-

mental Buildings; that unexpected difficulties in the plans have intervened and that we derive with him, however, much pleasure from the confident anticipation that early in the present season these much needed buildings will be in actual course of erection.

15. That we thank His Honour for reminding us that the urgent need of increased accommodation for the lunatic and idiotic of our population was recognized last session by appropriations being voted for additional buildings at *Hamilton* and *Orillia*; that we thank His Honour for informing us that it was found, before the intended structure at *Hamilton* could be made available some interim accommodation for lunatics must be provided in order to the immediate relief of our Gaols and overcrowded Asylums; that the Department was so fortunate as to secure under a five years' lease the use of *Regiopolis* College as a branch Asylum, which has been placed under the management of the officers of the *Rockwood* Asylum. After some repairs and slight alterations, very suitable accommodation was thus provided for one hundred and fifty patients, and that this will, it is hoped, be found sufficient for the public wants until necessary permanent provision is made.

16. That we thank His Honour for the information that the Reports of the various Departments of the Public Service for the past year will be laid before us; also the first Report of the Master of Titles on the operation of the Land Titles' Act of last session; and the report of the Commissioners appointed to enquire into complaints made against the Warden of the Central Prison.

17. That we thank His Honour for the announcement that the Estimates for the current year have been prepared with a view to economy and efficiency, and with due regard being had to the varied requirements of this great and progressive Province.

18. That we thank His Honour for the expressson of confidence that our Legislative labours will be marked by earnestness of purpose, and by a sincere and disinterested consideration of the public welfare.

The first paragraph of the proposed Address having been read the second time,
And a Debate having arisen,
Ordered, That the Debate be adjourned until Monday next.

Mr. *Fraser* then moved in Amendment to the proposed Amendment, seconded by Mr. *Pardee*,

That the second paragraph of the proposed address now under consideration, and the proposed amendment thereto, express no opinion with regard to the cause or occasion of the recent disturbances or rebellion in the North-West Territories. That any expression of opinion thereon or in respect of any of the matters or proceedings subsequent thereto, and arising thereout, or connected with, or bearing upon any Executive, Governmental, Administrative, or other action of the Federal Authorities in the premises, would, on the part of this House, be an unwise and unwarrantable intrusion upon the proper domain in that behalf of the Dominion Parliament. That this House consequently refuses to express or commit itself to any opinion or motion bearing upon, or having reference to any such matter or proceeding, save to the extent and as set forth in said paragraph and said proposed amendment, when amended as hereinafter proposed. And therefore, this House resolves that said proposed amendment to the said paragraph be amended only in this respect, namely, by adding thereto the words following: "And this House now hopefully trusts that peace and tranquillity having been fully restored, it may be found consistent with the public interests to extend the merciful consideration of the Crown to those who are now undergoing imprisonment for offences connected with or arising out of the rebellion."

The second paragraph, as amended, having been then read, was agreed as follows :

We thank Your Honour for Your reference to the most unhappy occurrences by which, immediately after the rising of the House last year, the attention of our people was anxiously drawn to the *North-West Territory* by most unhappy occurrences. That vast Territory, like the intervening Province of *Manitoba*, is allied to *Ontario* by the closest ties of affection and kindred. The several paragraphs of the Address, from the third to the eighteenth inclusive, having been again read, were agreed to.

Resolved, That the above Resolutions, be referred to a Select Committee composed as follows : the Attorney-General, and Messieurs *Pardee*, *Hawley*, and *Cormee*, with instructions to prepare and report an Address to His Honour in conformity therewith.

The Attorney-General, from the Select Committee, reported an Address, which was read as follows :—

To the Honourable *John Beverley Robinson*, Lieutenant-Governor of the Province of *Ontario* :

We, Her Majesty's dutiful and loyal subjects, the Legislative Assembly of the Province of *Ontario*, humbly thank Your Honour, for your gracious Speech at the opening of the Session, and for observing that it had once more become our agreeable duty to convene this Assembly for the discharge of the high public functions devolving upon it ; for the annual review of Provincial administration : for such measures in Legislation as may keep pace with the rapid strides of this great Province ; and for providing the supplies necessary to administer the Government and give effect to its enactments.

We thank Your Honour for your reference to the most unhappy occurrences by which, immediately after the rising of the House last year, the attention of our people was anxiously drawn to the *North-West Territory* ; we agree with Your Honour that that

vast Territory, like the intervening Province of *Manitoba*, is allied to *Ontario* by the closest ties of affection and kindred ; that many of the pioneers of those distant settlements are the sons of our constituents, or lately were themselves our constituents ; and that their hardships and dangers touch very directly the hearts and homes of *Ontario*. And this House now hopefully trusts that peace and tranquillity having been fully restored, it may be found consistent with the public interests to extend the merciful consideration of the Crown to those who are now undergoing imprisonment for offences connected with or arising out of the rebellion.

We rejoice with Your Honour to see by the official statistics that *Ontario* continues to maintain the lead of all the Provinces and States on the continent in agricultural industry ; that the field crops of the past year have, with two or three exceptions, been very bountiful, though low prices and a wide-spread disease in the potato have not permitted our farmers to realize the usual profits of some former years ; and we also, with Your Honour, notice with pleasure the increased attention which is given to mixed farming, and to live stock and dairy products, thereby widening the basis of our agricultural prosperity, and greatly limiting the injury arising from the failure of a single crop, or a single branch of this most important of the occupations of our people.

We agree with Your Honour that the recent organization of Farmers' Institutes by the Commissioner of Agriculture has furnished most important agencies for the exchange of valuable experience, and for the diffusion of scientific principles and methods among our whole farming community ; that we are glad to know that these institutes have been largely attended and highly appreciated ; and that the Professors of the Agricultural College have personally interested themselves in the proceedings, and have established between College and Institutes cordial relations of the greatest mutual advantage. We assure Your Honour that we will give our best consideration to the measure which, in order to secure the permanent affiliation of practical husbandry with scientific research, is to be submitted for the formation of an advisory Board of Farmers whom the Commissioner may consult in the management of the College and Experimental Farm.

We rejoice that Your Honour is able to congratulate us upon the result of the appeal taken to the Imperial Privy Council by the Government of *Canada*, respecting the Dominion Liquor License Acts, the Judicial Committee of the Privy Council having declared these Acts to be wholly null and void, and their Lordships having thus not only sustained the Provincial jurisdiction to the extent adjudged by the Supreme Court of *Canada*, but having sustained the full contention of *Ontario* by declaring the entire subject of tavern, shop, vessel and wholesale licenses to belong exclusively to Provincial jurisdiction.

We regret to learn that notwithstanding the decision of Her Majesty in Council in 1884, determining in favour of the Province, the long-pending dispute respecting our westerly boundary, the settlement of the territory (now called the *Rainy River* District) and the development of its resources, have been further delayed by a claim, recently set up, that all the Crown Lands in this territory belong to the Dominion as Indian Lands, though in the case of the other Provinces all lands similarly situated are admitted to

belong to the Province within which they lie ; but we learn with interest, the Dominion Government have covered large tracts of the awarded territory with licenses to cut the timber, the Government, to preserve the Provincial domain from further waste, applied for and obtained an injunction against some of the licensees, the effect of which has been to deter, so far as known, all Dominion licensees and other trespassers from further operations in the territory, the Court granting the injunction having decided that in *Ontario*, as in all the older Provinces, the title to such lands lies, not in the Dominion, but in the Provinces, though an appeal from this decision is still pending. We shall carefully consider the measure to be submitted for the opening and settling of the lands of the *Rainy River* District, to take effect as soon as the claim of the Dominion Government has been abandoned or set at rest by the Tribunal of last resort.

All share Your Honour's regret that, notwithstanding the earnest efforts of the Government, no progress has been made towards a settlement of accounts between *Ontario*, the Dominion and the Province of *Quebec*. And we learn with satisfaction that, in view of this further delay, and of the apparent uncertainty as to the time when a settlement may be arrived at, the Government deem it inadvisable to any longer postpone paying to the municipalities entitled the interest on the Land Improvement Fund derived from the sale of school lands prior to Confederation, the principal though not yet received, having been advanced by the Province to the Municipalities in 1882, and that provision for this purpose will therefore be made in the Estimates.

We rejoice to know that the early settlement of lands recently made accessible by railroads and highways continues to receive the earnest encouragement of the Government ; that the past year has witnessed a partial revival of the mining industry, and that the valuable deposits of minerals and metals are again attracting attention.

We thank Your Honour for congratulating us upon the liberal bonuses received at the timber sale, deemed necessary last fall, of a limited area of scattered and exposed limits upon the north shore of the Georgian Bay.

We agree with Your Honour that the unusually severe visitation of smallpox in the commercial metropolis of the adjoining Province excited much sympathy with our afflicted neighbours ; we are pleased to know that the virulent character of the epidemic occasioned Your Honour's Government the most anxious and watchful solicitude on account of our close business relations and constant intercourse with that city ; that prompt and energetic measures were taken through your Provincial Board of Health to maintain a vigilant quarantine on the frontier, and to insist on the examination and vaccination of passengers, and the disinfecting of railway carriages and merchandise ; that Local Boards rendered effective service as well in enforcing general vaccination among our own people as by other precautionary measures, and that in devising and carrying into effect the preventive measures necessary, the enlarged powers conferred last Session by the Public Health Act have been of eminent service ; and we are very grateful that the result of the vigorous action taken has been that nowhere within our limits did the epidemic obtain any dangerous foothold, and that our towns and villages generally have enjoyed complete immunity from the dread disease.

We thank Your Honour for informing us that during the recess you issued a Commission for the Consolidation of the Provincial Statutes now again dispersed through many volumes ; that substantial progress has been made in the important work, and that it is hoped that a Report by the Commissioners may be ready for submission to the House during the present session, and we assure Your Honour that we shall consider the Bills which are to be laid before us embodying improvements in the law recommended by the Commissioners or suggested in their discussions.

We will carefully consider the measures to be submitted for our consideration, including a Bill for the Auditing of the Public Accounts of the Province, a Bill for increasing the usefulness and efficiency of Mechanics' Institutes, a Bill for the amendment of the law relating to the estates of deceased persons, and a Bill respecting the Liability of Employers for Injuries suffered by their workmen.

We share Your Honour's regret that in many branches of industry the present supply of labour seems so far to exceed the demand as to depress wages and render employment uncertain, and thank Your Honour for informing us that under these circumstances his

advisers continue to regard it as unwise for this Province to stimulate the immigration of the working classes from abroad, lest the hardships of the present situation should be aggravated.

We thank Your Honour for informing us that you had hoped that the past year would have witnessed active operations on the projected Parliamentary and Departmental Buildings; that unexpected difficulties in the plans have intervened and that we derive with him, however, much pleasure from the confident anticipation that early in the present season these much needed buildings will be in actual course of erection.

We thank Your Honour for reminding us that the urgent need of increased accommodation for the Innatic and idiotic of our population was recognized last session by appropriations being voted for additional buildings at *Hamilton* and *Orillia*; we thank Your Honour for informing us that it was found, before the intended structure at *Hamilton* could be made available some interim accommodation for lunatics must be provided in order to the immediate relief of our Gaols and overcrowded Asylums; that the Department was so fortunate as to secure under a five years' lease the use of *Regiopolis* College as a branch Asylum, which has been placed under the management of the officers of the *Rockwood* Asylum. After some repairs and slight alterations, very suitable accommodation was thus provided for one hundred and fifty patients, and that this will, it is hoped, be found sufficient for the public wants until necessary permanent provision is made.

We thank Your Honour for the information that the Reports of the various Departments of the Public Service for the past year will be laid before us; also the first Report of the Master of Titles on the operation of the Land Titles Act of last session: and the report of the Commissioners appointed to enquire into complaints made against the Warden of the Central Prison.

We thank Your Honour for the announcement that the Estimates for the current year have been prepared with a view to economy and efficiency, and due regard being had to the varied requirements of this great and progressive Province.

We thank Your Honour for the expression of confidence that our Legislative labours will be marked by earnestness of purpose, and by a sincere and disinterested consideration of the public welfare.

Mr. *Widdifield* from the Committee on Standing Orders, presented their Second, Third, Fourth, Fifth and Sixth Reports, which were read as follow :—

The Committee have carefully examined the following Petitions, and find the notices as published in each case sufficient—

Of *Charles S. Hymen* and others, of *London*, praying that an Act may pass to incorporate the *London and South Eastern* Railway Company.

Of the *Midland Junction* Railway Company praying that an Act may pass to extend the time for the commencement and completion of the line.

The Committee have also carefully examined the Petition of the Corporation of Town of *Port Hope*, praying that an Act may pass to authorize the issue of debentures to retire certain outstanding debentures, and find that notice of the intended application to this Legislature has been inserted for the space of six weeks in the *Ontario Gazette*, but through a misunderstanding on the part of the Town Clerk, said notice was not inserted in the local paper until sometime after its first appearance in the *Gazette*, and consequently has not been published the regular length of time in such paper. As soon as the Town Clerk discovered his mistake he caused said notice to be published in both the weekly and daily editions of the *Port Hope Times* and the *Port Hope Guide* newspapers, commencing on the 20th day of January now past. The Committee are of the opinion that, by the foregoing publication, sufficient publicity has been given in this matter, and would therefore recommend the suspension of the rule in this case.

The Committee have also carefully considered the Petition of the City Council of *London*, praying that an Act may pass to authorize the City of *London* to aid the *London and South Eastern* Railway Company by bonus not to exceed \$75,000, and find that notice of the intended application to this Legislature has been published for the space of five weeks in the *Ontario Gazette* and is now current, also that the said notice has been published for the space of five weeks in the *London Daily Free Press* and is now current, the notice in the said last mentioned paper appearing for the sixth insertion this day. The Committee are of the opinion that by the foregoing publication all parties interested have had sufficient opportunity of becoming aware of the proposed legislation, and would recommend the suspension of the Rule in this matter.

The Committee have also carefully examined the Petition of *Garrett Brown* and others of *King*, praying that an Act may pass to incorporate the *King Loop Line* Railway Company, and find that the proper notice has been given the requisite length of time in the *Ontario Gazette*, and also in the *North York Reformer*, a newspaper published in the County of *York*, one of the Counties through which the said Railway proposes to pass. After the first insertion of the proposed application to this Legislature in the foregoing papers, the promoters concluded to extend their line to the Village of *Beeton*, in the County of *Simcoe*, and immediately caused a notice of said application to be inserted in the *Beeton World*, a newspaper published in the said Village of *Beeton*. Said notice first appeared on the 21st day of January now last past and is now current, but has not as yet completed the full term of six weeks as required by the Rules of the House. In view of the foregoing facts, however, the Committee would recommend the suspension of the Rule in this case.

The Committee have also carefully examined the Petition of the Village Council of *Parkhill*, praying that an Act may pass to incorporate the Village as a Town and find that notice of the intended application to this Legislature was duly inserted in the *Ontario Gazette* and the *Parkhill Review* for a period of five weeks, and that such notice is now current. The Committee, from the very large number of signatures attached to

the Petition, and from the length of time during which the notice has already appeared, and deeming this a matter of purely local importance, would recommend the suspension of the Rule in this case.

The following Bills were severally introduced and read the first time :—

PRAYERS.

The following Petitions were severally brought up, and laid upon the Table :—

By Mr. *Graham*,—The Petition of the County Council of *Lambton*.

By Mr. *Baskerville*,—The Petition of the City Council of *Ottawa*.

By Mr. *Ferguson*,—The Petition of *William Laughton* and others, of *Zone*.

Mr. *Widdifield*, from the Committee on Standing Orders, presented their Tenth, Eleventh, Twelfth, Thirteenth, Fourteenth, Fifteenth, Sixteenth, Seventeenth and Eighteenth Reports, which were read as follow :—

The Committee have carefully considered the following Petitions, and find the notices as published in each case sufficient :

Of the Town Council of *Peterborough*, praying that an Act may pass to authorize the corporation to enter into contracts for a supply of water, gas, or electric light, and to confirm a certain By-law.

Of the Congregation of the Parish of *St. Thomas*, praying that an Act may pass to confirm the sale of part of the lauds held for the use of the said parish as a rectory.

Of *Mary Cadden* and others, of *Ottawa*, praying that an Act may pass to incorporate them under the Corporate name of "*Les Soeurs de Misericorde*."

Of the *Richmond Hill Junction* Railway Company, praying that an Act may pass to incorporate the Company.

Of the *St Catharines* Club, praying that an Act may pass to incorporate them.

Of the *Riverside* Cemetery Company, of *Port Arthur*, praying that an Act may pass authorizing the purchase of a certain burial site.

Of the Town Council of *Ingersoll*, praying that an Act may pass to authorize the consolidation of the debt of the Town, and the issue of debentures.

Of *William McDougall* and others, of *Ottawa*, praying that an Act may pass to incorporate the *Pacific* and *Atlantic* Railway Company.

Of the City Council of *Toronto*, praying that an Act may pass relating to straightening the *Don* River, opening up streets, extending water lots, and various other matters.

Of the Town Council of *Sarnia*, praying that an Act may pass to authorize the consolidation of the debt of the Town, and the issue of debentures.

Of the *Thunder Bay Colonization* Railway Company, praying that an Act may pass to amend their Act of Incorporation.

Of Messieurs *Seary Brothers* and others, of *Bothwell*, praying that an Act may pass to reduce the area of the Town of *Bothwell*.

The Committee recommend that Rule No. 51 of this House be further suspended in this, that the time for introducing Private Bills to this House be further extended, until and inclusive of Friday, the twenty-sixth day of February instant.

The Committee have also carefully examined the Petition of the Township Council of *Wallace* and others, praying that an Act may pass to erect certain municipalities in the Counties of *Perth*, *Huron* and *Wellington* into a Provisional County to be called *Maitland*, and find that notice of the intended application to this Legislature was published for the space of six weeks in the *Ontario Gazette*, and also appeared for four weeks in the *Palmerston Telegraph*, the *Brussels Post*, the *Listowel Standard*, and the *Listowel Banner*, and a declaration is filed shewing that the said notice is still current, and will be complete on the 26th day of February instant.

The Committee considering this notice sufficient, would recommend the suspension of the Rule in this case.

The Committee have also carefully examined the Petition of the Village Council of *London West*, praying that an Act may pass to consolidate the debt of the village, and

find that notice of the proposed application to this Legislature has been published for the space of four weeks in the *Ontario Gazette*, and for a similar time in the *London Advertiser*, and that such notice is still current.

The Committee, considering this a matter of purely local importance, are of the opinion that all parties interested have had sufficient opportunity of becoming aware of the proposed legislation, and would therefore recommend the suspension of the Rule in this case.

The Committee have also carefully considered the Petition of the *Port Rowan and Lake Shore Railway Company* and others, praying that an Act may pass to amend the Acts relating to the said Company, and find that notice of the proposed legislation was duly published for the requisite length of time in the *Ontario Gazette* and in the *Simcoe British Canadian*, the *Haldimand Advocate*, and the *Welland Telegraph*, but that the Petition and notice do not strictly agree. The Petition asks for a trifling deviation from the line as laid down in the original charter, stating the deviation, while the notice asks "to amend the charter and to grant additional powers and privileges" to the Company. The Committee are of the opinion that the notices as published are sufficient, and would recommend the suspension of the Rule in this case.

The Committee have also carefully examined the Petition of the *Grand Trunk Railway Company of Canada*, praying that an Act may pass to confirm a certain agreement made with the City of *Brantford*, and find that notice of the proposed legislation was duly given for the proper length of time in the *Ontario Gazette*, but through an oversight was not published early enough in the local paper, the *Brantford Expositor*, to complete the term of six weeks as required by the Rules of the House.

The Committee have had evidence before them to shew that there is no opposition to the proposed legislation, and would therefore recommend the the suspension of the Rule in this case.

The Committee have also examined the Petition of *Richard Johnston*, and others, of *Palmerston*, praying than Act may pass to erect certain municipalities in the Counties of *Wellington*, *Perth* and *Huron* into a Provisional County to be called *Lansdowne*, with *Palmerston* as the County Town, and find that notice of the proposed application to this Legislature has been published for the space of five weeks in the *Ontario Gazette*, six weeks in the *Palmerston Telegraph*, and for the space of five weeks in each of the following publication, viz: the *Palmerston Vindicator*, *Drayton Times*, *Harriston Tribune*, *Arthur Enterprise* and *Gorrie Vidette*, and is still current. The Committee considering from the foregoing publication all parties interested have had ample opportunity of becoming aware of the matter, would recommend the suspension of the Rule in this case.

The Committee have also carefully examined the petition of the Elders and Managers of *St. Andrew's Church, Peterborough*, praying that an Act may pass authorizing the Trustees to sell or mortgage certain lands, and find that no notice of the proposed legislation has been published either in the *Ontario Gazette*, or in any local paper. The Committee, however, have had evidence produced before them to shew that there is no opposition to the proposed legislation, and that all parties interested are aware of and consenting parties to the same. The Committee would therefore recommend the suspension of the Rule in this case.

The Committee have also carefully examined the Petition of the *St. Catharines and Niagara Central Railway Company*, praying that an Act may pass to amend the Acts relating to the Company, and find that notice of the proposed application to this Legislature has been published the proper length of time in the *Ontario Gazette*, and in the *Thorold Post*, a newspaper published in the County of *Welland*, but that no notice has been published in any newspaper in the County of *Lincoln*, through which County the said Railway also passes. It has, however, been shown to the satisfaction of the Committee that the increased powers sought for, only apply to the County of *Welland*, in which the proper notice has been given. The Committee would, therefore, recommend the suspension of the Rule in this case.

The Committee have also carefully examined the Petition of the *Irondale, Bancroft and Ottawa Railway Company*, praying that an Act may pass to extend the time for the completion of the said road and for power to extend their line, and find that notice of the pro-

posed application to this Legislature has been inserted for the registered length of time in the *Ontario Gazette* and in the *Minden Echo*, a newspaper published in the Provisional County of *Haliburton*. Evidence has been adduced before the Committee shewing that a large amount of work has been done on this line, and that it is necessary that the Company should be enabled to form a junction with some of the existing lines of railway nearest thereto, to do so it would be necessary to extend into the County of *Simcoe*. Through an oversight on the part of the promoters no notice was published in any of the *Simcoe* papers. The Committee, however, being informed that there is no opposition to the proposed legislation would recommend the suspension of the Rule in this case.

Ordered, That the time for introducing Private Bills be extended until and inclusive of Friday, the twenty-sixth day of February, instant.

The following Bills were severally introduced and read the first time.

Mr. *Widdifield*, from the Committee on Standing Orders, presented their Nineteenth and Twentieth Reports, which were read as follows :

The Committee have carefully examined the Petition of the *Toronto Street Railway Company*, praying that an Act may pass to amend their Act of incorporation so as to

enable the Company to employ and make use of steam or electricity, or such other motive power as may be deemed proper, and for certain other amendments to the said Act, and find that notice of the intended application to this Legislature was duly inserted in the *Ontario Gazette* for the space of six weeks and that a similar notice was inserted in the *Toronto World* on the 1st day of February, instant, and is still current, not having yet completed the time required by the Rules of the House. The Committee, however, considering the notice as above given sufficient for the information of all parties interested, recommend the suspension of the Rule in this case.

The Committee have carefully considered the Petition of *Elmes Henderson*, of *Toronto*, praying that an Act may pass to confirm the sale of certain lands, and find that notice of the intended application to this Legislature was first inserted in the *Ontario Gazette* on the 20th day of February, instant, and that a similar notice has also been published in the *Globe*, *Mail* and *World* newspapers since the before mentioned date. The Committee have had evidence produced before them to show that the Petitioner was unable to move earlier in this matter on account of the matter being before the Courts, and also that no public interests are involved, it being strictly a matter confined to the parties interested in the purchase and sale of the said lands. PRAYERS.

Mr. Speaker informed the House That the Clerk had received from the Judges, appointed to enquire into and report on Estate Bills, their report in the following case :—

Bill (No. 92), To enable the Trustees of *St. Andrews Church*, *Peterborough*, to sell or mortgage certain lands.

The Report was then read by the Clerk at the Table as follows :—

OSGOODE HALL, 4 March, 1886.

We, the undersigned Commissioners of Estate Bills, to whom was referred Bill (No. 92), have considered the foregoing Bill and the several provisions thereof, and report that

the preamble and petitions accompanying the Bill do not show in what manner the original trust was created. If the land was acquired by purchase for the site of a church and glebe, as stated, and not a donation or free grant, we see no objection to the Bill becoming law. If the land was given by some private benefactor, we would not be in a position to express any opinion as to whether it would be proper to allow the Bill to pass into a law, without seeing and considering the deed of trust. It is said in the petition leases have been granted on lots 12 and 13, and provisions should be made in the Bill for the protection of the lessees, unless they give their assent to the passing of the Bill.

M. C. CAMERON, C. J. C. P. D.

The Committee appointed, during the Session of 1884, to consider this matter, concluded to send out a series of questions, during the recess, to the Clerks of Counties, Townships, Towns and Incorporated Villages, to be laid before their respective Councils, and also for their individual report ; also to the Ex-Wardens and Ex-Reeves of each County, Township, Town and Incorporated Village, for the past three years, and also to the several Division Granges, and to each Newspaper throughout the Province.

In accordance with this Resolution, a number of Questions was drafted, approved of by the Committee, and forwarded, with circulars, to the various parties above mentioned, and a large number of replies received thereto. These replies were tabulated according to the sources from whence they were received, and a general analysis of their contents prepared, which, at the first meeting of your Committee, during the present Session, was submitted to them and received their consideration.

The Committee, desirous of ascertaining to the fullest extent the direct source from whence these replies were received, caused a supplementary analysis to be made, shewing the number and nature of replies received, distinguishing those so received, from Ex-Wardens, Ex-Reeves, Ex-Deputy Reeves and Ex-Mayors, from those received from the Wardens, Reeves, Deputy Reeves and Mayors.

The Committee, after thoroughly considering the matter to them referred, and the replies received to the circulars so sent out as above, have been unable to arrive at any conclusion or to recommend any course of action thereon to your Honourable House.

Mr. Speaker and Gentlemen of the Legislative Assembly :

In relieving you from your responsibility as a Legislative Assembly for another year, I desire to express my appreciation of the able manner in which you have discharged your duties, and the earnestness with which you addressed yourselves to the various measures which I promised to submit to you at the opening of the session.

Besides a large amount of private bill legislation, you have passed useful measures on important subjects, not, I think, surpassed in variety in any former Session of the Legislature of the Province.

I have given my assent with great satisfaction to the Bill respecting Agriculture and Arts, in which the legislation of former years is simplified, improved and consolidated. The provision for appointing an Advisory Board of experienced farmers to assist in the

management of the Agricultural College and Experimental Farm, will, I have no doubt, strengthen public confidence in the management of this Institution, and also promote its efficiency and usefulness.

By the measure for the settlement of the *Rainy River* District, another step has been taken to find homes for many of our people, who might otherwise be induced to settle on the prairies of the Western States. I am glad to learn that the fertility of the District thus opened up compares favorably with the lands in the older portions of the Province.

I cordially approve of your legislation for the prevention of contagious diseases. I attribute our immunity from smallpox during the past year in a large degree to the wholesome measures of a former session. The increased powers now given to municipalities, with respect to vaccination and otherwise, will still further aid in preserving the public health, and in enforcing such precautionary measures as experience has shewn to be necessary in dealing with all forms of epidemic diseases.

The Act by which workmen may receive compensation for injuries suffered through the negligence or default of their employers, will, I am confident, prove a great boon to those whose occupations are attended with great personal risk. The security which the same measure affords to their families will doubtless relieve many who would otherwise be exposed to great suffering and privation.

By your amendments to the Franchise Act, many persons whose avocations require them to be absent from their homes for several months at a time, will be entitled to vote at Parliamentary Elections, whilst the facilities afforded workmen to poll their votes, by the extension of the noon recess to two hours, will enable them to discharge an important duty to the State without inconvenience to themselves or their employers.

I was glad to concur in the Bill further improving the License Laws. The sale of liquors by unlicensed houses, and the too frequent violation of the laws against selling intoxicating drinks on Sunday, have led to crimes and excesses which all good citizens deeply deplore. I sincerely trust that the stringent provisions of the new Act will mitigate these evils, and array the moral forces of society on the side of law and order.

The consolidation of the several Acts passed during former years respecting Separate Schools, and the improvements which you have introduced will, I am sure, be of service to those charged with the administration of this part of our School system.

The value of Mechanics' Institutes, in providing facilities for mental improvement to many whose resources would not admit of any expenditure upon books and magazines, has been recognized in England and Canada as an important factor in the education of the people. I am glad that you have passed further legislation for their improvement, and that in conjunction therewith you have also increased the facilities for the establishment of evening classes for the study of Art and Industrial Drawing.

I have had pleasure in assenting to the Bill abolishing, to a large extent, the old distinction between real and personal estate; and to the Bill for further simplifying the laws respecting the transfer of property. I was glad also to assent to the Statute Law amendment Act by which you have made many important improvements in the Statutes of the Province, in view of the New Consolidation, now in preparation, of the whole body of Statutory Law.

I have assented with pleasure to the Bill containing provisions needed in the interest of private owners whose property is required in order to carry out the patriotic object of permanently securing to the public the territory around the Falls of *Niagara* that grandest of natural wonders, committed by Providence to our care.

I thank you for the supplies which you have voted for the public service. They will be expended with all the economy consistent with the public requirements.

The Provincial Secretary then said:—

Mr. Speaker and Gentlemen of the Legislative Assembly:—

It is His Honour's will and pleasure that this Legislative Assembly be prorogued; and this Legislative Assembly is accordingly prorogued.

REPORT OF THE SELECT COMMITTEE

Appointed to Inquire as to the Reduction of the Number of Members of County Councils.

To the Honourable the Legislative Assembly of the Province of Ontario :

The Select Committee appointed, during the Session of 1884, to consider this matter concluded to send out a series of questions, during the recess, to the Clerks of Counties, Townships, Towns and Incorporated Villages, to be laid before their respective Councils, and also for their individual report ; also to the Ex-Wardens and Ex-Reeves of each County, Township, Town and Incorporated Village, for the past three years, and also to the several Division Granges, and to each newspaper throughout the Province.

In accordance with this Resolution, a number of Questions was drafted, approved of by the Committee, and forwarded, with circulars, to the various parties above mentioned, and a large number of replies received thereto. These replies were tabulated according to the sources from whence they were received, and a general analysis of their contents prepared, which, at the first meeting of the Committee, during the present Session, was submitted to them and received their consideration.

The Committee, desirous of ascertaining to the fullest extent the direct source from whence these replies were received, caused a supplementary analysis to be made, shewing the number and nature of replies received, distinguishing those so received, from Ex-Wardens, Ex-Reeves, Ex-Deputy Reeves and Ex-Mayors, from those received from Wardens, Reeves, Deputy-Reeves and Mayors.

The Committee, after thoroughly considering the matter to them referred, and the replies received to the circulars so sent out as above, have been unable to arrive at any conclusion or to recommend any course of action thereon to your Honourable House.

The Committee append herewith the general and supplementary analysis prepared, as before mentioned.

All which is respectfully submitted.

CHARLES DRURY,
Chairman.

Mr. Carnegie asked that Mr. Sproule be called *re* Accountable Warrant, \$2000.00 purchase of Stock, 1884.—Ordered.

Mr. Sproule, called, sworn, examined first by Mr. Carnegie, evidence taken by shorthand writer appended and marked "A."

"A."

March 2nd, 1886.

Mr. C. H. SPROULE sworn (Examined by Mr. CARNEGIE) :—

Q. Can you give me the date on which the accountable warrant for \$2000 was issued?

A. The date of the warrant was August 7th, 1884.

Examined by Mr. Ross.—Q. There was an accountable warrant issued to Mr. Brown for \$2000.

A. It was not quite in that way. Mr. Brown obtained accommodation from the Bank in 1883 in order to make purchases of cattle, then a warrant covering the cost of the cattle was issued in August, 1884. As far as the Department was concerned it was not dealt with until 1884.

Examined by Mr. CARNEGIE.—Q. Mr. Brown got accommodation from the Bank in 1883?

A. Yes.

Q. To purchase this \$2,000 worth of cattle?

A. I had no official knowledge of it, but I think that was the object.

Q. The warrant issued in payment of this money was dated August 7th, 1884.

A. Yes.

Q. When were the cattle purchased, according to this return?

A. In September and October, 1883.

Q. How were the cattle which were purchased in 1883 paid for?

A. They were paid for through monies advanced by the Bank of Commerce. I know this, because we repaid the Bank of Commerce in 1884.

Q. Did Mr. Brown obtain the advance as a private individual or as an officer of the Government?

A. I have no knowledge of that.

Q. Are they in the habit of doing that sort of thing at the College?

A. It was done in one or two cases, but that is not the custom at all.

Q. Then this \$2,000 was an outstanding liability at the first January, 1884?

A. Yes.

Q. Was any interest charged by the Bank of Commerce on this account?

A. Yes.

Q. Where does it appear in the Public Accounts?

A. I suppose it is charged as an addition to the cost of purchase.

Q. In tracing up the accounts when the Bursar of the Agricultural College was here it was found that when the \$3,300 worth of cattle were sold, the sum of \$2,000 was paid direct to the Department here. As a matter of fact, was that \$2,000 used to repay the amount advanced by the Bank of Commerce?

A. No. The transaction was not in that way at all. What Mr. Brown got from the sale of cattle he deposited to the credit of the Treasurer. That is my impression; and the \$2,000 was paid direct to the Bank of Commerce by the Department.

Examined by MR. ROSS.—Q. Was it the idea that the money advanced for the purchase of cattle should be repaid out of the amount received at the sales?

A. Yes.

Q. This was a special transaction?

A. Yes.

Q. I think when the matter was brought to my notice, I required that the purchase of cattle should appear as expenditure for the year, and the sales as receipts?

A. Yes.

Examined by MR. WOOD.—Q. I notice in these particulars, items to Mr. J. Taylor, and Mr. Brown for expenses of purchasing the cattle, would the interest be included there?

A. No. That is a statement of actual expenditure by Mr. Brown.

Q. These expenses were anticipated by the loan from the bank?

A. Yes.

Q. You also say that the interest was included in the cost of purchase?

A. That is my impression. I will refer to the accounts and answer definitely at another time.

Q. Here are two items of expenses and the interest does not appear there?

A. Those are only expenses under the accountable warrant.

Q. Then this is not a correct statement as far as the interest is concerned?

A. It is not a complete statement; the interest was paid direct to the bank.

“ B.”

March 3rd, 1886,

P. H. BRYCE, M. D. Sworn. (examined by Mr. Carnegie).

Q. You have purchased a large quantity of vaccine at various times?

A. Yes.

Q. What were the conditions upon which it was disposed of?

A. I will give you a full explanation. By the Act of 1882, I, as Secretary of the Provincial Board of Health, am required to keep on hand vaccine for the convenience of medical men and the general public, and I have to charge for it the cost price or whatever else is determined upon as desirable or necessary. I started in 1882 to keep it on hand, but there being practically no demand, I generally had on hand twenty to thirty points which lay probably a week, sometimes two weeks or a month even. I managed to purchase these at a dollar for ten points and sold them at a dollar. In cases where it was good the money was sent to me, while in other cases complaint was made that the vaccine was not good, and I in other cases would have to replace vaccine to those who had sent money for their supply. Next year you will find the vaccine account is a little better. It was not kept on hand as long as usual, and the demand being better and the results, as far as freshness was concerned, were more satisfactory. I got it at a little better rates being \$8.50 per hundred points. In both these years, indeed up to the outbreak of the epidemic at Hungerford, the sales of vaccine were entered in a book, just as it was dispatched. I merely entered them one after the other, and if the account was left unpaid, no further entry was made, or if it was a repeat, the word repeat, was written opposite it. In these years there were rarely any accounts sent out, unless at the end of the year. When the Hungerford outbreak occurred there was a larger and a general demand for vaccine, and the conditions of success in sending out vaccine improved. It cannot be kept on hand successfully, and unless supplied when new, is apt to cause disappointment, indeed during the last year when we were under large responsibilities, I would not send vaccine out after we had had it a week. We had the privilege of returning vaccine to the parties from whom we purchased it if we did so within a month, but if medical men neglected to inform me that it was bad within a month, there was no alternative but keeping it. In order to keep the account correct and have the vaccine fresh I determined to send out nothing more than a week old. Since last August the demand has been pretty regular and I could depend with a certain degree of assur-

ance on always having fresh vaccine on hand. There has been in this time relatively very little complaint regarding the quality of vaccine, I sent out in November a number of circulars to medical gentlemen and received 107 answers. These said that from sixty to eighty-five per cent. of the vaccine supplied was good. The difficulty, so far as getting in money, was this. If the vaccine was left lying exposed, or if no patients came for a month it would get bad, then they would say that it was bad when they got it. The same difficulty is met in the case of those who say they don't owe the money because they did not get fresh vaccine. In order as nearly as possible to meet these losses and the expenditure for vaccine, the rule I made during the whole epidemic was to sell it at seventy-five cents to those who got fifty to one hundred points, or by wholesale, and at a dollar for ten points to ordinary purchasers. The result of this rule is very much as seen in the Public Accounts, except for some township or other Councils which had accounts for vaccine got in December, and so considerable amounts came in from the Townships from the end of November, indeed after the final meetings in December. Now to account for the difference. There is in the Public Accounts \$195 paid to the Chicago vaccine Company for vaccine got in August. The Washington vaccine establishment, which has always sent forward the best quality of stuff, had shut down because there was no demand and in the hot weather and I was obliged to send to Chicago. This was at the time of the vaccination boom and I got \$195 worth. Well they let me have it at a discount of fifty per cent. and it might as well have been at one hundred per cent. because it was all bad. It was one of those cases of "baked" vaccine, and the consequence was the whole \$195 worth had to be replaced by "National" vaccine which proved, quite fortunately, to be good. So if there had been no extra charge made the \$195 would have been a total loss, but as it is there is a surplus practically. The extra charge has made up for that loss and as you will see by the return it has left us enough on hand to pay the December accounts and something over. That is practically the whole vaccine story.

Q. As I understand you, what vaccine you got from Washington you supplied at \$8.50 down to \$7.50 per 100 points, but those getting less than 50 paid \$1 for 10 or \$10 a hundred?

A. Yes.

Q. I suppose this rate was to those using 50 to 100 points, even if they did not get them all at one time?

A. It was a running account.

Q. To those using 50 points it was sold at cost price?

A. Yes, you will see that in some accounts that there is a deduction of 33 $\frac{1}{3}$ off.

Q. From the Washington vaccine 33 $\frac{1}{3}$ per cent.?

A. Yes.

Q. From the Chicago vaccine 50 per cent.?

A. Yes. I practically did not get any from Chicago, except on this emergency. The best establishment in Boston sell at the rate of 15 points for \$2.

Q. Then I understand you that what you got from Washington was 33 $\frac{1}{3}$ off and from Chicago 50 per cent. off?

A. Yes.

Q. Didn't the principle of returning apply to the Chicago vaccine?

A. Yes.

Q. Why was the vaccine not sent back when found to be bad?

A. I wrote to them asking them to refund the money or return as large a quantity as was sent in the first order. They sent them. Guelph got 50 points, and other places several hundred of the first supply, and they told me that not a single point took. I wrote to Chicago and they sent me as much more. But the difficulty with me was that I

had no right to assume that that would be any than the first supply. I did, however, risk the second lot in some few cases and found that it was bad. I could not refuse to receive it as they had preformed their part of the contract, and I could not positively say it was all bad unless every point was tried, so we had to send for more where we knew it was fresh. We could not send these Chicago points to Guelph again, for instance, and ask them to make experiments with them. I tried Chicago three times, and they sent 100 points saying that we should not be charged for the third lot. The third lot was equally as bad as the others. So that Chicago vaccine, from some cause or other which I am not prepared to explain, proved with us utterly bad. If we had not made a certain advance in the rates charged we should have had nearly \$200 of a loss on that vaccine.

Q. Have you any explanation to offer about the vaccine sent to Peterborough? I think they said it was too strong?

A. I did not hear of the Peterborough case. As I have already stated, I sent out circulars to which I got 107 answers concerning the National, Washington; the Boston, the Chicago, and the Lancaster, Penn., establishments. Of these the answers, as far as I could perceive, are very considerably in favour of the efficiency of the National Washington, and of Martin's Boston. The latter is the one for which they charged \$2 for 15 points. Indeed, I used or supplied to the City of Toronto in all 10,000 or 12,000 points of vaccine, and all except the first case, where they got a share of the bad stuff from Chicago, was from the National establishment, Washington. I vaccinated every student in the University, and I am prepared to state that in all I vaccinated, and all that were vaccinated in Toronto, 10,000 I think, not a single death occurred. There was a case of death in Brampton which is reported to have occurred through vaccination, and Dr. Heggie, in whose practice it occurred, is said to have said to Dr. Miller that he got the vaccine from Toronto. He did not get any vaccine from me. It is hard to say that vaccination was the cause of death. The child may have got a cold, and there is no reason why pneumonia should not set in during the progress of vaccination. That is the true position as far as vaccination is concerned. If the vaccine is pure lymph off the eighth day vesicle, it produces strong normal effects; the place becomes red and inflamed and feverish symptoms set in in 24 hours. If the child is put to bed the case goes on and usually produces no bad effect. In Hungerford, where two young officers vaccinated about 9,000 people, there was not a single death. I vaccinated these two young doctors before they went up there. Dr. Logan was out attending to his duties when the vaccine had run down his arm to his wrist. He had every appearance of erysipelas in his arm. Taking the Hungerford outbreak and the Toronto experience together there must have been at least 15,000 or 17,000 cases of vaccination, I am personally informed about, and there was not a single death.

Examined by Mr. WOOD.—Q. Do you find that animal vaccine is more severe in its effects than arm to arm vaccination?

A. I have not noticed any difference. In fact, when I have found a person on whom one of the points known to be good has not taken, I have taken vaccine from the arm at the eighth day stage, and have not noticed any difference between the two modes.

Q. In fact, is it your opinion that it is a very exceptional case if any bad results follows?

A. Yes. But persons don't realize that they have got a disease, and go to work as usual. Many servant girls had terrible arms after they had been vaccinated, simply because they continued at work and used their arms.

Examined by Mr. HARCOURT.—Q. You sent a great number of the bad points into the Country?

A. Yes.

Q. What complaints came about the points?

A. None, except that they were inert. For two or three months after the points

went out complaints came. The night, however, have left the points open and exposed to the air, and then undoubtedly they will go inert.

Q. Then the only complaint was that they had no power ?

A. Yes.

Q. What do you mean by normal and adnormal ?

A. In the first place we have primary vaccination, and then we have secondary. And we call this re-vaccination. Re-vaccination does not in all cases produce a normal vesicle, though after ten years interval between vaccination we usually get a fairly normal vesicle with good vaccine.

Q. Can you tell the percentage of cases in which non-professional people vaccinated ?

A. No.

Q. Is there more danger from non-professional vaccination than in cases where a doctor performs the operation ?

A. If the vaccine is pure lymph that is taken from the watery portion of the vesicle, about the 8th day, that is the best time, and when you can get a perfectly healthy child it is the best way. If after nine, ten, or eleven days it has taken on the inflammatory stage and you get pus instead of lymph there is danger. After the 11th day in using scab, there is the additional danger of foreign matters getting into the blood. The arm may have been wrapped up, and not very clean woollen or other fibres may have got in the scab. So there is considerable more danger in using old scab than lymph from the eighth day arm.

Q. In all the various kinds of lymph then there is no danger ?

A. If you take a Washington point you generally find it clear, and you cannot see any lymph on it. They have taken the watery lymph on the eighth day. If they take too much and bleeding is introduced, they have bloody lymph and the cow's blood is introduced into the persons system. This is not pure animal vaccine and difficulty arises. I have never seen any lymph as safe as Washington, in fact they have produced the best results. Dr. Groves back in Carp Carlton who had been in the habit of using Martin's, of Boston, sent to me for some points as he had none on hand. I had nothing on hand except Washington, and I sent him 100 points. In the meantime they sent to Boston and used the 100 sent by me, and about 400 from Boston. He replied to my question. I think on the whole the Washington was as successful as any I got.

Q. Would it make any difference, as far as the effect is concerned, whether the case is an infant or adult ?

A. Yes. Just as a person who has not had measles as a child will have them more severely as an adult.

Q. Have these points all the same strength ?

A. Yes. The only danger is in dealing with people who are not thoroughly independent and honest, and then there is danger that vaccine may be sent out which ought never to go. But in dealing with a man doing a sound business that is largely obviated. Andrew Smith vaccinated heifers and the first took all right, then one went wrong and took on inflammatory action. That is one danger, but no man with any idea of establishing and maintaining a business would send out lymph of that kind. Another source of danger is when they are pressed for points they might squeeze the places more than proper, and thereby get a certain amount of bloody pox. That would not be pure vaccine lymph.

Examined by Mr. Wood.—Q. All these points go to show that it would be desirable to have a vaccine farm of our own, where the supply of vaccine could be controlled ?

A. Yes. At first it would be a source of expense because the conditions would

make it necessary to send out none but first-class lymph quite regardless of cost, and this means expense in starting. It is essential that first lymph be kept on hand constantly, and in order to ensure this the supply must be regularly maintained even if there be no demand for it. If such a business is started in Ontario by a private firm it must be thoroughly understood that none but vaccine of the best quality and capable of producing sure results could receive the sanction of the Provincial Board. The only test that the profession will care for, or be content with, is that the vaccine sent out will produce normal vaccination in all cases where it is used when fresh. I would urge that no sum of money be given as a government grant except on the condition that it be utilized for purpose of experiments by the promoters or owners of the farm up to the point of putting themselves in a position to convince the Provincial Board of Health, and through them the professional public, that vaccine of the proper quality can be had always when required.

At the conclusion of Dr. Bryce's evidence, and upon motion of Mr. Carnegie, the Committee ordered that the statement prepared by Dr. Bryce *re* Vaccine be entered upon the minutes of this Committee.

The Committee then took up the matter of Insurance.

Mr. Wood enquired if Mr. Hunter, the Inspector of Insurance, was in attendance, and being informed by the Secretary that he was, asked that he be called.—Ordered.

Mr. Hunter called, sworn, examined by Mr. Wood, evidence taken down by shorthand writer, appended and marked "C."

"C."

Mr. J. H. HUNTER Sworn (examined by Mr. Wood).

Q. You sent me a statement with regard to the County of Hastings Mutual Fire Insurance Co.?

A. Yes.

Q. I would like you to make the same statement here?

A. The question related to the County of Hastings Mutual Fire Insurance Company. It was in 1878 that the Department learned—of course this was long before my management of this office, but the facts I gathered from looking up the letters—that the Company were attempting to do a business on the cash basis and had actually taken some risks. The officer then in charge of the office notified the Secretary of the Company that it was necessary to make a cash deposit with the Government to qualify them for doing such business. The Company being unable to comply with this requirement went into liquidation. Now, it has always been held by the Department that matters relating to insolvency and the winding up of Companies belong to the Dominion Government. There is a distinct provision in the British North America Act committing matters of insolvency to the Dominion Government and the Dominion Parliament has legislated not only generally as to winding up but specially as to the winding up of insurance companies. The Department has therefore refrained from interfering in any way with insurance companies in process of liquidation.

Q. So that then it is your opinion that this Parliament could not pass any act on the subject?

A. There is a law on our statute book on the subject. The Dominion did not seem to be doing anything practical in the matter, and I recommended, I think two or three years ago, that something be placed on the statute book so that if the Dominion did not

act we, in the meantime could be doing something to protect the public. An Act, therefore, was passed by this Parliament but the Dominion Act so completely covered the ground that we were uncertain as to our ground and have refrained from interfering officially. I have in one case written for information where a company had gone into liquidation but they evidently understood the legal position of the matter and declined to recognize the jurisdiction of the Province.

Examined by Mr. Ross.—Q. You confine your supervision to the examination of the statements and accounts when in actual operation, and call attention to any weakness of financial position or irregular practice, and if this result in liquidation, then your duties cease?

A. Yes.

Examined by Mr. Wood.—Q. As far as the Dominion Inspector of Insurance Companies is concerned, do you know of any case where he has interfered?

A. In his report he occasionally notices Companies which have gone into liquidation.

Q. What has taken place after liquidation?

A. Yes.

Q. Has any conflict of jurisdiction arisen?

A. In the case of one Company. The Company was found to be doing an unsafe business, and it was forced to close its doors. The matter was referred to the then Treasurer, and the Company was instructed to strengthen its resources or close its doors. In that case there was a conflict of jurisdiction between Provincial law and Dominion law, and the matter has never yet reached a final determination. I have been very cautious in interfering in a matter in which the constitutional question is not settled.

Examined by Mr. Mulholland.—Q. Is it part of your duty to look after the Insurance of the Government buildings?

A. Yes.

Q. How much annually is paid for Insurance?

A. A large amount is paid every three years.

Q. How much annually?

A. It would probably be about \$10,000 or \$11,000 annually.

Q. Has there been any effort to raise the rate on the Province?

A. Yes, I have had to fight them a little. Since the general insurance combination has gone into effect there has been a general tendency to raise the rates all over the Province. They have not succeeded in getting the Province to pay a higher rate. They say that the rate we pay is ridiculously low, though I have always contended that taking the average we pay a very fair rate.

Examined by Mr. Ross.—Q. The rate we pay is not higher than the rate paid by the general public?

A. If you average the risk all over the buildings. Some of our buildings are very dangerous. I don't think our rates are excessive.

Q. And the Insurance is spread over the Companies?

A. Yes.

Examined by Mr. Mulholland.—Q. The English and American Companies get the bulk of the risks?

A. Our own Companies are also recognized.

Mr. Hunter's evidence being concluded he retired from the Committee Room.

The Committee instructed Mr. Sproule to prepare a statement, shewing amount paid in premiums for Insurance and receipts therefrom, since the establishment of the system.

Mr. Sproule, re-called, *re* Accountable Warrant of \$2,000.00 purchase of Stock, evidence taken down by shorthand writer, appended and marked "D."

" D "

Mr. C. H. SPROULE. (examined by Mr. CARNEGIE).

Q. In regard to the interest I was asking about yesterday, can you give me any further information ?

A. This is the statement. Mr. Sproule produced the statement.

Q. \$111.34 was the amount of interest on the accountable warrant ?

A. Yes.

Q. Under what head is it charged in the Public Accounts ?

A. It is charged against Interest. It goes in reduction of the receipts from the Bank for interest.

By Mr. ROSS.—Q. The interest received from the bank is less than it would be by that amount ?

A. Yes.

By Mr. CARNEGIE.—Q. Then it is not charged to the college at all ?

A. It is not.

Q. What rate of interest was paid ?

A. Six per cent.

Q. I find in the Public Accounts for 1885, a credit for "Refund accountable Warrants, \$600," and again under Experimental Farm, "Refund accountable warrants 1884," \$40.91. I would like to have an explanation in regard to them ?

A. In regard to the \$600, this was a warrant issued to the Bursar in 1881 to meet petty payments. It is customary to issue accountable warrants to Bursar's of Public Institutions, to meet petty accounts. They are usually issued in January, and refunded at the end of the year. It now comes in as a credit because, the Treasurer wishes to keep all transactions within the year. The warrant for \$600 was issued in 1881 against the college, and being refunded to the department in December 1885, the college gets the credit.

Q. Then the articles purchased in 1881 with the \$600 were charged against the Province in the Public Accounts of that year ?

A. Yes.

By Mr. ROSS.—Q. The \$600 was advanced for the purpose of enabling the Bursar to make the petty payments ?

A. Yes.

Q. And as these payments had to be continued from year to year it was left as a credit for that purpose ?

A. Yes.

Q. When that came to my knowledge I instructed that all these Accountable Warrants should be closed up from year to year and new one's issued?

A. Yes.

By Mr. CARNEGIE.—Q. Then the amount charged against the Agricultural College was actually more than the expenditure?

A. Yes.

Q. That is the result of that transaction?

A. Yes.

Q. Does the same explanation apply to the \$41?

A. No. That is simply the balance due by Mr. Brown on the Accountable Warrants given for the purchase of cattle on importation account. It was not settled at the time. His return was a little confused as an absolute settlement, but it was generally correct. It had not been brought down to a final and complete settlement and this is the resulting balance.

Q. Then as a matter of fact the cost of the cattle was charged \$40.91 more than it should have been?

A. Yes.

Q. And this is the readjustment of that account?

A. Yes.

Also,—examined by Mr. Carnegie in *re* payment to S. S. Peck, Stipendiary Magistrate, Provisional County Haliburton, evidence taken by short-hand writer appended and marked "E."

"E."

Q. On page 80, Public Accounts, you will see \$800 to S. S. Peck, under what circumstances was that sum paid?

A. Upon the authority of this Order in Council. I am not aware of any special order.

Q. What about the first three payments?

A. He just went on in the regular way, at a monthly salary.

Q. And the payments are for January, February and March?

A. Yes.

Q. Now then as to the \$500?

A. It was by authority of this Order in Council.

Q. What is the substance of that Order in Council?

A. He is to be paid in advance on account of his salary. That is what it means.

Also,—Examined by Mr. Carnegie *re* payments to J. L. Whiteside, services holding Division Courts in the Provisional County of Haliburton.

On motion of Mr. Carnegie, the Committee ordered the following papers to be entered upon the minutes of this Committee.

Order in Council, dated 7th April, 1885, for the issue of a warrant for \$500 in favour of Samuel S. Peck Esquire, Stipendiary Magistrate, Provisional Judicial District of Haliburton, together with letter of the Honourable the Attorney-General.

Order in Council, dated 31st December, 1885, for the issue of a warrant for \$40 in favour of J. L. Whitesides, for services, holding Division Courts in the Provisional County of Haliburton, together with letter of the Deputy Attorney-General, E. F. B. Johnston, dated 26th November, 1885.

“ F.”

March 10th, 1886.

Mr. A. WHITE sworn (examined by Mr. CARNEGIE).

Q. You have charge of the Forest Ranging branch now ?

A. Yes.

Q. I asked for the diaries of the forest rangers, this is Mr. Bick's ?

A. Yes.

Q. Is this the original diary, or a copy ?

A. That is the original diary as far as I know. At least it is the one that was sent here.

Q. This gives with a few exceptions the work done each day?

A. Yes.

Q. Sometimes there are two or three days put together?

A. Yes.

Q. What is the longest time put together?

A. While he was inspecting the Georgian Bay Lumber Company's operations, I noticed he put the time altogether.

Q. How many days?

A. I cannot say without going all through the diary.

Q. You noticed that he had put several days together?

A. I did notice that at one point there were eight or ten days put together, and I called Mr. McWilliams attention to it.

Q. There is an entry covering from the 14th to the 24th March, in which he states he was engaged in the Georgian Bay Lumber Company's operations?

A. That is the longest time, and that was so long that I called Mr. McWilliams' attention to it.

Q. Why did you call Mr. McWilliams' attention to it?

A. Because I thought there was an omission. He explained that Mr. Bick was going from shanty to shanty, and that it was not necessary to put in each day's visits.

Q. I think that when you were here two years ago you said that each day's work should be specified?

A. Yes.

Q. Would that not be better?

A. Yes; but where a man gives from one certain date to another as having been employed in the inspection of one Company's operations, and then swears to the correctness of the statement, I did not object.

Q. Whose diary is this?

A. T. Ludgate's.

Q. Is that the original?

A. That is the original so far as we are concerned. He might have kept a rough book for his notes.

Q. How has he grouped his work there?

A. I have not noticed any grouping.

Q. In the last page he says he was seventy-three days in the office at Peterborough checking returns?

A. That is office work.

Q. Is it continuous for seventy-three days?

A. No, not continuous for that period.

Q. What time does it extend over?

A. It is seventy-three days employed between the 12th July and the 24th October.

Q. That would be twelve days over three calendar months?

A. Yes.

Q. That would not be continuous ?

A. No.

Q. Does there appear to be anything charged for any other work during that period ?

A. No. I might make this explanation about this work. It is necessary to have extra help as Mr. McWilliams makes up all accounts and checks returns. We have all we can do here, and the checking has been handed over to Mr. McWilliams, and he keeps one of the rangers to help him do the work. I called Mr. McWilliams attention to the fact that we got the work done here at three dollars a day and that if he kept a ranger to do the work he must not have more than that sum.

Q. Does three dollars a day include or exclude Sundays ?

A. He does not get paid for Sundays.

Q. How did you check the seventy-three days.

A. I checked them by going through his diary to see that he was employed at this work.

Q. He does not say day by day ?

A. No.

Examined by Mr. Ross.—Q. You did not expect them to enter in their diaries every day while in the office ?

A. No.

Examined by Mr. Carnegie.—Q. Will you examine the diary and see if there is anything charged between the 12th July and the 24th October for other work ?

A. Three days are charged for other work.

Q. That would make how many days charged between these dates ?

A. Seventy-six days.

Q. That only brings the diary down to the 24th October ?

A. Yes.

Q. Have you any fixed period for settling up for the year ?

A. They are only employed a portion of the year as their services are required.

Q. Was he employed between the 24th October and the end of the year ?

A. Yes.

Q. When did he commence ?

A. On the 15th December.

Q. This is Moore's book ?

A. Yes.

Q. When did he close ?

A. That closes September 5th.

Q. Is that the time when he ceased work ?

A. Yes.

Q. When was he instructed to commence again ?

A. On the same date as the others, 15th December.

Q. Was he employed in the Department from the 5th September, to the 15th December?

A. No.

Q. This is John Ray's diary?

A. Yes.

Q. You can see that this is the original?

A. Yes.

Q. This is one of the fire-rangers?

A. Yes.

Q. How were these men engaged?

A. We sent a circular to all the limit holders stating that we desired to make some effort for preventing fires, and for bringing to justice the parties guilty of causing the same. The department offered, in order to protect the limits, to pay half the salary and allow the limit owner to name the persons. The man who would be best calculated to carry out the provisions of the Act would be one who understood the limits and the lay of the country. The reason we asked them to name the man was because we knew they would have in their employ men most suitable to employ. And, besides that, I recommended that it would be advisable, if possible, to eliminate any suspicion of politics from the scheme and it would be better calculated to meet the approbation of everybody, and so far the limit holders have been unanimous in their approval of the scheme.

Q. They pay a certain proportion of the wages?

A. They pay half.

Q. What wages do you allow?

A. Three dollars a day exclusive of Sundays. The assistant gets two dollars.

Q. Of this the limit proprietor pays half?

A. Yes. Their recommendations of men for this have always been accepted. If a fire occurs, and it is necessary to prosecute, the expenses are borne in the same proportion. We have had several prosecutions and some persons have been punished.

Q. Can you recollect how many were prosecuted?

A. I cannot. Unless a special report were made to the Department I should not know. I am aware of one case where a cook was fined.

Examined by Mr. Ross.—Q. Have all the limit holders taken advantage of the arrangements.

A. No. Most of the Ottawa district men have. Last season was a wet one, and there was less danger from fire. We have had expressions of opinion from those who did take advantage of the arrangements, approving of the scheme and asking us to continue and expand it.

During the taking of Mr. Whites evidence, Mr. Ferris retired from the Chair, calling on Mr. Waters to take the same during his temporary absence.

Mr. White's evidence being concluded, he retired from the Committee Room.

Mr. Carnegie, asked that the Committee examine papers of detectives Murray and Rogers.—Ordered.

Considerable time was spent in examining said papers by Messieurs Carnegie, Creighton, Waters and other members of the Committee.

Mr. Carnegie asked that the accounts of detectives, J. E. Rogers and J. M. Murray be entered upon the minutes of this Committee and that Mr. Rogers be requested to appear, and give information and make explanation, in connection with these accounts.

Being informed that it might be a little difficult to have him appear before the Committee as he may be out of the city on duty.

On motion of Mr. Ross, the further consideration of these accounts was laid over until the next meeting of the Committee.

Mr. Creighton asked that the Committee take up next for consideration, Paper, *re* Scripture Readers and Miscellaneous Expenditure, (under head of Education).—Ordered.

Papers examined by Messrs. Creighton, Carnegie and other members of Committee.

Mr. Creighton requested the attendance of Mr. Sproule, Auditor, to give information and make explanation in connection with these papers.—Ordered.

Mr. Sproule called, examined by Mr. Creighton with reference to certain items charged to Scripture Readers, having no connection, viz., \$100 for Tablets.

Mr. Sproule made necessary explanation, and to enable him to give further information in connection with the said accounts, asked that the papers be returned to him to look over, as he could not at present speak definitely as to classification without looking over the papers.—Ordered.

Papers returned to Mr. Sproule.

Mr. Carnegie examined statement of Insurance, and asked that it be entered upon the minutes of the Committee.—Ordered.

Q. The amounts you have given as being received for stock would appear to show \$14 more than the amount stated in the Public Accounts, how do you account for that?

A. By discounts and bank commissions.

Examined by MR. CARNEGIE.—Q. In our formal examinations before this committee there was a statement furnished, of three horses sold and yet to be paid for; have any of these been paid for?

A. I don't know anything about that matter.

Q. Have you received any of the amounts?

A. I have not.

Q. There are also thirteen pigs reported in the same position, have you received anything on account of these?

A. No.

Examined by MR. AWREY.—Q. Was there not a sum received in 1885 for stock sold in 1884?

A. Yes.

Q. How much?

A. \$60.

Examined by MR. ROSS.—Q. The statement referred to by Mr. Carnegie in the Public Accounts Committee's Report; was it made by you?

A. No.

Q. Do you know anything about it personally?

A. No.

Examined by MR. CARNEGIE.—Q. Have you brought a balance sheet of the creamery?

A. This is a statement.

Q. Have you been able to ascertain what tubs, salt, etc., were on hand at the beginning and at the end of the year?

A. There were no tubs on hand at the beginning?

Q. The statement produced is a revenue statement only ?

A. That is all, but it gives a complete statement as far as expenditure and receipts are concerned.

Examined by Mr. Ross.—Q. You say there were no tubs or other material on hand at the beginning of the year ?

A. Yes.

Q. But there were cans ?

A. Yes.

Q. How many ?

A. 147.

Q. What material and cans had you on hand at the close of the year ?

A. 137 cans and 100 tubs.

Q. Any salt ?

A. No.

Q. The statement you produce is one of revenue and expenditure for the creamery for 1885 ?

A. Yes.

Q. To make that statement a balance sheet we should only have to take account of the difference between the stock of cans and material on hand at the beginning and at the end of the year ?

A. Yes.

Q. The only stock on hand at the beginning of the year was 147 cans ?

A. Yes.

Q. And the stock on hand at the end of the year was more valuable than at the beginning ?

A. Yes.

Examined by Mr. CARNEGIE.—Q. What are the tubs worth ?

A. Forty cents each.

A. Yes.

Q. What is the result of the creamery operations as shown by the statement ?

A. A credit balance of \$232.96.

Q. To show the exact operations it would be necessary to add to this the difference between the value of the stock at the beginning and at the end of the year ?

A. Yes.

Q. Are there any any accounts unpaid ?

A. Not that I am aware of.

Q. So that this statement, with the difference between the stocks at the beginning and end of the year added, shows the actual operations of the creamery for the year 1885 ?

A. Yes.

Examined by Mr. CREIGHTON.—Q. I suppose your statement contains nothing for interest on the expenditures on capital account?

A. Nothing. This is only a statement of annual revenue and expenditure.

A. The Shannon cans are railroad cans for shipping buttermilk in. They are permanent stock on hand. The Howard cans are gathering cans.

Q. And remain the property of the creamery?

A. Yes.

Q. Was there any stock taking at the close of the year?

A. I suppose Mr. Barre took a memorandum, but he was away lecturing when I came and I cannot speak definitely.

A. The cans, and tubs, and there might be a little salt.
